1. Interim Financial Statements

(All Registrants)

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2021 is derived from that Registrant's 2021 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2021 Form 10-K. The results of operations for the three and six months ended June 30, 2022 are not necessarily indicative of the results to be expected for the full year ending December 31, 2022 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

(PPL)

On March 17, 2021, PPL WPD Limited entered into a share purchase agreement to sell PPL's U.K. utility business, which prior to its sale substantially represented PPL's U.K. Regulated segment, to a subsidiary of National Grid plc. The sale was completed on June 14, 2021. The results of operations of the U.K. utility business are classified as Discontinued Operations on PPL's Statements of Income for the three and six months ended June 30, 2021. PPL has elected to separately report the cash flows of

continuing and discontinued operations on the Statements of Cash Flows for the six months ended June 30, 2021. Unless otherwise noted, the notes to these financial statements exclude amounts related to discontinued operations. See Note 8 for additional information.

On May 25, 2022, PPL Rhode Island Holdings, a subsidiary of PPL, acquired 100% of the outstanding shares of common stock of Narragansett Electric from National Grid USA (National Grid U.S.), a subsidiary of National Grid plc (the Acquisition). The results of Narragansett Electric are included in the consolidated results of PPL from the date of the Acquisition. Following the closing of the Acquisition, Narragansett Electric provides services doing business under the name Rhode Island Energy (RIE). See Note 8 for additional information.

2. Segment and Related Information

(PPL)

PPL is organized into three segments: Kentucky Regulated, Pennsylvania Regulated and Rhode Island Regulated. PPL's segments are segmented by geographic location.

The Kentucky Regulated segment consists primarily of LG&E's and KU's regulated electricity generation, transmission and distribution operations, as well as LG&E's regulated distribution and sale of natural gas.

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric.

The Rhode Island Regulated segment includes the regulated electricity transmission and distribution and natural gas distribution operations of RIE, which were acquired on May 25, 2022.

"Corporate and Other" primarily includes financing costs incurred at the corporate level that have not been allocated or assigned to the segments, certain other unallocated costs, certain non-recoverable costs resulting from commitments made to the Rhode Island Division of Public Utilities and Carriers and the Attorney General of the State of Rhode Island in conjunction with the acquisition of Narragansett Electric and the financial results of Safari Energy, which is presented to reconcile segment information to PPL's consolidated results.

As a result of the June 14, 2021 sale of the U.K. utility business, PPL determined segment information for the U.K. Regulated segment would no longer be provided beginning with the March 31, 2021 Form 10-Q. See Note 8 for additional information.

Income Statement data for the segments and reconciliation to PPL's consolidated results for the periods ended June 30 are as follows:

(a) Primarily consists of unallocated items, including cash, PP&E, goodwill, the elimination of inter-segment transactions as well as the assets of Safari Energy.

(PPL Electric, LG&E and KU)

PPL Electric has two operating segments, distribution and transmission, which are aggregated into a single reportable segment. LG&E and KU are individually single operating and reportable segments.

3. Revenue from Contracts with Customers

(All Registrants)

See Note 3 in the Registrants' 2021 Form 10-K for a discussion of the principal activities from which PPL Electric, LG&E and KU and PPL's Pennsylvania Regulated and Kentucky Regulated segments generate their revenues.

(PPL)

Rhode Island Regulated Segment Revenues

The Rhode Island Regulated segment generates substantially all of its revenues from contracts with customers from RIE's regulated tariff-based transmission and distribution of electricity and regulated tariff-based distribution of natural gas.

Distribution Revenue

Distribution revenues are primarily from the sale of electricity, natural gas, and related services to retail customers. Distribution sales are regulated by the RIPUC, which is responsible for approving the rates and other terms of services as part of the rate making process. Natural gas and electric distribution revenues are derived from the regulated sale and distribution of electricity and natural gas to residential, commercial, and industrial customers within RIE's service territory under the tariff rates. The performance obligation related to distribution sales is to provide electricity and natural gas to customers on demand. The performance obligation is satisfied over time because the customer simultaneously receives and consumes the electricity or natural gas as services are provided. RIE records revenues related to the distribution sales based upon the approved tariff rate and the volume delivered to the customers, which corresponds with the amount RIE has the right to invoice.

Distribution revenue also includes estimated unbilled amounts, which represent the estimated amounts due from retail customers as a result of customer's bills rendered throughout the month, rather than bills being rendered at the end of the month. Unbilled revenues are determined based on estimated unbilled sales volumes for the respective customer classes and then applying the applicable tariff rate to those volumes. Any difference between estimated and actual revenues is adjusted the following month when the previous unbilled estimate is reversed and actual billings occur. This method of recognition fairly presents RIE's transfer of electricity and natural gas to the customer as the amount recognized is based on actual and estimated volumes delivered and the tariff rate per unit of energy and any applicable fixed charges or regulatory mechanisms as approved by the respective regulatory body.

Certain customers have the option to obtain electricity or natural gas from other suppliers. In those circumstances, revenue is only recognized for providing delivery of the commodity to the customer.

Transmission Revenue

RIE's transmission services are regulated by the FERC and coordinated with Independent System Operator (ISO) – New England (ISO-NE). Additionally, RIE makes available its transmission facilities to NEP, for operation and control pursuant to an integrated facilities agreement, Service Agreement No. 23 (Integrated Facilities Agreement or IFA). These revenues arise under tariff/rate agreements and are collected primarily from RIE's Rhode Island distribution customers. The revenue is recognized over-time as transmission services are provided and consumed. This method of recognition fairly presents RIE's transfer of transmission services as the daily rate is set by a FERC-approved formula-based rate.

- (a) PPL includes \$128 million for the three and six months ended June 30, 2022 of revenues from external customers reported by the Rhode Island Regulated segment. PPL Electric represents revenues from external customers reported by the Pennsylvania Regulated segment and LG&E and KU, net of intercompany power sales and transmission revenues, represent revenues from external customers reported by the Kentucky Regulated segment. See Note 2 for additional information.
- (b) This line item shows the over/under collection of rate mechanisms deemed alternative revenue programs with over-collections of revenue shown as positive amounts in the table above and under-collections shown as negative amounts. For PPL Electric, the three and six months ended June 30, 2022, include \$30 million and \$74 million related to the amortization of the regulatory liability primarily recorded in 2021 for a reduction in the transmission formula rate return on equity that is reflected in rates in 2022. The three and six months ended June 30, 2021, included a \$24 million and \$51 million revenue reduction recorded as a result of the challenge to the transmission formula rate return on equity. See Note 6 for additional information.
- (c) Represents additional revenues outside the scope of revenues from contracts with customers, such as lease and other miscellaneous revenues.

(b) Includes wholesale power and transmission revenues. LG&E and KU amounts include intercompany power sales and transmission revenues, which are eliminated upon consolidation at the Kentucky Regulated segment.

As discussed in Note 2, PPL segments its business by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the footnotes to the tables above.

Contract receivables from customers are primarily included in "Accounts receivable - Customer", "Unbilled revenues", and "Other noncurrent assets" on the Balance Sheets.

The following table shows the accounts receivable and unbilled revenues balances that were impaired for the periods ended June 30.

Revenue recognized during the six months ended June 30, 2021 that was included in the contract liability balance at December 31, 2020	23	11	5	6

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date. Advanced billings for customer attachments are generally recognized as revenue ratably over the quarterly billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At June 30, 2022, PPL had \$43 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$27 million within the next 12 months.

4. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive share-based payment awards were converted to common shares as calculated using the Two-Class Method or Treasury Stock Method.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended June 30 used in the EPS calculation are:

- (b) The U.K. Finance Act 2021, formally enacted on June 10, 2021, increased the U.K. corporation tax rate from 19% to 25%, effective April 1, 2023. The primary impact of the corporation tax rate increase was an increase in deferred tax liabilities of the U.K. utility business, which was sold on June 14, 2021, and a corresponding deferred tax expense of \$383 million, which was recognized in continuing operations.

Narragansett Electric Acquisition (PPL)

The acquisition of Narragansett Electric was deemed an asset acquisition for federal and state income tax purposes, as a result of PPL and National Grid making a tax election under Internal Revenue Code (IRC) §338(h)(10). Accordingly, the tax basis of substantially all of the assets acquired were increased to fair market value, which equaled net book value, thereby eliminating the related deferred tax assets and liabilities. The tax goodwill will be amortized for tax purposes over 15 years.

Pennsylvania State Tax Reform (PPL and PPL Electric)

On July 8, 2022, the Governor of Pennsylvania signed into law Pennsylvania House Bill 1342 (H.B. 1342). Among other changes to the state tax code, the bill will reduce the corporate net income tax rate from 9.99% to 8.99% beginning January 1, 2023, and reduces annually by half a percentage point until the rate reaches 4.99% in 2031.

GAAP requires that deferred tax assets and liabilities be measured at the enacted tax rate expected to apply when temporary book-to-tax differences are expected to be realized or settled. Accordingly, in the third quarter of 2022, PPL expects to record the impact of the reduced tax rate as a reduction in the accumulated deferred income taxes related to regulated operations in an amount between \$200 million and \$300 million, with a corresponding increase in regulatory liabilities. In addition, PPL expects to recognize a deferred tax benefit of between \$3 million and \$7 million primarily associated with the remeasurement of accumulated deferred income tax balances related to non-regulated operations.

The foregoing numbers are estimates that will be updated quarterly to reflect revised forecast, actual activity, and orders from regulatory authorities.

(a) See "Regulatory Matters - Federal Matters - PPL Electric Transmission Formula Rate Return on Equity" below for additional information.

Following is an overview of regulatory assets and liabilities detailed in the preceding tables which were recognized as a result of the acquisition of RIE. Specific developments with respect to certain of these regulatory assets and liabilities are discussed in "Regulatory Matters."

Derivative Instruments

RIE evaluates open derivative instruments for regulatory deferral by determining if they are probable of recovery from, or refund to, customers through future rates. Derivative instruments that qualify for recovery are recorded at fair value, with changes in fair value recorded as regulatory assets or regulatory liabilities in the period in which the change occurs. The balance is reconcilable, and any over- or under-recovery from customers will be refunded or recovered annually in the subsequent year.

Energy Efficiency

Represents the difference between revenue billed to customers through RIE's energy efficiency charge and the costs of the RIE's energy efficiency programs as approved by the RIPUC.

The energy efficiency charge is designed to collect the estimated costs of the RIE's energy efficiency plan for the upcoming calendar year plus a full reconciliation of all costs and revenues for the current year including a reconciliation of forecasted revenue and costs for months of the current year for which actual data is not available at the time of the filing. Any projected amounts included in the energy efficiency charge filing are subject to reconciliation to actual amounts and any difference will be reflected in a future energy efficiency charge filing. The final annual over/under is reconciled in the next year's energy efficiency plan filing, as part of the reconciliation factor calculation. RIE may file to change the EEP charge at any time should significant over-or under-recoveries occur.

Environmental Cost Recovery

The regulatory asset represents deferred costs associated with RIE's share of the estimated costs to investigate and perform certain remediation activities at sites with which it may be associated. RIE's rate plans provide for specific rate allowances for these costs, with variances deferred for future recovery from, or return to, customers. RIE believes future costs, beyond the expiration of current rate plans, will continue to be recovered through rates. The regulatory asset represents the excess of amounts received in rates over RIE's actual site investigation and remediation costs.

Net Metering

Net metering deferral reflects the recovery mechanism for costs associated with customer-installed on-site generation facilities, including the costs of renewable generation credits. This surcharge provides RIE with a mechanism to recover such amounts. Net metering is reconcilable annually, and any over- or under-recovery from customers will be refunded to, or recovered from, customers through the adjustment factor determined for the subsequent year.

Rate Adjustment Mechanisms

In addition to commodity costs, RIE is subject to a number of additional rate adjustment mechanisms whereby an asset or liability is recognized resulting from differences between actual revenues and the underlying cost being recovered or differences between actual revenues and targeted amounts as approved by the RIPUC. The rate adjustment mechanisms are reconcilable, and any over- or under-recovery from customers will be refunded or recovered annually in the subsequent year.

Taxes Recoverable through Future Rates

Taxes recoverable through future rates represent the portion of future income taxes that will be recovered through future rates based upon established regulatory practices. Accordingly, this regulatory asset is recognized when the offsetting deferred tax liability is recognized. For general-purpose financial reporting, this regulatory asset and the deferred tax liability are not offset; rather, each is displayed separately. This regulatory asset is expected to be recovered over the period that the underlying book-tax timing differences reverse and the actual cash taxes are incurred.

Regulatory Matters

Rhode Island Activities (PPL)

Rate Case proceedings

On August 24, 2018, pursuant to Report and Order No. 23823 issued May 5, 2020, the RIPUC approved the terms of an Amended Settlement Agreement (ASA), reflecting an allowed return on equity (ROE) rate of 9.275% based on a common equity ratio of approximately 51%. RIE is currently in year four of the multi-year rate plan (Rate Plan). On June 30, 2021, the Rhode Island Division of Public Utilities and Carriers consented to an open-ended extension of the term of the Rate Plan such that RIE was not required to file its next rate case in order for new rates take effect no later than September 1, 2022 as originally contemplated by the ASA. Pursuant to the settlement with the Rhode Island Office of the Attorney General in connection with the acquisition of RIE by PPL, RIE currently does not anticipate filing a new base rate case until at least three years following the closing of the acquisition. Pursuant to the open-ended extension, the Rate Year 3 level of base distribution rates under ASA will remain in effect and RIE will continue to operate under the current Rate Plan until a new Rate Plan is approved by the RIPUC.

The ASA includes additional provisions, including (i) an Electric Transportation Initiative (the ET Initiative) to facilitate the growth of Electric Vehicle (EV) adoption and scaling of the market for EV charging equipment to advance Rhode Island's zero emission vehicles and greenhouse gas emissions policy goals, which the RIPUC is continuing to review in connection with certain underspending in the ET Initiative and the timing of crediting customers the deferral balance pursuant to the ASA, (ii) two energy storage demonstration projects, which are on track for timely completion, (iii) a new incentive-only performance incentive for System Efficiency: Annual Megawatt (MW) Capacity Savings, which sunsets in 2021 and requires a tariff advice filing with the RIPUC to extend, and (iv) several additional metrics for tracking and reporting purposes only.

Advanced Metering Functionality and Grid Modernization

On January 21, 2021, RIE filed its Updated Advance Metering Functionality (AMF) Business Case and Grid Modernization Plan (GMP) with the RIPUC in accordance with the rate case settlement. The Updated AMF Business Case – a foundational component of the GMP – seeks approval to deploy smart meters throughout the service territory. Pursuant to the written order issued on July 14, 2021, the RIPUC stayed the AMF and GMP proceedings pending further consideration following the issuance of a final Order by the Rhode Island Division of Public Utilities and Carriers on the Acquisition. RIE intends to withdraw the original AMF Updated Business Case and GMP and file a new AMF Business Case in September 2022, followed by a new GMP in December 2022.

COVID-19 Deferral Filing

On April 30, 2021, RIE filed a petition for approval to recognize regulatory assets related to COVID-19 Impacts (RIPUC Docket No. 5154). In its Petition, RIE seeks the RIPUC's authorization to create regulatory assets and consideration of future cost recovery for the following COVID-19 Costs: (1) the increased cost of customer accounts receivable that RIE will be unable to collect as a result of the COVID-19 pandemic, and the executive orders and RIPUC orders restricting RIE's collection activities as a result of the pandemic, which will result in increased net charge-offs; (2) lost revenue from unassessed late payment charges; and (3) charges to RIE for other fees that RIE has waived pursuant to the RIPUC's orders in RIPUC Docket No. 5022. The RIPUC has not taken any action on the filing to date and RIE is continuing to monitor the docket. RIE intends to evaluate its request to create a regulatory asset for COVID-19-related bad debt expense to consider the impact, if any, of the proposed arrearage forgiveness sought in RIE's Petition to Forgive Certain Arrearage Balances for Low-Income and Protected Customers in Docket No. 22-08-GE, which RIE filed with the RIPUC to fulfill its obligations under PPL's settlement with the Rhode Island Attorney General.

FY 2023 Gas Infrastructure, Safety and Reliability (ISR) Plan

At an Open Meeting on March 29, 2022, the RIPUC conditionally approved RIE's FY 2023 Gas ISR Plan and associated revenue requirement, subject to further review regarding RIE's Proactive Main Replacement Program and its decision to reconstruct and purchase heating and pressure regulation equipment located at RIE's Wampanoag and Tiverton take stations. Regarding the Proactive Main Replacement Program, the Chair of the RIPUC questioned whether the new main should be deemed "used and useful" and, hence, placed into rate base before the old main is fully abandoned. Currently, the new main is deemed "in-service" once the pipe is installed and gassed in. The RIPUC held a hearing on June 1, 2022 to further review RIE's lag in performance in replacing mains, including reasons for the lag, ratemaking implications, and the "used and useful" standard. RIE responded to several record requests following the hearing and the matter is still pending with the RIPUC. If the RIPUC rules that RIE may not include a new main in rate base until it has completed the abandonment of the old main, the RIPUC may order an adjustment to the revenue requirement through the 2023 annual reconciliation process. Such a decision could cause a 1-year decline in the annual total for Capital Additions/ Plant In-Service. RIE cannot predict the outcome of this matter and an estimate of the impact cannot be determined. Also, the RIPUC directed RIE to submit prefiled testimony on the issue of its replacement of heating and pressure regulation facilities at the Wampanoag and Tiverton take stations and to address three issues, specifically: (i) a cost-benefit analysis arising from RIE's decision to take ownership of the reconstructed take station equipment; (ii) the potential that the benefits derived from the reconstruction and ownership transfer of the take station equipment will not be realized due to the future use of hydrogen or abandonment of the gas system; and (iii) the depreciation and accounting treatment of the reconstructed take station equipment. RIE filed this testimony with the RIPUC on May 16, 2022 and this issue is still pending before the RIPUC.

Federal Matters

PPL Electric Transmission Formula Rate Return on Equity (PPL and PPL Electric)

In May 2020, PP&L Industrial Customer Alliance (PPLICA) filed a complaint with the FERC alleging that PPL Electric's base ROE used to determine PPL Electric's formula transmission rate was unjust and unreasonable. In August 2021, PPL Electric entered into a settlement agreement (the Settlement) with PPLICA and all other parties, including intervenors. The key aspects of the Settlement include changes to PPL Electric's base ROE, changes to the equity component of PPL Electric's capital structure, allowing modification of the current rate year to a calendar year and allowing modification of the current formula rate based on a historic test year to a projected test year. The settlement was approved by the FERC in November 2021. The interim rates reflecting the agreed-to-base ROE in the Settlement were effective December 1, 2021.

In the three and six months ended June 30, 2021, PPL and PPL Electric recorded a revenue reduction on the Statement of Income of \$17 million and \$36 million after-tax representing an estimate of the revenue subject to refund from the date of the complaint through June 30, 2021. Of these amounts, \$7 million and \$13 million for the three and six months ended June 30, 2021, related to the period from May 21, 2020 to December 31, 2020.

As of December 31, 2021, PPL and PPL Electric had a regulatory liability on the Balance Sheet of \$73 million, which represents revenue subject to refund based on the difference between charges that were calculated using the ROE in effect at the time and charges calculated using the revised ROE provided for in the Settlement, plus interest at the FERC interest rate. During the three and six months ended June 30, 2022, \$30 million and \$74 million of revenue was refunded to customers, respectively. The total balance at December 31, 2021, plus additional interest recorded was refunded to customers by May 31, 2022.

FERC Transmission Rate Filing (PPL, LG&E and KU)

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. In 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, which was subsequently filed, modified, and approved by the FERC in 2020 and 2021. In 2020, LG&E and KU and other parties filed appeals with the D.C. Circuit Court of Appeals regarding FERC's orders on the elimination of the mitigation and required transition mechanism. Oral arguments in the appellate proceeding occurred on February 14, 2022. LG&E and KU cannot predict the outcome of the respective appellate and FERC proceedings. LG&E and KU currently receive recovery of the waivers and credits provided through other rate mechanisms and such rate recovery would be anticipated to be adjusted in future rate proceedings consistent with potential changes or terminations of the waivers and credits, as such become effective.

Recovery of Transmission Costs (PPL)

On an interim basis, RIE's transmission facilities continue to be operated in combination with the transmission facilities of National Grid's New England affiliates, Massachusetts Electric Company (MECO) and NEP, as a single integrated system with NEP designated as the combined operator. NEP collects the costs of the combined transmission asset pool including a return on those facilities under NEP's Tariff No. 1 from the ISO. The ISO allocates these costs among transmission customers in New England, in accordance with the ISO Open Access Transmission Tariff (ISO-NE OATT).

According to the FERC orders, RIE is compensated for its actual monthly transmission costs, with its authorized maximum ROE of 11.74% on its transmission assets. The amount remitted by NEP to RIE for the three and six months ended June 30, 2022 was \$14 million.

The ROE for transmission rates under the ISO-NE OATT is the subject of four complaints that are pending before the FERC. On October 16, 2014, the FERC issued an order on the first complaint, Opinion No. 531-A, resetting the base ROE applicable to transmission assets under the ISO-NE OATT from 11.14% to 10.57% effective as of October 16, 2014 and establishing a maximum ROE of 11.74%. On April 14, 2017, this order was vacated and remanded by the District of Columbia Circuit (Court

of Appeals). After the remand, the FERC issued an order on October 16, 2018 applicable to all four pending cases where it proposed a new base ROE methodology that, with subsequent input and support from the New England Transmission Owners (NETO), yielded a base ROE of 10.41%. Subsequent to the FERC's October 2018 order in the New England Transmission Owners cases, the FERC further refined its ROE methodology in another proceeding and has applied that refined methodology to transmission owners' ROEs in other jurisdictions, and the NETOs filed further information in the New England matters to distinguishing their case. Those determinations in other jurisdictions are currently on appeal before the Court of Appeals. The proceeding and the final base rate ROE determination in the New England matters remain open, pending a final order from the FERC. PPL cannot predict the outcome of this matter, and an estimate of the impact cannot be determined.

Other

Purchase of Receivables Program *(PPL and PPL Electric)*

In accordance with a PAPUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During the three and six months ended June 30, 2022, PPL Electric purchased \$273 million and \$622 million of accounts receivable from alternative suppliers. During the three and six months ended June 30, 2021, PPL Electric purchased \$250 million and \$574 million of accounts receivable from alternative suppliers.

Share Repurchase

In August 2021, PPL's Board of Directors authorized share repurchases of up to \$3 billion of PPL common shares. In 2021, PPL repurchased approximately \$1 billion of PPL common shares. There were no share repurchases during the three and six months ended June 30, 2022. The actual additional amounts to be repurchased pursuant to this authority will depend on various factors, including PPL's share price and market conditions. PPL may purchase shares on each trading day subject to market conditions and principles of best execution.

Dividends

In June 2022, PPL declared a quarterly common stock dividend, payable July 1, 2022, of 22.5 cents per share (equivalent to 90.0 cents per annum).

Preferred Stock

RIE has \$3 million of certain issues of non-participating cumulative preferred stock outstanding that can be redeemed at the option of RIE. There are no mandatory redemption provisions on the cumulative preferred stock. Dividends on the cumulative preferred stock accrue quarterly and are prior to any dividends on the common stock of RIE. Pursuant to the preferred stock arrangement, as long as any preferred stock is outstanding, certain restrictions on payment of common stock dividends would come into effect if the common stock equity of RIE was, or by reason of payment of such dividends became, less than 25% of total capitalization of RIE. RIE was current on the preferred stock dividends and was in compliance with this covenant and accordingly, was not restricted as to the payment of common stock dividends under the foregoing provisions as of June 30, 2022.

8. Acquisitions, Development and Divestitures

(PPL)

Acquisitions

Acquisition of Narragansett Electric

On May 25, 2022, PPL Rhode Island Holdings acquired 100% of the outstanding shares of common stock of Narragansett Electric from National Grid U.S., a subsidiary of National Grid plc (the Acquisition). Narragansett Electric, whose service area covers substantially all of Rhode Island, is primarily engaged in the transmission and distribution of natural gas and electricity. The Acquisition expands PPL's portfolio of regulated natural gas and electricity transmission and distribution assets and is expected to improve credit metrics and enhance long term earnings growth. Following the closing of the Acquisition, Narragansett Electric provides services doing business under the name Rhode Island Energy (RIE).

The consideration for the Acquisition consisted of approximately \$3.8 billion in cash and approximately \$1.5 billion of long-term debt assumed through the transaction. The fair value of the consideration paid for Narragansett Electric was as follows (in billions):

Aggregate enterprise consideration	\$	5.3
Less: fair value of assumed long-term debt outstanding		1.5
Total cash consideration	\$	3.8

The \$3.8 billion total cash consideration paid was funded with proceeds from PPL's 2021 sale of its U.K. utility business.

In connection with the Acquisition, National Grid USA Service Company, Inc., National Grid U.S. and Narragansett Electric have entered into a transition services agreement (TSA), pursuant to which National Grid has agreed to provide certain transition services to Narragansett Electric to facilitate the transition of the operation of Narragansett Electric to PPL following the Acquisition, as agreed upon in the Narragansett SPA. The TSA is for an initial two-year term and is subject to extension as necessary to complete the successful transition. TSA costs of \$18 million were incurred for the three and six-month periods ended June 30, 2022.

Acquisition Approval

The Acquisition required certain approvals or waivers, including, among others, approval of National Grid USA's shareholders, authorizations or waivers from the Rhode Island Division of Public Utilities and Carriers, the Massachusetts Department of Public Utilities, the Federal Communications Commission (FCC), and the FERC, as well as review under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended. All such approvals were received prior to closing of the Acquisition.

Commitments to the Rhode Island Division of Public Utilities and Carriers and the Attorney General of the State of Rhode Island

As a condition to the Acquisition, PPL made certain commitments to the Rhode Island Division of Public Utilities and Carriers and the Attorney General of the State of Rhode Island. As a result:

- RIE will provide a credit to all of its electric and natural gas distribution customers in the total amount of \$50 million. Based on the relative number of electric distribution customers and natural gas distribution customers, RIE expects to credit \$33 million to electric customers and \$17 million to natural gas customers. Each electric customer will receive the same credit, and each natural gas customer will receive the same credit. On July 12, 2022, the RIPUC voted to suspend the tariff advice for bill credits for 60 days to allow more time to issue discovery on the filing. These credits will reduce revenue in future periods when the credits are issued.
- RIE will forgive approximately \$44 million (\$21 million net of allowance for doubtful accounts) in arrearages for low-income and protected residential customers, which represents 100% of the arrearages over 90 days for those customers as of March 31, 2022. PPL deemed these accounts uncollectible and fully reserved for them in the second quarter of 2022, resulting in an increase to "Other operations and maintenance expense" of \$23 million for the three and six-month periods ended June 30, 2022.
- RIE will not file a base rate case seeking an increase in base distribution rates for natural gas and/or electric service sooner than three years from the Acquisition date, and RIE will not submit a request for a change in base rates unless and until there is at least twelve months of operating experience under PPL's exclusive leadership and after the TSA with National Grid terminates.
- RIE will forgo potential recovery of any and all transition costs which PPL estimates will be approximately \$408 million through June 30, 2024 and includes (1) the installation of certain information technology systems; (2) modification and enhancements to physical facilities in Rhode Island; and (3) incurring costs related to severance payments, communications and branding changes, and other transition related costs. These costs will be expensed as incurred. These costs were \$74 million and \$101 million for the three and six-month periods ended June 30, 2022.
- RIE will not seek to recover any transaction costs related to the Acquisition, which were \$27 million through June 30, 2022, including \$16 million and \$18 million for the three and six-month periods ended June 30, 2022 which were recorded in "Other operations and maintenance expense."
- RIE will not seek to recover in rates any markup charged by National Grid U.S. and/or its affiliates under the TSA. These amounts were immaterial as of June 30, 2022.
- In June 2022, RIE expensed \$20 million of regulatory assets as of the Acquisition date for the Gas Business Enablement (GBE) project and for certain Cybersecurity/IT investments related to GBE. The expense was recorded to "Other operations and maintenance expense" on the income statement for the three and six months ended June 30, 2022. RIE will not seek to recover these regulatory assets from customers in any future proceedings.
- RIE will exclude all goodwill from the ratemaking capital structure.

- RIE will hold harmless Rhode Island customers from any changes to Accumulated Deferred Income Taxes (ADIT) as a result of the Acquisition. RIE reserves the right to seek rate adjustments based on future changes to ADIT that are not related to the Acquisition.
- RIE will not increase its revenue requirement to a level higher than what would exist in the absence of the Acquisition as a result of any restatement of pension and other post-retirement benefits plan assets and liabilities to fair value after the close of the Acquisition.
- Rhode Island Holdings will contribute \$2.5 million to the Rhode Island Commerce Corporation's Renewable Energy Fund and not use any of the \$2.5 million to meet its pre-existing renewable energy credit goals in Rhode Island or any other state. This contribution was made during the quarter ended June 30, 2022 and was recorded in "Other Income (Expense)."
- RIE will make available up to \$2.5 million for the Rhode Island Attorney General to utilize as needed in evaluating PPL's report on RIE's specific decarbonization goals to support Rhode Island's 2021 Act on Climate or to assess the future of the gas distribution business in Rhode Island. This amount was accrued during the quarter ended June 30, 2022 and was recorded in "Other Income (Expense)."
- Various other operational and reporting commitments have been established.

Purchase Price Allocation

The operations of Narragansett Electric are subject to the accounting for certain types of regulation as prescribed by GAAP. The carrying value of Narragansett Electric's assets and liabilities subject to rate-setting and cost recovery provisions provide revenues derived from costs, including a return on investment of assets and liabilities included in rate base. As such, the fair values of these assets and liabilities equal their carrying values. Accordingly, neither the assets acquired or liabilities assumed, nor the unaudited pro forma financial information presented below, reflect any adjustments related to these amounts.

The excess of the purchase price over the estimated fair values of the assets acquired and liabilities assumed was \$1,581 million, which has been recorded as goodwill. PPL has elected to not push down the effects of purchase accounting to the financial statements of RIE or PPL's Rhode Island Regulated segment. Accordingly, the Rhode Island Regulated segment includes \$725 million of legacy goodwill acquired. The remaining excess purchase price of \$856 million is being included in PPL's Corporate and Other category for segment reporting purposes. The goodwill reflects the value paid for the expected continued growth of a rate-regulated business located in a defined service area with a constructive regulatory environment, the ability of PPL to leverage its assembled workforce to take advantage of those growth opportunities and the attractiveness of stable, growing cash flows. The tax goodwill will be deductible for income tax purposes, and as such, deferred taxes will be recorded related to goodwill.

The table below shows the preliminary allocation of the purchase price to the assets acquired and liabilities assumed that were recorded in PPL's Consolidated Balance Sheet at the Acquisition date. The allocation is subject to change during the one-year measurement period as additional information is obtained about the facts and circumstances that existed at closing. The items pending finalization include, but are not limited to, final working capital adjustments and the valuation of defined benefit plans. As a result, the amount of goodwill included below may change by a material amount as PPL finalizes the allocation of the purchase price.

Discontinued Operations

Sale of the U.K. Utility Business

On June 14, 2021, PPL WPD Limited completed the sale of PPL's utility business to National Grid Holdings One plc (National Grid U.K.), a subsidiary of National Grid plc. The transaction resulted in cash proceeds of \$10.7 billion inclusive of foreign currency hedges executed by PPL. PPL received net proceeds, after taxes and fees, of \$10.4 billion. PPL WPD Limited agreed to indemnify National Grid U.K. for certain tax related matters. See Note 10 for additional information. PPL has not had and will not have any significant involvement with the U.K. utility business since completion of the sale.

10. Commitments and Contingencies

Energy Purchase Commitments (PPL)

RIE has several long-term contracts for the purchase of electric power. Substantially all of these contracts require power to be delivered before RIE is obligated to make payment. Additionally, RIE has entered into various contracts for gas delivery, storage, and supply services. Certain of these contracts require payment of annual demand charges, which are recoverable from customers. RIE is liable for these payments regardless of the level of service required from third-parties.

These contracts include the following commitments:

<u>Contract Type</u>	<u>Maximum Maturity Date</u>
Electric power	2024
Gas-related	Beyond 2027

RIE's commitments under these long-term contracts subsequent to June 30, 2022 are summarized in the table below.

	<u>Total</u>	<u>2022</u>	<u>2023-2024</u>	<u>2025-2026</u>	<u>After 2026</u>
Energy Purchase Obligations	\$ 809	\$ 200	\$ 216	\$ 81	\$ 312

Long-term Contracts for Renewable Energy (PPL)

Several of the obligations included in the table above relate to certain long-term contracts for renewable energy, including:

- the Deepwater Wind Power Purchase Agreement (PPA), involving a proposal for a small scale renewable energy generation project of up to eight offshore wind turbines with an aggregate nameplate capacity of up to 30 MW to benefit the Town of New Shoreham and an underwater cable to Block Island, which entered into service in October 2016;
- the Three-State Procurement, involving eight long-term contracts pursuant to the Rhode Island Long-Term Contracting Standard (LTCS) of which 36.75 MW is currently operational and with respect to which RIE collects 2.75% remunerations in the annual payments pursuant to the LTCS; and
- the Offshore Wind Energy Procurement, pursuant to a 20-year power purchase agreement (PPA) with DWW Rev I, LLC (Revolution Wind), with an expected capacity of 408 MW expected to be operational in 2024; this contract was approved without remuneration, but allows RIE to seek costs incurred under the agreement.

In addition, RIE is obligated under the LTCS (as amended in 2014) to annually solicit for renewable projects until 90 MW of renewable capacity has been secured. To date these solicitations, as approved by the RIPUC, have included: (i) a 15-year PPA with Orbit Energy Rhode Island, LLC for a 3.2 MW anaerobic digester biogas project located in Johnston, Rhode Island, placed in service in 2017, (ii) a 15-year PPA with Black Bear Development Holdings, LLC for a 3.9 MW run-of-river hydroelectric plant located in Orono, Maine, placed in service in 2013, (iii) a 15-year PPA with Champlain Wind, LLC for a 48 MW land-based wind project located in Carroll Plantation and Kossuth Township, Maine, placed in service in January 2017, but which was ultimately terminated and its contribution to the 90 MW total requiring replacement, (iv) a 15-year PPA with Copenhagen Wind Farm, LLC for an 80 MW land-based wind project located in Denmark, New York, placed in service in 2018, and (v) a 20 year PPA with Gravel Pit Solar II, LLC (Gravel Pit Solar) for a 49.5 MW land based bifacial solar project located in East Windsor, CT that was terminated on May 24, 2022. RIE will be required to backfill approximately 3 MW to fulfill the required 90 MW under LTCS.

In addition to the LTCS, in July 2022, Rhode Island passed an amendment to the Affordable Clean Energy Security Act (ACES) that requires RIE to issue a request for proposals (RFP) for at least 600 MW but no greater than 1,000 MW of newly developed offshore wind capacity no later than October 15, 2022. RIE must file the RFP with the RIPUC for public comment 30 days in advance. RIE must negotiate in good faith to achieve a commercially reasonable contract and must file said contract with the RIPUC for approval no later than March 15, 2024, unless RIE can show that the bids are unlikely to lead to a contract that meets all of the statutory requirements.

As approved by the RIPUC, RIE is allowed to pass through commodity-related/purchased power costs to customers and collect remuneration equal to 2.75% for long-term contracts approved pursuant to LTCS that have achieved commercial operation. For long-term contracts approved pursuant to ACES, as amended, on or after January 1, 2022, RIE is entitled to financial remuneration equal to 1.0% through December 31, 2026 for those projects that are commercially operating. For long-term contracts approved pursuant to ACES on or after January 1, 2027, RIE is not entitled to any financial remuneration, unless otherwise granted by the RIPUC. Also, the amendments to ACES added a provision, which provides that for any calendar year in which RIE's actual return on equity exceeds the return on equity allowed by the RIPUC in the last general rate case, the RIPUC may adjust any or all remuneration to assure that such remuneration does not result in or contribute toward RIE earning above its allowed return for such calendar year.

Talen Litigation

(PPL)

Background

In September 2013, one of PPL's former subsidiaries, PPL Montana entered into an agreement to sell its hydroelectric generating facilities. In June 2014, PPL and PPL Energy Supply, the parent company of PPL Montana, entered into various definitive agreements with affiliates of Riverstone to spin off PPL Energy Supply and ultimately combine it with Riverstone's competitive power generation businesses to form a stand-alone company named Talen Energy. In November 2014, after executing the spinoff agreements but prior to the closing of the spinoff transaction, PPL Montana closed the sale of its hydroelectric generating facilities. Subsequently, on June 1, 2015, the spinoff of PPL Energy Supply was completed. Following the spinoff transaction, PPL had no continuing ownership interest in or control of PPL Energy Supply. In connection with the spinoff transaction, PPL Montana became Talen Montana, LLC (Talen Montana), a subsidiary of Talen Energy. Talen Energy Marketing also became a subsidiary of Talen Energy as a result of the June 2015 spinoff of PPL Energy Supply. Talen Energy has owned and operated both Talen Montana and Talen Energy Marketing since the spinoff. At the time of the spinoff, affiliates of Riverstone acquired a 35% ownership interest in Talen Energy. Riverstone subsequently acquired the remaining interests in Talen Energy in a take private transaction in December 2016.

Talen Montana Retirement Plan and Talen Energy Marketing, LLC, Individually and on Behalf of All Others Similarly Situated v. PPL Corporation et al.

On October 29, 2018, Talen Montana Retirement Plan and Talen Energy Marketing filed a putative class action complaint on behalf of current and contingent creditors of Talen Montana who allegedly suffered harm or allegedly will suffer reasonably foreseeable harm as a result of a November 2014 distribution of proceeds from the sale of then-PPL Montana's hydroelectric generating facilities. The action was filed in the Sixteenth Judicial District of the State of Montana, Rosebud County, against PPL and certain of its affiliates and current and former officers and directors (Talen Putative Class Action). Plaintiff asserts claims for, among other things, fraudulent transfer, both actual and constructive; recovery against subsequent transferees; civil conspiracy; aiding and abetting tortious conduct; and unjust enrichment. Plaintiff is seeking avoidance of the purportedly fraudulent transfer, unspecified damages, including punitive damages, the imposition of a constructive trust, and other relief. In December 2018, PPL removed the Talen Putative Class Action from the Sixteenth Judicial District of the State of Montana to the United States District Court for the District of Montana, Billings Division (MT Federal Court). In January 2019, the plaintiff moved to remand the Talen Putative Class Action back to state court, and dismissed without prejudice all current and former PPL Corporation directors from the case. In September 2019, the MT Federal Court granted plaintiff's motion to remand the case back to state court. Although, the PPL defendants petitioned the Ninth Circuit Court of Appeals to grant an appeal of the remand decision, in November 2019, the Ninth Circuit Court of Appeals denied that request and in December 2019, Talen Montana Retirement Plan filed a Second Amended Complaint in the Sixteenth Judicial District of the State of Montana, Rosebud County, which removed Talen Energy Marketing as a plaintiff. In January 2020, PPL defendants filed a motion to dismiss the Second Amended Complaint or, in the alternative, to stay the proceedings pending the resolution of the below mentioned Delaware Action. The Court held a hearing on June 24, 2020 regarding the motions. On September 11, 2020, the Court granted PPL defendants' alternative Motion for a Stay of the proceedings. As described below, this case will now proceed in the United States Bankruptcy Court for the Southern District of Texas (Texas Bankruptcy Court).

PPL Corporation et al. vs. Riverstone Holdings LLC, Talen Energy Corporation et al.

On November 30, 2018, PPL, certain PPL affiliates, and certain current and former officers and directors (PPL plaintiffs) filed a complaint in the Court of Chancery of the State of Delaware seeking various forms of relief against Riverstone, Talen Energy and certain of their affiliates (Delaware Action), in response to and as part of the defense strategy for an action filed by Talen Montana, LLC (the Talen Direct Action, since dismissed) and the Talen Putative Class Action described above (together, the Montana Actions) originally filed in Montana state court in October 2018. In the complaint, the PPL plaintiffs ask the Delaware Court of Chancery for declaratory and injunctive relief. This includes a declaratory judgment that, under the separation agreement governing the spinoff of PPL Energy Supply, all related claims that arise must be heard in Delaware; that the statute of limitations in Delaware and the spinoff agreement bar these claims at this time; that PPL is not liable for the claims in either the Talen Direct Action or the Talen Putative Class Action as PPL Montana was solvent at all relevant times; and that the separation agreement requires that Talen Energy indemnify PPL for all losses arising from the debts of Talen Montana, among other things. PPL's complaint also seeks damages against Riverstone for interfering with the separation agreement and against Riverstone affiliates for breach of the implied covenant of good faith and fair dealing. The complaint was subsequently

amended on January 11, 2019 and March 20, 2019, to include, among other things, claims related to indemnification with respect to the Montana Actions, request a declaration that the Montana Actions are time-barred under the spinoff agreements, and allege additional facts to support the tortious interference claim. In April 2019, the defendants filed motions to dismiss the amended complaint. In July 2019, the Court heard oral arguments from the parties regarding the motions to dismiss, and in October 2019, the Delaware Court of Chancery issued an opinion sustaining all of the PPL plaintiffs' claims except for the claim for breach of implied covenant of good faith and fair dealing. As a result of the dismissal of the Talen Direct Action in December 2019, in January 2020, Talen Energy filed a new motion to dismiss five of the remaining eight claims in the amended complaint. The Court heard oral argument on Talen's motion to dismiss on May 28, 2020, and on June 22, 2020, issued an opinion denying the motion in its entirety. Discovery is proceeding, and the parties have filed certain motions and cross-motions for summary judgment, which are not yet scheduled for hearing.

In January 2022, Vice-Chancellor Joseph R. Slight III, the judge assigned to this litigation, announced his retirement. Thereafter, this case was removed from the trial schedule and is awaiting the assignment of a new judge. As described below, this case will now proceed in the Texas Bankruptcy Court.

Talen Energy Supply, LLC et al. | Talen Montana LLC v. PPL Corp., PPL Capital Funding, Inc., PPL Electric Utilities Corp., and PPL Energy Funding (PPL and PPL Electric)

On May 9, 2022, Talen Energy Supply, LLC and 71 affiliates, including Talen Montana, LLC, filed petitions for protection under Chapter 11 of the Bankruptcy Code in the Texas Bankruptcy Court.

On May 10, 2022, Talen Montana, LLC, as debtor-in-possession, filed a complaint initiating an adversary proceeding (Adversary Proceeding) in the Texas Bankruptcy Court against PPL Corporation, PPL Capital Funding, Inc., PPL Electric Utilities Corporation, and PPL Energy Funding Corporation. Similar to the litigation in Montana, the Adversary Proceeding seeks the recovery of an allegedly fraudulent transfer relating to PPL Montana's November 2014 sale of hydroelectric assets to Northwestern and subsequent distribution of certain proceeds of that sale, reiterating claims that the parties have already been litigating.

Also on May 10, 2022, certain Talen entities sought to remove both (1) the Montana action previously referred to as the Rosebud class action from state court to a federal district court in Montana (Montana District Court) and (2) the Delaware action to a federal district court in Delaware (Delaware District Court). Talen Montana, LLC then filed a motion to intervene and a motion to transfer the Montana case to the Texas Bankruptcy Court. Talen also filed a Motion to transfer the Delaware District Court action to the Texas Bankruptcy Court. Plaintiffs will seek to consolidate the Rosebud Class action and Delaware action in the Texas Bankruptcy Court.

With respect to each of the Talen-related matters described above, PPL believes that the 2014 distribution of proceeds was made in compliance with all applicable laws and that PPL Montana was solvent at all relevant times. Additionally, the agreements entered into in connection with the spinoff, which PPL and affiliates of Talen Energy and Riverstone negotiated and executed prior to the 2014 distribution, directly address the treatment of the proceeds from the sale of PPL Montana's hydroelectric generating facilities; in those agreements, Talen Energy and Riverstone definitively agreed that PPL was entitled to retain the proceeds.

PPL believes that it has meritorious defenses to the claims made in the Adversary Proceeding and intends to vigorously defend against this action. At this time, PPL cannot predict the outcome of the Adversary Proceeding or estimate the range of possible losses, if any, that PPL might incur as a result of the claims, although they could be material.

Narragansett Electric Litigation (PPL)

Aquidneck Island

In January 2019, Narragansett Electric suffered a significant loss of gas supply to the distribution system that serves customers on Aquidneck Island in Rhode Island, affecting approximately 7,500 customers. Following Narragansett Electric's efforts to address customer concerns and expenses following the incident, and an investigation by the Rhode Island Division of Public Utilities and Carriers, Narragansett Electric published a long-term capacity study for energy solutions for Aquidneck Island and gathered extensive stakeholder feedback. Narragansett Electric continues to discuss this matter with the Rhode Island Division of Public Utilities and Carriers. Narragansett Electric filed a supplemental application for its long-term solution on April 1, 2022.

Narragansett Electric is facing various lawsuits related to the Aquidneck Island gas supply interruption, including two purported class actions. Narragansett Electric is actively defending against these claims. This matter is covered by excess liability insurance, which is currently reimbursing RIE for ongoing costs and claim amounts, subject to reservation of rights, and is not expected to materially affect RIE's results of operations, financial position or cash flows.

Energy Efficiency Programs Investigation

Narragansett Electric, while under the ownership of National Grid, performed an internal investigation into conduct associated with its energy efficiency programs. Any adjustments that may be a result of the internal investigation remain subject to review and approval by the RIPUC. At this time, it is not possible to predict the final outcome or determine the total amount of any additional liabilities that may be incurred in connection with it by Narragansett Electric. This review by the RIPUC may be impacted by other investigations that are ongoing related to National Grid. Narragansett Electric does not expect this matter will have a material adverse effect on its results of operations, financial position or cash flows.

On June 27, 2022, the RIPUC opened a new docket (RIPUC Docket 22-05-EE) to investigate RIE's actions and the actions of its National Grid employees during the time RIE was a National Grid USA affiliate being provided services by National Grid USA Service Company, Inc. relating to the manipulation of the reporting of invoices affecting the calculation of past energy efficiency shareholder incentives and the resulting impact on customers.

E.W. Brown Environmental Assessment (PPL and KU)

KU is undertaking extensive remedial measures at the E.W. Brown plant including closure of the former ash pond, implementation of a groundwater remedial action plan and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. The aquatic study and risk assessment are being undertaken pursuant to a 2017 agreed Order with the Kentucky Energy and Environment Cabinet (KEEC). KU conducted sampling of Herrington Lake in 2017 and 2018. In June 2019, KU submitted to the KEEC the required aquatic study and risk assessment, conducted by an independent third-party consultant, finding that discharges from the E.W. Brown plant have not had any significant impact on Herrington Lake and that the water in the lake is safe for recreational use and meets safe drinking water standards. On May 31, 2021, the KEEC approved the report and released a response to public comments. On August 6, 2021, KU submitted a Supplemental Remedial Alternatives Analysis report to the KEEC that outlines proposed additional fish, water, and sediment testing. On February 18, 2022, the KEEC provided approval to KU to proceed with the proposed sampling, which commenced in the spring of 2022.

Air (PPL and LG&E)

Sulfuric Acid Mist Emissions

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. On July 31, 2020, the U.S. Department of Justice and Louisville Metro Air Pollution Control District filed a complaint in the U.S. District Court for the Western District of Kentucky alleging violations specified in the EPA notice of violation and seeking civil penalties and injunctive relief. In October 2020, LG&E filed a motion to dismiss the complaint. In December 2020, the U.S. Department of Justice and the Louisville Metro Air Pollution Control District filed an amended complaint. In February 2021, LG&E filed a renewed motion to dismiss regarding the amended complaint. On February 23, 2022, the court entered a Consent Decree negotiated by the parties to resolve the violations alleged in the complaint. The Consent Decree requires LG&E to pay a civil penalty and perform a supplemental environmental project (SEP). The agreed penalty and SEP do not have a significant impact on LG&E's operations or financial condition.

Water/Waste (PPL, LG&E and KU)

ELGs

In 2015, the EPA finalized ELGs for wastewater discharge permits for new and existing steam electricity generating facilities. These guidelines require deployment of additional control technologies providing physical, chemical and biological treatment and mandate operational changes including "no discharge" requirements for certain wastewaters. The implementation date for

individual generating stations was to be determined by the states on a case-by-case basis according to criteria provided by the EPA. Legal challenges to the final rule were consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA issued a rule to postpone the compliance date for certain requirements. On October 13, 2020, the EPA published final revisions to its best available technology standards for certain wastewaters and potential extensions to compliance dates (the Reconsideration Rule). The rule is expected to be implemented by the states or applicable permitting authorities in the course of their normal permitting activities. LG&E and KU are currently implementing responsive compliance strategies and schedules. Certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Certain costs are included in the Registrants' capital plans and expected to be recovered from customers through rate recovery mechanisms, but additional costs and recovery will depend on further regulatory developments at the state level. In August 2021, the EPA published a notice of rulemaking initiative announcing that it will propose revisions to the Reconsideration Rule and determine "whether more stringent limitations and standards are appropriate." Compliance with the Reconsideration Rule is required during the pendency of the rulemaking process.

CCRs

In 2015, the EPA issued a final rule governing management of CCRs which include fly ash, bottom ash and sulfur dioxide scrubber wastes. The CCR Rule imposes extensive new requirements for certain CCR impoundments and landfills, including public notifications, location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements, and specifies restrictions relating to the beneficial use of CCRs. In July 2018, the EPA issued a final rule extending the deadline for closure of certain impoundments and adopting other substantive changes. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR Rule. In December 2019, the EPA addressed the deficiencies identified by the court and proposed amendments to change the closure deadline. In August 2020, the EPA published a final rule extending the deadline to initiate closure to April 11, 2021, while providing for certain extensions. The EPA is conducting ongoing rulemaking actions regarding various other amendments to the rule. Certain ongoing legal challenges to various provisions of the CCR Rule have been held in abeyance pending review by the EPA pursuant to the President's executive order. PPL, LG&E, and KU are monitoring the EPA's ongoing efforts to refine and implement the regulatory program under the CCR Rule. The EPA has issued several recent proposed regulatory determinations, facility notifications and public announcements which indicate increased scrutiny by the EPA to determine the adequacy of measures taken by facility owners and operators to achieve closure of CCR surface impoundments and landfills. In particular, the agency indicated that it will focus on certain practices that it views as posing a threat of continuing groundwater contamination. Future guidance, regulatory determinations, rulemakings and other developments could potentially require revisions to current LG&E and KU compliance plans including additional monitoring and remediation at surface impoundments and landfills, the cost of which could be substantial. PPL, LG&E and KU are unable to predict the outcome of the ongoing litigation, rulemaking, and regulatory determinations or potential impacts on current LG&E and KU compliance plans. The Registrants are currently finalizing closure plans and schedules.

In January 2017, Kentucky issued a new state rule relating to CCR management, effective May 2017, aimed at reflecting the requirements of the federal CCR rule. As a result of a subsequent legal challenge, in January 2018, the Franklin County, Kentucky Circuit Court issued an opinion invalidating certain procedural elements of the rule. LG&E and KU presently operate their facilities under continuing permits authorized under the former program and do not currently anticipate material impacts as a result of the judicial ruling. Associated costs are expected to be subject to rate recovery.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. LG&E and KU have completed planned closure measures at most of the subject impoundments and have commenced post closure groundwater monitoring as required at those facilities. LG&E and KU generally expect to complete all impoundment closures within five years of commencement, although a longer period may be required to complete closure of some facilities. Associated costs are expected to be subject to rate recovery.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 15 for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are expected to be subject to rate recovery.

Superfund and Other Remediation *(All Registrants)*

PPL, PPL Electric, LG&E and KU are potentially responsible for investigating and remediating contamination under the federal Superfund program and similar state programs. Actions are under way at certain sites including former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated by, or currently owned by predecessors or affiliates of, PPL Electric, LG&E and KU. PPL Electric is potentially responsible for a share of clean-up costs at certain sites including the Columbia Gas Plant site and the Brodhead site. Cleanup actions have been or are being undertaken at these sites as requested by governmental agencies, the costs of which have not been and are not expected to be significant to PPL Electric.

As of June 30, 2022 and December 31, 2021, PPL Electric had a recorded liability of \$10 million representing its best estimate of the probable loss incurred to remediate the sites identified above. Depending on the outcome of investigations at identified sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability or range of reasonably possible losses, if any, related to these sites. Such costs, however, are not currently expected to be significant.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result, individual states may establish stricter standards for water quality and soil cleanup, that could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. The Registrants cannot reasonably estimate a range of possible losses, if any, related to these matters.

Narragansett Electric

The EPA, the Massachusetts Department of Environmental Protection (MADEP), and the Rhode Island Department of Environmental Management (DEM) have alleged that Narragansett Electric is a potentially responsible party under state or federal law for the remediation of a number of sites at which hazardous substances are alleged to have been disposed. Narragansett Electric's most significant liabilities relate to former manufactured gas plant (MGP) facilities formerly owned by the Blackstone Valley Gas and Electric Company and the Rhode Island gas distribution assets of the New England Gas division of Southern Union Company and electric operations at certain Narragansett Electric facilities. Narragansett Electric is currently investigating and remediating, as necessary, those MGP sites and certain other properties under agreements with the EPA, DEM and MADEP. Expenditures incurred for the six months ended June 30, 2022 were \$7 million.

Narragansett Electric estimated the remaining costs of environmental remediation activities were \$101 million as of June 30, 2022. Narragansett Electric had a current portion of environmental remediation costs of \$8 million included in current liabilities on the Balance Sheets at June 30, 2022. These undiscounted costs are expected to be incurred over approximately 30 years, and these undiscounted amounts have been recorded as estimated liabilities on the balance sheet. However, remediation costs for each site may be materially higher than estimated, depending on changing technologies and regulatory standards, selected end uses for each site, and actual environmental conditions encountered. Narragansett Electric has recovered amounts from certain insurers and potentially responsible parties, and, where appropriate, Narragansett Electric may seek additional recovery from other insurers and from other potentially responsible parties, but it is uncertain whether, and to what extent, such efforts will be successful.

The RIPUC has approved two settlement agreements that provides for rate recovery of qualified remediation costs of certain contaminated sites located in Rhode Island and Massachusetts. Rate-recoverable contributions for electric operations of approximately \$3 million are added annually to the fund, along with interest and any recoveries from insurance carriers and other third-parties. In addition, Narragansett Electric recovers approximately \$1 million annually for gas operations under a Distribution Adjustment Charge in which the qualified remediation costs are amortized over 10 years. See Note 6 for additional information on RIE's recorded environmental regulatory assets and liabilities.

Narragansett Electric believes that its ongoing operations and approach to addressing conditions at historical sites are in substantial compliance with all applicable environmental laws. Where Narragansett Electric has regulatory recovery, it believes that the obligations imposed on it because of the environmental laws will not have a material impact on PPL's results of operations or financial position.

Regulatory Issues

(All Registrants)

See Note 6 for information on regulatory matters related to utility rate regulation.

Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E, KU, and RIE monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

Gas - Security Directives *(PPL and LG&E)*

In May and July of 2021, the Department of Homeland Security's (DHS) Transportation Security Administration (TSA) released two security directives applicable to certain notified owners and operators of natural gas pipeline facilities (including local distribution companies) that TSA has determined to be critical. The first security directive required notified owners/operators to implement cybersecurity incident reporting to the DHS, designate a cybersecurity coordinator, and perform a gap assessment of current entity cybersecurity practices against certain voluntary TSA security guidelines and report relevant results and proposed mitigation to applicable DHS agencies. The second security directive required notified entities to implement a significant number of specified cybersecurity controls and processes. LG&E does not believe the security directives will have a significant impact on LG&E's operations or financial condition.

Other

Guarantees and Other Assurances

(All Registrants)

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third-parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

(PPL)

PPL fully and unconditionally guarantees all of the debt securities and loan obligations of PPL Capital Funding.

(All Registrants)

The table below details guarantees provided as of June 30, 2022. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote. For reporting purposes, on a consolidated basis, the guarantees of PPL include the guarantees of its subsidiary Registrants.

	Exposure at June 30, 2022	Expiration Date
PPL		
Indemnifications related to certain tax liabilities related to the sale of the U.K. utility business	£ 50 (a)	2028
LG&E and KU		
LG&E and KU obligation of shortfall related to OVEC	(b)	

- (a) PPL WPD Limited entered into a Tax Deed dated June 9, 2021 in which it agreed to a tax indemnity regarding certain potential tax liabilities of the entities sold with respect to periods prior to the completion of the sale, subject to customary exclusions and limitations. Because National Grid Holdings One plc, the buyer, agreed to purchase indemnity insurance, the amount of the cap on the indemnity for these liabilities is £1, except with respect to certain surrenders of tax losses, for which the amount of the cap on the indemnity is £50 million.
- (b) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. PPL's proportionate share of OVEC's outstanding debt was \$89 million at June 30, 2022, consisting of LG&E's share of \$62 million and KU's share of \$27 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" in Note 14 in PPL's, LG&E's and KU's 2021 Form 10-K for additional information on the OVEC power purchase contract.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is generally remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

Support Costs (PPL Electric, LG&E and KU)

PPL Services and LKS provide and, prior to its merger into PPL Services on December 31, 2021, PPL EU Services provided the Registrants, their respective subsidiaries and each other with administrative, management and support services. For all services companies, the costs of directly assignable and attributable services are charged to the respective recipients as direct support costs. General costs that cannot be directly attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, LKS and PPL EU Services charged the following amounts for the periods ended June 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Six Months	
	2022	2021	2022	2021
PPL Electric from PPL Services	\$ 60	\$ 11	\$ 121	\$ 21
PPL Electric from PPL EU Services	—	49	—	99
LG&E from LKS	41	44	80	86
KU from LKS	42	45	86	89

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third-parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between PPL and LG&E and KU are reimbursed through LKS.

Intercompany Borrowings

(PPL Electric)

PPL Energy Funding maintains a \$1,200 million revolving line of credit with a PPL Electric subsidiary. At June 30, 2022 and December 31, 2021, PPL Energy Funding had borrowings outstanding in the amount of \$166 million and \$499 million. These balances are reflected in "Notes receivable from affiliate" on the PPL Electric Balance Sheets. The interest rates on borrowings are equal to one-month LIBOR plus a spread. Interest income is reflected in "Interest Income from Affiliate" on the PPL Electric Income Statements.

(LG&E and KU)

LG&E participates in an intercompany money pool agreement whereby LKE and/or KU make available to LG&E funds up to the difference between LG&E's FERC borrowing limit and LG&E's commercial paper issued at an interest rate based on the lower of a market index of commercial paper issues and two additional rate options based on LIBOR. LG&E's money pool borrowing limit is \$356 million. At December 31, 2021, LG&E had borrowings outstanding from KU and/or LKE in the amount of \$324 million. This balance is reflected in "Notes payable to affiliates" on the LG&E Balance Sheets. No balances were outstanding at June 30, 2022.

KU participates in an intercompany money pool agreement whereby LKE and/or LG&E make available to KU funds up to the difference between KU's FERC borrowing limit and KU's commercial paper issued at an interest rate based on the lower of a market index of commercial paper issues and two additional rate options based on LIBOR. KU's money pool borrowing limit is \$312 million. At December 31, 2021, KU had borrowings outstanding from LG&E and/or LKE in the amount of \$294 million. This balance is reflected in "Notes payable to affiliates" on the KU Balance Sheets. No balances were outstanding at June 30, 2022.

VEBA Funds Receivable *(PPL Electric)*

In 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay medical claims of active bargaining unit employees. Based on PPL Electric's participation in PPL's Other Postretirement Benefit plan, PPL Electric was allocated a portion of the excess funds from PPL Services. These funds have been recorded as an intercompany receivable on PPL Electric's Balance Sheets. The receivable balance decreases as PPL Electric pays incurred medical claims and is reimbursed by PPL Services. The intercompany receivable balance associated with these funds was \$5 million as of June 30, 2022, which was reflected in "Accounts receivable from affiliates" on the PPL Electric Balance Sheets. The intercompany receivable balance associated with these funds was \$11 million as of December 31, 2021, the majority of which was reflected in "Accounts receivable from affiliates" on the PPL Electric Balance Sheets.

13. Fair Value Measurements

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. See Note 1 in each Registrant's 2021 Form 10-K for information on the levels in the fair value hierarchy.

Special Use Funds

(PPL)

The special use funds are investments restricted for paying active union employee medical costs. In 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees. The funds are invested primarily in commingled debt and equity funds measured at NAV and are classified as investments in equity securities. Changes in the fair value of the funds are recorded to the Statements of Income.

Price Risk Management Assets/Liabilities

Interest Rate Swaps (PPL, LG&E and KU)

To manage interest rate risk, PPL, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated

recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

Gas Contracts (PPL)

To manage gas commodity price risk associated with natural gas purchases, RIE utilizes over-the-counter (OTC) gas swaps contracts with pricing inputs obtained from the New York Mercantile Exchange (NYMEX) and the Intercontinental Exchange (ICE), except in cases where the ICE publishes seasonal averages or where there were no transactions within the last seven days. RIE may utilize discounting based on quoted interest rate curves, including consideration of non-performance risk, and may include a liquidity reserve calculated based on bid/ask spread. Substantially all of these price curves are observable in the marketplace throughout at least 95% of the remaining contractual quantity, or they could be constructed from market observable curves with correlation coefficients of 95% or higher. These contracts are classified as Level 2.

RIE also utilizes gas option and purchase and capacity transactions, which are valued based on internally developed models. Industry-standard valuation techniques, such as the Black-Scholes pricing model, are used for valuing such instruments. For valuations that include both observable and unobservable inputs, if the unobservable input is determined to be significant to the overall inputs, the entire valuation is categorized in Level 3. This includes derivative instruments valued using indicative price quotations whose contract tenure extends into unobservable periods. In instances where observable data is unavailable, consideration is given to the assumptions that market participants would use in valuing the asset or liability. This includes assumptions about market risks such as liquidity, volatility, and contract duration. Such instruments are categorized in Level 3 as the model inputs generally are not observable. RIE considers non-performance risk and liquidity risk in the valuation of derivative instruments categorized in Level 2 and Level 3.

Financial Instruments Not Recorded at Fair Value (All Registrants)

Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement. The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below.

	June 30, 2022		December 31, 2021	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	\$ 12,654	\$ 12,110	\$ 11,140	\$ 12,955
PPL Electric	4,486	4,436	4,484	5,272
LG&E	2,007	1,914	2,006	2,363
KU	2,619	2,458	2,618	3,120

(a) Amounts are net of debt issuance costs.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

14. Derivative Instruments and Hedging Activities

(All Registrants)

Risk Management Objectives

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices and interest rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

Interest Rate Risk

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities due to the recovery methods in place.

Commodity Price Risk

PPL is exposed to commodity price risk through its subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is mitigated through its PAPUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.
- RIE utilizes derivative instruments pursuant to its RIPUC-approved plan to manage commodity price risk associated with its natural gas purchases. RIE's commodity risk management strategy is to reduce fluctuations in firm gas sales prices to its customers. RIE's costs associated with derivatives instruments are generally recoverable through its RIPUC-approved cost recovery mechanism. RIE is required to purchase electricity to fulfill its obligation to provide Last Resort Service (LRS). Potential commodity price risk is mitigated through its RIPUC-approved cost recovery mechanisms and full requirements service agreements to serve LRS customers, which transfer the risk to energy suppliers. RIE is required to contract through long-term agreements for clean energy supply under the Rhode Island Renewable Energy Growth program and Long-term Clean Energy Standard. Potential commodity price risk is mitigated through its RIPUC-approved cost recovery mechanisms, which true-up cost differences between contract prices and market prices.

Volumetric Risk

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below:

- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.
- RIE is exposed to volumetric risk, which is significantly mitigated by regulatory mechanisms. RIE's electric and gas distribution rates both have a revenue decoupling mechanism, which allows for annual adjustments to RIE's delivery rates.

Equity Securities Price Risk

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

Credit Risk

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" transactions with counterparties as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL, PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

Master Netting Arrangements *(PPL, LG&E and KU)*

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$9 million obligation and no obligation to return or post cash collateral under master netting arrangements at June 30, 2022 and December 31, 2021.

LG&E and KU had no obligation to return or post cash collateral under master netting arrangements at June 30, 2022 and December 31, 2021.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

Interest Rate Risk

(All Registrants)

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

Cash Flow Hedges *(PPL)*

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. PPL had no such contracts at June 30, 2022.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For the three and six months ended June 30, 2022 and 2021, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges.

At June 30, 2022, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

Economic Activity (PPL and LG&E)

LG&E enters into interest rate swap contracts that economically hedge interest payments. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At June 30, 2022, LG&E held contracts with a notional amount of \$64 million that mature in 2033.

Accounting and Reporting

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts include certain full requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps and certain RIE commodity gas contracts that are recognized as regulatory assets or regulatory liabilities. See Note 6 for amounts recorded in regulatory assets and regulatory liabilities at June 30, 2022 and December 31, 2021.

See Note 1 in each Registrant's 2021 Form 10-K for additional information on accounting policies related to derivative instruments.

Offsetting Derivative Instruments

PPL, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL)

At June 30, 2022, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade was an immaterial amount.

15. Asset Retirement Obligations

(PPL, LG&E and KU)

PPL's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 10 for information on the CCR rule. LG&E also has AROs related to natural gas mains and wells. LG&E's and KU's transmission and distribution lines largely operate under perpetual property easement agreements, which do not generally require restoration upon removal of the property. Therefore, no material AROs are recorded for transmission and distribution assets. For LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset or regulatory liability. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, deferred accretion and depreciation expense is recovered through cost of removal.

The changes in the carrying amounts of AROs were as follows.

Overview

Introduction

(PPL)

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in Pennsylvania, Kentucky, Virginia, and Rhode Island; delivers natural gas to customers in Kentucky and Rhode Island; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries are shown below (* denotes a Registrant).

In addition to PPL, the other Registrants included in this filing are as follows.

(PPL Electric)

PPL Electric, headquartered in Allentown, Pennsylvania, is a wholly-owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PAPUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act. PPL Electric was organized in 1920 as Pennsylvania Power & Light Company.

(LG&E)

LG&E, headquartered in Louisville, Kentucky, is a wholly-owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

(KU)

KU, headquartered in Lexington, Kentucky, is a wholly-owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky and Virginia. KU is subject to regulation as a public utility by the KPSC and the VSCC, and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Kentucky customers under the KU name and its Virginia customers under the Old Dominion Power name.

Segment Information (PPL)

The following segment information represents an update to “Item 1. Business” in PPL’s 2021 Form 10-K and should be read in conjunction with those disclosures.

PPL is organized into three reportable segments as depicted in the chart above: Kentucky Regulated, which primarily represents the results of LG&E and KU, Pennsylvania Regulated, which primarily represents the results of PPL Electric and Rhode Island

Regulated, which primarily represents the results of RIE. "Corporate and Other" primarily includes financing costs incurred at the corporate level that have not been allocated or assigned to the segments.

Rhode Island Regulated Segment

The Rhode Island Regulated segment consists primarily of the regulated electricity transmission and distribution operations and regulated distribution and sale of natural gas conducted by RIE.

RIE is engaged in the regulated transmission, distribution and sale of electricity and regulated distribution and sale of natural gas in Rhode Island. RIE provides electricity service to approximately 510,000 customers and natural gas service to approximately 270,000 customers in Rhode Island. RIE's service area covers substantially all of Rhode Island. See Note 3 to the Financial Statements for revenue information.

Franchises and Licenses

RIE provides electricity delivery service and natural gas distribution service in its service territory pursuant to certain franchises, licenses, statutory service areas, easements and other rights or permissions granted by state legislatures, cities or municipalities or other entities.

Competition

There are currently no other electric or gas public utilities operating within the service area of RIE.

Rates and Regulation

RIE is subject to the jurisdiction of the FERC, the RIPUC and the Rhode Island Division of Public Utilities and Carriers. RIE operates under a FERC-approved open access transmission tariff.

Distribution

RIE owns and maintains electric and natural gas distribution networks in Rhode Island. Distribution revenues are primarily from the sale of electricity, natural gas, and related services to retail customers. Distribution sales are regulated by the RIPUC, which is responsible for approving the rates and other terms of services as part of the rate making process. Natural gas and electric distribution revenues are derived from the regulated sale and distribution of electricity and natural gas to residential, commercial, and industrial customers within RIE's service territory under the tariff rates. The tariff rates approved by the regulator are designed to recover the costs incurred by the RIE for products and services provided and along with a return on investment.

Transmission

RIE owns an electric transmission system in Rhode Island. RIE's transmission services are regulated by the FERC and coordinated with Independent System Operator (ISO) – New England. Additionally, RIE makes available its transmission facilities to NEP, for operation and control pursuant to an integrated facilities agreement, Service Agreement No. 23 (Integrated Facilities Agreement or IFA). These revenues arise under tariff/rate agreements.

Deferral Mechanisms

RIE records revenues in accordance with accounting principles for rate-regulated operations for arrangements between the RIE and the regulator. These include various deferral mechanisms such as capital trackers, energy efficiency programs, and other programs that also qualify as Alternative Revenue Programs (ARPs). ARPs enable the RIE to adjust rates in the future, in response to past activities or completed events. RIE's electric and gas distribution rates both have a revenue decoupling mechanism, which allows for annual adjustments to the RIE's delivery rates, as a result of the reconciliation between allowed revenue and billed revenue. RIE also has other ARPs related to the achievement of certain objectives, demand side management initiatives, and certain other rate making mechanisms. RIE recognizes ARPs with a corresponding offset to a regulatory asset or

liability account when the regulatory specified events or conditions have been met, when the amounts are determinable, and are probable of recovery (or payment) through future rate adjustments.

At June 30, 2022, all of RIE's regulatory assets earn a rate of return except \$98 million of environmental response costs, \$75 million of postretirement benefits and \$51 million of net metering deferral costs.

Last Resort Service

RIE is required by the RIPUC and by statute to provide Last Resort Service. Last Resort Service is available to all customers (including new customers) who have not elected to take their electric supply from a non-regulated power producer or any customer who, for any reason, has stopped receiving generation service from a non-regulated power producer.

The charge for Last Resort Service is the sum of the applicable Last Resort Service charges in addition to all appropriate Retail Delivery charges as stated in the applicable tariff. The monthly charge for Last Resort Service also includes the costs incurred by RIE to comply with the Renewable Energy Standard, established in R.I.G.L. Section 39-26-1 and the costs to comply with the RIPUC's Rules Governing Energy Source Disclosure. The charge for Last Resort Service includes the administrative costs associated with the procurement of Last Resort Service, including an adjustment for uncollectible accounts as approved by the RIPUC.

Numerous alternative suppliers have offered to provide generation supply in RIE's service area. As the cost of generation supply is a pass-through cost for RIE, its financial results are not impacted if its customers purchase electricity supply from these alternative suppliers.

See Note 6 to the Financial Statements for additional information on rate mechanisms and regulatory matters.

Natural Gas Distribution Supply

To meet the projected annual gas supply requirements of approximately 37 Bcf, RIE has a portfolio of gas supply arrangements of varying contractual terms and durations to provide reliable and cost-effective service to its customers. These natural gas supply arrangements include contracts with natural gas producers and marketers that reflect market price signals. RIE also has firm pipeline and underground storage capacity contracts to support the delivery of natural gas supplies to its customers. Also, to manage the winter peak requirements for RIE customers, RIE contracts for liquified natural gas (LNG) service and owns and operates certain LNG storage facilities.

The RIE gas supply portfolio includes contracts for firm transportation service with eleven interstate pipeline companies and natural gas storage operators. These contracts have various termination dates with certain contracts being subject to evergreen renewal provisions affording RIE with flexibility in managing its upstream resource portfolio.

RIE expects to purchase natural gas supplies for its gas distribution operations from onshore producing regions accessed by its pipeline capacity portfolio in South Texas, East Texas, and Louisiana, as well as gas originating in the Marcellus and Utica production areas. RIE expects to purchase certain natural gas supplies that originate in Canada and from regional LNG importation terminals.

Business Strategy

(All Registrants)

PPL's strategy, which is supported by the other Registrants, is to achieve industry-leading performance in safety, reliability, customer satisfaction and operational efficiency; to advance a clean energy transition while maintaining affordability and reliability; to maintain a strong financial foundation and create long-term value for our shareowners; to foster a diverse and exceptional workplace; and to build strong communities in areas that we serve.

Central to PPL's and the other Registrants' strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, and gas supply clause) and recovery on

construction work-in-progress that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms operate to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs. In Rhode Island, the gas cost adjustment, net metering, infrastructure, safety and reliability (ISR) and revenue decoupling mechanisms and other rate adjustment mechanisms operate to reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs.

Financial and Operational Developments

Acquisition of Narragansett Electric (PPL)

On May 25, 2022, PPL Rhode Island Holdings acquired 100% of the outstanding shares of common stock of Narragansett Electric from National Grid U.S. The consideration for the Acquisition consisted of approximately \$3.8 billion in cash and approximately \$1.5 billion of long-term debt assumed through the transaction. The \$3.8 billion total cash consideration paid was funded with proceeds from PPL's 2021 sale of its U.K. utility business. The Acquisition resulted in \$1.6 billion of goodwill. The results of RIE are reported in PPL's Rhode Island Regulated segment.

The acquisition of Narragansett Electric was deemed an asset acquisition for federal and state income tax purposes, as a result of PPL and National Grid making a tax election under Internal Revenue Code (IRC) §338(h)(10). Accordingly, the tax basis of substantially all of the assets acquired were increased to fair market value, which equaled net book value, thereby eliminating the related deferred tax assets and liabilities. The tax goodwill will be amortized for tax purposes over 15 years.

See Note 8 to the Financial Statements for additional information.

Pennsylvania State Tax Reform (PPL and PPL Electric)

On July 8, 2022, the Governor of Pennsylvania signed into law Pennsylvania House Bill 1342 (H.B. 1342). Among other changes to the state tax code, the bill will reduce the corporate net income tax rate from 9.99% to 8.99% beginning January 1, 2023, and reduces annually by half a percentage point until the rate reaches 4.99% in 2031.

GAAP requires that deferred tax assets and liabilities be measured at the enacted tax rate expected to apply when temporary book-to-tax differences are expected to be realized or settled. Accordingly, in the third quarter of 2022, PPL expects to record the impact of the reduced tax rate as a reduction in the accumulated deferred income taxes related to regulated operations in an amount between \$200 million and \$300 million, with a corresponding increase in regulatory liabilities. In addition, PPL expects to recognize a deferred tax benefit of between \$3 million and \$7 million primarily associated with the remeasurement of accumulated deferred income tax balances related to non-regulated operations.

The foregoing numbers are estimates that will be updated quarterly to reflect revised forecast, actual activity, and orders from regulatory authorities.

Regulatory Requirements

(All Registrants)

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

Environmental Considerations for Coal-Fired Generation (PPL, LG&E and KU)

The businesses of LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHG, and ELGs. See Notes 6, 10 and 15 to the Financial Statements for a discussion of these significant environmental matters. These and other environmental requirements led PPL, LG&E and KU to retire approximately 1,200 MW of coal-fired generating plants in Kentucky since 2010. As part of the long-term generation planning process, LG&E and KU evaluate a range of factors including the impact of potential stricter environmental regulations, fuel price scenarios, the cost of replacement generation, continued operations and major maintenance costs and the risk of major equipment failures in determining when to retire generation assets. As a result of environmental requirements and aging infrastructure, LG&E anticipates retiring two older coal-fired units at the Mill Creek Plant and KU anticipates retiring one coal-fired unit at the E.W. Brown plant. Mill Creek Unit 1 has 300 MW of capacity and is expected to be retired in 2024. Mill Creek

Unit 2 and E.W. Brown Unit 3 have capacities of 297 MW and 412 MW and are expected to be retired in 2028. LG&E and KU anticipate earning recovery of and return on any remaining net book value of these assets through the Retired Asset Recovery (RAR) rider. See Note 7 to the Financial Statements in the Registrants' 2021 Form 10-K for additional information related to the RAR rider.

FERC Transmission Rate Filing (PPL, LG&E and KU)

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. In 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, which was subsequently filed, modified, and approved by the FERC in 2020 and 2021. In 2020, LG&E and KU and other parties filed appeals with the D.C. Circuit Court of Appeals regarding FERC's orders on the elimination of the mitigation and required transition mechanism. Oral arguments in the appellate proceeding occurred on February 14, 2022. LG&E and KU cannot predict the outcome of the respective appellate and FERC proceedings. LG&E and KU currently receive recovery of the waivers and credits provided through other rate mechanisms and such rate recovery would be anticipated to be adjusted in future rate proceedings consistent with potential changes or terminations of the waivers and credits, as such become effective.

Rate Case Proceedings (KU)

On August 31, 2021, KU filed a request with the VSCC for an annual increase in Virginia base electricity rates of approximately \$12 million, based on an authorized 10.4% return on equity. On March 11, 2022, KU, certain intervenors and the VSCC staff reached a partial stipulation and recommendation agreement providing KU with an increase in base electricity rates of approximately \$7 million based on an authorized 9.4% return on equity. A hearing on open issues occurred on March 17, 2022. On May 25, 2022, the VSCC issued an order approving the proposed agreement. New rates became effective June 1, 2022.

Labor Union Agreement (PPL and PPL Electric)

In March 2022, members of the IBEW Local 1600 ratified a new five-year labor agreement with PPL and PPL Electric. The contract covers over 1,000 employees and was effective May 16, 2022. The terms of the new labor agreement are not expected to have a significant impact on the financial results of PPL or PPL Electric.

Results of Operations

(PPL)

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three and six months ended June 30, 2022 with the same periods in 2021. The "Segment Earnings" and "Adjusted Gross Margins" discussions provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure.

(PPL Electric, LG&E and KU)

A "Statement of Income Analysis" is presented separately for PPL Electric, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three and six months ended June 30, 2022 with the same periods in 2021.

(All Registrants)

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

- (a) The decreases were primarily due to reconcilable cost recovery mechanisms approved by the PAPUC.
(b) The increase for the six months ended June 30, 2022 was due to weather and higher customer volumes.
(c) The increases were primarily due to higher energy prices, higher customer volumes and lower volumes of shopping customers.

[Table of Contents](#)

- (d) The increases were due to a higher PPL zonal peak load billing factor in 2022, a revenue reduction recorded due to a challenge to the transmission formula rate return on equity in 2021 and additional returns on transmission capital investments. See Note 6 to the Financial Statements for additional details on the transmission formula rate return on equity reduction.
- (e) The increases were due to new base rates approved by the KPSC effective July 1, 2021.
- (f) The increases were primarily due to higher recoveries of fuel and energy purchases due to higher commodity costs.

Fuel

Fuel increased \$70 million for the three months ended June 30, 2022 compared with 2021, due to a \$24 million increase at LG&E and a \$46 million increase at KU primarily due to higher commodity costs.

Fuel increased \$105 million for the six months ended June 30, 2022 compared with 2021, due to a \$38 million increase at LG&E and a \$67 million increase at KU primarily due to higher commodity costs.

Energy Purchases

Energy purchases increased \$168 million for the three months ended June 30, 2022 compared with 2021, primarily due to higher PLR prices of \$87 million and higher PLR volumes of \$18 million at PPL Electric and a \$20 million increase at LG&E primarily due to an increase in commodity costs and an additional \$38 million due to the operations of RIE.

Energy purchases increased \$300 million for the six months ended June 30, 2022 compared with 2021, primarily due to higher PLR prices of \$177 million and higher PLR volumes of \$34 million at PPL Electric and a \$45 million increase at LG&E primarily due to an increase in commodity costs and an additional \$38 million due to the operations of RIE.

Other Operation and Maintenance

Rhode Island Energy (b)	168	203
Stock compensation expense	(1)	2
Other	29	42
Total	\$ 156	\$ 222

- (a) Reflects June 2021 solar panel write-down due to extension of federal government's solar investment tax credits, technological advances resulting in more efficient modules available on the market, and rising commodity prices for materials used in various solar projects.

Depreciation rate change effective July 2021	8	14
Rhode Island Energy	15	15
Other	1	2
Total	\$ 20	\$ 24

- (a) The decreases were primarily due to decreases in software and computer hardware depreciation at PPL Electric, as a result of end-of-life retirements, partially offset by increases in additional assets placed into service, net of retirements at LG&E and KU.

Taxes, Other Than Income

The increase (decrease) in taxes, other than income was due to:

	Three Months	Six Months
State gross receipts tax	\$ 9	\$ 15
Domestic property tax expense	11	13
Other	1	1
Total	<u>\$ 21</u>	<u>\$ 29</u>

Other Income (Expense) - net

- (a) In June 2021, in connection with the tender offer, PPL Capital Funding retired \$1,962 million combined aggregate principal amount of its outstanding Senior Notes for \$2,293 million aggregate cash purchase price. The loss on extinguishment included the tender premium, bank fees and unamortized fees, hedges and discounts.
- (b) The decreases were primarily due to PPL Capital Funding debt that was redeemed in June and July 2021.

Income Taxes

The increase (decrease) in income taxes was due to:

	Three Months	Six Months
Change in pre-tax income	\$ 117	\$ 142
Valuation allowance adjustments (a)	(19)	(24)
Amortization of investment tax credit including deferred taxes on basis difference	(4)	(6)

Impact of U.K. Finance Acts (b)	(383)	(383)
Other	(7)	(3)
Total	<u>\$ (313)</u>	<u>\$ (298)</u>

- (a) In June 2021, PPL recorded a \$25 million state deferred tax benefit on a net operating loss and an offsetting valuation allowance in connection with the loss on extinguishment associated with a tender offer to purchase and retire PPL Capital Funding's outstanding Senior Notes.
- (b) The U.K. Finance Act 2021, formally enacted on June 10, 2021, increased the U.K. corporation tax rate from 19% to 25%, effective April 1, 2023. The primary impact of the corporation tax rate increase was an increase in deferred tax liabilities of the U.K. utility business, which was sold on June 14, 2021, and a corresponding deferred tax expense of \$383 million, which was recognized in continuing operations.

Income (Loss) from Discontinued Operations (net of income taxes)

Income from discontinued operations (net of income taxes) decreased \$555 million for the three months ended June 30, 2022 compared with 2021. The decrease was due to the completion of the sale of the U.K. utility business in the second quarter of 2021.

Loss from discontinued operations (net of income taxes) decreased \$1,488 million for the six months ended June 30, 2022 compared with 2021. The decrease was due to the completion of the sale of the U.K. utility business in the second quarter of 2021.

See "Discontinued Operations" in Note 8 to the Financial Statements for summarized results of operations of the U.K. utility business in 2021.

Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the statutory tax rate of the entity where the activity is recorded. Special items may include items such as:

- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Significant losses on early extinguishment of debt.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended June 30 were as follows:

	Three Months			Six Months		
	2022	2021	\$ Change	2022	2021	\$ Change
Kentucky Regulated	\$ 104	\$ 84	\$ 20	\$ 287	\$ 226	\$ 61

Earnings from Ongoing Operations	\$ 222	\$ 147	\$ 75	\$ 527	\$ 366	\$ 161

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

Adjusted Gross Margins

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

- "Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, as well as the Kentucky Regulated segment's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance," "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.

- "Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance" (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation" (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income" (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's electricity delivery operations.
- "Rhode Island Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Rhode Island Regulated segment, as well as the Rhode Island Regulated segment's distribution and sale of natural gas. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance" (which are primarily energy efficiency and storm cost related) and "Taxes, other than income" (which is primarily gross earnings tax) on the Statements of Income. This measure represents the net revenues from Rhode Island Regulated segment's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

Changes in Adjusted Gross Margins

The following table shows Adjusted Gross Margins by PPL's reportable segment and by component, as applicable for the periods ended June 30 as well as the change between periods. The factors that gave rise to the changes are described following the table.

Kentucky Adjusted Gross Margins

Kentucky Adjusted Gross Margins increased for the three months ended June 30, 2022 compared with 2021, primarily due to higher base rates of \$47 million, environmental and gas cost recoveries added to base rates of \$33 million, higher sales volumes primarily due to weather of \$9 million, partially offset by \$8 million of lower adjusted gross margins as a result of the economic relief billing credit, net of amortization.

Kentucky Adjusted Gross Margins increased for the six months ended June 30, 2022 compared with 2021, primarily due to higher base rates of \$105 million, environmental and gas cost recoveries added to base rates of \$66 million, higher sales volumes primarily due to weather of \$14 million, partially offset by \$17 million of lower adjusted gross margins as a result of the economic relief billing credit, net of amortization.

The increase in base rates was the result of new rates approved by the KPSC effective July 1, 2021. The environmental and gas cost recoveries added to base rates were the result of the transfer of certain ECR and GLT expenses into base rates as a result of

the 2020 Kentucky rate case. This transfer results in depreciation and other operation and maintenance expenses associated with the ECR and GLT programs being excluded from margins in the first half of 2022, while the recovery of such costs remain in Kentucky Gross Margins through base rates.

- The increase in cash from changes in working capital was primarily due to an increase in other current liabilities (primarily due to timing of payments), a decrease in fuels, materials and supplies (primarily due to higher priced natural gas withdrawn from storage), a decrease in accounts receivable (primarily due collections of higher winter natural gas costs) and an increase in accounts payable (primarily due to timing of payments).

(KU)

KU's cash provided by operating activities in 2022 increased \$52 million compared with 2021.

Common Stock Dividends

In June 2022, PPL declared a quarterly common stock dividend, payable July 1, 2022, of 22.5 cents per share. Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

Rating Agency Actions

(All Registrants)

Moody's and S&P periodically review the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2022:

(PPL)

In June 2022, Moody's affirmed its commercial paper rating for PPL Capital Funding and upgraded the following ratings with a stable outlook:

- the long-term issuer rating from Baa2 to Baa1 for PPL;
- the senior unsecured rating from Baa2 to Baa1 for PPL Capital Funding;
- the junior subordinated rating from Baa3 to Baa2 for PPL Capital Funding; and
- the senior unsecured bank credit facility rating from Baa2 to Baa1 for PPL Capital Funding.

In June 2022, Moody's upgraded the following ratings with a stable outlook:

- the long-term issuer rating from Baa1 to A3 for Narragansett Electric Company;
- the senior unsecured rating from Baa1 to A3 for Narragansett Electric Company; and
- the preferred stock rating from Baa3 to Baa2 for Narragansett Electric Company.

In June 2022, S&P upgraded the following ratings with a stable outlook:

- the long-term issuer rating from BBB+ to A- for Narragansett Electric Company;

[Table of Contents](#)

- the senior unsecured rating from BBB+ to A- for Narragansett Electric Company; and
- the preferred stock rating from BBB- to BBB for Narragansett Electric Company.

(PPL and PPL Electric)

In May 2022, S&P upgraded the following ratings with a stable outlook for PPL Electric:

- the long-term issuer credit rating from A- to A;
- the issue-level senior secured rating from A to A+; and
- the short-term and commercial paper ratings from A-2 to A-1.

Ratings Triggers

(PPL, LG&E and KU)

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, and interest rate instruments, contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 14 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL for derivative contracts in a net liability position at June 30, 2022.

Risk Management *(All Registrants)*

Market Risk

See Notes 13 and 14 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

Interest Rate Risk

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at June 30, 2022.

<u>PPL and LG&E</u>	<u>Exposure Hedged</u>	<u>Fair Value, Net - Asset (Liability) (a)</u>	<u>Effect of a 10% Adverse Movement in Rates (b)</u>	<u>Maturities Ranging Through</u>
Economic hedges				
Interest rate swaps (c)	\$ 64	\$ (10)	\$ (1)	2033

(a) Includes accrued interest, if applicable.

(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates.

(c) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at June 30, 2022 was insignificant for PPL, PPL Electric, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at June 30, 2022 is shown below.

	10% Adverse Movement in Rates
PPL	\$ 497
PPL Electric	177
LG&E	85
KU	129

Commodity Price Risk

PPL is exposed to commodity price risk through its subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is mitigated through its PAPUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.
- RIE utilizes derivative instruments pursuant to its RIPUC-approved plan to manage commodity price risk associated with its natural gas purchases. RIE's commodity risk management strategy is to reduce fluctuations in firm gas sales prices to its customers. RIE's costs associated with derivatives instruments are generally recoverable through its RIPUC-approved cost recovery mechanism. RIE is required to purchase electricity to fulfill its obligation to provide Last Resort Service (LRS). Potential commodity price risk is mitigated through its RIPUC-approved cost recovery mechanisms and full requirements service agreements to serve LRS customers, which transfer the risk to energy suppliers. RIE is required to contract through long-term agreements for clean energy supply under the Rhode Island Renewable Energy Growth program and Long-term Clean Energy Standard. Potential commodity price risk is mitigated through its RIPUC-approved cost recovery mechanisms, which true-up cost differences between contract prices and market prices.

(All Registrants)

Volumetric Risk

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below:

- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.
- RIE is exposed to volumetric risk, which is significantly mitigated by regulatory mechanisms. RIE's electric and gas distribution rates both have a revenue decoupling mechanism, which allows for annual adjustments to RIE's delivery rates.

Inflation and Supply Chain Related Risk

PPL and its subsidiaries continue to monitor the impact of inflation and supply chain disruptions. PPL and its subsidiaries monitor the cost of fuel, construction, regulatory and environmental compliance costs and other costs. Mechanisms are in place to mitigate the risk of inflationary effects and supply chain disruptions, to the extent possible, but increased costs and supply chain disruptions may directly or indirectly affect our ongoing operations. These mechanisms include pricing strategies, productivity improvements and cost reductions in order to ensure that the Registrants are able to procure the necessary materials and other resources needed to maintain services in a safe and reliable manner, and to grow infrastructure consistent with the capital expenditure plan. For additional information see "Forward-looking Information" at the beginning of this report and "Item 1A. Risk Factors" of the Registrants' 2021 Form 10-K.

Credit Risk

See Notes 13 and 14 to the Financial Statements in this Form 10-Q and "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Risk Management - Credit Risk" in the Registrants' 2021 Form 10-K for additional information.

Related Party Transactions *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 11 to the Financial Statements for additional information on related party transactions for PPL Electric, LG&E and KU.

Acquisitions, Development and Divestitures *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 to the Financial Statements for additional information on the share purchase agreement to acquire Narragansett Electric.

Environmental Matters *(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to the Registrants' air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The costs of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the costs for their products or their demand for the Registrants' services. Increased capital and operating costs are expected to be subject to rate recovery. The Registrants can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See "Environmental Matters" in Item 1. "Business" in the Registrants' 2021 Form 10-K for information about environmental laws and regulations affecting the Registrants' business. See "Legal Matters" in Note 10 to the Financial Statements for a discussion of the more significant environmental claims. See "Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash - Capital Expenditures" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2021 Form 10-K for information on projected environmental capital expenditures for 2022 through 2024. See Note 15 to the Financial Statements for information related to the impacts of CCRs on AROs.

The information below represents an update to "Item 1. Business – Environmental Matters – Air – NAAQS" and "Item 1. Business – Environmental Matters – Air – Climate Change" in the Registrants' 2021 Form 10-K.

NAAQS (PPL, LG&E and KU)

In March 2021, the EPA released final revisions to the Cross-State Air Pollution Rule (CSAPR), aimed at ensuring compliance with the 2008 ozone NAAQS and providing for reductions in ozone season nitrogen oxide emissions for 2021 and subsequent years from sources in 12 states, including Kentucky. Additionally, the EPA reversed its previous approval of the Kentucky State Implementation Plan with respect to these requirements. In February 2022, the EPA Administrator released a proposed Federal Implementation Plan under the Good Neighbor provisions of the Clean Air Act providing for significant additional nitrogen oxide emission reductions for compliance with the revised 2015 ozone NAAQS. The proposed reductions in Kentucky state-wide nitrogen oxide budgets are scheduled to commence in 2023, with the largest reductions planned for 2026, based on the installation time frame for certain selective catalytic reduction controls, subject to future specific allowance calculations. PPL, LG&E and KU are currently assessing the potential impact of the proposed Good Neighbor Plan revisions on operations. The current and proposed rules provide for reduced availability of NOx allowances that have historically permitted operational flexibility for fossil units and could potentially result in constraints that may require implementation of additional emission controls or accelerate implementation of lower emission generation technologies. Pursuant to the President's executive order, the EPA is currently reviewing its previous determinations made in December 2020 to retain the existing NAAQS for ozone and particulate matter without change.

PPL, LG&E, and KU are unable to predict future emission reductions that may be required by future federal rules or state implementation actions. Compliance with the NAAQS, CSAPR, Good Neighbor Plan, and related requirements may require installation of additional pollution controls or other compliance actions, inclusive of retirements, the costs of which PPL, LG&E and KU believe would be subject to rate recovery.

Climate Change (All Registrants)

The Biden administration is undertaking wide-ranging efforts to address climate change. Recent government actions and policy developments, including the President's announced goal of a carbon free electricity sector by 2035, could have far-reaching impacts on PPL's business operations, products, and services. On June 30, 2022, the Supreme Court ruled that provisions of the EPA's Clean Power Plan, premised on generation shifting from coal-fired plants to lower emitting natural gas-fired plants and renewables, exceeded the authority granted to the EPA under the Clean Air Act. The EPA has announced that it plans on issuing new greenhouse gas rules in the future. It is uncertain how the Supreme Court ruling may impact future EPA rulemaking. All of these developments are preliminary or ongoing in nature and the Registrants cannot predict their final outcome or ultimate impact on operations.

New Accounting Guidance (All Registrants)

There has been no new accounting guidance adopted in 2022 and there is no new significant accounting guidance pending adoption as of June 30, 2022.

Application of Critical Accounting Policies (All Registrants)

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2021 Form 10-K for a discussion of each critical accounting policy.

Price Risk Management

See "Financial Condition - Risk Management" above.

Revenue Recognition - Unbilled Revenues

For RIE, revenues related to the sale of energy are recorded when service is rendered or when energy is delivered to customers. Because customers are billed on cycles which vary based on the timing of actual meter reads taken throughout the month, estimates are recorded for unbilled revenues at the end of each reporting period. Such unbilled revenue amounts reflect estimates of deliveries to customers since the date of the last reading of their meters. The unbilled revenue estimates reflect consideration of factors including daily load models, estimated usage for each customer class, the effect of current and different rate schedules, the meter read schedule, the billing schedule, actual weather data, and, where applicable, the impact of weather normalization or other regulatory provisions of rate structures.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

Item 4. Controls and Procedures

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of June 30, 2022, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

PPL Corporation

PPL's principal executive officer and principal financial officer have concluded that there was a change in PPL's internal controls over financial reporting (ICFR) resulting from the Narragansett Electric Company transaction during the second fiscal quarter that has materially affected, or is reasonably likely to materially affect, PPL's ICFR. Due to the timing of deal close and Narragansett Electric Company's heavily integrated systems and processes with National Grid, PPL will elect to exclude Narragansett Electric Company from the scope of its Sarbanes-Oxley Act of 2002 §404 ICFR assessment for the year ending December 31, 2022. On a pro forma basis, Narragansett Electric Company would have accounted for approximately 7.7% of PPL's net income for the six months ended June 30, 2022. Narragansett Electric Company represented 18.2% and 12.4% of PPL's consolidated total assets and net assets at June 30, 2022. Other than the Narragansett Electric Company acquisition, PPL's principal executive officer and principal financial officer have concluded there were no other changes in ICFR that have materially affected, or are reasonably likely to materially affect, PPL's ICFR.

PPL Electric Utilities Corporation, Louisville Gas and Electric Company and Kentucky Utilities Company

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' ICFR during the Registrants' second fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

For information regarding legal, tax, regulatory, environmental or other administrative proceedings that became reportable events or were pending in the second quarter of 2022 see:

- "Item 3. Legal Proceedings" in each Registrant's 2021 Form 10-K; and
- Notes 5, 6, 8 and 10 to the Financial Statements.

Item 1A. Risk Factors

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2021 Form 10-K, except the following:

(PPL)

PPL may not realize the anticipated benefits of the RIE acquisition, which could materially adversely affect PPL's business, financial condition and results of operations.

PPL may not realize the anticipated financial and operational benefits from the RIE acquisition if the business is not integrated in an efficient and effective manner or if integration takes longer than anticipated. These integration risks include potential difficulties in conversion of systems and information, difficulties in harmonizing inconsistencies in standards, controls, procedures, practices and policies, disruption from the acquisition making it more difficult to maintain relationships with customers, employees or suppliers, and diversion of management time and attention to integration and other acquisition-related issues. In addition, PPL has incurred, and will continue to incur, significant costs in connection with the integration, and additional unanticipated costs may arise. No assurance can be given that the anticipated benefits from the acquisition will be achieved or, if achieved, the timing of their achievement. These risks and their consequences could result in increased costs or decreases in the amount of expected revenues, and could have a material adverse effect on PPL's business, financial condition and results of operations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**Purchases of PPL Corporation Equity Securities by the Issuer and Affiliated Purchasers (PPL)**

The following table provides information about PPL's purchases of equity securities that are registered by PPL Corporation pursuant to Section 12 of the Exchange Act of 1934 for the quarter ended June 30, 2022:

WHEREAS, the Issuer has heretofore entered into an Indenture, dated as of March 22, 2010 (the “**Original Indenture**”), with the Trustee;

WHEREAS, the Original Indenture, as supplemented by this Supplemental Indenture, is herein called the “**Indenture**”;

WHEREAS, pursuant to Section 3.1 of the Original Indenture, the Issuer proposes to create a new series of Securities under the Indenture;

Notwithstanding the provisions of this Section 2.1(d)(i), such resignation or removal shall take effect only upon the date of the appointment by the Issuer, as hereinafter provided, and the acceptance thereof, of a successor Paying Agent. If within 30 days after notice of resignation or removal has been received, a successor Paying Agent has not been appointed, the Paying Agent may petition a court of competent jurisdiction to appoint a successor Paying Agent at the Issuer's cost, as per Section 2.5(c)(i) hereof. A successor Paying Agent shall be appointed by the Issuer by an instrument in writing signed on behalf of the Issuer by any proper officer or an authorized person thereof and the successor Paying Agent. Upon the appointment of a successor Paying Agent and acceptance by it of such appointment, the Paying Agent so succeeded shall cease to be such Paying Agent hereunder. Upon its resignation or removal, the Paying Agent shall be entitled to the payment by the Issuer of its compensation, if any is owed to it, for services rendered hereunder and to the reimbursement of all reasonable and properly incurred out-of-pocket expenses incurred in connection with the services rendered by it hereunder, in each case as per Section 2.5(c)(i) hereof.

(ii) Any successor Paying Agent appointed hereunder shall execute and deliver to its predecessor and to the Issuer an instrument accepting such appointment hereunder, and thereupon such successor Paying Agent, without any further act, deed or conveyance, shall become vested with all the authority, rights, powers, trusts, immunities, duties and obligations of such predecessor with like effect as if originally named as such Paying Agent hereunder, and such predecessor, upon payment by the Issuer of its charges and disbursements then unpaid, shall thereupon become obliged to transfer and deliver, and such successor Paying Agent shall be entitled to receive, copies of any relevant records maintained by such predecessor Paying Agent.

Upon receipt of a request for such an exchange or transfer, the Trustee shall cancel the applicable Unrestricted Definitive Security and increase or cause to be increased the aggregate principal amount of one of the Unrestricted Global Securities.

If any such exchange or transfer from a Definitive Security to a beneficial interest is effected pursuant to clauses (ii) or (iii) above at a time when an Unrestricted Global Security has not yet been issued, the Issuer shall issue and, upon receipt of a Company Order in accordance with Section 3.3 of the Original Indenture, the Trustee shall authenticate one or more Unrestricted Global Securities in an aggregate principal amount equal to the principal amount of Definitive Securities so transferred.

(e) Transfer and Exchange of Definitive Securities for Definitive Securities. Upon request by a Holder of Definitive Securities and such Holder's compliance with the provisions of this Section 2.9(e), the Securities Registrar shall register the transfer or exchange of Definitive Securities. Prior to such registration of transfer or exchange, the requesting Holder shall present or surrender to the Securities Registrar the Definitive Securities duly endorsed or accompanied by a written instruction of transfer in form satisfactory to the Securities Registrar duly executed by such Holder or by its attorney, duly authorized in writing. In addition, the requesting Holder shall provide any additional certifications, documents and information, as applicable, required pursuant to the following provisions of this Section 2.9(e):

Any such interest not so punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name the Designated Securities represented hereby (or one or more Predecessor Securities) are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by or on behalf of the Company, notice whereof shall be given to Holders of Designated Securities not less than 15 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Designated Securities may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

The Bank of New York Mellon shall initially act as Trustee and as Paying Agent with respect to the Designated Securities.

Reference is hereby made to the further provisions of the Designated Securities set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee, directly or through an Authenticating Agent, by manual signature of an authorized signatory, the Designated Securities represented hereby shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

[Reverse of Designated Security]

THE NARRAGANSETT ELECTRIC COMPANY

This Designated Security represents a duly authorized issue of 5.638% Senior Notes due 2040 (the “**Designated Securities**”), issued under an Indenture, dated as of March 22, 2010 (the “**Original Indenture**”), between the Issuer and The Bank of New York Mellon, as Trustee (the “**Trustee**,” which term includes any successor trustee under the Indenture), as supplemented with respect to the Designated Securities by the Second Supplemental Indenture, dated as of March 22, 2010, between the Issuer and The Bank of New York Mellon, as Trustee and Paying Agent (together with the Original Indenture, the “**Indenture**”). Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Issuer, the Trustee and the Holders of the Designated Securities and of the terms upon which the Designated Securities are, and are to be, authenticated and delivered.

At any time and from time to time, the Issuer may redeem all or a part of the Designated Securities, upon not less than 30 nor more than 60 days’ prior notice mailed by first-class mail to the registered address of each Holder of Designated Securities or otherwise in accordance with the procedures of the Depository, at a Redemption Price equal to the greater of (1) 100% of the principal amount of the Designated Securities redeemed and (2) the present value at such Redemption Date of (i) the principal amount of such Designated Securities on the Redemption Date, plus (ii) all required interest payments due on such Designated Securities through March 15, 2040, computed using a discount rate equal to the Treasury Rate determined on the third Business Day preceding the date notice of such optional redemption is to be given plus 20 basis points, plus, in each case, accrued and unpaid interest, if any, to the Redemption Date, subject to the rights of Holders of Designated Securities on the relevant Regular Record Date to receive interest due on the relevant Interest Payment Date.

“**Treasury Rate**” means, as of any Redemption Date, the yield to maturity as of such Redemption Date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two Business Days prior to the Redemption Date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the Redemption Date to March 15, 2040; provided, however, that if the period from the Redemption Date to March 15, 2040 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

If an Event of Default with respect to the Designated Securities shall occur and be continuing, principal of, premium, if any, and accrued but unpaid interest on the Designated Securities may be declared due and payable in the manner, with the effect and subject to the conditions provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Issuer and the Trustee with the consent of the Holders of a majority in principal amount of the securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of the Designated Securities represented by this Designated Security shall be conclusive and binding upon such Holder and upon all future Holders of the Designated Securities represented by this Designated Security and of the Designated Securities represented by any Designated Security issued upon the registration of transfer of the Designated Securities represented by this Designated Security or in exchange thereof or in lieu thereof, whether or not notation of such consent or waiver is made upon this Designated Security.

No reference herein to the Indenture and no provision of the Designated Securities or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of, premium, if any, and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal or premium or any overdue interest, on the Designated Securities at the rate or rates herein prescribed.

As provided in the Indenture, the Issuer shall cause to be kept at the Corporate Trust Office of the Trustee a Register in which, subject to such reasonable regulations as it may prescribe, the Issuer shall provide for the registration of Designated Securities and of transfers of Designated Securities.

No service charge shall be made for any such registration of transfer or exchange, but the Issuer may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange, other than as set forth in the Indenture.

Prior to due presentment of this Designated Security for registration of transfer of any Designated Security represented hereby, the Issuer, the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Designated Security is registered as the owner of this Designated Security for the purpose of receiving payment of principal of and any premium and (subject to Section 3.8 of the Original Indenture) any interest on such Security and for all other purposes whatsoever, whether or not this Designated Security be overdue, and neither the Issuer, the Trustee nor any agent of the Issuer or the Trustee shall be affected by notice to the contrary.

THE INDENTURE AND THE DESIGNATED SECURITIES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

All capitalized terms used herein which are not otherwise defined herein shall have the meanings assigned to them in the Indenture.

Nothing in the immediately preceding sentence shall be construed as obligating the Company to make any “gross up” payment or similar reimbursement in connection with a payment in respect of which amounts are so withheld or deducted.

Section 3.6 Paying Agent

- (a) Upon the terms and subject to the conditions contained herein, the Company hereby appoints The Bank of New York Mellon, acting through its London Branch, as the initial Paying Agent under the Indenture for the purpose of performing the functions of the Paying Agent with respect to the Designated Securities.

- (c) The Paying Agent accepts its obligations set forth herein, upon the terms and subject to the conditions hereof, including the following, to all of which the Company agrees:
 - (i) The Paying Agent shall be entitled to such compensation as may be agreed in writing with the Company for all services rendered by the Paying Agent, and the Company promises to pay such compensation and to reimburse the Paying Agent for the reasonable out-of-pocket expenses (including reasonable counsel fees and expenses) properly incurred by it in connection with the services rendered by it hereunder upon receipt of

such invoices as the Company shall reasonably require. The Company agrees to indemnify the Paying Agent (which for purposes of this subsection shall include its directors, officers, employees and agents) for, and to hold it harmless against, any and all loss, liability, damage, claims or reasonable expenses (including the costs and expenses of defending against any claim of liability) properly incurred by the Paying Agent that arises out of or in connection with its appointment as Paying Agent or its acting as Paying Agent hereunder, except such as has been determined by a court of competent jurisdiction in a final, non-appealable order, to have resulted from the negligence, willful misconduct or bad faith of the Paying Agent or any of its agents or employees. The Paying Agent shall incur no liability and shall be indemnified and held harmless by the Company for, or in respect of, any action taken or omitted by it in good faith in reliance upon written instructions from the Company. The provisions of this paragraph shall survive the termination of this Fifth Supplemental Indenture and the resignation or removal of the Paying Agent.

- (ii) In acting under the Indenture and in connection with the Designated Securities, the Paying Agent is acting solely as agent of the Company and does not assume any fiduciary duty towards any person or any obligations to, or relationship of agency or trust for or with, any of the Holders of the Designated Securities.
- (iii) The Paying Agent shall be protected and shall incur no liability for or in respect of any action taken or omitted to be taken or anything suffered by it in reliance upon the terms of the Designated Securities or any document, including any resolution, Officer's Certificate or any other certificate, statement, instrument, opinion, report, notice, request, consent, order, bond, debenture, note, coupon or security (whether in original or facsimile form), believed by it to be genuine and to have been signed or presented by the proper party or parties.
- (iv) The duties and obligations of the Paying Agent shall be determined solely by the express provisions of the Indenture, and the Paying Agent shall not be liable except for the performance of such duties and obligations as are specifically set forth in the Indenture, and no implied covenants or obligations shall be read into the Indenture against the Paying Agent.
- (v) Unless herein otherwise specifically provided, any request, direction, order or demand of the Company mentioned herein shall be sufficiently evidenced by an Officer's Certificate (unless other evidence in respect thereof be herein specifically prescribed).
- (vi) The Paying Agent may, upon obtaining the prior written consent of the Company (which consent shall not be unreasonably withheld) perform any duties hereunder either directly or by or through agents or attorneys

not regularly in its employ, and the Paying Agent shall not be responsible for any misconduct or negligence on the part of any such agent or attorney appointed with due care by it hereunder.

- (vii) Sections 7.2(c), 7.2(e), 7.2(i) and 7.2(j) of the Base Indenture are also deemed applicable to the Paying Agent.
 - (viii) None of the provisions hereunder shall require the Paying Agent to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that the repayment of such funds or adequate indemnity against such liability is not reasonably assured to it.
 - (ix) In no event shall the Paying Agent be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services; it being understood that the Paying Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.
- (d) (i) The Paying Agent may at any time resign as Paying Agent by giving written notice to the Company of such intention on its part, specifying the date on which its desired resignation shall become effective; provided, however, that such date shall not be earlier than 60 days after the receipt of such notice by the Company, unless the Company agrees in writing to accept less notice. The Paying Agent may be removed (with or without cause) at any time by the filing with it of any instrument in writing signed on behalf of the Company by any proper officer or an authorized person thereof and specifying such removal and the date when it is intended to become effective (such date shall not be earlier than 60 days after the receipt of such instrument by the Paying Agent, unless otherwise agreed by the parties), subject to (if such Paying Agent is not also the Trustee) the written consent of the Trustee, which consent shall not be unreasonably withheld. Notwithstanding the provisions of this Section 3.6(d)(i), such resignation or removal shall take effect only upon the date of the appointment by the Company, as hereinafter provided, and the acceptance thereof, of a successor Paying Agent. If within 30 days after notice of resignation or removal has been received, a successor Paying Agent has not been appointed, the Paying Agent may petition a court of competent jurisdiction to appoint a successor Paying Agent at the Company's cost, as per Section 3.6(c)(i) hereof. A successor Paying Agent shall be appointed by the Company by an instrument in writing signed on behalf of the Company by any proper officer or an authorized person thereof and the successor Paying Agent. Upon the appointment of a successor Paying Agent and acceptance

by it of such appointment, the Paying Agent so succeeded shall cease to be such Paying Agent hereunder. Upon its resignation or removal, the Paying Agent shall be entitled to the payment by the Company of its compensation, if any is owed to it, for services rendered hereunder and to the reimbursement of all reasonable and properly incurred out-of-pocket expenses incurred in connection with the services rendered by it hereunder, in each case as per Section 3.6(c)(i) hereof.

- (ii) Any successor Paying Agent appointed hereunder shall execute and deliver to its predecessor and to the Company an instrument accepting such appointment hereunder, and thereupon such successor Paying Agent, without any further act, deed or conveyance, shall become vested with all the authority, rights, powers, trusts, immunities, duties and obligations of such predecessor with like effect as if originally named as such Paying Agent hereunder, and such predecessor, upon payment by the Company of its charges and disbursements then unpaid, shall thereupon become obliged to transfer and deliver, and such successor Paying Agent shall be entitled to receive, copies of any relevant records maintained by such predecessor Paying Agent.
- (iii) Any Person into which the Paying Agent may be merged or converted or with which the Paying Agent may be consolidated, or any Person resulting from any merger, conversion or consolidation to which the Paying Agent shall be a party, or any Person succeeding to all or substantially all of the assets and business of the Paying Agent, or all or substantially all of the corporate trust business of the Paying Agent shall, to the extent permitted by applicable law and provided that it shall have an established place of business in New York, New York, be the successor Paying Agent under the Indenture without the execution or filing of any paper or any further act on the part of any of the parties hereto. Notice of any such merger, conversion, consolidation or sale shall be given to the Company as promptly as practicable following such merger, conversion, consolidation or sale.
- (iv) Any notice required to be given by the Paying Agent to any other Person hereunder shall be given in accordance with Section 13.5 of the Base Indenture. Any notice to be given to the Paying Agent shall be delivered in person, sent by first class mail or overnight air courier guaranteeing next day delivery or communicated by facsimile, to the following address (or to any other address of which the Paying Agent shall have notified the Company in writing): The Bank of New York Mellon, London Branch, One Canada Square, London E14 5AL, United Kingdom, Fax: +44 (0) 20-7964-2536, Attention: Corporate Trust Administration, with a copy to: The Bank of New York Mellon, London Branch, Merck House, Seldown Poole BH15 1PX, United Kingdom, Fax: +44-(0)20-7964-2536, Attention: EMEA Conventional Debt 4. [Reverse of Designated Security]

THE NARRAGANSETT ELECTRIC COMPANY

This Designated Security represents a duly authorized issue of 3.395% Senior Notes due 2030 (the “Designated Securities”), issued under an Indenture, dated as of March 22, 2010 (as supplemented by a First Supplemental Indenture, dated as of March 22, 2010, a Second Supplemental Indenture, dated as of March 22, 2010, a Third Supplemental Indenture, dated as of December 10, 2012, and a Fourth Supplemental Indenture, dated as of July 27, 2018, the “Base Indenture”), between the Company and The Bank of New York Mellon, as Trustee (the “Trustee,” which term includes any successor trustee under the Indenture), as supplemented with respect to the Designated Securities by the Fifth Supplemental Indenture, dated as of April 9, 2020, between the Company, The Bank of New York Mellon, acting through its London Branch, as Trustee and Paying Agent and the Bank of New York Mellon, as Securities Registrar (together with the Base Indenture, the “Indenture”). Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Designated Securities and of the terms upon which the Designated Securities are, and are to be, authenticated and delivered.

At any time and from time to time, the Company may redeem all or a part of the Designated Securities, upon not less than 30 nor more than 60 days’ prior notice delivered to the registered address of each Holder of Designated Securities or otherwise in accordance with the procedures of the Depository. If the Company elects to redeem the Designated Securities prior to January 9, 2030, the Company shall pay a Redemption Price, as calculated by the Company, equal to the greater of (1) 100% of the principal amount of the Designated Securities redeemed and (2) the present value at such Redemption Date of (i) the principal amount of such Designated Securities on the Redemption Date, plus (ii) all required interest payments due on such Designated Securities through January 9, 2030 (three months prior to the maturity date), computed using a discount rate equal to the Treasury Rate determined on the second Business Day preceding the Redemption Date plus 40 basis points, less accrued and unpaid interest, plus, in each case, accrued and unpaid interest, if any, to the Redemption Date, subject to the rights of Holders of Designated Securities at the close of business on the relevant Regular Record Date to receive interest due on the relevant Interest Payment Date. If the Company elects to redeem the Designated Securities on or after January 9, 2030 (the date that is three months prior to the maturity date), the Company shall pay a Redemption Price equal to 100% of the principal amount of the Designated Securities to be redeemed plus accrued and unpaid interest thereon to, but not including, the Redemption Date, subject to the rights of Holders of Designated Securities at the close of business on the relevant record date to receive interest due on the relevant Interest Payment Date.

“Treasury Rate” means, as calculated by the Company, as of any Redemption Date, the yield to maturity (computed as of the second Business Day immediately preceding that Redemption Date) of United States Treasury securities with a constant maturity most nearly equal to the period from the Redemption Date to January 9, 2030 (three months prior to the maturity date); provided, however, that if the period from the Redemption Date to such date is less than one

year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

If an Event of Default with respect to the Designated Securities shall occur and be continuing, principal of, premium, if any, and accrued but unpaid interest on the Designated Securities may be declared due and payable in the manner, with the effect and subject to the conditions provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of the Designated Securities represented by this Designated Security shall be conclusive and binding upon such Holder and upon all future Holders of the Designated Securities represented by this Designated Security and of the Designated Securities represented by any Designated Security issued upon the registration of transfer of the Designated Securities represented by this Designated Security or in exchange thereof or in lieu thereof, whether or not notation of such consent or waiver is made upon this Designated Security.

No reference herein to the Indenture and no provision of the Designated Securities or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of, premium, if any, and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal or premium or any overdue interest, on the Designated Securities at the rate or rates herein prescribed.

As provided in the Indenture, the Company shall cause to be kept at the Corporate Trust Office of the Trustee a Register in which, subject to such reasonable regulations as it may prescribe, the Company shall provide for the registration of Designated Securities and of transfers of Designated Securities.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange, other than as set forth in the Indenture.

Prior to due presentment of this Designated Security for registration of transfer of any Designated Security represented hereby, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Designated Security is registered as the owner of this Designated Security for the purpose of receiving payment of principal of and any premium and (subject to Section 3.8 of the Base Indenture) any interest on such Security and for all other purposes whatsoever, whether or not this Designated Security be

overdue, and neither the Company, the Trustee nor any agent of the Company or the Trustee shall be affected by notice to the contrary.

THE INDENTURE AND THE DESIGNATED SECURITIES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

Section 3.2 Aggregate Principal Amount of Designated Securities

The aggregate principal amount of the Designated Securities shall initially be limited to \$350,000,000 (except for Designated Securities authenticated and delivered upon registration of transfer of, or in exchange for, or in lieu of, other Designated Securities pursuant to Sections 3.6, 3.7, 3.10 or 10.6 of the Base Indenture and except for any Designated Securities which, pursuant to Section 3.3 of the Base Indenture, are deemed never to have been authenticated and delivered under the Indenture) (the “**Initial Designated Securities**”). The Company may create and issue an unlimited amount of additional Designated Securities from time to time, without notice to or the consent of the Holders of the Designated Securities, having the same terms and conditions in all material respects as the related Initial Designated Securities (“**Additional Designated Securities**”). Any Additional Designated Securities shall be consolidated with and form a single class with the related Initial Designated Securities and have the same terms as to status, redemption or otherwise as the related Initial Designated Securities. Any Additional Designated Securities issued with the same CUSIP, ISIN or other identifying number as that of the related Initial Designated Securities shall be issued with no more than a *de minimis* amount of original issue discount, or as part of a qualified reopening, in each case for U.S. federal income tax purposes. Section 3.3 Payment of Principal

The principal of the Outstanding Designated Securities shall be due and payable at the Stated Maturity.

Section 3.4 Interest and Interest Rate

- (a) The Designated Securities will bear interest at 3.919% per annum from the Issue Date until their Maturity.
- (b) The Company will pay interest on the Designated Securities semi-annually in arrears on February 1 and August 1 of each year, commencing February 1, 2019, until Maturity, and at Maturity (each an “**Interest Payment Date**”).
- (c) Interest on the Designated Securities will be computed on the basis of a 360-day year comprised of twelve 30-day months. Except as described below for the first Interest Payment Date, on each Interest Payment Date, the Company will pay interest on the Designated Securities for the period commencing on and including the immediately preceding Interest Payment Date and ending on and excluding such Interest Payment Date.
- (d) On the first Interest Payment Date, the Company will pay interest for the period commencing on and including the Issue Date and ending on and excluding the first Interest Payment Date.
- (e) If any Interest Payment Date falls on a day that is not a Business Day, the interest payment shall be postponed to the next day that is a Business Day, without

- (f) If the Maturity of any Designated Security is not a Business Day, payment of principal, premium, if any, and interest on the applicable Designated Security will be made on the next succeeding day that is a Business Day, without interest accruing on the amount then so payable from such day that is not a Business Day until such Business Day.

If an amount in respect of any taxes were legally required to be deducted or withheld from interest, principal or other payments on the Designated Securities, no additional amounts shall be paid as a result of the deduction or withholding.

In order to assist the Trustee and Paying Agent with its compliance with Section 1471 through 1474 of the U. S. Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder (as in effect from time to time, collectively, the “Applicable Law”) the Company agrees (i) to provide the Trustee and Paying Agent and any other paying agent reasonably available information collected and stored in the Company’s ordinary course of business regarding holders of the Designated Securities (solely in their capacity as such) and which is necessary for the Trustee and Paying Agent’s and any paying agent’s determination of whether it has tax related obligations under Applicable Law and (ii) that the Trustee and Paying Agent and any paying agent shall be entitled to make any withholding or deduction from payments under the Indenture and the Designated Securities to the extent necessary to comply with Applicable Law. Nothing in the immediately preceding sentence shall be construed as obligating the Company to make any “gross up” payment or similar reimbursement in connection with a payment in respect of which amounts are so withheld or deducted.

Section 3.6 Paying Agent

- (a) Upon the terms and subject to the conditions contained herein, the Company hereby appoints The Bank of New York Mellon, acting through its London Branch, as the initial Paying Agent under the Indenture for the purpose of performing the functions of the Paying Agent with respect to the Designated Securities.
- (b) The Paying Agent shall exercise due care in performing the functions of the Paying Agent for the Designated Securities.

- (c) The Paying Agent accepts its obligations set forth herein, upon the terms and subject to the conditions hereof, including the following, to all of which the Company agrees:
- (i) The Paying Agent shall be entitled to such compensation as may be agreed in writing with the Company for all services rendered by the Paying Agent, and the Company promises to pay such compensation and to reimburse the Paying Agent for the reasonable out-of-pocket expenses (including reasonable counsel fees and expenses) properly incurred by it in connection with the services rendered by it hereunder upon receipt of such invoices as the Company shall reasonably require. The Company agrees to indemnify the Paying Agent (which for purposes of this subsection shall include its directors, officers, employees and agents) for, and to hold it harmless against, any and all loss, liability, damage, claims or reasonable expenses (including the costs and expenses of defending against any claim of liability) properly incurred by the Paying Agent that arises out of or in connection with its acting as Paying Agent hereunder, except such as may result from the negligence, willful misconduct or bad faith of the Paying Agent or any of its agents or employees. The Paying Agent shall incur no liability and shall be indemnified and held harmless by the Company for, or in respect of, any action taken or omitted by it in good faith in reliance upon written instructions from the Company. The provisions of this paragraph shall survive the termination of this Fourth Supplemental Indenture and the resignation or removal of the Paying Agent.
 - (ii) In acting under the Indenture and in connection with the Designated Securities, the Paying Agent is acting solely as agent of the Company and does not assume any obligations to, or relationship of agency or trust for or with, any of the Holders of the Designated Securities.
 - (iii) The Paying Agent shall be protected and shall incur no liability for or in respect of any action taken or omitted to be taken or anything suffered by it in reliance upon the terms of the Designated Securities or any document, including any resolution, Officer's Certificate or any other certificate, statement, instrument, opinion, report, notice, request, consent, order, bond, debenture, note, coupon or security (whether in original or facsimile form), believed by it to be genuine and to have been signed or presented by the proper party or parties.
 - (iv) The duties and obligations of the Paying Agent shall be determined solely by the express provisions of the Indenture, and the Paying Agent shall not be liable except for the performance of such duties and obligations as are specifically set forth in the Indenture, and no implied covenants or obligations shall be read into the Indenture against the Paying Agent.

- (v) Unless herein otherwise specifically provided, any request, direction, order or demand of the Company mentioned herein shall be sufficiently evidenced by an Officer's Certificate (unless other evidence in respect thereof be herein specifically prescribed).
 - (vi) The Paying Agent may, upon obtaining the prior written consent of the Company (which consent shall not be unreasonably withheld) perform any duties hereunder either directly or by or through agents or attorneys not regularly in its employ, and the Paying Agent shall not be responsible for any misconduct or negligence on the part of any such agent or attorney appointed with due care by it hereunder.
 - (vii) Sections 7.2(c), 7.2(e), 7.2(i) and 7.2(j) of the Base Indenture are also deemed applicable to the Paying Agent.
 - (viii) None of the provisions hereunder shall require the Paying Agent to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that the repayment of such funds or adequate indemnity against such liability is not reasonably assured to it.
 - (ix) In no event shall the Paying Agent be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services; it being understood that the Paying Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.
- (d) (i) The Paying Agent may at any time resign as Paying Agent by giving written notice to the Company of such intention on its part, specifying the date on which its desired resignation shall become effective; provided, however, that such date shall not be earlier than 60 days after the receipt of such notice by the Company, unless the Company agrees in writing to accept less notice. The Paying Agent may be removed (with or without cause) at any time by the filing with it of any instrument in writing signed on behalf of the Company by any proper officer or an authorized person thereof and specifying such removal and the date when it is intended to become effective (such date shall not be earlier than 60 days after the receipt of such instrument by the Paying Agent, unless otherwise agreed by the parties), subject to (if such Paying Agent is not also the Trustee) the written consent of the Trustee, which consent shall not be unreasonably withheld. Notwithstanding the provisions of this Section 3.6(d)(i), such resignation or removal shall take effect only upon the date of the appointment by the Company,

as hereinafter provided, and the acceptance thereof, of a successor Paying Agent. If within 30 days after notice of resignation or removal has been received, a successor Paying Agent has not been appointed, the Paying Agent may petition a court of competent jurisdiction to appoint a successor Paying Agent at the Company's cost, as per Section 3.6(c)(i) hereof. A successor Paying Agent shall be appointed by the Company by an instrument in writing signed on behalf of the Company by any proper officer or an authorized person thereof and the successor Paying Agent. Upon the appointment of a successor Paying Agent and acceptance by it of such appointment, the Paying Agent so succeeded shall cease to be such Paying Agent hereunder. Upon its resignation or removal, the Paying Agent shall be entitled to the payment by the Company of its compensation, if any is owed to it, for services rendered hereunder and to the reimbursement of all reasonable and properly incurred out-of-pocket expenses incurred in connection with the services rendered by it hereunder, in each case as per Section 3.6(c)(i) hereof.

- (ii) Any successor Paying Agent appointed hereunder shall execute and deliver to its predecessor and to the Company an instrument accepting such appointment hereunder, and thereupon such successor Paying Agent, without any further act, deed or conveyance, shall become vested with all the authority, rights, powers, trusts, immunities, duties and obligations of such predecessor with like effect as if originally named as such Paying Agent hereunder, and such predecessor, upon payment by the Company of its charges and disbursements then unpaid, shall thereupon become obliged to transfer and deliver, and such successor Paying Agent shall be entitled to receive, copies of any relevant records maintained by such predecessor Paying Agent.
- (iii) Any Person into which the Paying Agent may be merged or converted or with which the Paying Agent may be consolidated, or any Person resulting from any merger, conversion or consolidation to which the Paying Agent shall be a party, or any Person succeeding to all or substantially all of the assets and business of the Paying Agent, or all or substantially all of the corporate trust business of the Paying Agent shall, to the extent permitted by applicable law and provided that it shall have an established place of business in New York, New York, be the successor Paying Agent under the Indenture without the execution or filing of any paper or any further act on the part of any of the parties hereto. Notice of any such merger, conversion, consolidation or sale shall be given to the Company as promptly as practicable following such merger, conversion, consolidation or sale.
- (iv) Any notice required to be given by the Paying Agent to any other Person hereunder shall be given in accordance with Section 13.5 of the Base Indenture. Any notice to be given to the Paying Agent shall be delivered in person, sent by first class mail or overnight air courier guaranteeing next day delivery or communicated by facsimile, to the following address (or to any other address of which the Paying Agent shall have notified the

[Reverse of Designated Security]

THE NARRAGANSETT ELECTRIC COMPANY

This Designated Security represents a duly authorized issue of 3.919% Senior Notes due 2028 (the “**Designated Securities**”), issued under an Indenture, dated as of March 22, 2010 (the “**Base Indenture**”), between the Company and The Bank of New York Mellon, as Trustee (the “Trustee,” which term includes any successor trustee under the Indenture), as supplemented with respect to the Designated Securities by the Fourth Supplemental Indenture, dated as of July 27, 2018, between the Company and The Bank of New York Mellon, acting through its London Branch, as Trustee and Paying Agent (together with the Base Indenture, the “**Indenture**”). Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Designated Securities and of the terms upon which the Designated Securities are, and are to be, authenticated and delivered.

At any time and from time to time, the Company may redeem all or a part of the Designated Securities, upon not less than 30 nor more than 60 days’ prior notice delivered to the registered address of each Holder of Designated Securities or otherwise in accordance with the procedures of the Depository. If the Company elects to redeem the Designated Securities prior to May 1, 2028, the Company shall pay a Redemption Price, as calculated by the Company, equal to the greater of (1) 100% of the principal amount of the Designated Securities redeemed and (2) the present value at such Redemption Date of (i) the principal amount of such Designated Securities on the Redemption Date, plus (ii) all required interest payments due on such Designated Securities through May 1, 2028 (three months prior to the maturity date), computed using a discount rate equal to the Treasury Rate determined on the second Business Day preceding the Redemption Date plus 15 basis points, less accrued and unpaid interest, plus, in each case, accrued and unpaid interest, if any, to the Redemption Date, subject to the rights of Holders of Designated Securities at the close of business on the relevant Regular Record Date to receive interest due on the relevant Interest Payment Date. If the Company elects to redeem the Designated Securities on or after May 1, 2028 (the date that is three months prior to the maturity date), the Company shall pay a Redemption Price equal to 100% of the principal amount of the Designated Securities to be redeemed plus accrued and unpaid interest thereon to, but not including, the Redemption Date, subject to the rights of Holders of Designated Securities at the close of business on the relevant record date to receive interest due on the relevant Interest Payment Date.

“**Treasury Rate**” means, as calculated by the Company, as of any Redemption Date, the yield to maturity (computed as of the second Business Day immediately preceding that Redemption Date) of United States Treasury securities with a constant maturity most nearly equal to the period from the Redemption Date to May 1, 2028 (three months prior to the maturity date); provided, however, that if the period from the Redemption Date to such date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

If an Event of Default with respect to the Designated Securities shall occur and be continuing, principal of, premium, if any, and accrued but unpaid interest on the Designated Securities may

be declared due and payable in the manner, with the effect and subject to the conditions provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of the Designated Securities represented by this Designated Security shall be conclusive and binding upon such Holder and upon all future Holders of the Designated Securities represented by this Designated Security and of the Designated Securities represented by any Designated Security issued upon the registration of transfer of the Designated Securities represented by this Designated Security or in exchange thereof or in lieu thereof, whether or not notation of such consent or waiver is made upon this Designated Security.

No reference herein to the Indenture and no provision of the Designated Securities or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of, premium, if any, and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal or premium or any overdue interest, on the Designated Securities at the rate or rates herein prescribed.

As provided in the Indenture, the Company shall cause to be kept at the Corporate Trust Office of the Trustee a Register in which, subject to such reasonable regulations as it may prescribe, the Company shall provide for the registration of Designated Securities and of transfers of Designated Securities.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange, other than as set forth in the Indenture.

Prior to due presentment of this Designated Security for registration of transfer of any Designated Security represented hereby, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Designated Security is registered as the owner of this Designated Security for the purpose of receiving payment of principal of and any premium and (subject to Section 3.8 of the Base Indenture) any interest on such Security and for all other purposes whatsoever, whether or not this Designated Security be overdue, and neither the Company, the Trustee nor any agent of the Company or the Trustee shall be affected by notice to the contrary.

THE INDENTURE AND THE DESIGNATED SECURITIES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

All capitalized terms used herein which are not otherwise defined herein shall have the meanings assigned to them in the Indenture.

(bb) any other terms of the series and any other modifications or additions to this Indenture in respect of such Securities (which terms shall not be contrary to the provisions of this Indenture).

With respect to Securities of a series subject to a Periodic Offering, such resolution of the Board of Directors or indenture supplemental hereto may provide general terms or parameters and may provide that the specific terms of particular Securities, and the Persons authorized to determine such terms or parameters, may be determined in accordance with or pursuant to the Company Order referred to in Section 3.3.

All Securities of any one series shall be substantially identical except as to denomination and except as may otherwise be provided in, or pursuant to the authority granted in, such resolution of the Board of Directors or in any such indenture supplemental hereto.

Anything herein to the contrary notwithstanding, the Trustee shall be under no obligation to authenticate and deliver Securities of any series the terms of which, established as contemplated by this Section, would affect the rights, duties, obligations, liabilities or immunities of the Trustee under this Indenture.

Section 3.2 Form, Denominations and Currencies.

In the absence of any specification pursuant to Section 3.1 with respect to the Securities of any series, the Securities of such series shall be issuable as a Global Security in fully registered form in the name of the Holders thereof, without coupons, in denominations of \$1,000 and any integral multiple thereof.

Section 3.3 Authentication, Dating and Delivery of Securities.

At any time and from time to time after the original execution and delivery of this Indenture, the Company may deliver Securities of any series, executed by the Company, to the Trustee for authentication. Except as otherwise provided in this Article, the Trustee shall thereupon authenticate and make available for delivery, or cause to be authenticated and delivered, said Securities upon receipt of a Company Order, without any further action by the Company; provided, however, that if Securities of a series are subject to a Periodic Offering the Trustee shall authenticate and make available for delivery Securities of such series from time to time pursuant to such procedures reasonably acceptable to the Trustee.

In authenticating such Securities and accepting the responsibilities under this Indenture in relation to such Securities, the Trustee shall be entitled to receive, prior to the initial authentication of such Securities, and (subject to Section 7.1) shall be fully protected in relying upon:

- (a) a Board Resolution relating thereto;
- (b) an Officer's Certificate or an executed supplemental indenture setting forth the terms of such Securities as provided in Section 3.1;
- (c) an Officer's Certificate which shall state that all conditions precedent provided for in this Indenture relating to the issuance of such Securities have been complied with, that no Event of Default with respect to any series of Securities has occurred and is continuing and that, to the best knowledge of such Officer, the issuance of such Securities does not constitute and will not result in (i) any Event of Default or any event or condition, which, upon the giving of notice or the lapse of time or both, would become an Event of Default or (ii) any default under the provisions of any other material instrument or agreement by which the Company is bound; and
- (d) an Opinion of Counsel, which shall state:
 - (i) that the form and the terms of such Securities have been duly authorized by the Company and have been established in conformity with the provisions of this Indenture;
 - (ii) that such Securities, when authenticated and delivered by the Trustee and issued by the Company in the manner and subject to any conditions specified in such Opinion of Counsel, will constitute valid and binding obligations of the Company enforceable in accordance with their terms, except to the extent enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium, arrangement, fraudulent conveyance, fraudulent transfer and other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity (regardless of whether enforceability is considered in a proceeding in equity or at law); and
 - (iii) that no consent, approval, authorization, order, registration or qualification of or with any court or any governmental agency or body having jurisdiction over the Company is required for the execution and delivery of such Securities by the Company, except such as have been obtained (and except that no opinion need be expressed as to securities or "blue sky" laws or any rule or regulation issued pursuant to securities or "blue sky" laws).

Notwithstanding the provisions of Section 3.1 and of the immediately preceding paragraph, with respect to Securities of a series subject to a Periodic Offering, the Trustee shall be entitled to receive the Officer's Certificate otherwise required pursuant to Section 3.3(c) and the Opinion of Counsel required by this Section 3.3(d) only once at or prior to the time of the first authentication and delivery of such Securities (provided that such Opinion of Counsel addresses the authentication and delivery of all such Securities).

With respect to Securities of a series subject to a Periodic Offering, the Trustee may conclusively rely, as to the authorization by the Company of any of such Securities, the forms and terms thereof, the validity thereof and the compliance of the authentication and delivery thereof with the terms and conditions of this Indenture, upon the Opinion of Counsel or

Opinions of Counsel, the Officer's Certificate and the certificates and other documents delivered pursuant to this Section 3.3 at or prior to the time of the first authentication and delivery of Securities of such series until any of such opinions, certificates or other documents have been superseded or revoked or expire by their terms; provided, however, that any request by the Company to the Trustee to authenticate and deliver Securities of such series shall constitute a representation and warranty by the Company that as of the date of such request the statements made in the most recent Officer's Certificate delivered pursuant to Section 3.3(c) are true and correct as if made on and as of the date thereof.

Any Global Security, shall, unless otherwise provided therein, be delivered to a Depository designated pursuant to Section 3.1. Each Depository designated pursuant to Section 3.1 for a Global Security must at the time of its designation and at all times while it serves as such Depository be a clearing agency registered under the Exchange Act and any other applicable statute or regulation.

The Trustee shall have the right to decline to authenticate and make available for delivery any Securities under this Section if the Trustee, being advised by counsel to the Trustee, determines that such action would expose the Trustee to personal liability in a manner not reasonably acceptable to the Trustee.

Each Security shall be dated the date of its authentication, except as otherwise provided pursuant to Section 3.1 with respect to the series of which such Security is a part and except that any substitute Security under Section 3.7 shall be dated so that neither gain nor loss in interest shall result from any mutilation, destruction, loss or theft of the relevant Predecessor Security.

Section 3.4 Execution of Securities.

The Securities shall be signed in the name of and on behalf of the Company by any one of (i) its directors, (ii) the Chief Financial Officer of the Company, (iii) the Treasurer or any Assistant Treasurer of the Company or (iv) the Secretary or any Assistant Secretary of the Company. Such signatures may be the manual or facsimile signatures of such officers. Typographical and other minor errors or defects in any such reproduction of any such signature shall not affect the validity or enforceability of any Security that has been duly authenticated and delivered by the Trustee.

In case any officer of the Company who shall have signed any of the Securities shall cease to be such officer before the Security so signed shall be authenticated and delivered by or on behalf of the Trustee or disposed of by the Company, such Securities nevertheless may be authenticated and delivered or disposed of as though the Person who signed such Securities had not ceased to be such officer of the Company; and any Security may be signed on behalf of the Company by such Persons as, at the actual date of the original execution of such Security, shall be the proper officers of the Company, although at the date of the original execution and delivery of this Indenture, or at the date of such Security, any such Person was not such an officer.

Section 3.5 Certificate of Authentication.

No Security shall be entitled to the benefits of this Indenture or be valid or obligatory for any purpose, unless there appears on such Security a certificate of authentication substantially in the form hereinbefore recited, executed by or on behalf of the Trustee or an Authenticating Agent by manual signature. Such certificate by or on behalf of the Trustee or an Authenticating Agent upon any Security executed by the Company shall be conclusive evidence that the Security so authenticated has been duly authenticated and delivered hereunder and that the Holder is entitled to the benefits of this Indenture.

Section 3.6 Registration, Transfer and Exchange.

Subject to the conditions set forth below (and subject, with respect to Global Securities, to Section 2.4), Securities of any series may be exchanged for a like aggregate principal amount of Securities of the same series. Securities to be exchanged shall be surrendered at the offices or agencies to be maintained for such purposes as provided in Section 4.2, and the Company shall execute and the Trustee or any Authenticating Agent shall authenticate and make available for delivery in exchange therefor the Security or Securities which the Holder making the exchange shall be entitled to receive.

The Company shall keep or cause to be kept, at one of said offices or agencies maintained pursuant to Section 4.2, a register for each series of Securities issued hereunder (hereinafter collectively referred to as the "Securities Register") in which, subject to such reasonable regulations as it may prescribe, the Company shall, subject to the provisions of Section 2.4, provide for the registration of Securities of such series and shall register the transfer of Securities of such series as in this Article provided. The Securities Register shall be in written form or in any other form capable of being converted into written form within a reasonable time. The Trustee is hereby appointed as the initial "Securities Registrar" for the purpose of registering Securities and registering transfers of Securities as herein provided. The Company may change the Registrar without prior notice to any Holder. The Company or any Subsidiary of the Company may act as Registrar.

The Company shall have the right to remove and replace from time to time the Security Registrar for any series of Securities and the Securities Registrar shall have the right to resign from time to time; provided that no such removal, replacement or resignation shall be effective until a successor Security Registrar with respect to such series of Securities shall have been appointed by the Company and shall have accepted such appointment by the Company. If the Company fails to appoint a successor Securities Registrar within 30 days after the Securities Registrar resigns, the Securities Registrar shall be entitled to appoint a successor and the Company's consent to such appointment shall not be unreasonably withheld. In the event that the Trustee shall not be or shall cease to be Security Registrar with respect to a series of Securities, it shall have the right to examine the Security Register for such series at all reasonable times. There shall be only one Security Register for each series of Securities.

All Securities presented for registration of transfer or for exchange, redemption or payment shall (if so required by the Company or the Securities Registrar) be duly endorsed by, or be accompanied by a written instrument or instruments of transfer in form satisfactory to the

Company and the Securities Registrar duly executed by, the Holder thereof or his attorney duly authorized in writing.

Each Security issued upon registration of transfer or exchange of Securities pursuant to this Section shall be the valid obligation of the Company, evidencing the same indebtedness and entitled to the same benefits under this Indenture as the Security or Securities surrendered upon registration of such transfer or exchange.

No service charge shall be made for any registration of transfer or exchange of Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Securities, other than exchanges pursuant to Section 3.10, Section 10.6 or Section 14.3 not involving any transfer.

The Company shall not be required (a) to issue, exchange or register the transfer of any Securities of any series during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of Securities of such series and ending at the close of business on the day of such mailing, or (b) to exchange or register the transfer of any Securities selected, called or being called for redemption except, in the case of any Security to be redeemed in part, the portion thereof not to be redeemed.

Section 3.7 Mutilated, Destroyed, Lost and Stolen Securities.

In case any temporary or definitive Security shall become mutilated (whether by defacement or otherwise) or be destroyed, lost or stolen, and in the absence of notice to the Company or the Trustee that such Security has been acquired by a bona fide purchaser, the Company shall, except as otherwise provided in this Section, execute, and upon a Company Request, the Trustee shall authenticate and make available for delivery, a new Security of the same series, tenor and principal amount, bearing a number, letter or other distinguishing symbol not contemporaneously outstanding, in exchange and substitution for the mutilated Security, or in lieu of and in substitution for the Security so destroyed, lost or stolen. In every case the applicant for a substituted Security shall furnish to the Company and to the Trustee and any agent of the Company or the Trustee such security or indemnity as may be required by them to save each of them harmless, and, in every case of destruction, loss or theft, the applicant shall also furnish to the Company and the Trustee and any agent of the Company or the Trustee evidence to their satisfaction of the destruction, loss or theft of such Security and of the ownership thereof.

Upon the issuance of any substitute Security under this Section, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee or any Authenticating Agent) connected therewith.

In case any Security which has matured or is about to mature or has been called for redemption in full shall become mutilated or be destroyed, lost or stolen, the Company may, instead of issuing a substitute Security, pay or authorize the payment of the same (without surrender thereof except in the case of a mutilated Security). In every case, the applicant for

such payment shall furnish to the Company and to the Trustee and any agent of the Company or the Trustee such security or indemnity as any of them may require to save each of them harmless, and, in every case of destruction, loss or theft, the applicant shall also furnish to the Company and the Trustee and any agent of the Company or the Trustee evidence to their satisfaction of the destruction, loss or theft of such Security and of the ownership thereof.

Every substitute Security of any series issued pursuant to the provisions of this Section by virtue of the fact that any such Security is destroyed, lost or stolen shall constitute an additional contractual obligation of the Company, whether or not the destroyed, lost or stolen Security shall be at any time enforceable by anyone and shall be entitled to all the benefits of (but shall be subject to all the limitations of rights set forth in) this Indenture equally and proportionately with any and all other Securities of such series duly authenticated and delivered hereunder. All Securities shall be held and owned upon the express condition that, to the extent permitted by law, the foregoing provisions of this Section are exclusive with respect to the replacement or payment of mutilated (whether by defacement or otherwise) or destroyed, lost or stolen Securities and shall preclude any and all other rights or remedies notwithstanding any law or statute existing or hereafter enacted to the contrary with respect to the replacement or payment of negotiable instruments or other securities without their surrender.

Section 3.8 Payment of Interest; Interest Rights Preserved.

The Holder of any Securities at the close of business on the Regular Record Date with respect to any Interest Payment Date shall be entitled to receive the interest, if any, payable on such Interest Payment Date notwithstanding the cancellation of such Securities upon any registration of transfer or exchange subsequent to the Regular Record Date and prior to such Interest Payment Date, and, if provided for in the Board Resolution or supplemental indenture pursuant to Section 3.1, in the case of a Security issued between a Regular Record Date and the initial Interest Payment Date relating to such Regular Record Date, interest for the period beginning on the date of issue and ending on such initial Interest Payment Date shall be paid to the Person to whom such Security shall have been originally issued. Except as otherwise specified as contemplated by Section 3.1, for Securities of a particular series the term "Regular Record Date" as used in this Section with respect to any Interest Payment Date shall mean the close of business on the last day of the calendar month preceding such Interest Payment Date if such Interest Payment Date is the fifteenth day of a calendar month and shall mean the close of business on the fifteenth day of the calendar month preceding such Interest Payment Date if such Interest Payment Date is the first day of a calendar month, whether or not such day shall be a Business Day. At the option of the Company, payment of interest on any Security may be made by check mailed to the address of the Person entitled thereto (which shall be the Depository in the case of Global Securities) as such address shall appear in the Securities Register.

Subject to actual timely receipt of sufficient funds by the Paying Agent for payment in full with respect to a series of Securities, such Paying Agent shall make payments when due on such Securities in accordance with the provisions of this Indenture.

If and to the extent the Company shall default in the payment of the interest due on such Interest Payment Date in respect of any Securities, such defaulted interest shall be paid by the Company at its election in each case, as provided in clause (a) or (b) below:

(a) The Company may make payment of any defaulted interest to the Holder of Securities at the close of business on a Special Record Date established by notice given by mail or otherwise in accordance with the procedures of the Depository, by or on behalf of the Company, to such Holder not less than 15 days preceding such Special Record Date, such Special Record Date to be not less than 10 days preceding the date for payment of such defaulted interest.

(b) The Company may make payment of any defaulted interest on the Securities of any series in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of such series may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Company to the Trustee of the proposed payment pursuant to this clause, such manner of payment shall be deemed practicable by the Trustee.

Subject to the foregoing provisions of this Section, each Security delivered under this Indenture upon registration of transfer of, or in exchange for, or in lieu of, any other Security shall carry the rights to interest accrued and unpaid, and to accrue, which were carried by such other Security.

Section 3.9 Cancellation of Securities; Destruction Thereof.

All Securities surrendered for payment, redemption, registration of transfer or exchange, or for credit against any payment in respect of a sinking or analogous fund, shall, if surrendered to the Company or any Paying Agent or any Securities Registrar, be delivered to the Trustee for cancellation or, if surrendered to the Trustee, shall be cancelled by it, and no Securities shall be issued in lieu thereof except as expressly permitted by any of the provisions of this Indenture. The Company may at any time deliver to the Trustee for Securities of a series for cancellation any Securities previously authenticated and delivered hereunder which the Company may have acquired in any manner whatsoever, and all Securities so delivered shall be promptly cancelled by such Trustee. Notwithstanding any other provision of this Indenture to the contrary, in the case of a series, all the Securities of which are not to be originally issued at one time, a Security of such series shall not be deemed to have been Outstanding at any time hereunder if and to the extent that, subsequent to the authentication and delivery thereof, such Security is delivered to the Trustee for such Security for cancellation by the Company or any agent thereof upon the failure of the original purchaser thereof to make payment therefore against delivery thereof, and any Security so delivered to such Trustee shall be promptly cancelled by it. No Securities shall be authenticated in lieu of or in exchange for any Securities cancelled as provided in this Section, except as expressly permitted by this Indenture. Global Securities shall not be disposed of until exchanged in full for definitive Securities or until payment thereof is made in full. The Trustee shall, unless instructed to deliver the Securities to the Company in a Company Order, destroy such cancelled Securities and, if requested by the Company in writing, deliver certification of their destruction to the Company. If the Company shall acquire any of the Securities, such acquisition shall not

operate as a redemption or satisfaction of the indebtedness represented by such Securities unless and until the same are delivered to the Trustee for cancellation.

Section 3.10 Temporary Securities.

Pending the preparation by the Company of definitive Securities of any series, the Company may execute and the Trustee shall authenticate and make available for delivery in the manner provided in Section 3.3, temporary Securities for such series (printed, lithographed, typewritten or otherwise reproduced, in each case in form satisfactory to the Trustee). Temporary Securities of any series shall be issuable in any authorized denomination, and substantially in the form of the definitive Securities of such series in lieu of which they are issued but with such omissions, insertions and variations as may be appropriate for temporary securities, all as may be determined by the Company. Temporary Securities may contain such reference to any provisions of this Indenture as may be appropriate. Every temporary Security shall be executed by the Company and be authenticated by the Trustee upon the same conditions and in substantially the same manner, and with like effect, as the definitive Securities. Without unreasonable delay the Company shall execute and shall furnish definitive Securities of such series and thereupon temporary Securities of such series may be surrendered in exchange therefor without charge at the Corporate Trust Office of the Trustee, and the Trustee shall authenticate and make available for delivery in exchange for such temporary Securities an equal aggregate principal amount of definitive Securities of the same series. Such exchange shall be made by the Company at its own expense and without any charge therefore to the Holders. Until so exchanged, the temporary Securities of any series shall in all respects be entitled to the same benefits under this Indenture as definitive Securities of such series authenticated and delivered hereunder.

Section 3.11 Computation of Interest.

Except as otherwise specified as contemplated by Section 3.1 for Securities of any series, interest on the Securities of each series shall be computed on the basis of a 360-day year of twelve 30-day months.

Section 3.12 CUSIP Numbers.

The Company in issuing the Securities may use "CUSIP," "Common Code" or "ISIN" numbers (if then generally in use), and, if so, such numbers shall be used in notices of redemption as a convenience to Holders; provided, that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Securities or contained in any notice of redemption and that reliance may be placed only on the other identification numbers printed on the Securities, and any such redemption shall not be affected by any defect in or omission of such numbers. The Company will promptly notify the Trustee in writing of any change in the "CUSIP," "Common Code" or "ISIN" numbers; *provided* that any failure to give such notice shall not constitute a Default or an Event of Default.

**ARTICLE 4
COVENANTS OF THE COMPANY**

The Company covenants and agrees for the benefit of each series of Securities (except to the extent that any series of Securities is excluded from the benefits of any of such covenants pursuant to Sections 3.1) that on and after the date of original execution of this Indenture and so long as any of the Securities of such series remain Outstanding:

Section 4.1 Payment of Securities.

The Company will duly and punctually pay or cause to be paid in the currency or currency unit in which the Securities of such series are payable, the principal of, any premium and interest on, the Securities of such series at the place or places, at the respective times and in the manner provided in such Securities and in the Indenture. The Company shall, before 11.00 a.m. (New York time), on each due date of the principal of, and premium, if any, or interest or any other amounts due on Securities of any series, deposit with the Paying Agent a sum in immediately available funds sufficient to pay such amounts becoming due, such sum to be held in trust by the Paying Agent for the benefit of Holders of such Securities.

If any payment in respect of any series of Securities provided for in this Section 4.1 is made late but otherwise in accordance with this Indenture, the Paying Agent for the Securities of such series shall make reasonable efforts to make such payment in respect of the Securities of such series. However, unless and until the full amount of any such payment has been made to the Paying Agent for payment to the Holders of Securities of such series, neither it nor any other Paying Agent will be bound (but shall be entitled) to make such payment.

If the Paying Agent pays out any amount due in respect of the Securities of any series before receipt of an amount due under this Section 4.1, the Paying Agent will immediately notify the Company and the Company shall on demand reimburse the Paying Agent for the relevant amount and pay interest to the Paying Agent on such amount that is outstanding from the date on which it is paid out to the date of reimbursement at the rate per annum equal to the cost to the Paying Agent of funding the amount paid out, as certified by the Paying Agent. Such interest shall be compounded daily.

Section 4.2 Offices or Agency.

So long as any of the Securities remain Outstanding, the Company will maintain in the Borough of Manhattan, The City of New York, New York, and in each Place of Payment for the Securities of a series, an office or agency where Securities of that series may be presented or surrendered for payment, where Securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon the Company in respect of Securities of that series and this Indenture may be served (which shall initially be the Corporate Trust Office of the Trustee or, if the Corporate Trust Office of the Trustee is not located in the Borough of Manhattan, The City of New York, such office or agency shall be the principal corporate trust office of the Authenticating Agent designated pursuant to Section 7.14 hereof). The Company will give prompt written notice to the Trustee for the Securities of that series of the location, and any change in the location of any such office or agency. If at any time the Company shall fail to maintain such required office or agency in respect of any series of Securities or shall fail to furnish the Trustee with the required information with respect thereto, presentations, surrenders, notices and demands in respect of Securities of that series may be

made or served at the Corporate Trust Office of the Trustee and the corporate trust office of any Authenticating Agent appointed hereunder; and the Company hereby appoints the Trustee and any Authenticating Agent appointed hereunder its agents to receive all such presentations, surrenders, notices and demands.

The Company may also from time to time designate one or more other offices or agencies (in or outside The City of New York) where the Securities of one or more series, or any Tranche thereof may be presented or surrendered for any or all of such purposes, and may from time to time rescind such designation; provided, however, that no such designation or rescission shall in any manner relieve the Company of its obligation to maintain for such purposes an office or agency in the Borough of Manhattan, The City of New York and in each Place of Payment for such purpose. The Company will promptly notify the Trustee for the Securities of each series as affected of any such designation or rescission thereof and of any change in the location of any such office or agency.

Unless otherwise specified with respect to any Securities pursuant to Section 3.1, if and so long as the Securities of any series (i) are denominated in a Foreign Currency or (ii) may be payable in a Foreign Currency, or so long as it is required under any other provision of this Indenture, then the Company will maintain with respect to each such series of Securities, or as so required, at least one exchange rate agent.

Section 4.3 Money for Securities Payments to Be Held in Trust.

If the Company shall at any time act as its own Paying Agent with respect to any series of Securities, it shall by 10.00 a.m. (New York City time), on or before each due date of the principal of, any premium or interest on any of the Securities of such series, segregate and hold in trust for the benefit of the Persons entitled thereto a sum in the currency or currencies, currency unit or units or composite currency or currencies in which the Securities of such series are payable (except as otherwise specified pursuant to Section 3.1 for the Securities of such series) sufficient to pay the principal or any premium or interest so becoming due until such sums shall be paid to such Persons or otherwise disposed of as herein provided, and shall promptly notify the Trustee in writing of its action or failure so to act.

Whenever the Company shall have one or more Paying Agents for any series of Securities, it shall, on or prior to each due date of the principal of, any premium or interest on any Securities of such series, deposit with any Paying Agent a sum (in the currency or currencies, currency unit or units or composite currency or currencies described in the preceding paragraph) sufficient to pay the principal and any premium or interest so becoming due, such sum to be held in trust for the benefit of the Persons entitled thereto, and (unless such Paying Agent is the Trustee) the Company will promptly notify the Trustee in writing of its action or failure so to act.

The Company shall cause each Paying Agent for any series of Securities other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee, subject to the provisions of this Section, that such Paying Agent shall:

(a) hold all sums held by it for the payment of the principal of, any premium or interest on Securities of such series or Tranche in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as provided in or pursuant to this Indenture;

(b) give the Trustee notice of any default by the Company (or any other obligor upon the Securities of such series) in the making of any payment of principal of, any premium or interest on the Securities of such series; and

(c) At any time during the continuance of any such default, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Paying Agent.

The Company may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Company Order direct any Paying Agent to pay, to the Trustee all sums held in trust by the Company or such Paying Agent, such sums to be held by the Trustee upon the same terms as those upon which such sums were held by the Company or such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such sums.

Anything in this Section to the contrary notwithstanding, the agreement to hold sums in trust as provided in this Section is subject to the provisions of Section 12.3, Section 12.4 and Section 12.5.

Section 4.4 [Reserved.]

Section 4.5 [Reserved.]

Section 4.6 [Reserved.]

Section 4.7 Corporate Existence.

Subject to Article 11, the Company shall do or cause to be done all things necessary to preserve and keep in full force and effect its legal existence and rights (charter and statutory) and franchises; provided, however, that the foregoing shall not obligate the Company to preserve any such right or franchise if the Company shall determine that the preservation thereof is no longer desirable in the conduct of its business and that the loss thereof is not disadvantageous in any material respect to any Holder.

Section 4.8 Waiver of Certain Covenants.

The Company may omit in any particular instance to comply with any term, provision or condition set forth in Sections 4.7 or 4.8 and any other covenant not set forth herein and specified pursuant to Section 3.1 to be applicable with respect to the Securities of any series if before or after the time for such compliance the Holders of at least a majority in principal amount of the Outstanding Securities of such series (which, in the case of a covenant not set forth herein and specified pursuant to Section 3.1 to be applicable to the Securities of any

series, shall include only those series to which such covenant is so specified to be applicable), by act of such Holders, either shall waive such compliance in such instance or generally shall have waived compliance with such term, provision or condition, but no such waiver shall extend to or affect such term, provision or condition except to the extent so expressly waived, and, until such waiver shall become effective, the obligations of the Company and the duties of the Trustee and the Paying Agent for the Securities of such series in respect of any such term, provision or condition shall remain in full force and effect.

Section 4.9 Certificates to Trustee.

(a) For so long as any series of Securities are Outstanding under this Indenture, the Company will, within 120 days after the end of its fiscal year, file with the Trustee an Officer's Certificate complying with the provisions of the second paragraph of Section 13.6, stating whether or not, to the knowledge of the signer, the Company has complied with the conditions and covenants on its part contained in this Indenture, and, if the signer, to the best of his or her knowledge, knows of any event which is, or after notice or lapse of time or both would become, a default by the Company in the performance, observance or fulfillment of any such condition or covenant, specifying each such default and the nature thereof. For the purpose of this Section, compliance shall be determined without regard to any grace period or requirement of notice provided pursuant to the terms of this Indenture.

(b) The Company will deliver to the Trustee, as soon as practicable after the Company becomes aware of the occurrence of any Default or Event of Default, an Officer's Certificate setting forth the details of such Default or Event of Default and the action which the Company proposes to take with respect thereto.

Section 4.10 Calculation of Original Issue Discount.

The Company shall file with the Trustee promptly at the end of each calendar year (i) a written notice specifying the amount of any original issue discount, as defined under the Code and Treasury regulations, (including daily rates and accrual periods) accrued on any Outstanding Securities as of the end of such year and (ii) such other specific information relating to such original issue discount as may then be relevant under the Code, as amended from time to time.

Section 4.11 Waiver of Usury, Stay or Extension Laws.

The Company covenants that (to the extent that it may lawfully do so) it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any usury, stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Company expressly waives (to the extent that it may lawfully do so) all benefit or advantage of any such law and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

ARTICLE 5
SECURITYHOLDER LISTS AND REPORTS BY THE
COMPANY AND THE TRUSTEE

Section 5.1 Company to Furnish Trustee Information as to Names and Addresses of Securityholders.

The Company covenants and agrees that it will furnish or cause to be furnished to the Trustee a list in such form as the Trustee may reasonably require of the names and addresses of the Holders of the Securities of each series semiannually and not later than June 30 and December 31 in each year, and at such other times as the Trustee may request in writing, as of a date no more than 15 days prior to the date such information is so furnished; provided that, if and so long as the Trustee shall be the Securities Registrar for such series, such list shall not be required to be furnished.

Section 5.2 Preservation and Disclosure of Securityholder Lists.

(a) The Trustee shall preserve, in as current a form as is reasonably practicable, all information received by it pursuant to Section 5.1 and similar information received by it in any other capacity under this Indenture (including in its capacity as Securities Registrar) and afford Holders access to the information preserved by it, all to such extent, if any, and in such manner as shall be required by the Trust Indenture Act.

(b) Each and every Holder of Securities, by receiving and holding the same, agrees with the Company and the Trustee that neither the Company nor the Trustee nor any Paying Agent shall be held accountable by reason of the disclosure of any such information as to the names and addresses of the Holders of Securities in accordance with the provisions of Section 5.2(a), regardless of the source from which such information was derived, and that the Trustee shall not be held accountable by reason of mailing any material pursuant to a request made under Section 5.2(a).

Section 5.3 Reports by the Company.

Unless otherwise specified with respect to Securities of a particular series pursuant to Section 3.1, so long as any Securities of such series are outstanding, if not filed electronically with the SEC through the SEC's Electronic Data Gathering, Analysis, and Retrieval System (or any successor system), the Company will furnish to the Trustee and, upon request to the Trustee, Holders of Securities of such series, within 180 days of the end of each fiscal year for annual reports and within 75 days of the end of each fiscal quarter for quarterly reports:

(1) an annual report including solely the following information: annual consolidated financial statements of the Company (including balance sheets as of the end of the two most recent fiscal years and statements of earnings and statements of cash flows for the three most recent fiscal years) prepared in accordance with GAAP as in effect from time to time, and a report on the annual financial statements by the Company's certified independent accountants; and

(2) quarterly reports including solely the following information: quarterly consolidated financial statements of the Company (including a balance sheet as of the end of the most recent fiscal quarter and statements of earnings and statements of cash flows for the period from the end of the most recent fiscal year to the end of the most recent fiscal quarter, and for the corresponding interim period of the preceding fiscal year) prepared in accordance with GAAP as in effect from time to time.

In addition, the Company will, for so long as any Securities of any particular series remain outstanding and during any period during which the Company is not subject to Section 13 or Section 15(d) of the Exchange Act, it will furnish to Holders of Securities of such series and to prospective purchasers of Securities of such series, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

The delivery of such reports, information and documents to the Trustee pursuant to this Section 5.3 is for informational purposes only and the Trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates) other than with respect to Section 7.2.

Section 5.4 Reports by the Trustee.

(a) If and to the extent required under the Trust Indenture Act, within 60 days after May 15 of each year following the date of original execution of this Indenture, so long as any Securities are Outstanding hereunder, the Trustee shall transmit by mail (with a copy to the Company) to the Securityholders of such series in the manner and to extent provided in Trust Indenture Act Section 313(c), a brief report, as provided by the Trust Indenture Act Sections 313(a) and (b).

(b) A copy of each report required to be filed pursuant to Section 5.4(a) shall, at the time of such transmission to the Securityholders of any series, be furnished to the Company and be filed by the Trustee with each stock exchange upon which the Securities of such series are listed and also with the SEC. The Company agrees to notify the Trustee promptly when and as the Securities of any series become admitted to trading on any national securities exchange.

ARTICLE 6 REMEDIES OF THE TRUSTEE AND SECURITYHOLDERS ON EVENT OF DEFAULT

Section 6.1 Event of Default Defined; Acceleration of Maturity; Waiver of Default.

“Event of Default,” with respect to the Securities of any series, wherever used herein, means each one of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body), unless it is either inapplicable to a particular series or it

is specifically deleted or modified in the applicable supplemental indenture under which such series of Securities is issued, as the case may be, as contemplated by Section 3.1:

(a) default for 14 days or more in the payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Securities of such series;

(b) default for 30 days or more in the payment when due of interest on or with respect to the Securities of such series;

(c) failure by the Company for 90 days after receipt of written notice given by the Trustee or the Holders of not less than 25% in principal amount of the Securities of such series then Outstanding to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (a) and (b) above) contained in the Indenture or the Securities of such series;

(d) the Issuer pursuant to or within the meaning of any Bankruptcy Law:

(1) commences proceedings to be adjudicated bankrupt or insolvent;

(2) consents to the institution of bankruptcy or insolvency proceedings against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under applicable Bankruptcy law;

(3) consents to the appointment of a receiver, liquidator, assignee, trustee, sequestrator or other similar official of it or for all or substantially all of its property;

(4) makes a general assignment for the benefit of its creditors; or

(5) generally is not paying its debts as they become due; or

(e) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

(1) is for relief against the Issuer in a proceeding in which the Issuer is to be adjudicated bankrupt or insolvent;

(2) appoints a receiver, liquidator, assignee, trustee, sequestrator or other similar official of the Issuer or for all or substantially all of the property of the Issuer; or

(3) orders the liquidation of the Issuer;

and the order or decree remains unstayed and in effect for 90 consecutive days; or

(f) any other Event of Default established by one or more indentures supplemental hereto as applicable to the Securities of such series.

If an Event of Default described in clause (a), (b), (c) or (f) occurs and is continuing with respect to Securities of any series at the time Outstanding, the Trustee or the Holders of at least 25% in aggregate principal amount of the Securities of such series then Outstanding, by notice in writing to the Company (and to the Trustee if given by Securityholders), may declare the entire principal (or, if the Securities of such series are Original Issue Discount Securities, such portion of the principal as may be specified in the terms of such series) of, and the premium, if any, and accrued and unpaid interest, if any, on all Securities then Outstanding of such series to be due and payable immediately, and upon any such declaration the same shall become immediately due and payable. The Trustee shall have no obligation to accelerate the Securities of any series if in the best judgment of the Trustee acceleration is not in the best interest of the Holders of Securities of such series.

If any Event of Default described in clause (d) or (e) above occurs and is continuing, all the principal of, and the premium, if any, and accrued and unpaid interest, if any, on the Securities then Outstanding of that series shall *ipso facto* become and be immediately due and payable without declaration, presentment, demand or notice of any kind by the Trustee or any Holder of Securities of that series.

The foregoing provisions, however, are subject to the condition that if, at any time after a declaration of acceleration with respect to the Securities of any series has been made and before any judgment or decree for the payment of the moneys due shall have been obtained or entered as hereinafter provided, the Company shall pay or shall deposit with the Trustee a sum sufficient to pay all matured installments of interest, if any, with respect to all the Securities of such series and the principal of (and premium, if any, on) any and all Securities of such series which shall have become due otherwise than by acceleration (and, to the extent that payment of such interest is enforceable under applicable law, interest on principal, premium or overdue installments of interest, if any, at the Overdue Rate applicable to such series to the date of such payment or deposit) and all amounts payable to the Trustee pursuant to the provisions of Section 7.6, and such amount as shall be sufficient to cover reasonable compensation to the Trustee, its agents, attorneys and counsel, and all other expenses and liabilities incurred, and all advances made, by the Trustee except as a result of negligence or bad faith, and if any and all Events of Default under the Indenture, other than the nonpayment of the principal of and accrued interest on Securities of such series which shall have become due by acceleration, shall have been cured, waived or otherwise remedied as provided herein - then and in every such case the Holders of a majority in aggregate principal amount of the Securities of such series then Outstanding, by written notice to the Company and to the Trustee, may waive all defaults with respect to that series of Securities and rescind and annul such acceleration and its consequences (provided that such rescission would not conflict with any judgment of a court of competent jurisdiction), but no such waiver or rescission and annulment shall extend to or shall affect any subsequent default or shall impair any right consequent thereon.

For all purposes under this Indenture, if a portion of the principal of any Original Issue Discount Security shall have been accelerated and declared or become due and payable pursuant to the provisions hereof, then, from and after such acceleration, unless such acceleration has been rescinded and annulled, the principal amount of such Original Issue Discount Security shall be deemed, for all purposes hereunder, to be such portion of the

principal thereof as shall be due and payable as a result of such acceleration, and payment of such portion of the principal thereof as shall be due and payable as a result of such acceleration, together with interest, if any, thereon and all other amounts owing thereunder, shall constitute payment in full of such Original Issue Discount Security.

Section 6.2 Collection of Indebtedness by Trustee; Trustee May Prove Debt.

The Company covenants that if an Event of Default specified in Section 6.1 (a) or (b) occurs with respect to any of the Securities of any series, whether upon Stated Maturity of the Securities of such series or upon any redemption or by acceleration or otherwise, then upon demand of the Trustee for such series, the Company will pay to the Trustee for the benefit of the Holder of any such Security the whole amount that then shall have become due and payable on any such Security for the principal, premium, if any, and interest, if any, and, so far as payment of the same is enforceable under applicable law, interest on overdue principal, premium or installments of interest, if any, at the Overdue Rate applicable to any such Security; and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, and any further amounts payable to the Trustee, its agents and counsel pursuant to the provisions of Section 7.6.

In case the Company shall fail forthwith to pay such amounts upon such demand, the Trustee, in its own name and as trustee of an express trust, shall be entitled and empowered to institute any action or proceedings at law or in equity for the collection of the sums so due and unpaid, and may prosecute any such action or proceedings to judgment or final decree, and may enforce any such judgment or final decree against the Company and collect in the manner provided by law out of the property of the Company, wherever situated, the moneys adjudged or decreed to be payable.

The Trustee shall be entitled and empowered, either in its own name as trustee of an express trust, or as attorney-in-fact for the Holders of any of the Securities, or in both such capacities, to file such proof of debt, amendment of proof of debt, proof of claim, petition or other document as may be necessary or advisable in order to have the claims of the Trustee and of the Holders of Securities allowed in any equity receivership, insolvency, bankruptcy, liquidation, readjustment, reorganization or other similar proceedings, or any judicial proceedings, relative to the Company or any other obligor on the Securities or its creditors or its property. The Trustee is hereby irrevocably appointed (and the successive respective Holders of the Securities, by taking and holding the same, shall be conclusively deemed to have so appointed the Trustee) the true and lawful attorney-in-fact of the respective Holders of the Securities, with authority to make or file in the respective names of the Holders of the Securities any proof of debt, amendment of proof of debt, claim, petition or other document in any such proceedings and to receive payment of any sums becoming distributable on account thereof, and to execute any other papers and documents and do and perform any and all acts and things for and on behalf of such Holders of the Securities as may be necessary or advisable in the opinion of the Trustee in order to have the respective claims of the Holders of the Securities against the Company or any other obligor on the Securities and/or its property allowed in any such proceedings, and to receive payment of or on account of such claims; provided, however, that nothing herein contained shall be deemed to authorize or empower the

Trustee to consent to or accept or adopt, on behalf of any Holder of Securities, any plan of reorganization or readjustment of the Company or any other obligor on the Securities or, by other action of any character in any such proceeding, to waive or change in any way any right of any Holder of any Security, even though it may otherwise be entitled so to do under any present or future law, all such power or authorization being hereby expressly denied.

All rights of action and of asserting claims under this Indenture or under any of the Securities may be enforced by the Trustee without the possession of any of the Securities or the production thereof in any trial or other proceedings relative thereto, and any such action or proceedings instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment, subject to the payment of the expenses, disbursements and compensation of the Trustee, each predecessor Trustee and their respective agents and attorneys, shall be for the ratable benefit of the holders of the Securities in respect of which such action was taken.

In any proceedings brought by the Trustee (and also any proceedings involving the interpretation of any provision of this Indenture to which the Trustee shall be a party), the Trustee shall be held to represent all the Holders of the Securities in respect of which such action was taken, and it shall not be necessary to make any Holders of such Securities parties to any such proceedings.

Section 6.3 Application of Proceeds.

Any moneys collected by the Trustee pursuant to this Article in respect of any series of Securities, together with any other sums held by the Trustee (as such) hereunder (other than sums held in trust for the benefit of the Holders of particular Securities), shall be applied in the following order at the date or dates fixed by the Trustee and, in case of the distribution of such moneys on account of principal or any premium or interest, upon presentation (except in respect of Subdivision First below) of the several Securities in respect of which moneys have been collected and stamping (or otherwise noting) thereon the payment, or issuing Securities of such series in reduced principal amounts in exchange for the presented Securities of like series if only partially paid, or upon surrender thereof if fully paid:

FIRST: To the payment of costs and expenses applicable to such series in respect of which moneys have been collected, including reasonable compensation to the Trustee and each predecessor Trustee and their respective agents and attorneys and of all expenses and liabilities properly incurred, and all advances made, by the Trustee and each predecessor Trustee except as a result of negligence or bad faith, and all other amounts due to the Trustee or any predecessor Trustee pursuant to Section 7.6;

SECOND: To the Holders of Securities of such series for the payment of amounts then due and payable upon all the Securities of such series for principal and premium, if any, and interest, if any, and (to the extent that such interest has been collected by the Trustee), so far as payment of the same is enforceable under applicable law, interest upon overdue principal, premium or installments of interest, if any, at the Overdue Rate applicable to such series, without preference or priority of any kind,

according to the amounts then due and payable on the Securities of such series for principal, premium and interest, respectively; and

THIRD: To the payment of the remainder, if any, to the Company or as a court of competent jurisdiction may direct in writing.

Section 6.4 Suits for Enforcement.

In case an Event of Default with respect to Securities of any series has occurred, has not been waived and is continuing, the Trustee may in its discretion proceed to protect and enforce the rights vested in it by this Indenture by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any of such rights, either at law or in equity or in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in this Indenture or in aid of the exercise of any power granted in this Indenture or to enforce any other legal or equitable right vested in the Trustee by this Indenture or by law.

Section 6.5 Restoration of Rights on Abandonment of Proceedings.

In case the Trustee or any Holder shall have proceeded to enforce any right under this Indenture and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee or such Holder, then and in every such case (subject to the binding effect of any determination made in such proceedings) the Company and the Trustee and each of the Holders shall be restored severally and respectively to their former positions and rights hereunder, and (subject as aforesaid) all rights, remedies and powers of the Company, the Trustee and the Holders shall continue as though no such proceedings had been instituted.

Section 6.6 Limitations on Suits by Securityholders.

Subject to Section 6.7, no Holder of any Security of any series shall have any right by virtue or by availing of any provision of this Indenture to institute an action or proceeding at law or in equity or in bankruptcy or otherwise upon or under or with respect to this Indenture, or for the appointment of a trustee, receiver, liquidator, custodian or other similar official or for any other remedy hereunder, unless:

- (a) such Holder previously shall have given to the Trustee written notice of an Event of Default and of the continuance thereof;
- (b) the Holders of at least 25% in principal amount of the Securities of such series then Outstanding shall have made written request upon the Trustee to institute such action or proceeding in its own name as Trustee hereunder;
- (c) Holders of the Securities of such series shall have offered to the Trustee reasonable security or indemnity against any loss, liability or expense to be incurred therein or thereby;

(d) the Trustee shall have not complied with such request for 60 days after the receipt thereof and the offer of security or indemnity; and

(e) Holders of a majority in principal amount of the Securities of such series then Outstanding shall have not given the Trustee a direction inconsistent with such written request within such 60-day period;

it being understood and intended, and being expressly covenanted by the taker and Holder of every Security with every other taker and Holder of any Security and with the Trustee, that no one or more Holders of Securities of any series shall have any right in any manner whatever by virtue or by availing of any provision of this Indenture to affect, disturb or prejudice the rights of any other Holder of Securities, or to obtain or seek to obtain priority over or preference to any other such Holder or to enforce any right under this Indenture, except in the manner herein provided and for the equal, ratable and common benefit of all Holders of Securities of such series. For the protection and enforcement of the provisions of this Section, each and every Holder of Securities of any series and the Trustee shall be entitled to such relief as can be given either at law or in equity.

Section 6.7 Unconditional Right of Securityholders to Institute Certain Suits.

Nothing contained in this Indenture or in the Securities of any series shall affect or impair the obligation of the Company, which is unconditional and absolute, to pay the principal of, and premium, if any, and interest, if any, on the Securities of such series at the respective places, at the respective times, at the respective rates, in the respective amounts and in the coin or currency therein and herein prescribed, or affect or impair the right of action, which is also absolute and unconditional, of any Holder of any Security to institute suit to enforce such payment at the respective due dates expressed in such Security, or upon redemption, by declaration, repayment or otherwise as herein provided without reference to, or the consent of, the Trustee or the Holder of any other Security, unless such Holder consents thereto.

Section 6.8 Powers and Remedies Cumulative; Delay or Omission Not Waiver of Default.

Except as provided in Section 6.6, no right or remedy herein conferred upon or reserved to the Trustee or to the Holder of any Security is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

No delay or omission of the Trustee or of any Holder of any Security of any series to exercise any right or power accruing upon any Event of Default occurring and continuing as aforesaid shall impair any such right or power or shall be construed to be a waiver of any such Event of Default or an acquiescence therein; and, subject to Section 6.6, every power and remedy given by this Indenture or by law to the Trustee or to the Holder of any Security may

be exercised from time to time, and as often as shall be deemed expedient, by the Trustee or by the Holder of such Security, as the case may be.

Section 6.9 Control by Holders of Securities.

The Holders of a majority in aggregate principal amount of the Securities of each series affected (with each series voting as a separate class) at the time Outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee with respect to the Securities of such series by this Indenture; provided that such direction shall not be otherwise than in accordance with law and the provisions of this Indenture, and provided, further, that (subject to the provisions of Section 7.1) the Trustee shall have the right to decline to follow any such direction if the Trustee, being advised by counsel, shall determine that the action or proceeding so directed may not lawfully be taken or if the Trustee in good faith by its board of directors, the executive committee or a trust committee of directors or Responsible Officers of the Trustee shall determine that the action or proceedings so directed would expose the Trustee to personal liability or if the Trustee in good faith shall so determine that the actions or forebearances specified in or pursuant to such direction would be unduly prejudicial to the interests of Holders of the Securities of all series so affected not joining in the giving of said direction, it being understood that (subject to Section 7.1) the Trustee shall have no duty to ascertain whether or not such actions or forebearances are unduly prejudicial to such Holders.

As between the Trustee and the Holders of the Securities, nothing in this Indenture shall impair the right of the Trustee in its discretion to take any action deemed proper by the Trustee and which is not inconsistent with such direction or directions by Securityholders.

Section 6.10 Waiver of Past Defaults.

The Holders of not less than a majority in principal amount of the Outstanding Securities of any series on behalf of the Holders of all the Securities of such series may waive any past default hereunder with respect to such series and its consequences (including waivers obtained in connection with a purchase of, or tender or exchange offer for, Securities of any series), except a default:

(1) in the payment of the principal of, or any premium, if any, or interest on, any Security of such series, except a rescission of acceleration of the Securities of such series by the Holders of at least a majority in aggregate principal amount of the Securities of such series and a waiver of the payment default that resulted from such acceleration, or

(2) in respect of a covenant or provision hereof which under Article 10 cannot be modified or amended without the consent of the Holder of each Outstanding Security of such series affected.

Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

Section 6.11 Trustee to Give Notice of Default, But May Withhold in Certain Circumstances.

The Trustee shall transmit to the Securityholders of any series, as the names and addresses of such Holders appear on the Security Register, notice by mail or otherwise in accordance with the procedures of the Depository (i) in the case of a Default or Event of Default under Section 6.1(a) or 6.1(b) of this Indenture, of all such Defaults or Events of Default that a Responsible Officer of the Trustee has actual knowledge of and (ii) in the case of all other Defaults or Events of Default, of all such Defaults or Events of Default with respect to which a Responsible Officer of the Trustee has received written notice which have occurred with respect to such series, such notice to be transmitted within 90 days after the receipt of such notice, unless such defaults shall have been cured before the giving of such notice (the term "default" or "defaults" for the purposes of this Section being hereby defined to mean any event or condition which is, or with notice or lapse of time or both would become, an Event of Default); provided that, except in the case of a default in the payment of the principal of, or premium, if any, or interest, if any, on any of the Securities of such series, the Trustee shall be protected in withholding such notice if and so long as a trust committee of directors or Responsible Officers of the Trustee in good faith determines that the withholding of such notice is in the interests of the Securityholders of such series. The Trustee shall be entitled to require the Paying Agent and all other agents to act under its direction following the occurrence of a Default or an Event of Default.

Section 6.12 Right of Court to Require Filing of Undertaking to Pay Costs.

The parties to this Indenture agree, and each Holder of any Security by his acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken, suffered or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section shall not apply to any suit instituted by the Trustee, to any suit instituted by any Securityholder or group of Securityholders of any series holding in the aggregate more than 10% in aggregate principal amount of the Securities of such series Outstanding, or to any suit instituted by any Holder of Securities for the enforcement of the payment of the principal of, or premium, if any, or interest, if any, on, any Security on or after the due date expressed in such Security.

**ARTICLE 7
CONCERNING THE TRUSTEE**

Section 7.1 Duties and Responsibilities of the Trustee; During Default; Prior to Default.

With respect to the Holders of any series of Securities issued hereunder, the Trustee, prior to the occurrence of an Event of Default with respect to the Securities of that series and after the curing or waiving of all Events of Default which may have occurred with respect to

such series, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an Event of Default with respect to the Securities of a series has occurred (which has not been cured or waived), the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(a) prior to the occurrence of an Event of Default with respect to the Securities of such series and after the curing or waiving of all such Events of Default with respect to such series which may have occurred:

(i) the duties and obligations of the Trustee shall be determined solely by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on the part of the Trustee, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon any statements, certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; but in the case of any such statements, certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they conform to the requirements of this Indenture;

(b) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer or Responsible Officers of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts; and

(c) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Holders of Securities pursuant to Section 6.9 relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Indenture.

Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section 7.1

None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that the repayment of such funds or adequate indemnity against such liability is not reasonably assured to it.

Section 7.2 Certain Rights of the Trustee.

Subject to Section 7.1:

(a) the Trustee may conclusively rely and shall be protected in acting or refraining from acting upon any resolution, Officer's Certificate, Company Order, Company Request or any other certificate, statement, instrument, opinion, report, notice, request, consent, order, bond, debenture, note, coupon, security or other paper or document (whether in original or facsimile form) believed by it to be genuine and to have been signed or presented by the proper party or parties;

(g) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys not regularly in its employ, and the Trustee shall not be responsible for any misconduct or negligence on the part of any such agent or attorney appointed with due care by it hereunder;

(h) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine during reasonable hours and upon reasonable notice the books, records and premises of the Company, personally or by agent or attorney, unless such examination is not permitted by applicable law;

(i) the Trustee shall not be deemed to have notice of any Default or Event of Default unless (i) in the case of a Default or Event of Default under Section 6.1(a) or 6.1(b) of this Indenture, a Responsible Officer of the Trustee has actual knowledge thereof and (ii) in the case of all other Defaults or Events of Default, written notice of any event which is in fact such a Default or Event of Default is received by the Trustee at the Corporate Trust Office of the Trustee, and such notice references the Securities and this Indenture, and nothing herein shall be deemed to require the Trustee to monitor the financial performance of the Company; and

(j) the rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder (including as Paying Agent, as applicable), and each agent, custodian and other Person authorized to act on behalf of the Trustee hereunder.

(k) Nothing hereunder shall require the Trustee or Paying Agent to risk, expend or advance its own funds, and neither the Trustee nor the Paying Agent shall be liable for interest on any funds held, except as otherwise set forth herein or as agreed with the Company in writing.

(l) From time to time, the Trustee may request that the Company deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture.

(m) The Trustee shall have no duty to inquire as to the performance by the Company of its covenants hereunder.

(n) In no event shall the Trustee be responsible or liable for any special, indirect or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

Section 7.3 Trustee Not Responsible for Recitals, Disposition of Securities or Application of Proceeds Thereof.

The recitals contained herein and in the Securities, except the certificates of authentication, shall be taken as the statements of the Company, and the Trustee assumes no responsibility for the correctness of the same, except that the Trustee represents that it is duly authorized to execute and deliver this Indenture, authenticate the Securities and perform its obligations hereunder and that the statements made by it in a Statement of Eligibility on Form T-1 supplied to the Company are true and accurate, subject to the qualifications set forth therein. The Trustee makes no representation as to the validity or sufficiency of this Indenture or of the Securities. The Trustee shall not be accountable for the use or application by the Company of any of the Securities or of the proceeds thereof.

Section 7.4 Trustee and Agents May Hold Securities; Collections, etc.

The Trustee, any Paying Agent, Securities Registrar, Authenticating Agent or any agent of the Company or the Trustee, in its individual or any other capacity, may become the owner or pledgee of Securities with the same rights it would have if it were not the Trustee or such agent, and, subject to Section 7.8 and Section 7.13, if operative, may otherwise deal with the Company and receive, collect, hold and retain collections from the Company with the same rights it would have if it were not the Trustee, Paying Agent, Securities Registrar, Authenticating Agent or such agent.

Section 7.5 Moneys Held by Trustee.

Subject to the provisions of Section 12.3, all moneys received by the Trustee shall, until used or applied as herein provided, be held in trust for the purposes for which they were received, but need not be segregated from other funds except to the extent required by mandatory provisions of law. The Trustee shall have no liability for interest on money it receives and holds in trust except as specifically provided herein.

Section 7.6 Compensation and Indemnification of Trustee and Its Prior Claim.

The Company covenants and agrees to pay the Trustee (including in its roles as Paying Agent and Securities Registrar, as applicable) from time to time, and the Trustee shall be entitled to such compensation as the Company and the Trustee may from time to time agree in writing for all services rendered by the Trustee hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust) and the Company covenants and agrees to pay or reimburse the Trustee and each predecessor trustee upon its request for all reasonable and properly incurred expenses, disbursements and advances incurred or made by or on behalf of it in accordance with any of the provisions of this Indenture (including the reasonable compensation and the expenses and disbursements of its counsel and of all agents and other Persons not regularly in its employ) except any such expense, disbursement or advance as shall be attributable to its negligence or bad faith. The Company also covenants to indemnify the Trustee (which for purposes of this Section 7.6 shall be deemed to include its directors, officers, employees and agents) and each predecessor trustee for, and hold it harmless against, any loss, liability, damage, claims or expense, including taxes

(other than taxes measured by the income of the Trustee or otherwise applicable to the Trustee for operations outside the scope of this Indenture) incurred without negligence or bad faith on its part, arising out of or in connection with the acceptance or administration of this Indenture or the trusts hereunder and the performance of its duties hereunder, including the costs and expenses of defending itself against or investigating any claim of liability in connection with the exercise or performance of any of its powers or duties hereunder except to the extent that any such loss, liability, damage, claims or expense shall be attributable to the Trustee's negligence or bad faith. The obligations of the Company under this Section to compensate and indemnify the Trustee (including in its roles as Paying Agent and Securities Registrar, as applicable) and each predecessor trustee and to pay or reimburse the Trustee and each predecessor trustee for expenses, disbursements and advances shall constitute additional obligations hereunder and shall survive the satisfaction and discharge of this Indenture and resignation or removal of the Trustee. Such additional obligations shall be secured by a Lien prior to that of the Securities upon all property and funds held or collected by the Trustee as such, except funds held in trust for the benefit of the Holders of particular Securities.

Section 7.7 Right of Trustee to Rely on Officer's Certificate, etc.

Subject to Section 7.1 and Section 7.2, whenever in the administration of the trusts of this Indenture the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering or omitting any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of negligence or bad faith on the part of the Trustee, be deemed to be conclusively proved and established by an Officer's Certificate delivered to the Trustee, and such certificate, in the absence of negligence or bad faith on the part of the Trustee, shall be full warrant to the Trustee for any action taken, suffered or omitted by it under the provisions of this Indenture upon the good faith thereof.

Section 7.8 Qualification of Trustee; Conflicting Interests.

The Trustee for the Securities of any series issued hereunder shall be, or shall be deemed to be, subject to the provisions of Section 310(b) of the Trust Indenture Act. In determining whether the Trustee has a conflicting interest as defined in Section 310(b) of the Trust Indenture Act with respect to the Securities of any series, there shall be excluded this Indenture with respect to Securities of any particular series of Securities other than that series.

Section 7.9 Persons Eligible for Appointment as Trustee.

There shall at all times be a Trustee hereunder for each series of Securities, which shall be at all times either:

- (a) a corporation organized and doing business under the laws of the United States of America or of any State or territory or the District of Columbia, authorized under such laws to exercise corporate trust powers and subject to supervision or examination by Federal, State, territory or District of Columbia authority; or

(b) a corporation or other Person organized and doing business under the laws of a foreign government that is permitted to act as sole Trustee pursuant to a rule, regulation or order of the SEC, authorized under such laws to exercise corporate trust powers, and subject to supervision or examination by authority of such foreign government or a political subdivision thereof substantially equivalent to supervision or examination applicable to United States institutional trustees,

in either case having a combined capital and surplus of at least \$50,000,000. If such corporation publishes reports of condition at least annually, pursuant to law or to requirements of the aforesaid supervising or examining authority, then for the purposes of this Section 7.9, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee for the Securities of any series shall cease to be eligible in accordance with the provisions of this Section 7.9, it shall resign immediately in the manner and with the effect hereinafter specified in this Article. Neither the Company nor any Person directly or indirectly controlling, controlled by, or under common control with the Company shall serve as Trustee for the Securities of any series issued hereunder.

Section 7.10 Resignation and Removal; Appointment of Successor Trustee.

(a) The Trustee, or any trustee or trustees hereafter appointed, may at any time resign by giving written notice of resignation to the Company and by mailing notice thereof by first-class mail to Holders of the Securities at their last addresses as they shall appear on the Security Register or otherwise in accordance with the procedures of the Depository. Upon receiving such notice of resignation, the Company shall promptly appoint a successor trustee or trustees by written instrument in duplicate, executed by authority of the Board of Directors, one copy of which instrument shall be delivered to the resigning Trustee and one copy to the successor trustee or trustees. If no successor trustee shall have been so appointed and have accepted appointment within 30 days after the mailing of such notice of resignation, the resigning Trustee may petition at the expense of the Company any court of competent jurisdiction for the appointment of a successor trustee, or any Securityholder who has been a bona fide Holder of a Security or Securities for at least six months may, subject to the provisions of Section 6.12, on behalf of himself and all others similarly situated, petition any such court for the appointment of a successor trustee. Such court may thereupon, after such notice, if any, as it may deem proper and prescribe, appoint a successor trustee.

(b) In case at any time any of the following shall occur:

(i) the Trustee shall fail to comply with the provisions of Section 310(b) of the Trust Indenture Act after written request therefor by the Company or by any Securityholder who has been a bona fide Holder of a Security or Securities for at least six months; or

(ii) the Trustee shall cease to be eligible in accordance with the provisions of Section 7.9 and shall fail to resign after written request therefor by the Company or by any Securityholder;

(iii) the Trustee shall become incapable of acting, or shall be adjudged a bankrupt or insolvent; or

(iv) a receiver or liquidator of the Trustee or of its property shall be appointed, or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any case, the Company may remove the Trustee and appoint a successor trustee by written instrument, in duplicate, executed by order of the Board of Directors of the Company, one copy of which instrument shall be delivered to the Trustee so removed and one copy to the successor trustee, or, subject to the provisions of Section 6.12, any Securityholder who has been a bona fide Holder of a Security or Securities for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor trustee. Such court may thereupon, after such notice, if any, as it may deem proper and prescribe, remove the Trustee and appoint a successor trustee.

(c) The Holders of a majority in aggregate principal amount of the Securities at the time Outstanding may at any time remove the Trustee and appoint a successor trustee by delivering to the Trustee so removed, to the successor trustee so appointed and to the Company the evidence provided for in Section 8.1 of the action in that regard taken by the Securityholders.

(d) No resignation or removal of the Trustee and no appointment of a successor trustee pursuant to any of the provisions of this Section 7.10 shall become effective until acceptance of appointment by the successor trustee as provided in Section 7.11.

Section 7.11 Acceptance of Appointment by Successor Trustee.

Any successor trustee appointed as provided in Section 7.10 shall execute, acknowledge and deliver to the Company and to its predecessor trustee an instrument accepting such appointment hereunder, and thereupon the resignation or removal of the predecessor trustee shall become effective and such successor trustee, without any further act, deed or conveyance, shall become vested with all rights, powers, duties and obligations of its predecessor hereunder, with like effect as if originally named as trustee hereunder; but nevertheless, on the written request of the Company or of the successor trustee, upon payment of all amounts due to the Trustee under Section 7.6, the Trustee ceasing to act shall pay over to the successor trustee all moneys at the time held by it hereunder and shall execute and deliver an instrument transferring to such successor trustee all such rights, powers, duties and obligations. Upon request of any successor trustee, the Company shall execute any and all instruments in writing for more fully and certainly vesting in and confirming to such successor trustee all such rights and powers. Any Trustee ceasing to act, shall, nevertheless, retain a prior Lien upon all property or funds held or collected by such trustee to secure any amounts then due to it pursuant to the provisions of Section 7.6.

No successor trustee shall accept appointment as provided in this Section 7.11 unless at the time of such acceptance such successor trustee shall be qualified under the provisions of Section 7.8 and eligible under the provisions of Section 7.9.

Upon acceptance of appointment by any successor trustee as provided in this Section 7.11, the Company shall mail notice thereof by first-class mail to the Holders of Securities at their last addresses as they shall appear on the Security Register or otherwise in accordance with the procedures of the Depository. If the acceptance of appointment is substantially contemporaneous with the resignation, then the notice called for by the preceding sentence may be combined with the notice called for by Section 7.10. If the Company fails to mail such notice within 10 days after acceptance of appointment by the successor trustee, the successor trustee shall cause such notice to be mailed at the expense of the Company.

Section 7.12 Merger, Conversion, Consolidation or Succession to Business of Trustee.

Any corporation in which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to substantially all of the corporate trust business of the Trustee, shall be the successor of the trustee hereunder without the execution or filing of any paper or any further act (including the giving of any notice to Securityholders) on the part of any of the parties hereto; provided that such corporation shall be qualified under the provisions of Section 7.8 and eligible under the provisions of Section 7.9.

In case at the time such successor to the Trustee shall succeed to the trusts created by this Indenture any of the Securities shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee and deliver such Securities so authenticated; and, in case at that time any of the Securities shall not have been authenticated, any successor to the Trustee may authenticate such Securities either in the name of any predecessor hereunder or in the name of the successor trustee; and in all such cases such certificate shall have the full force which it is anywhere in the Securities or in this Indenture provided for the certificate of authentication of the Trustee.

Section 7.13 Preferential Collection of Claims Against the Company.

(a) Subject to the provisions of this Section, if the Trustee shall be or shall become a creditor, directly or indirectly, secured or unsecured, of the Company or any other obligor of the Securities within three months prior to a default, as defined in Section 7.13(c), or subsequent to such a default, then, unless and until such default shall be cured, the Trustee shall set apart and hold in a special account for the benefit of the Trustee individually, the Holders of the Securities and the holders of other indenture securities (as defined in this Section):

(i) an amount equal to any and all reductions in the amount due and owing upon any claim as such creditor in respect of principal or interest, effected after the beginning of such three months' period and valid as against the Company and its other creditors, except any such reduction resulting from the receipt or disposition of any property described in Section 7.13(a)(ii), or from the exercise of any right of set-off

which the Trustee could have exercised if a petition in bankruptcy had been filed by or against the Company upon the date of such default; and

(ii) all property received by the Trustee in respect of any claim as such creditor, either as security therefor, or in satisfaction or composition thereof, or otherwise, after the beginning of such three months' period, or an amount equal to the proceeds of any such property, if disposed of, subject, however, to the rights, if any, of the Company and its other creditors in such property or such proceeds.

Nothing herein contained, however, shall affect the right of the Trustee:

(A) to retain for its own account (i) payments made on account of any such claim by any Person (other than the Company) who is liable thereon, (ii) the proceeds of a bona fide sale of any such claim by the Trustee to a third Person, and (iii) distributions made in cash, securities or other property in respect of claims filed against the Company in bankruptcy or receivership or in the proceedings for reorganization pursuant to the Federal Bankruptcy Code or applicable state law;

(B) to realize, for its own account, upon any property held by it as security for any such claim, if such property was so held prior to the beginning of such three months' period;

(C) to realize, for its own account, but only to the extent of the claim hereinafter mentioned, upon any property held by it as security for any such claim, if such claim was created after the beginning of such three months' period and such property was received as security therefor simultaneously with the creation thereof, and if the Trustee shall sustain the burden of proving that at the time such property was so received the Trustee has no reasonable cause to believe that a default as defined by Section 7.13(c) would occur within three months; or

(D) to receive payment on any claim referred to in paragraph (B) or (C) above, against the release of any property held as security for such claim as provided in such paragraph (B) or (C), as the case may be, to the extent of the fair value of such property.

For the purposes of paragraphs (B), (C) and (D), property substituted after the beginning of such three months' period for property held as security at the time of such substitution shall, to the extent of the fair value of the property released, have the same status as the property released, and, to the extent that any claim referred to in any of such paragraphs is created in renewal of or in substitution for or for the purpose of repaying or refunding any pre-existing claim of the Trustee as such creditor, such claim shall have the same status as such pre-existing claim.

If the Trustee shall be required to account, the funds and property held in such special account and the proceeds thereof shall be apportioned between the Trustee, the Holders

of the Securities and the holders of other indenture securities in such manner that the Trustee, such Holders and the holders of other indenture securities realize, as a result of payments from such special account and payments of dividends on claims filed against the Company in bankruptcy or receivership or in proceedings for reorganization pursuant to the Federal Bankruptcy Code or applicable state law, the same percentage of their respective claims, figured before crediting to the claim of the Trustee anything on account of the receipt by it from the Company of the funds and property in such special account and before crediting to the respective claims of the Trustee, Holders of the Securities and the holders of other indenture securities dividends on claims filed against the Company in bankruptcy or receivership or in proceedings for reorganization pursuant to the Federal Bankruptcy Code or applicable state law, but after crediting thereon receipts on account of the indebtedness represented by their respective claims from all sources other than from such dividends and from the funds and property so held in such special account. As used in this paragraph, with respect to any claim, the term "dividends" shall include any distribution with respect to such claim, in bankruptcy or receivership or in proceedings for reorganization pursuant to the Federal Bankruptcy Code or applicable state law, whether such distribution is made in cash, securities or other property, but shall not include any such distribution with respect to the secured portion, if any, of such claim. The court in which such bankruptcy, receivership or proceeding for reorganization is pending shall have jurisdiction (i) to apportion between the Trustee, the Holders of Securities and the holders of other indenture securities, in accordance with the provisions of this paragraph, the funds and property held in such special account and the proceeds thereof; or (ii) in lieu of such apportionment, in whole or in part, to give to the provisions of this paragraph due consideration in determining the fairness of the distributions to be made to the Trustee, the Holders of Securities and the holders of other indenture securities with respect to their respective claims, in which event it shall not be necessary to liquidate or to appraise the value of any securities or other property held in such special account or as security for any such claim, or to make a specific allocation of such distribution as between the secured and unsecured portions of such claims, or otherwise to apply the provisions of this paragraph as a mathematical formula.

Any Trustee who has resigned or been removed after the beginning of such three months' period shall be subject to the provisions of this Section 7.13(a) as though such resignation or removal had not occurred. If any Trustee has resigned or been removed prior to the beginning of such three months' period, it shall be subject to the provisions of this Section 7.13(a) if and only if the following conditions exist:

(i) the receipt of property or reduction of claim which would have given rise to the obligation to account, if such Trustee had continued as trustee, occurred after the beginning of such three months' period; and

(ii) such receipt of property or reduction of claim occurred within three months after such resignation or removal.

(b) There shall be excluded from the operation of this Section a creditor relationship arising from:

(i) the ownership or acquisition of securities issued under any indenture, or any security or securities having a maturity of one year or more at the time of acquisition by the Trustee;

(ii) advances authorized by a receivership or bankruptcy court of competent jurisdiction or by this Indenture for the purpose of preserving any property which shall at any time be subject to the lien of this Indenture or of discharging tax liens or other prior liens or encumbrances thereon, if notice of such advance and of the circumstances surrounding the making thereof is given to the Holders of the applicable series of Securities at the time and in the manner provided in this Indenture;

(iii) disbursements made in the ordinary course of business in the capacity of trustee under an indenture, transfer agent, registrar, custodian, paying agent, fiscal agent or depository, or other similar capacity;

(iv) an indebtedness created as a result of services rendered or premises rented or an indebtedness created as a result of goods or securities sold in a cash transaction as defined in Section 7.13(c)(iii);

(v) the ownership of stock or of some other securities of a corporation organized under the provisions of Section 25(a) of the Federal Reserve Act, as amended, which is directly or indirectly a creditor of the Company; or

(vi) the acquisition, ownership, acceptance or negotiation of any drafts, bills of exchange, acceptances or obligations which fall within the classification of self-liquidating paper as defined in Section 7.13(c)(iv).

(c) As used in this Section 7.13:

(i) the term “default” shall mean any failure to make payment in full of the principal of or interest upon any of the Securities of the applicable series or upon the other indenture securities when and as such principal or interest becomes due and payable;

(ii) the term “other indenture securities” shall mean securities upon which the Company is an obligor (as defined in the Trust Indenture Act) outstanding under any other indenture (i) under which the Trustee is also trustee, (ii) which contains provisions substantially similar to the provisions of Section 7.13(a), and (iii) under which a default exists at the time of the apportionment of the funds and property held in said special account;

(iii) the term “cash transaction” shall mean any transaction in which full payment for goods or securities sold is made within seven days after delivery of the goods or securities in currency or in checks or other orders drawn upon banks or bankers and payable upon demand;

(iv) the term “self-liquidating paper” shall mean any draft, bill of exchange, acceptance or obligation which is made, drawn, negotiated or incurred by the Company for the purpose of financing the purchase, processing, manufacture, shipment, storage or sale of goods, wares or merchandise and which is secured by documents evidencing title to, possession of, or a lien upon the goods, wares or merchandise or the receivables or proceeds arising from the sale of goods, wares or merchandise previously constituting the security, provided that the security is received by the Trustee simultaneously with the creation of the creditor relationship with the Company arising from the making, drawing, negotiating or incurring of the draft, bill of exchange, acceptance or obligation; and

(v) the term “Company” shall mean the Company or any other obligor (if any) under the Securities.

Section 7.14 Authenticating Agent.

So long as any Securities remain Outstanding, if the Corporate Trust Office of the Trustee is not located in the Borough of Manhattan, The City of New York, or otherwise upon a Company Request, there shall be an authenticating agent (the “Authenticating Agent”) appointed, for such period as the Company shall elect, by the Trustee to act as its agent on its behalf and subject to its direction in connection with the authentication and delivery of Securities. Securities authenticated by such Authenticating Agent shall be entitled to the benefits of this Indenture and shall be valid and obligatory for all purposes as if authenticated by such Trustee. Wherever reference is made in this Indenture to the authentication and delivery of Securities by the Trustee or to the Trustee's Certificate of Authentication, such reference shall be deemed to include authentication and delivery on behalf of the Trustee by an Authenticating Agent and a Certificate of Authentication executed on behalf of such Trustee by such Authenticating Agent. Such Authenticating Agent shall at all times be a corporation organized and doing business under the laws of the United States of America or of any State or of the District of Columbia, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least \$50,000,000 and subject to supervision or examination by Federal, State or District of Columbia authority. If the Corporate Trust Office of the Trustee is not located in the Borough of Manhattan, The City of New York, the Authenticating Agent shall have its principal office and place of business in the Borough of Manhattan, The City of New York.

Any corporation into which any Authenticating Agent may be merged or converted, or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which any Authenticating Agent shall be a party, or any corporation succeeding to the corporate agency business of any Authenticating Agent, shall continue to be the Authenticating Agent without the execution or filing of any paper or any further act on the part of the Trustee or such Authenticating Agent.

Any Authenticating Agent may at any time, and if it shall cease to be eligible shall, resign by giving written notice of resignation to the Trustee and to the Company. The Trustee may at any time terminate the agency of any Authenticating Agent by giving written notice of termination to such Authenticating Agent and to the Company. Upon receiving such

a notice of resignation or upon such a termination, or in case at any time any Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section 7.14, the Trustee shall upon Company Request appoint a successor Authenticating Agent, and the Company shall provide notice of such appointment to all Holders of Securities in the manner and to the extent provided in Section 13.4. Any successor Authenticating Agent upon acceptance of its appointment hereunder shall become vested with all rights, powers, duties and responsibilities of its predecessor hereunder, with like effect as if originally named as Authenticating Agent herein. The Company agrees to pay or to cause to be paid to the Authenticating Agent from time to time reasonable compensation for its services. The Authenticating Agent shall have no responsibility or liability for any action taken by it as such in good faith at the direction of the Trustee.

ARTICLE 8 CONCERNING THE HOLDERS OF SECURITIES

Section 8.1 Action by Holders.

Whenever in this Indenture it is provided that the Holders of a specified percentage in aggregate principal amount of the Securities of any series may take any action (including the making of any demand or request, the giving of any notice, consent or waiver or the taking of any other action) the fact that at the time of taking any such action the Holders of such specified percentage have joined therein may be evidenced (a) by any instrument or any number of instruments of similar intention executed by Holders in person or by agents or proxies appointed in writing, or (b) by the record of Holders voting in favor thereof at any meeting of such Holders duly called and held in accordance with the provisions of Article 9, or (c) by a combination of such instrument or instruments and any such record of such a meeting of Holders. The Company may (but shall not be required to) set a record date for purposes of determining the identity of Securityholders entitled to vote or consent to any action by vote or consent authorized or permitted under this Indenture, which record date shall be the later of 10 days prior to the first solicitation of such consent or the date of the most recent list of Holders furnished to the Trustee pursuant to Section 5.1 of this Indenture prior to such solicitation. If a record date is fixed, those Persons who were Securityholders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to take such action by vote or consent or to revoke any vote or consent previously given, whether or not such Persons continue to be Holders after such record date.

Section 8.2 Proof of Execution of Instruments by Holders of Securities.

Subject to Section 7.1, Section 7.2 and Section 9.5, the execution of any instrument by a Holder of a Security or his agent or proxy may be proved in any reasonable manner that the Trustee deems sufficient, including, without limitation, in the following manner:

The fact and date of the execution by any such Person of any instrument may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds, that the Person executing such instrument acknowledged to him the execution thereof, or by an affidavit or written statement of a witness to such execution. Where such execution is by an officer of a corporation or association or a member of a partnership on

behalf of such corporation, association or partnership, as the case may be, or by any other Person acting in a representative capacity, such certificate, affidavit or written statement shall also constitute sufficient proof of his authority.

The ownership of Securities shall be proved by the Securities Register or by a certificate of the Securities Registrar.

The record of any Holders' meeting shall be proved in the manner provided in Section 9.6.

Section 8.3 Holder to be Treated as Owner.

The Company, the Trustee and any agent of the Company or the Trustee may deem and treat the Person in whose name any Security shall be registered upon the Security Register as the absolute owner of such Security (notwithstanding any notation of ownership or other writing thereon) for the purpose of receiving payment of principal of, and premium, if any, and (subject to Section 3.6 and Section 3.8) interest, if any, on, such Security, and for all other purposes whatsoever, whether or not payment in respect of such Security be overdue, and neither the Company, the Trustee nor any agent of the Company or the Trustee shall be affected by notice to the contrary. All such payments so made to any Holder shall be valid, and, to the extent of the sum or sums so paid, effectual to satisfy and discharge the liability for moneys payable upon such Security.

None of the Company, the Trustee or any agent of the Company or the Trustee shall have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of a Global Security, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Notwithstanding the foregoing, with respect to any Global Security, nothing herein shall prevent the Company or the Trustee or any agent of the Company or the Trustee from giving effect to any written certification, proxy or other authorization furnished by any Depository (or its nominee), as a Holder, with respect to such Global Security or impair, as between such Depository and owners of beneficial interests in such Global Security, the operation of customary practices governing the exercise of the right of such Depository (or its nominee) as Holder of such Global Security.

Section 8.4 Securities Owned by Company Deemed Not Outstanding.

In determining whether the Holders of the requisite aggregate principal amount of Securities of any or all series have concurred in any direction, consent or waiver under this Indenture, Securities which are owned by the Company or any Affiliate of the Company shall be disregarded and deemed not to be Outstanding for the purpose of any such determination, except that for the purpose of determining whether the Trustee shall be protected in relying on any such direction, consent or waiver only Securities which the Trustee knows are so owned shall be so disregarded. Securities so owned which have been pledged in good faith may be regarded as Outstanding if the pledgee establishes to the satisfaction of the Trustee the pledgee's right so to act with respect to such Securities and that the pledgee is not the Company or any Affiliate of the Company. In case of a dispute as to such right, the advice of counsel

shall be full protection in respect of any decision made by the Trustee in accordance with such advice. Upon request of the Trustee, the Company shall furnish to the Trustee promptly an Officer's Certificate listing and identifying all Securities, if any, known by the Company to be owned or held by or for the account of the Company or any Affiliate of the Company; and, subject to Section 7.1 and Section 7.2, the Trustee shall be entitled to accept such Officer's Certificate as conclusive evidence of the facts therein set forth and of the fact that all Securities not listed therein are Outstanding for the purpose of any such determination.

Section 8.5 Right of Revocation of Action Taken.

At any time prior to (but not after) the evidencing to the Trustee, as provided in Section 8.1, of the taking of any action by the Holders of the percentage in aggregate principal amount of the Securities of any or all series, as the case may be, specified in this Indenture in connection with such action, any Holder of a Security, the number, letter or other distinguishing symbol of which is shown by the evidence to be included in the Securities the Holders of which have consented to such action, may, by filing written notice at the Corporate Trust Office and upon proof of holding as provided in this Article, revoke such action so far as concerns such Security. Except as aforesaid, any such action taken by the Holder of any Security shall be conclusive and binding upon such Holder and upon all future Holders and owners of such Security and of any Securities issued in exchange or substitution therefor, irrespective of whether or not any notation in regard thereto is made upon any such Security or such other Security. Any action taken by the Holders of the percentage in aggregate principal amount of the Securities of any or all series, as the case may be, specified in this Indenture in connection with such action shall be conclusively binding upon the Company, the Trustee and the Holders of all the Securities affected by such action.

**ARTICLE 9
HOLDERS' MEETINGS**

Section 9.1 Purposes of Meetings.

A meeting of Holders of Securities of any or all series may be called at any time and from time to time pursuant to the provisions of this Article for any of the following purposes:

- (a) to give any notice to the Company or to the Trustee for the Securities of such series, or to give any directions to the Trustee, or to consent to the waiving of any default hereunder and its consequences, or to take any other action authorized to be taken by Holders pursuant to any of the provisions of Article 6;
- (b) to remove the Trustee and nominate a successor Trustee pursuant to the provisions of Article 7;
- (c) to consent to the execution of an indenture or indentures supplemental hereto pursuant to the provisions of Section 10.2; or

(d) to take any other action authorized to be taken by or on behalf of the Holders of any specified aggregate principal amount of the Securities of any one or more or all series, as the case may be, under any other provision of this Indenture or under applicable law.

Section 9.2 Call of Meetings by Trustee.

The Trustee may at any time call a meeting of Holders of Securities to take any action specified in Section 9.1, to be held at such time and at such place in the Borough of Manhattan, The City of New York, or such other Place of Payment, as the Trustee shall determine. Notice of every meeting of the Holders of Securities, setting forth the time and the place of such meeting, and in general terms the action proposed to be taken at such meeting, shall be given to Holders of Securities of the particular series in the manner and to the extent provided in Section 13.4. Such notice shall be given not less than 10 nor more than 60 days prior to the date fixed for the meeting.

Section 9.3 Call of Meetings by Company or Holders.

In case at any time the Company, pursuant to a resolution of its Board of Directors, or the Holders of at least 10% in aggregate principal amount of the Outstanding Securities of any or all series, as the case may be, shall have requested the Trustee to call a meeting of Holders of Securities of any or all series, as the case may be, by written request setting forth in reasonable detail the action proposed to be taken at the meeting, and the Trustee for such series shall not have given the notice of such meeting within 20 days after receipt of such request, then the Company or such Holders, as the case may be, may determine the time and the place in the Borough of Manhattan or other Place of Payment for such meeting and may call such meeting to take any action authorized in Section 9.1, by giving notice thereof as provided in Section 9.2.

Section 9.4 Qualifications for Voting.

To be entitled to vote at any meeting of Holders a Person shall be (a) a Holder of one or more outstanding Securities with respect to which such meeting is being held or (b) a Person appointed by an instrument in writing as proxy by such Holder. The only Persons who shall be entitled to be present or to speak at any meeting of Holders shall be the Persons entitled to vote at such meeting and their counsel and any representatives of the Trustee and its counsel and any representatives of the Company and its counsel.

Section 9.5 Regulations.

Notwithstanding any other provisions of this Indenture, the Trustee may make such reasonable regulations as it may deem advisable for any meeting of Holders of the Securities in regard to proof of the holding of Securities and of the appointment of proxies, and in regard to the appointment and duties of inspectors of votes, the submission and examination of proxies, certificates and other evidence of the right to vote, and such other matters concerning the conduct of the meeting as it shall think fit.

The Trustee shall, by an instrument in writing, appoint a temporary chairman of the meeting, unless the meeting shall have been called by the Company or by Holders of

Securities as provided in Section 9.3, in which case the Company or the Holders calling the meeting, as the case may be, shall in like manner appoint a temporary chairman. A permanent chairman and a permanent secretary of the meeting shall be elected by majority vote of the meeting.

Subject to Section 8.4, at any meeting each Holder of Securities with respect to which such meeting is being held or proxy therefor shall be entitled to one vote for each \$1,000 principal amount (in the case of Original Issue Discount Securities, such principal amount to be determined as provided in the definition of “Outstanding”) of Securities held or represented by him; provided, however, that no vote shall be cast or counted at any meeting in respect of any such Security challenged as not Outstanding and ruled by the chairman of the meeting to be not Outstanding. The chairman of the meeting shall have no right to vote other than by virtue of Securities held by him or instruments in writing aforesaid duly designating him as the Person to vote on behalf of other Holders. At any meeting of Holders, the presence of Persons holding or representing Securities with respect to which such meeting is being held in an aggregate principal amount sufficient to take action on the business for the transaction of which such meeting was called shall constitute a quorum, but, if less than a quorum is present, the Persons holding or representing a majority in aggregate principal amount of such Securities represented at the meeting may adjourn such meeting with the same effect, for all intents and purposes, as though a quorum had been present. Any meeting of Holders of Securities with respect to which a meeting was duly called pursuant to the provisions of Section 9.2 or Section 9.3 may be adjourned from time to time by Persons holding or representing a majority in aggregate principal amount of such Securities represented at the meeting, present, whether or not constituting a quorum, and the meeting may be held as so adjourned without further notice.

Section 9.6 Voting.

The vote upon any resolution submitted to any meeting of Holders of Securities with respect to which such meeting is being held shall be by written ballots on which shall be subscribed the signatures of such Holders or of their representatives by proxy and the serial number or numbers of the Securities held or represented by them. The permanent chairman of the meeting shall appoint two inspectors of votes who shall count all votes cast at the meeting for or against any resolution and who shall make and file with the secretary of the meeting their verified written reports in duplicate of all votes cast at the meeting. A record in duplicate of the proceedings of each meeting of holders shall be prepared by the secretary of the meeting and there shall be attached to said record the original reports of the inspectors of votes on any vote by ballot taken thereat and affidavits by one or more Persons having knowledge of the facts setting forth a copy of the notice of the meeting and showing that said notice was mailed as provided in Section 9.2. The record shall show the serial numbers or otherwise identify the Securities voting in favor of or against any resolution. The record shall be signed and verified by the affidavits of the permanent chairman and secretary of the meeting and one of the duplicates shall be delivered to the Company and the other to the Trustee to be preserved by the Trustee.

Any record so signed and verified shall be conclusive evidence of the matters therein stated.

Section 9.7 No Delay of Rights by Reason of Meeting.

Nothing in this Article contained shall be deemed or construed to authorize or permit, by reason of any call of a meeting of Holders or any rights expressly or impliedly conferred hereunder to make such call, any hindrance or delay in the exercise of any right or rights conferred upon or reserved to the Trustee or to the Holders under any of the provisions of this Indenture or of the Securities of any series.

ARTICLE 10
SUPPLEMENTAL INDENTURES

Section 10.1 Supplemental Indentures Without Consent of Securityholders.

Without the consent of any Holders of Securities, the Company, when authorized by a resolution of its Board of Directors, and the Trustee may from time to time and at any time enter into an indenture or indentures supplemental hereto for one or more of the following purposes:

- (a) to cure any ambiguity, omission, mistake, defect or inconsistency;
- (b) to provide for uncertificated Securities of any series in addition to or in place of certificated Securities of such series;
- (c) to provide for the assumption of the Company's obligations to the Holders;
- (d) to make any change that would provide any additional rights or benefits to the Holders of Securities of any series or that does not materially adversely affect the legal rights under the Indenture of any such Holder;
- (e) to add covenants for the benefit of the Holders of Securities of any series or to surrender any right or power conferred upon the Company;
- (f) to comply with requirements of the SEC in order to effect or maintain the qualification of this Indenture under the Trust Indenture Act;
- (g) to evidence and provide for the acceptance and appointment under this Indenture of a successor Trustee hereunder pursuant to the requirements thereof or to otherwise comply with any requirement of this Indenture;
- (h) to provide for the issuance of exchange securities or private exchange securities, which are identical to exchange securities except that they are not freely transferable;
- (i) to add a guarantor with respect to the Securities of any series;
- (j) to conform the text of this Indenture, any supplemental indenture or the Securities of any series to any provision of any "Description of Notes" or any similar section included in any offering document that describes or summarizes the terms of the Securities of such series to the extent that such provision in such "Description of Notes" or similar section

was intended to be a verbatim recitation of a provision of this Indenture, any supplemental indenture or the Securities of such series;

(k) to make any amendment to the provisions of this Indenture relating to the transfer and legending of Securities of any series as permitted by this Indenture, including, without limitation, to facilitate the issuance and administration of the Securities of such series; provided, however, that (i) compliance with this Indenture as so amended would not result in Securities of such series being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer Securities of such series; or

(l) to mortgage, pledge, hypothecate or grant any other Lien in favor of the Trustee for the benefit of the Holders of the Securities of any series, as security for the payment and performance of all or any portion of the obligations of the Company under this Indenture and the Securities of such series, in any property or assets.

The Trustee is hereby authorized to join with the Company in the execution of any such supplemental indenture, to make any further appropriate agreements and stipulations, which may be therein contained and to accept the conveyance, transfer, assignment, mortgage or pledge of any property thereunder, but the Trustee shall not be obligated to enter into any such supplemental indenture which affects the Trustee's own rights, duties or immunities under this Indenture or otherwise, in which case the Trustee may in its discretion, but shall not be obligated to, enter into such supplemental indenture.

Any supplemental indenture authorized by the provisions of this Section may be executed without the consent of the Holders of any of the Securities at the time Outstanding, notwithstanding any of the provisions of Section 10.2.

Section 10.2 Supplemental Indentures With Consent of Securityholders.

With the consent (evidenced as provided in Article 8) of the Holders of not less than a majority in aggregate principal amount of the Securities at the time Outstanding of all series affected by such supplemental indenture, voting as one class (including consents obtained in connection with a purchase of, or tender or exchange offer for, Securities of any series), the Company, when authorized by a resolution of its Board of Directors, and the Trustee may, from time to time and at any time, enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Indenture or of any supplemental indenture or of modifying in any manner the rights of the Holders of the Securities of each such series; provided that, without the consent of each affected Holder of Securities of any series, no such supplemental indenture shall, with respect to the Securities of any series held by a non-consenting Holder:

(a) reduce the principal amount of such series of Securities whose Holders must consent to an amendment, supplement or waiver;

(b) reduce the principal amount of or change the fixed final maturity of any such series of Securities or alter or waive the provisions with respect to the redemption of such series of Securities;

(c) reduce the rate of or change the time for payment of interest on any Security of such series;

(d) waive a Default in the payment of principal of or premium, if any, or interest, if any, on the Securities of such series, except a rescission of acceleration of the Securities of such series by the Holders of at least a majority in aggregate principal amount of the Securities of such series and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in this Indenture which cannot be amended or modified without the consent of all Holders of Securities of such series;

(e) make any Security of any series payable in money other than that stated therein;

(f) make any change in the provisions of Section 6.10 or in the provisions in this Indenture relating to the rights of Holders to receive payments of principal of or premium, if any, or interest, if any, on the Securities of such series;

(g) make any change in the provisions of Section 10.2; or

(h) impair the right of any Holder to receive payment of principal of, or interest, if any, on such Holder's Securities of such series on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Securities of such series.

Upon the request of the Company, accompanied by a Board Resolution authorizing the execution of any such supplemental indenture, and upon providing the Trustee with evidence of the consent of Securityholders as aforesaid and other documents, if any, required by Section 8.1, the Trustee shall join with the Company in the execution of such supplemental indenture unless such supplemental indenture affects the Trustee's own rights, duties or immunities under this Indenture or otherwise, in which case the Trustee may in its discretion, but shall not be obligated to, enter into such supplemental indenture.

It shall not be necessary for the consent of the Securityholders under this Section to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such consent shall approve the substance thereof.

A supplemental indenture which changes or eliminates any covenant or other provision of this Indenture which has expressly been included solely for the benefit of one or more particular series of Securities, or which modifies the rights of the Holders of Securities of such series with respect to such covenant or other provision, shall be deemed not to affect the rights under this Indenture of the Holders of Securities of any other series.

Section 10.3 Notice of Supplemental Indenture.

Promptly after the execution by the Company and the Trustee of any supplemental indenture pursuant to the provisions of Section 10.2, the Company shall give a notice thereof by first-class mail to the Holders of Securities of each series affected thereby at their addresses as they shall appear on the Security Register or otherwise in accordance with the procedures of the Depository, setting forth in general terms the substance of such supplemental indenture. Any failure of the Company to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture.

Section 10.4 Effect of Supplemental Indenture.

Upon the execution of any supplemental indenture pursuant to the provisions of this Article, this Indenture shall be modified and amended in accordance therewith, but only with regard to the Securities of each series affected by such supplemental indenture, and the respective rights, limitations of rights, obligations, duties and immunities under this Indenture of the Trustee, the Company and the Holders of any Securities of such series affected thereby shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such supplemental indenture shall be part of the terms and conditions of this Indenture for any and all purposes with regard to the Securities of such series.

Section 10.5 Documents To Be Given to Trustee.

The Trustee, subject to the provisions of Section 7.1 and Section 7.2, shall be provided with an Officer's Certificate and an Opinion of Counsel as conclusive evidence that any supplemental indenture executed pursuant to this Article complies with the applicable provisions of this Indenture and is authorized or permitted by this Indenture.

Section 10.6 Notation on Securities in Respect of Supplemental Indentures.

Securities of any series affected by any supplemental indenture which are authenticated and delivered after the execution of such supplemental indenture pursuant to the provisions of this Article may bear a notation in form approved by the Company and the Trustee as to any matter provided for in such supplemental indenture. If the Company shall so determine, new Securities of any series so modified as to conform, in the opinion of the Company, to any modification of this Indenture contained in any such supplemental indenture may be prepared by the Company, authenticated by the Trustee and delivered in exchange for the Securities of such series then Outstanding.

ARTICLE 11
CONSOLIDATION, AMALGAMATION, MERGER OR SALE

Section 11.1 Company May Merge, Consolidate, Etc., Only on Certain Terms.

Unless otherwise provided in the Board Resolution or supplemental indenture pursuant to Section 3.1 establishing the terms of a particular series of Securities, so long as any Security

remains Outstanding, the Company shall not consolidate or merge with or into or wind up into (whether or not the Company Issuer is the surviving entity), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(a) (x) the Company is the surviving entity, or (y) the Person formed by or surviving any such consolidation or merger (if other than the Company) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is an entity organized or existing under the laws of the United States, any state or territory thereof or the District of Columbia (such Person being herein called the “Successor Person”);

(b) the Successor Person, if other than the Company, expressly assumes all the obligations of the Company under the Indenture and the Securities pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(c) immediately after such transaction, no Default with respect to any series of Securities exists; and

(d) the Company or the Successor Person shall have delivered to the Trustee an Officer’s Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Indenture.

Section 11.2 [Reserved.]

Section 11.3 Successor Person Substituted.

Upon any consolidation or merger of the Company with or into any other Person or any sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the property and assets of the Company in accordance with Section 11.1, the Successor Person formed by such consolidation or into which the Company is merged or the successor Person or to which such sale, assignment, transfer, lease, conveyance or other disposition is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under this Indenture with the same effect as if such Successor Person had been named as the Company herein, and thereafter, except in the case of a lease, the predecessor Person or Persons shall be relieved of all obligations and covenants under this Indenture and the Securities and in the event of such sale, assignment, transfer, lease, conveyance or other disposition, except in the case of a lease, any such predecessor Person may be dissolved and liquidated.

ARTICLE 12
SATISFACTION AND DISCHARGE OF INDENTURE,
DEFEASANCE, UNCLAIMED MONEYS

Section 12.1 Satisfaction and Discharge of Securities of Any Series.

The Company shall be deemed to have satisfied and discharged this Indenture with respect to the entire indebtedness on all the Outstanding Securities of any particular series, and

the Trustee, at the expense of the Company and upon Company Request, shall execute proper instruments acknowledging such satisfaction and discharge, when either:

(a) all Outstanding Securities of such series theretofore authenticated and delivered (other than (i) any Securities of such series which have been destroyed, lost or stolen and which have been replaced or paid as provided in Section 3.7 and (ii) Outstanding Securities of such series for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company, as provided in Section 12.3) have been delivered to the Trustee for cancellation; or

(b)

(i) all Outstanding Securities of such series described in clause (a) above (other than the Securities referred to in the parenthetical phrase thereof) not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company and the Company has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of Holders of Securities of such series cash in U.S. Dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on all such Outstanding Securities of such series not therefore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest, if any, to the date of maturity or redemption;

(ii) no Default (other than that resulting from borrowing funds to be applied to make such deposit or any similar and simultaneous deposit relating to other Indebtedness and the granting of Liens in connection therewith) with respect to the Indenture as it relates to the Securities of such series or the Securities of such series shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than this Indenture) to which the Company is a party or by which the Company is bound (other than resulting from any borrowing of funds to be applied to make such deposit and any similar and simultaneous deposit relating to such other Indebtedness and the granting of Liens in connection therewith);

(iii) the Company has paid or caused to be paid all sums payable by it under this Indenture with respect to the Outstanding Securities of such series, including all fees due to the Trustee under Section 7.6; and

(iv) the Company has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Securities of such series at maturity or the redemption date, as the case may be.

(c) In addition, the Company shall deliver to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture with respect to the entire indebtedness on all Outstanding Securities of any such series have been satisfied.

Upon the satisfaction of the conditions set forth in this Section 12.1 with respect to all the Outstanding Securities of any series, the terms and conditions with respect thereto set forth in this Indenture shall no longer be binding upon, or applicable to, the Company; provided, however, that the Company shall not be discharged from (a) any obligations under Section 7.6 and Section 7.10 and (b) any obligations under Section 3.6, Section 3.7, Section 5.1 and Section 12.3; and provided, further, that in the event a petition for relief under Bankruptcy Law is filed with respect to the Company within 91 days after the deposit, this Indenture with respect to the entire indebtedness on all Securities of such series shall not be discharged, and in such event the Trustee shall return such deposited funds or obligations as it is then holding to the Company upon Company Request.

Section 12.2 Legal Defeasance and Covenant Defeasance.

(a) Unless otherwise specified with respect to Securities of a particular series pursuant to Section 3.1, the Company may, at its option and at any time, elect to have Section 12.2(b) or Section 12.2(c) be applied to all Outstanding Securities of any series upon compliance with the conditions set forth below in this Section 12.2.

(b) Upon the Company's exercise of the above option applicable to this Section 12.2(b) with respect to any Securities of or within a series, the Company shall, subject to the satisfaction of the conditions set forth in Section 12.2(d), be deemed to have been discharged from its obligations with respect to such Outstanding Securities on the date the conditions set forth in clause (d) of this Section 12.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Company shall be deemed to have paid and discharged the entire indebtedness represented by such Outstanding Securities which shall thereafter be deemed to be "Outstanding" only for the purposes of Section 12.3 and the other Sections of this Indenture referred to in clauses (i) and (ii) below, and to have satisfied all of its other obligations under the Securities of such series and this Indenture insofar as such Securities are concerned (and the Trustee, at the expense of the Company, shall execute proper instruments acknowledging the same), except for the following which shall survive until otherwise terminated or discharged hereunder: (i) the rights of Holders of such Outstanding Securities to receive payments in respect of the principal of, and premium, if any, and interest, if any, on such Securities when such payments are due solely out of the trust fund created pursuant to clause (d) of this Section 12.2, and any rights of such Holder to convert such Securities into Common Stock of the Company or exchange such Securities for other securities; (ii) the Company's obligations with respect to such Securities concerning issuing temporary Securities, mutilated, destroyed, lost or stolen Securities and the maintenance of an office or agency for payment of money for security payments held in trust, and with respect to any rights to convert such Securities into Common Stock of the Company or exchange such Securities for other securities; (iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder including, without limitation, the compensation, reimbursement and indemnities provided in

Section 7.6 herein, and the Company's obligations in connection therewith; and (iv) this Section 12.2(b). The Company may exercise its option under this Section 12.2(b) notwithstanding the prior exercise of its option under clause (c) of this Section 12.2 with respect to such Securities.

(c) Upon the Company's exercise of the option to have this Section 12.2(c) apply with respect to any Securities of or within a series, the Company shall, subject to the satisfaction of the conditions set forth in Section 12.2(d), be released from its obligations under the covenants contained in Sections 4.7, 4.9 and 5.3 and its obligations under any covenants contained in any supplemental indenture applicable to such Securities with respect to such Outstanding Securities on and after the date the conditions set forth in clause (d) of this Section 12.2 are satisfied (hereinafter, "Covenant Defeasance"), and such Securities shall thereafter be deemed to be not "Outstanding" for the purposes of any direction, waiver, consent or declaration or Act of Holders (and the consequences of any thereof) in connection with any such covenant or obligation, but shall continue to be deemed "Outstanding" for all other purposes hereunder. For this purpose, Covenant Defeasance means that, with respect to such Outstanding Securities, the Company may omit to comply with, and shall have no liability in respect of, any term, condition or limitation set forth in any such Section or such other covenant or obligation, whether directly or indirectly, by reason of any reference elsewhere herein to any such Section or such other covenant or obligation or by reason of reference in any such Section or such other covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under Section 6.1 but, except as specified above, the remainder of this Indenture and such Securities shall be unaffected thereby. In addition, upon the Company's exercise of the option to have this Section 12.2(c) apply with respect to any Securities of or within a series, subject to the satisfaction of the conditions set forth in Section 12.2(d), Sections 6.1(c), 6.1(d) and 6.1(g) shall not constitute Events of Default.

(d) The following shall be the conditions to application of clause (b) or (c) of this Section 12.2 to any Outstanding Securities of or within a series:

(i) the Company shall irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Securities of such series, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest, if any, due on the Securities of such series on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest, if any, on the Securities of such series and the Company shall specify whether the Securities of such series are being defeased to maturity or to a particular redemption date;

(ii) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel confirming that, subject to customary assumptions and exclusions, (x) the Company has received from, or there has been published by, the United States Internal Revenue Service a ruling, or (y) since the issuance of the Securities of such series, there has been a change in the applicable U.S. federal income

tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders of the Securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(iii) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel confirming that, subject to customary assumptions and exclusions, the Holders of the Securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(iv) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(v) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture) to which the Company is a party or by which the Company is bound (other than that resulting from any borrowing of funds to be applied to make the deposit required to effect such Legal Defeasance or Covenant Defeasance and any similar and simultaneous deposit relating to such other Indebtedness, and the granting of Liens in connection therewith);

(vi) the Company shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(vii) the Company shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Company with the intent of defeating, hindering, delaying or defrauding any creditors of the Company or others;

(viii) the Company shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions), each stating that all conditions precedent for or relating to the Legal Defeasance or Covenant Defeasance under clause (b) or (c) of this Section 12.2, as the case may be, have been complied with; and

(ix) notwithstanding any other provision of this Section 12.2(d), such Legal Defeasance or Covenant Defeasance shall be effected in compliance with any additional or substitute terms, conditions or limitations in respect of the Securities of any series which may be imposed on the Company pursuant to Section 3.1.

(e) Unless otherwise specified in or pursuant to this Indenture, if, after a deposit referred to in Section 12.2(d)(i) has been made, (i) the Holder of a Security in respect of which such deposit was made is entitled to, and does, elect pursuant to Section 3.1 or the terms of such Security to receive payment in a Currency other than that in which the deposit pursuant to Section 12.2(d)(i) has been made in respect of such Security, or (ii) a Conversion Event occurs in respect of the Foreign Currency in which the deposit pursuant to Section 12.2(d)(i) has been made, the indebtedness represented by such Security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of, premium, if any, and interest, if any, on such Security as the same becomes due out of the proceeds yielded by converting (from time to time as specified below in the case of any such election) the amount or other property deposited in respect of such Security into the Currency in which such Security becomes payable as a result of such election or Conversion Event based on (x) in the case of payments made pursuant to clause (i) above, the applicable market exchange rate for such Currency in effect on the second Business Day prior to each payment date, or (y) with respect to a Conversion Event, the applicable market exchange rate for such Foreign Currency in effect (as nearly as feasible) at the time of the Conversion Event.

The Company shall pay and indemnify the Trustee against any tax, fee or other charge, imposed on or assessed against the Government Securities deposited pursuant to this Section 12.2 or the principal or interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of such Outstanding Securities.

Anything in this Section 12.2 to the contrary notwithstanding, the Trustee shall deliver or pay to the Company from time to time upon Company Request any money or Government Securities (or other property and any proceeds therefrom) held by it as provided in clause (d) of this Section 12.2 which, in the opinion of a nationally recognized firm of independent public accountants, which shall be delivered to the Trustee, are in excess of the amount thereof which would then be required to be deposited to effect a Legal Defeasance or Covenant Defeasance, as applicable, in accordance with this Section 12.2.

Section 12.3 Application of Trust Money.

All money and obligations deposited with the Trustee pursuant to Section 12.1 or 12.2 shall be held irrevocably in trust, which shall be made under the terms of an escrow trust agreement in form and substance satisfactory to the Company and the Trustee. Such money and obligations shall be applied by the Trustee, in accordance with the provisions of the Securities, this Indenture and such escrow trust agreement, to the payment, either directly or through any Paying Agent (including the Company acting as its own Paying Agent) as the Trustee may determine, to the Persons entitled thereto, of the principal of (and premium, if any) and interest, if any, on the Securities for the payment of which such money and obligations have been deposited with the Trustee. If Securities of any series are to be redeemed prior to their Stated Maturity, whether pursuant to any optional redemption provisions or in accordance with any mandatory or optional sinking fund requirement, the Company shall give the required notice of redemption or shall make such arrangements as are satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company.

Section 12.4 Repayment of Moneys Held by Paying Agent.

In connection with the satisfaction and discharge of this Indenture with respect to Securities of any series, all moneys with respect to such series then held by any Paying Agent (and not required for such satisfaction and discharge) shall, upon receipt of a Company Request for the same, be repaid to the Company or paid to the Trustee and thereupon such Paying Agent shall be released from all further liability with respect to such moneys.

Section 12.5 Return of Unclaimed Moneys Held by Trustee and Paying Agent.

Any moneys deposited with or paid to the Trustee or any Paying Agent for the payment of the principal of, or premium, if any, or interest, if any, on, Securities of any series and which shall not be applied but shall remain unclaimed by the Holders of Securities of such series for two years after the date upon which such payment shall have become due and payable, shall be repaid to the Company by the Trustee on demand; and the Holder of any of such Securities entitled to receive such payment shall thereafter look only to the Company for the payment thereof; provided, however, that the Company or the Trustee, before making any such repayment, shall at the expense of the Company cause to be published once a week for two successive weeks (in each case, on any day of the week) in an Authorized Newspaper, or mail to each Holder, or both, a notice that said moneys have not been so applied and that after a date named therein any unclaimed balance of said moneys then remaining will be returned to the Company.

If the Trustee or Paying Agent is unable to apply any money in accordance with Section 12.3 by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Company's obligations under this Indenture and the Securities shall be revived and reinstated as though no deposit had occurred pursuant to Section 12.1 or Section 12.2 until such time as the Trustee or Paying Agent is permitted to apply all such money in accordance with Section 12.3; provided, however, that if the Company makes any payment of premium, if any, or interest on or principal of any Security following the reinstatement of its obligations, the Company shall be subrogated to the rights of the Holders of such Securities to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE 13
MISCELLANEOUS PROVISIONS

Section 13.1 No Personal Liability of Directors, Officers, Employees and Stockholders.

No director, officer, employee, incorporator or stockholder of the Company or any of its parent companies shall have any liability for any obligations of the Company under any Security or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting Securities waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Securities.

Section 13.2 Provisions of Indenture for the Sole Benefit of Parties and Holders.

Nothing in this Indenture or in the Securities, expressed or implied, shall give or be construed to give to any Person, other than the parties hereto and their successors and the Holders of the Securities, any legal or equitable right, remedy or claim under this Indenture or under any covenant or provision herein contained, all such covenants and provisions being for the sole benefit of the parties hereto and their successors and the Holders of the Securities.

Section 13.3 Successors and Assigns of Company Bound by Indenture.

All the covenants, stipulations, promises and agreements in this Indenture contained by or on behalf of the Company shall bind its successors and assigns, whether so expressed or not.

Section 13.4 Notices to Holders; Waiver.

Where this Indenture provides for notice to Holders of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed by first-class mail, postage prepaid, to such Holders as their names and addresses appear on the Securities Register or otherwise in accordance with the procedures of the Depository within the time prescribed. All notices and communications (other than those sent to Holders) shall be deemed to have been duly given: at the time delivered by hand, if personally delivered; five calendar days after being deposited in the mail, postage prepaid, if mailed by first-class mail; when receipt acknowledged, if faxed; and the next Business Day after timely delivery to the courier, if sent by overnight air courier guaranteeing next day delivery.

Where this Indenture provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Trustee, but such filing shall not be a condition precedent to the validity of any action taken in reliance on such waiver. Neither the failure to give a notice, nor any defect in any notice to any particular Holder, shall affect the sufficiency of such notice with respect to other Holders, and any notice which is given in the manner herein provided shall be conclusively presumed to have been duly given. In case by reason of the suspension of publication of any Authorized Newspapers or by reason of any other cause it shall be impracticable to publish any notice to Holders otherwise required or permitted under this Indenture, then such notification as shall be given with the approval of the Trustee shall constitute sufficient notice to such Holders for every purpose hereunder.

Section 13.5 Addresses for Notices.

Any notice or demand which by any provision of this Indenture is required or permitted to be given or served by the Trustee or by the Holders of Securities of any series on the Company may be given or served by registered mail or facsimile addressed (until another address is filed by the Company with the Trustee) as follows: The Narragansett Electric Company, 280 Melrose Street, Providence, Rhode Island 02907, Attention: Treasurer, with a copy to Simpson Thacher & Bartlett LLP, 425 Lexington Avenue, New York, New York 10017, Fax No.: (212) 455-2502; Attention: Vincent Pagano Jr., Esq. Any certificate, statement or opinion of an officer of the Company may be based, insofar as it relates to legal matters, upon a certificate or opinion of or representations by counsel, unless such officer knows that the certificate or opinion or representations with respect to the matters upon which his certificate, statement or opinion may be based as aforesaid are erroneous, or in the exercise of reasonable care should know that the same are erroneous. Any certificate, statement or opinion of counsel may be based, insofar as it relates to factual matters, upon the certificate, statement or opinion of or representations by an officer or officers of the Company, unless such counsel knows that the certificate, statement or opinion or representations with respect to the matters upon which his certificate, statement or opinion may be based as aforesaid are erroneous, or in the exercise of reasonable care should know that the same are erroneous.

opinion may be based as aforesaid are erroneous, or in the exercise of reasonable care should know that the same are erroneous.

Any certificate or opinion of any independent firm of public accountants filed with the Trustee shall contain a statement that such firm is independent.

Section 13.7 Separability Clause.

In case any provision of this Indenture or of the Securities shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 13.8 Legal Holidays.

Section 13.9 Conflict of Any Provision of Indenture with Trust Indenture Act.

If and to the extent that any provision of this Indenture limits, qualifies or conflicts with a provision of the Trust Indenture Act that is required under the Trust Indenture Act to be a part of and govern this Indenture, the latter provision shall control. If any provision of this Indenture modifies or excludes any provision of the Trust Indenture Act that may be so modified or excluded, the former provision shall control.

Section 13.10 Governing Law.

THIS INDENTURE AND EACH SECURITY SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

Section 13.11 Submission to Jurisdiction; Waiver of Jury Trial.

THE COMPANY AND THE TRUSTEE HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS INDENTURE OR ANY SECURITY.

Section 13.13 Force Majeure.

In no event shall the Trustee be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services; it being understood that the Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

Section 13.14 Counterparts.

This Indenture may be executed in any number of counterparts, and on separate counterparts, each of which shall be an original; but such counterparts shall together constitute but one and the same instrument.

Section 13.15 Effect of Headings.

The Article and Section headings herein and the Table of Contents are for convenience only and shall not affect the interpretation hereof.

**ARTICLE 14
REDEMPTION OF SECURITIES**

Section 14.1 Applicability of Article.

The provisions of this Article shall be applicable to the Securities of any series which are redeemable before their Stated Maturity, except as otherwise specified as contemplated by Section 3.1 for Securities of such series.

Section 14.2 Notice of Redemption; Selection of Securities.

In case the Company shall desire to exercise the right to redeem all or, as the case may be, any part of the Securities of any series in accordance with their terms, it shall fix a Redemption Date and shall provide notice of such redemption at least 45 days prior to such Redemption Date to the Trustee and at least 30 days but no more than 60 days prior to such Redemption Date to the Holders of Securities of such series so to be redeemed as a whole or in part in the manner provided in Section 13.4, unless a different period is specified in the Securities to be redeemed, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with Article 12 hereof. The notice provided in the manner herein specified shall be conclusively presumed to have been duly given, whether or not the Holder receives such notice. In any case, failure to give such notice or any defect in the notice to the Holder of any Security of a series designated for redemption as a whole or in part shall not affect the validity of the proceedings for the redemption of any other Security of such series.

Each such notice of redemption shall specify the Redemption Date, the Redemption Price, the CUSIP, Common Code, ISIN or other comparable number, the Place or Places of Payment, that the Securities of such series are being redeemed at the option of the Company pursuant to provisions contained in the terms of the Securities of such series or in a supplemental indenture establishing such series, if such be the case, together with a brief statement of the facts permitting such redemption, that payment will be made upon presentation and surrender of the applicable Securities at the Place or Places of Payment, that the Redemption Price together with any accrued and unpaid interest to the Redemption Date will be paid as specified in said notice, the conditions precedent to the redemption, and that on and after said Redemption Date any interest thereon or on the portions thereof to be redeemed will cease to accrue, and any information that is required to be included therein by the Depository.

In case any Security of any series is to be redeemed in part only, the notice of redemption shall state the portion of the principal amount thereof to be redeemed and shall state that on and after the Redemption Date, upon surrender of such Security, a new Security or Securities of such series in principal amount equal to the unredeemed portion thereof will be issued, or, in the case of Securities providing appropriate space for such notation, at the option of the Holders the Trustee, in lieu of delivering a new Security or Securities as aforesaid, may make a notation on such Security of the payment of the redeemed portion thereof.

On or before the Redemption Date with respect to the Securities of any series stated in the notice of redemption given as provided in this Section 14.2, the Company will deposit with

the Trustee or with one or more Paying Agents an amount of money (except as otherwise specified as contemplated by Section 3.1 for the Securities of such series or if the Company is acting as its own Paying Agent, segregate and hold in trust as provided in Section 4.3) sufficient to redeem on such Redemption Date all the Securities or portions thereof so called for redemption at the applicable Redemption Price, together with any accrued and unpaid interest, if any, to, but not including, such Redemption Date.

If the Company is redeeming less than all of the Securities of any series issued by it at any time, the Trustee will select the Securities of such series to be redeemed (a) if the Securities of such series are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Securities of such series are listed, (b) on a pro rata basis to the extent practicable or, if a pro rata basis is not practicable for any reason, by lot or by such other method as the Trustee shall deem fair and appropriate, or (c) by lot or such other similar method in accordance with the procedures of the Depository.

If the Trustee shall use "CUSIP," "Common Code" or "ISIN" numbers in notices as a convenience to Holders, then any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Securities or as contained in any notice of a redemption and that reliance may be placed only on the other identification numbers printed on the Securities, and any such redemption shall not be affected by any defect in or omission of such numbers. The Company will promptly notify the Trustee in writing of any change in the "CUSIP," "Common Code" or "ISIN" numbers.

The Trustee shall promptly notify the Company in writing of the Securities selected for redemption and, in the case of any Securities selected for partial redemption, the principal amount thereof to be redeemed.

Section 14.3 Payment of Securities Called for Redemption.

If notice of redemption has been given as above provided and the Company has deposited, on or before the Redemption Date, with the Trustee (and/or having irrevocably directed the Trustee to apply, from money held by it available to be used for the redemption of Securities) an amount in cash sufficient to redeem all of the Securities to be redeemed, the Securities or portions of Securities of the series specified in such notice shall become due and payable on the Redemption Date, and at the place or places stated in such notice at the applicable Redemption Price, together with any interest accrued and unpaid to, but not including, such Redemption Date, and on and after said Redemption Date any interest on the Securities or portion of Securities of any series so called for redemption shall cease to accrue. On presentation and surrender of such Securities at a Place of Payment in such notice specified, such Securities or the specified portions thereof shall be paid and redeemed by the Company at the applicable Redemption Price, together with any interest accrued and unpaid to, but not including, the Redemption Date, except that if such Redemption Date is an Interest Payment Date, interest shall be paid as provided in Section 3.8.

Upon presentation of any Security redeemed in part only, the Company shall execute and the Trustee shall authenticate and make available for delivery to or on the order of the

Holder thereof, at the expense of the Company, a new Security or Securities of such series, of authorized denominations, in principal amount equal to the unredeemed portion of the Security so presented.

If a Security in global form is so surrendered, the Company shall execute, and the Trustee shall authenticate and deliver to the Depository for such Security in global form as shall be specified in the Company Order with respect thereto to the Trustee, without service charge, a new Security in global form in a denomination equal to and in exchange for the unredeemed portion of the principal of the Security in global form so surrendered.

If any Security called for redemption shall not be so paid upon surrender thereof for redemption, the principal and any premium, until paid, shall bear interest from the Redemption Date at the rate prescribed therefor in the Security.

(c) The Paying Agent accepts its obligations set forth herein, upon the terms and subject to the conditions hereof, including the following, to all of which the Issuer agrees:

(i) The Paying Agent shall be entitled to such compensation as may be agreed in writing with the Issuer for all services rendered by the Paying Agent, and the Issuer promises to pay such compensation and to reimburse the Paying Agent for the reasonable out-of-pocket expenses (including reasonable counsel fees and expenses) properly incurred by it in connection with the services rendered by it hereunder upon receipt of such invoices as the Issuer shall reasonably require. The Issuer agrees to indemnify the Paying Agent (which for purposes of this subsection shall include its directors, officers, employees and agents) for, and to hold it harmless against, any and all loss, liability, damage, claims or reasonable expenses (including the costs and expenses of defending against any claim of liability) properly incurred by the Paying Agent that arises out of or in connection with its acting as Paying Agent hereunder, except such as may result from the negligence, willful misconduct or bad faith of the Paying Agent or any of its agents or employees. The Paying Agent shall incur no liability and shall be indemnified and held harmless by the Issuer for, or in respect of, any action taken or omitted by it in good faith in reliance upon written instructions from the Issuer. The provisions of this paragraph shall survive the termination of this Supplemental Indenture and the resignation or removal of the Paying Agent.

(ii) In acting under the Indenture and in connection with the Designated Securities, the Paying Agent is acting solely as agent of the Issuer and does not assume any obligations to, or relationship of agency or trust for or with, any of the Holders of the Designated Securities.

(iii) The Paying Agent shall be protected and shall incur no liability for or in respect of any action taken or omitted to be taken or anything suffered by it in reliance upon the terms of the Designated Securities or any document, including any resolution, Officer's Certificate or any other certificate, statement, instrument, opinion, report, notice, request, consent, order, bond, debenture, note, coupon or security (whether in original or

facsimile form), believed by it to be genuine and to have been signed or presented by the proper party or parties.

(iv) The duties and obligations of the Paying Agent shall be determined solely by the express provisions of the Indenture, and the Paying Agent shall not be liable except for the performance of such duties and obligations as are specifically set forth in the Indenture, and no implied covenants or obligations shall be read into the Indenture against the Paying Agent.

(v) Unless herein otherwise specifically provided, any request, direction, order or demand of the Issuer mentioned herein shall be sufficiently evidenced by an Officer's Certificate (unless other evidence in respect thereof be herein specifically prescribed).

(vi) The Paying Agent may, upon obtaining the prior written consent of the Issuer (which consent shall not be unreasonably withheld) perform any duties hereunder either directly or by or through agents or attorneys not regularly in its employ, and the Paying Agent shall not be responsible for any misconduct or negligence on the part of any such agent or attorney appointed with due care by it hereunder.

(vii) Sections 7.2(c), 7.2(e), 7.2(i) and 7.2(j) of the Original Indenture are also deemed applicable to the Paying Agent.

(viii) None of the provisions hereunder shall require the Paying Agent to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that the repayment of such funds or adequate indemnity against such liability is not reasonably assured to it.

(ix) In no event shall the Paying Agent be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services; it being understood that the Paying Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

the date on which its desired resignation shall become effective; *provided, however,* that such date shall not be earlier than 60 days after the receipt of such notice by the Issuer, unless the Issuer agrees in writing to accept less notice. The Paying Agent may be removed (with or without cause) at any time by the filing with it of any instrument in writing signed on behalf of the Issuer by any proper officer or an authorized person thereof and specifying such removal and the date when it is intended to become effective (such date shall not be earlier than 60 days after the receipt of such instrument by the Paying Agent, unless otherwise agreed by the parties), subject to (if such Paying Agent is not also the Trustee) the written consent of the Trustee, which consent shall not be unreasonably withheld. Notwithstanding the provisions of this Section 2.1(d)(i), such resignation or removal shall take effect only upon the date of the appointment by the Issuer, as hereinafter provided, and the acceptance thereof, of a successor Paying Agent. If within 30 days after notice of resignation or removal has been received, a successor Paying Agent has not been appointed, the Paying Agent may petition a court of competent jurisdiction to appoint a successor Paying Agent at the Issuer's cost, as per Section 2.5(c)(i) hereof. A successor Paying Agent shall be appointed by the Issuer by an instrument in writing signed on behalf of the Issuer by any proper officer or an authorized person thereof and the successor Paying Agent. Upon the appointment of a successor Paying Agent and acceptance by it of such appointment, the Paying Agent so succeeded shall cease to be such Paying Agent hereunder. Upon its resignation or removal, the Paying Agent shall be entitled to the payment by the Issuer of its compensation, if any is owed to it, for services rendered hereunder and to the reimbursement of all reasonable and properly incurred out-of-pocket expenses incurred in connection with the services rendered by it hereunder, in each case as per Section 2.5(c)(i) hereof.

(ii) Any successor Paying Agent appointed hereunder shall execute and deliver to its predecessor and to the Issuer an instrument accepting such appointment hereunder, and thereupon such successor Paying Agent, without any further act, deed or conveyance, shall become vested with all the authority, rights, powers, trusts, immunities, duties and obligations of such predecessor with like effect as if originally named as such Paying Agent hereunder, and such predecessor, upon payment by the Issuer of its charges and disbursements then unpaid, shall thereupon become obliged to transfer and deliver, and such successor Paying Agent shall be entitled to receive, copies of any relevant records maintained by such predecessor Paying Agent.

(iii) Any Person into which the Paying Agent may be merged or converted or with which the Paying Agent may be consolidated, or any Person resulting from any merger, conversion or consolidation to which the Paying Agent shall be a party, or any Person succeeding to all or

substantially all of the assets and business of the Paying Agent, or all or substantially all of the corporate trust business of the Paying Agent shall, to the extent permitted by applicable law and provided that it shall have an established place of business in New York, New York, be the successor Paying Agent under the Indenture without the execution or filing of any paper or any further act on the part of any of the parties hereto. Notice of any such merger, conversion, consolidation or sale shall be given to the Issuer as promptly as practicable following such merger, conversion, consolidation or sale.

(iv) Any notice required to be given by the Paying Agent to any other Person hereunder shall be given in accordance with Section 13.5 of the Original Indenture. Any notice to be given to the Paying Agent shall be delivered in person, sent by first class mail or overnight air courier guaranteeing next day delivery or communicated by facsimile, to the following address (or to any other address of which the Paying Agent shall have notified the Issuer in writing): The Bank of New York Mellon, Corporate Trust Services, One Canada Square, London E14 5AL, United Kingdom, Fax: +44-(0)20-7964-2536, Attention: Corporate Trust Services, with a copy to: The Bank of New York Mellon, Global Trust Services, 101 Barclay Street, New York, New York, Fax: (212) 815-5366. interest in an Unrestricted Global Security of the same series, a certificate from such holder in the form of Exhibit B hereto, including the certifications in item (4) thereof;

and, in each such case set forth in subparagraph (A) or (B), if the Securities Registrar so requests or if the Applicable Procedures so require, an Opinion of Counsel in form reasonably acceptable to the Securities Registrar to the effect that such exchange or transfer is in compliance with the Securities Act and that the restrictions on transfer contained herein and in the Private Placement Legend are no longer required in order to maintain compliance with the Securities Act.

If any such transfer is effected pursuant to clause (iv) above at a time when an Unrestricted Global Security has not yet been issued, the Issuer shall issue and, upon receipt of a Company Order in accordance with Section 3.3 of the Original Indenture, the Trustee shall authenticate one or more Unrestricted Global Securities in an aggregate principal amount equal to the aggregate principal amount of beneficial interests transferred pursuant to subparagraph (A) or (B) above.

Beneficial interests in an Unrestricted Global Security cannot be exchanged for, or transferred to Persons who take delivery thereof in the form of, a beneficial interest in a Restricted Global Security.

(c) Transfer or Exchange of Beneficial Interests for Definitive Securities.

(i) Beneficial Interests in Restricted Global Securities to Restricted Definitive Securities. (iii) Beneficial Interests in Restricted Global Securities to Unrestricted Definitive Securities. A holder of a beneficial interest in a Restricted

Upon satisfaction of the conditions of any of the subparagraphs in this Section 2.9(d)(ii), the Trustee shall cancel the Definitive Securities and increase or cause to be increased the aggregate principal amount of the Unrestricted Global Security.

(iii) Unrestricted Definitive Securities to Beneficial Interests in Unrestricted Global Securities. A Holder of an Unrestricted Definitive Security may exchange such Designated Security for a beneficial interest in an Unrestricted Global Security or transfer such Definitive Securities to a Person who takes delivery thereof in the form of a beneficial interest in an Unrestricted Global Security at any time. Upon receipt of a request for such an exchange or transfer, the Trustee shall cancel the applicable Unrestricted Definitive Security and increase or cause to be increased the aggregate principal amount of one of the Unrestricted Global Securities.

If any such exchange or transfer from a Definitive Security to a beneficial interest is effected pursuant to clauses (ii) or (iii) above at a time when an Unrestricted Global Security has not yet been issued, the Issuer shall issue and, upon receipt of a Company Order in accordance with Section 3.3 of the Original Indenture, the Trustee shall authenticate one or more Unrestricted Global Securities in an aggregate principal amount equal to the principal amount of Definitive Securities so transferred.

(e) Transfer and Exchange of Definitive Securities for Definitive Securities. Upon request by a Holder of Definitive Securities and such Holder's compliance with the provisions of this Section 2.9(e), the Securities Registrar shall register the transfer or exchange of Definitive Securities. Prior to such registration of transfer or exchange, the requesting Holder shall present or surrender to the Securities Registrar the Definitive Securities duly endorsed or accompanied by a written instruction of transfer in form satisfactory to the Securities Registrar duly executed by such Holder or by its attorney, duly authorized in writing. In addition, the requesting Holder shall provide any additional certifications, documents and information, as applicable, required pursuant to the following provisions of this Section 2.9(e):

(iii) Unrestricted Definitive Securities to Unrestricted Definitive Securities. As a condition to any such exchange pursuant to this Section 2.9(h), the Trustee shall be entitled to receive from the Issuer, and rely conclusively without any liability, upon an Officer's Certificate and an Opinion of Counsel to the Issuer, in form and in substance reasonably satisfactory to the Trustee, to the effect that such transfer of beneficial interests to the Unrestricted Global Security shall be effected in compliance with the Securities Act. The Issuer may request from Holders such information it reasonably determines is required in order to be able to deliver such Officer's Certificate and Opinion of Counsel. Upon such exchange of beneficial interests pursuant to this Section 2.9(h), the Securities Registrar shall reflect on its books and records the date of such transfer and a decrease and increase, respectively, in the principal amount of the applicable Restricted Global Securities and the Unrestricted Global Securities, respectively, equal to the principal amount of beneficial interests transferred. Following any such transfer pursuant to this Section 2.9(h) of all of the beneficial interests in a Restricted Global Security, such Restricted Global Security shall be cancelled.

Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. Except as described below for the first Interest Payment Date, on each Interest Payment Date, the Issuer will pay interest on the Designated Securities for the period commencing on and including the immediately preceding Interest Payment Date and ending on and excluding such Interest Payment Date. On the first Interest Payment Date, the Issuer will pay interest for the period commencing on and including the Issue Date and ending on and excluding the first Interest Payment Date. If any Interest Payment Date falls on a day that is not a Business Day, the interest payment shall be postponed to the next day that is a Business Day, without interest accruing on the amount then so payable from such day that is not a Business Day until such Business Day. If the Maturity of any Designated Security is not a Business Day, payment of principal, premium, if any, and interest on the applicable Designated Security will be made on the next succeeding day that is a Business Day, without interest accruing on the amount then so payable from such day that is not a Business Day until such Business Day.

Any such interest not so punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name the Designated Securities represented hereby (or one or more Predecessor Securities) are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by or on behalf of the Company, notice whereof shall be given to Holders of Designated Securities not less than 15 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Designated Securities may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

The Bank of New York Mellon shall initially act as Trustee and as Paying Agent with respect to the Designated Securities.

Reference is hereby made to the further provisions of the Designated Securities set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee, directly or through an Authenticating Agent, by manual signature of an authorized signatory, the Designated Securities represented hereby shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

[Reverse of Designated Security]

THE NARRAGANSETT ELECTRIC COMPANY

This Designated Security represents a duly authorized issue of 4.534% Senior Notes due 2020 (the “**Designated Securities**”), issued under an Indenture, dated as of March 22, 2010 (the “**Original Indenture**”), between the Issuer and The Bank of New York Mellon, as Trustee (the “**Trustee**,” which term includes any successor trustee under the Indenture), as supplemented with respect to the Designated Securities by the First Supplemental Indenture, dated as of March 22, 2010, between the Issuer and The Bank of New York Mellon, as Trustee and Paying Agent (together with the Original Indenture, the “**Indenture**”). Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Issuer, the Trustee and the Holders of the Designated Securities and of the terms upon which the Designated Securities are, and are to be, authenticated and delivered.

At any time and from time to time, the Issuer may redeem all or a part of the Designated Securities, upon not less than 30 nor more than 60 days’ prior notice mailed by first-class mail to the registered address of each Holder of Designated Securities or otherwise in accordance with the procedures of the Depository, at a Redemption Price equal to the greater of (1) 100% of the principal amount of the Designated Securities redeemed and (2) the present value at such Redemption Date of (i) the principal amount of such Designated Securities on the Redemption Date, plus (ii) all required interest payments due on such Designated Securities through March 15, 2020, computed using a discount rate equal to the Treasury Rate determined on the third Business Day preceding the date notice of such optional redemption is to be given plus 15 basis points, plus, in each case, accrued and unpaid interest, if any, to the Redemption Date, subject to the rights of Holders of Designated Securities on the relevant Regular Record Date to receive interest due on the relevant Interest Payment Date.

“**Treasury Rate**” means, as of any Redemption Date, the yield to maturity as of such Redemption Date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two Business Days prior to the Redemption Date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the Redemption Date to March 15, 2020; provided, however, that if the period from the Redemption Date to March 15, 2020 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

If an Event of Default with respect to the Designated Securities shall occur and be continuing, principal of, premium, if any, and accrued but unpaid interest on the Designated Securities may be declared due and payable in the manner, with the effect and subject to the conditions provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Issuer and the Trustee with the consent of the Holders of a majority in principal amount of the securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of the Designated Securities represented by this Designated Security shall be conclusive and binding upon such Holder and upon all future Holders of the Designated Securities represented by this Designated Security and of the Designated Securities represented by any Designated Security issued upon the registration of transfer of the Designated Securities represented by this Designated Security or in exchange thereof or in lieu thereof, whether or not notation of such consent or waiver is made upon this Designated Security.

No reference herein to the Indenture and no provision of the Designated Securities or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of, premium, if any, and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal or premium or any overdue interest, on the Designated Securities at the rate or rates herein prescribed.

As provided in the Indenture, the Issuer shall cause to be kept at the Corporate Trust Office of the Trustee a Register in which, subject to such reasonable regulations as it may prescribe, the Issuer shall provide for the registration of Designated Securities and of transfers of Designated Securities.

No service charge shall be made for any such registration of transfer or exchange, but the Issuer may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange, other than as set forth in the Indenture.

Prior to due presentment of this Designated Security for registration of transfer of any Designated Security represented hereby, the Issuer, the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Designated Security is registered as the owner of this Designated Security for the purpose of receiving payment of principal of and any premium and (subject to Section 3.8 of the Original Indenture) any interest on such Security and for all other purposes whatsoever, whether or not this Designated Security be overdue, and neither the Issuer, the Trustee nor any agent of the Issuer or the Trustee shall be affected by notice to the contrary.

THE INDENTURE AND THE DESIGNATED SECURITIES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

All capitalized terms used herein which are not otherwise defined herein shall have the meanings assigned to them in the Indenture.

 - (i) The Paying Agent shall be entitled to such compensation as may be agreed in writing with the Issuer for all services rendered by the Paying Agent, and the Issuer promises to pay such compensation and to reimburse the Paying Agent for the reasonable out-of-pocket expenses (including reasonable counsel fees and expenses) properly incurred by it in connection with the services rendered by it hereunder upon receipt of such invoices as the Issuer shall reasonably require. The Issuer agrees to indemnify the Paying Agent (which for purposes of this subsection shall include its directors, officers, employees and agents) for, and to hold it harmless against, any and all loss, liability, damage, claims or reasonable expenses (including the costs and expenses of defending against any claim of liability) properly incurred by the Paying Agent that arises out of or in connection with its acting as Paying Agent hereunder, except such as may result from the negligence, willful misconduct or bad faith of the Paying Agent or any of its agents or employees. The Paying Agent shall incur no liability and shall be indemnified and held harmless by the Issuer for, or in respect of, any action taken or omitted by it in good faith in reliance upon written instructions from the Issuer. The provisions of this paragraph shall survive the termination of this Supplemental Indenture and the resignation or removal of the Paying Agent.
 - (ii) In acting under the Indenture and in connection with the Designated Securities, the Paying Agent is acting solely as agent of the Issuer and does not assume any obligations to, or relationship of agency or trust for or with, any of the Holders of the Designated Securities.

- (iii) The Paying Agent shall be protected and shall incur no liability for or in respect of any action taken or omitted to be taken or anything suffered by it in reliance upon the terms of the Designated Securities or any document, including any resolution, Officer's Certificate or any other certificate, statement, instrument, opinion, report, notice, request, consent, order, bond, debenture, note, coupon or security (whether in original or facsimile form), believed by it to be genuine and to have been signed or presented by the proper party or parties.
 - (iv) The duties and obligations of the Paying Agent shall be determined solely by the express provisions of the Indenture, and the Paying Agent shall not be liable except for the performance of such duties and obligations as are specifically set forth in the Indenture, and no implied covenants or obligations shall be read into the Indenture against the Paying Agent.
 - (v) Unless herein otherwise specifically provided, any request, direction, order or demand of the Issuer mentioned herein shall be sufficiently evidenced by an Officer's Certificate (unless other evidence in respect thereof be herein specifically prescribed).
 - (vi) The Paying Agent may, upon obtaining the prior written consent of the Issuer (which consent shall not be unreasonably withheld) perform any duties hereunder either directly or by or through agents or attorneys not regularly in its employ, and the Paying Agent shall not be responsible for any misconduct or negligence on the part of any such agent or attorney appointed with due care by it hereunder.
 - (vii) Sections 7.2(c), 7.2(e), 7.2(i) and 7.2(j) of the Original Indenture are also deemed applicable to the Paying Agent.
 - (viii) None of the provisions hereunder shall require the Paying Agent to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that the repayment of such funds or adequate indemnity against such liability is not reasonably assured to it.
 - (ix) In no event shall the Paying Agent be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services; it being understood that the Paying Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.
- (d) (i) The Paying Agent may at any time resign as Paying Agent by giving written notice to the Issuer of such intention on its part, specifying the date on which its desired resignation shall become effective; provided, however, that such date shall not be earlier

than 60 days after the receipt of such notice by the Issuer, unless the Issuer agrees in writing to accept less notice. The Paying Agent may be removed (with or without cause) at any time by the filing with it of any instrument in writing signed on behalf of the Issuer by any proper officer or an authorized person thereof and specifying such removal and the date when it is intended to become effective (such date shall not be earlier than 60 days after the receipt of such instrument by the Paying Agent, unless otherwise agreed by the parties), subject to (if such Paying Agent is not also the Trustee) the written consent of the Trustee, which consent shall not be unreasonably withheld. Notwithstanding the provisions of this Section 2.5(d)(i), such resignation or removal shall take effect only upon the date of the appointment by the Issuer, as hereinafter provided, and the acceptance thereof, of a successor Paying Agent. If within 30 days after notice of resignation or removal has been received, a successor Paying Agent has not been appointed, the Paying Agent may petition a court of competent jurisdiction to appoint a successor Paying Agent at the Issuer's cost, as per Section 2.5(c)(i) hereof. A successor Paying Agent shall be appointed by the Issuer by an instrument in writing signed on behalf of the Issuer by any proper officer or an authorized person thereof and the successor Paying Agent. Upon the appointment of a successor Paying Agent and acceptance by it of such appointment, the Paying Agent so succeeded shall cease to be such Paying Agent hereunder. Upon its resignation or removal, the Paying Agent shall be entitled to the payment by the Issuer of its compensation, if any is owed to it, for services rendered hereunder and to the reimbursement of all reasonable and properly incurred out-of-pocket expenses incurred in connection with the services rendered by it hereunder, in each case as per Section 2.5(c)(i) hereof.

- (ii) Any successor Paying Agent appointed hereunder shall execute and deliver to its predecessor and to the Issuer an instrument accepting such appointment hereunder, and thereupon such successor Paying Agent, without any further act, deed or conveyance, shall become vested with all the authority, rights, powers, trusts, immunities, duties and obligations of such predecessor with like effect as if originally named as such Paying Agent hereunder, and such predecessor, upon payment by the Issuer of its charges and disbursements then unpaid, shall thereupon become obliged to transfer and deliver, and such successor Paying Agent shall be entitled to receive, copies of any relevant records maintained by such predecessor Paying Agent.
- (iii) Any Person into which the Paying Agent may be merged or converted or with which the Paying Agent may be consolidated, or any Person resulting from any merger, conversion or consolidation to which the Paying Agent shall be a party, or any Person succeeding to all or substantially all of the assets and business of the Paying Agent, or all or substantially all of the corporate trust business of the Paying Agent shall, to the extent permitted by applicable law and provided that it shall have an established place of business in New York, New York, be the successor Paying Agent under the Indenture without the execution or filing of any paper or any further act on the part of any of the parties hereto. Notice of any such merger, conversion, consolidation or sale shall be given to the Issuer as promptly as practicable following such merger, conversion, consolidation or sale.

- (iv) Any notice required to be given by the Paying Agent to any other Person hereunder shall be given in accordance with Section 13.5 of the Original Indenture. Any such interest not so punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name the Designated Securities represented hereby (or one or more Predecessor Securities) are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by or on behalf of the Company, notice whereof shall be given to Holders of Designated Securities not less than 15 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Designated Securities may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

The Bank of New York Mellon shall initially act as Trustee and as Paying Agent with respect to the Designated Securities.

Reference is hereby made to the further provisions of the Designated Securities set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee, directly or through an Authenticating Agent, by manual signature of an authorized signatory, the Designated Securities represented hereby shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

[Reverse of Designated Security]

THE NARRAGANSETT ELECTRIC COMPANY

This Designated Security represents a duly authorized issue of 4.170% Senior Notes due 2042 (the "Designated Securities"), issued under an Indenture, dated as of March 22, 2010 (the "Original Indenture"), between the Issuer and The Bank of New York Mellon, as Trustee (the "Trustee," which term includes any successor trustee under the Indenture), as supplemented with respect to the Designated Securities by the Third Supplemental Indenture, dated as of December 10, 2012, between the Issuer and The Bank of New York Mellon, as Trustee and Paying Agent (together with the Original Indenture, the "Indenture"). Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Issuer, the Trustee and the Holders of the Designated Securities and of the terms upon which the Designated Securities are, and are to be, authenticated and delivered.

At any time and from time to time, the Issuer may redeem all or a part of the Designated Securities, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder of Designated Securities or otherwise in accordance with the procedures of the Depository, at a Redemption Price equal to the greater of (1) 100% of the principal amount of the Designated Securities redeemed and (2) the present value at such Redemption Date of (i) the principal amount of such Designated Securities on the Redemption Date, plus (ii) all required interest payments due on such Designated Securities through December 10, 2042, computed using a discount rate equal to the Treasury Rate determined on the third Business Day preceding the date notice of such optional redemption is to be given plus 25 basis points, plus, in each case, accrued and unpaid interest, if any, to the Redemption Date, subject to the rights of Holders of Designated Securities on the relevant Regular Record Date to receive interest due on the relevant Interest Payment Date.

"Treasury Rate" means, as of any Redemption Date, the yield to maturity as of such Redemption Date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two Business Days prior to the Redemption Date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the Redemption Date to December 10, 2042; provided, however, that if the period from the Redemption Date to December 10, 2042 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

If an Event of Default with respect to the Designated Securities shall occur and be continuing, principal of, premium, if any, and accrued but unpaid interest on the Designated Securities may be declared due and payable in the manner, with the effect and subject to the conditions provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Issuer and the Trustee with the consent of the Holders of a majority in principal amount of the securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of the Designated Securities represented by this Designated Security

shall be conclusive and binding upon such Holder and upon all future Holders of the Designated Securities represented by this Designated Security and of the Designated Securities represented by any Designated Security issued upon the registration of transfer of the Designated Securities represented by this Designated Security or in exchange thereof or in lieu thereof, whether or not notation of such consent or waiver is made upon this Designated Security.

No reference herein to the Indenture and no provision of the Designated Securities or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of, premium, if any, and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal or premium or any overdue interest, on the Designated Securities at the rate or rates herein prescribed.

As provided in the Indenture, the Issuer shall cause to be kept at the Corporate Trust Office of the Trustee a Register in which, subject to such reasonable regulations as it may prescribe, the Issuer shall provide for the registration of Designated Securities and of transfers of Designated Securities.

No service charge shall be made for any such registration of transfer or exchange, but the Issuer may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange, other than as set forth in the Indenture.

Prior to due presentment of this Designated Security for registration of transfer of any Designated Security represented hereby, the Issuer, the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Designated Security is registered as the owner of this Designated Security for the purpose of receiving payment of principal of and any premium and (subject to Section 3.8 of the Original Indenture) any interest on such Security and for all other purposes whatsoever, whether or not this Designated Security be overdue, and neither the Issuer, the Trustee nor any agent of the Issuer or the Trustee shall be affected by notice to the contrary.

THE INDENTURE AND THE DESIGNATED SECURITIES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

All capitalized terms used herein which are not otherwise defined herein shall have the meanings assigned to them in the Indenture.

ARTICLE I INTRODUCTION

1.1 Name. The Plan shall be known as the Rhode Island Energy Retirement Plan.

1.2 Purpose. The purpose of the Plan is to provide eligible Participants and their Spouses or Beneficiaries with periodic income after retirement in addition to benefits provided under the Federal Social Security Act.

1.3 History. This Plan is a spin-off of the National Grid USA Companies' Final Average Pay Pension Plan (the "Predecessor Plan"), and is established as a new plan in connection with PPL Corporation's acquisition of The Narragansett Electric Company. The effective date of the spin-off and the date this Plan is established is January 14, 2022. The Plan was established as of this 2022 spin-off date to duplicate the provisions of the Predecessor Plan. Assets and liabilities from the Predecessor Plan were allocated to the Plan to comply with the requirements of Code §401(a)(12), 414(l), ERISA §4044, and their attendant regulations. Thus the prior restatements and history of the Predecessor Plan also effectively serve as the prior restatements and history of the Plan. The Plan is intended to comply with all applicable laws, including ERISA and the Code, and regulations thereunder.

1.4 Classification. The Plan shall be treated as a single employer plan, and not as a multi-employer plan for all purposes under ERISA and the Code.

ARTICLE II DEFINITIONS

The following words and phrases when used in the Plan shall have the following meanings, unless a different meaning is plainly required by the context.

Accrued Benefit means the monthly benefit, payable to a Participant at Normal

Retirement Date (or any later retirement date) on a straight life annuity basis, determined in accordance with Sections 6.1, 6.2, 6.6, and 6.7 (whichever are applicable) based on Years of Service and Final Average Compensation as of any date of determination.

Actuarial Equivalent and Actuarial Equivalence mean that the present value of two benefits which differ in the form and/or timing of payment are of equal value determined, except as otherwise specified in the Plan, on the basis of 8.5% interest and the 1971 TPF&C Forecast Mortality Table for Males, with Participant ages set back two years and beneficiary ages set back four years; provided, however, for the purposes of calculating present values for subsection 19.3(a), both Participant and Beneficiary ages will be set back two years.

Actuary means a person who is an “enrolled actuary,” having met requirements in accordance with regulations under ERISA issued by the Joint Board for the Enrollment of Actuaries, or a firm, corporation, or other organization which employs such a person, and who or which has been selected by the Employee Benefit Plan Board.

Administrator means the EBPB.

Affiliated Company or Affiliated Companies shall mean (a) any corporation that is a member of the same controlled group of corporations (within the meaning of section 414(b) of the Code) as the Employer; (b) any member of an affiliated service group, as determined under section 414(m) of the Code, of which the Employer is a member; (c) any trade or business (whether or not incorporated) that is under common control with the Employer, as determined under section 414(c) of the Code, and (d) any other organization or entity that is required to be aggregated with the Employer under section 414(o) of the Code and regulations issued thereunder.

Alternate Payee means the alternate payee under a qualified domestic relations order relating to the Plan.

Applicable Interest Rate means the “applicable interest rate” prescribed by Code Section 417(e)(3) and implementing regulations and other guidance thereunder, as follows:

(a) The “applicable interest rate” means the adjusted first, second and third segment rates described in Code Section 417(e)(3)(D) applied under rules similar to the rules of Code Section 430(h)(2)(C) (determined by not taking into account any adjustment under clause (iv) thereof) for the month of February immediately preceding the Plan Year in which the Participant’s Benefit Commencement Date occurs, as specified by the Commissioner of the Internal Revenue Service in revenue rulings, notices or other guidance published in the Internal Revenue Bulletin that applies to the Benefit Commencement Date.

Any reference in this Plan to the interest rate under Code Section 417 shall be construed as a reference to the Applicable Interest Rate.

Applicable Mortality Table means the “applicable mortality table” prescribed by Code Section 417(e)(3) and implementing regulations and other guidance thereunder. The “applicable mortality table” is the mortality table prescribed by the Commissioner of the Internal Revenue Service for purposes of Code Section 417(e)(3)(B) (or a successor thereto) in revenue rulings, notices or other guidance published in the Internal Revenue Bulletin that applies to the Benefit Commencement Date.

Any reference in this Plan to the mortality table or assumption under Code Section 417 shall be construed as a reference to the Applicable Mortality Table.

All Beneficiary designations (and any changes thereto) shall be made on such form and in such manner as prescribed by the Administrator from time to time, and in accordance with such rules and procedures (including spousal consent requirements, if applicable) as are set forth under the terms of the Plan. If more than one person is designated as Beneficiary, each shall have an equal share unless the designation directs otherwise. Any designation, change or revocation shall be effective only if it is received by the Administrator before the death of the Participant. If no valid Beneficiary designation is on file with the Administrator at the time of the Participant’s death, or if no designated Beneficiary survives the Participant, the benefit shall be paid to the Participant’s surviving Spouse, if any; otherwise, the benefit shall be paid to the estate of the Participant. In the case of a Cash Balance Participant, Beneficiary status will be determined in conjunction with Section 18.5.

Benefits Commencement Date means the date as of which an annuity or lump sum becomes payable by election of the Participant in accordance with the terms of the Plan and written procedures of the Employee Benefit Plan Board (including the completion of such forms and the provision of such advance notice of benefit commencement as may be required under the aforementioned Plan terms or procedures) or such date as is otherwise required by Code section 401(a)(9) or 401(a)(14). It is intended that the Benefits Commencement Date shall be the Participant’s “annuity starting date” as defined in Code section 417(f)(2). The Benefits Commencement Date shall be the first day of a month subject to adjustment under Section 17.2. Notwithstanding the fact that the Benefits Commencement Date is as of the first of a month, the actual date that the annuity or lump sum is paid may occur after the payment processing is finalized following the Benefits Commencement Date. After initial processing, lump sum payments for

Cash Balance Participants and all payments for Union Employee members of Local 12431 will be made as of the last day of the month for which the payment is attributable, and annuity payments for all other Participants, including Cash Balance Participants, will be made as of the first day of the month for which the payment is attributable.

However, Compensation shall exclude: Employer contributions to the National Grid USA Companies' Incentive Thrift Plans or any other defined contribution plans not made pursuant to a salary reduction agreement (meaning matching contributions); compensation deferred under other plans; reimbursement of expenses; payments made from the supplemental disability income program, or the short-term disability or long-term disability plans; Christmas remembrances; awards and other additional forms of earnings (including other contributions made by the Employer to or under any form of employee benefit program, including health insurance or severance pay); and shares allocated or actual shares granted under the National Grid USA Companies' Long-Term Performance Share Award Plan or the National Grid Transco PLC Performance Share Plan 2002 (or its successor plans), or any similar plan in which the Employee may participate.

Participant attains age 70½). Effective April 1, 2010, any Union Participant who continues to be an Employee after reaching April 1 of the calendar year following the calendar year in which he or she attains age 70½, and who would otherwise qualify for retirement benefits, shall have the option to receive retirement benefits as required and in accordance with section 401(a)(9) of the Code, the applicable Treasury Regulations, and Section 6.10, commencing on or after such date.

Solely for purposes of discrimination testing pursuant to sections 401(a)(4) and 401(a)(26) of the Code, for the purposes of the minimum participation and coverage requirements of section 410 of the Code, for applying the vesting requirements of section 401(a)(7) of the Code, and for determining a Top Heavy Plan Year under the Plan, the term “Employee” shall include a “leased employee” as defined in section 414(n) of the Code and any other individuals who are required by law to be treated as employees for such purposes.

Notwithstanding anything herein to the contrary, the term “Employee” for purposes of eligibility to participate in the Plan shall specifically exclude any individual who was not employed by The Narragansett Electric Company and actively accruing a benefit in the National Grid Plan on the Closing Date; provided, however, an individual who is hired by an Employer from National Grid or an affiliate on or after the Closing Date and was actively accruing a benefit in the National Grid Plan on the date of their termination from National Grid or its affiliate, is an Employee.

Normal Retirement Income means the monthly pension benefit payable to a retired Employee commencing on his or her Normal Retirement Date and in the normal form of payment. In accordance with Code Section 411(a) and the Treasury Regulations issued thereunder, the Normal Retirement Income of a Participant shall not be less than the largest periodic benefit that would have been payable to the Participant upon separation from service at or prior to normal retirement age under the Plan exclusive of Social Security supplements, premiums on disability or term insurance, and the value of disability benefits not in excess of the normal retirement benefit, and disregarding any actuarial subsidies. Once the Social Security Amount is determined for a Participant, it shall not be affected by changes thereafter in the Social Security Act.

Spouse means the person who is lawfully married to a Participant on the Participant’s Benefit Commencement Date, or, if earlier, the person who is lawfully married to a Participant at the Participant’s death, as determined under applicable federal law. For purposes of this definition, the present value of any accrued benefit under a defined benefit plan, and the value of an account balance under a defined contribution plan, shall be increased by the aggregate distributions made with respect to such employee under the plan during the 1-year period ending on the determination date. The preceding sentence shall also apply to distributions under a terminated plan which if it had not been terminated would have been required to be included in an aggregation group. In the case of any distribution made for a reason other than severance from employment, death, or disability, the above shall be applied by substituting "5-year-period" for "1-year period." Amounts held under any plan as rollover contributions or as a result of a plan-to-plan transfer shall not be taken into account under such plan if such amounts were contributed or transferred to such plan subsequent to December 31, 1983, or were contributed at the instigation of the Employee and were transferred or distributed from a plan not maintained by an Employer. The present value of accrued benefits for purposes of this definition is calculated using an interest rate of 5.5%, the Applicable Mortality Table defined in this Article II and based on a benefit payable at normal retirement age (excluding any pre-retirement death and disability benefits). If the Plan is in an aggregation group that includes two or more defined benefit plans, these actuarial assumptions shall be used for purposes of Top Heavy testing with respect to all such plans.

For purposes of this definition, the term "determination date" means, with respect to the initial plan year of a plan, the last day of such plan year and, with respect to any other plan year of a plan, the last day of the preceding plan year of such plan. The "applicable determination date" means, with respect to the Plan, the determination date for the Plan Year of reference and, with respect to any other plan, the determination date for any plan year of such plan which falls within the same calendar year as the applicable determination date of the Plan. Accrued benefits or account balances under a plan will be determined as of the most recent valuation date in the 12-month period ending on the applicable determination date of the plan; provided, however, that in the case of a defined benefit plan such valuation date must be the same date as employed for minimum funding purposes and in the case of a defined contribution plan the value so determined will be adjusted for contributions made after the valuation date to the extent required by applicable Treasury Regulations.

For purposes of this definition, the accrued benefits of any Non-Key Employee shall be determined (i) under the method which is used for accrual purposes for all plans of the Employers, or (ii) if there is no method described in (i), as if such benefit accrued

not more rapidly than the slowest accrual rate permitted under section 411(b)(1)(C) of the Code.

There will be aggregated with this Plan any other plan of an Employer (including any plan that has been terminated if maintained within five years of the applicable determination date)

(i) under which at least one Key Employee participates and which is able to satisfy the requirements of sections 401(a)(4) or 410 of the Code by reason, at least in part, of the existence of this Plan, or

(ii) if at least one Key Employee is a Participant hereunder, in which a Key Employee participates or which enables a plan maintained by an Employer in which a Key Employee participates (including, but not limited to, the Plan) to satisfy the requirements of sections 401(a)(4) or 410 of the Code.

Any plan of an Employer not required to be aggregated with the Plan under the preceding sentence may nevertheless, at the discretion of the Committee, be aggregated with the Plan if the benefits and coverage of all aggregated plans would continue to satisfy the requirements of sections 401(a)(4) and 410 of the Code.

Notwithstanding the foregoing, for purposes of determining whether the Plan is top-heavy under this definition, proportional subsidies shall be disregarded while non-proportional subsidies (i.e., subsidies which apply to a group of employees that would not independently satisfy the requirements of Code section 410(b)) shall be taken into account assuming commencement at the age at which the benefit is most valuable in accordance with Treasury Regulation section 1.416-1, T-26.

Trust Agreement means the agreement by and between the Designated Employer and the Trustee, for the purposes of the Plan, as such may be amended from time to time.

Trustee means any bank or other financial institution so designated by the Board.

Union Employee means any person in the employ of the Employer who is an Employee included in a unit of employees covered by a collective bargaining agreement which provides for participation in this Plan.

Year of Service means a Year of Service as determined in Article IV.

Year of Service for Minimum Benefit Purposes means each Year of Service excluding, however,

(a) any such Year which ends in or within which ends a Plan Year which began before January 1, 1984, and

(b) any such Year which begins after the last day of the most recent Plan Year which was a Top Heavy Plan Year.

ARTICLE III PARTICIPATION

3.1 Commencement of Participation. Any Employee who participated in the National Grid Plan on the Closing Date shall become a Participant in the Plan as of the Closing Date. Any Employee who is hired by an Employer shall become a Participant in the Plan on date of hire.

3.2 Duration of Participation. Each Participant who acquires a nonforfeitable benefit in the Plan shall remain a Participant until such time as the Plan obligations are satisfied.

3.3 Transfers. Notwithstanding any provision of the Plan to the contrary, any Participant actively accruing a benefit in the Plan who transfers employment to an Affiliated Company shall continue to participate in this Plan and accrue a benefit based on Compensation earned and Years of Service credited while employed with an Affiliated Company.

ARTICLE IV SERVICE AND REEMPLOYMENT

4.1 Years of Service. Except with respect to Cash Balance Employees, Years of Service shall be accumulated as follows:

(a) One Year of Service shall be accumulated during any Plan Year in which an Employee has 1,000 or more Hours of Service.

(b) Pro rata Years of Service shall be accumulated during an Employee's first and last Plan Year. The fractional Year of Service accumulated during each such period shall be the ratio of the employee's actual Hours of Service during that Plan Year (maximum of 1,000) to 1,000.

(c) Employees who are reemployed and who are credited with Years of Service for a period of service prior to reemployment pursuant to Section 4.6 shall be credited with pro rata Years of Service for the Employee's year of departure prior to reemployment and for the year of reemployment. The fractional Year of Service accumulated during each such period shall be the ratio of the employee's actual Hours of Service during that Plan Year (maximum of 1,000) to 1,000.

(d) Other than those provided for in (b) and (c) above, no Year of Service shall be credited during any Plan Year in which an Employee has less than 1,000 Hours of Service.

If an Employee shall, however, incur five or more Nonservice Years in consecutive Plan Years, he or she shall lose the previously accumulated Years of Service unless he or she had met the criterion for vesting set out in Section 5.4.

4.2 Hour of Service. Except as provided in subsections 4.6(c) and (d) and subsection (d) below, in each Plan Year during his or her employment, an Employee will receive 190 Hours of Service for each month for which the employee is credited with at least one "Qualifying Hour". A "Qualifying Hour" consists of the following hours:

(a) each hour for which the Employee is paid or entitled to payment for the performance of duties for the Employer (each such hour to be credited to the Employee for the Plan Year in which the duties were performed);

(b) each hour for which the Employee is directly or indirectly paid or entitled to payment by the Employer (including payments under the supplemental disability income program, and including payments made or due from a trust fund or insurer to which the Employer contributes or pays premiums such as the short-term and long-term disability plans) on account of a period of time during which no duties are performed (irrespective of whether the employment relationship has terminated) due to vacation, holiday, illness, incapacity, disability, layoff, jury duty, military duty, or leave of absence, each such hour to be credited to the Plan Year in which such period of time occurs; provided, however, that not more than the greater of (i) 1001 Hours of Service in the first Plan Year in which the payments commence less the number of Hours otherwise earned in that Plan Year, or (ii) 501 Hours of Service, shall be credited to an Employee (A) on account of any single

continuous period of layoff, and (B) on account of any single continuous period following a termination of employment, whether or not either such period occurs in a single Plan Year; provided, further, that Hours of Service shall not be credited under this subsection (b) to an Employee for a payment which solely reimburses the Employee for medically related expenses incurred by the Employee, or which is made or due under a plan maintained solely for the purpose of complying with applicable worker's compensation, unemployment compensation, or disability insurance laws.

(c) each hour not counted under subsection (a) or (b) for which back pay, irrespective of mitigation of damages, has been either awarded or agreed to be paid by the Employer, each such hour to be credited to the Employee for the Plan Year to which the award or agreement for back pay pertains, provided that crediting of Hours of Service under this subsection (c) with respect to periods described in subsection (b) above shall be subject to the limitations set forth therein;

(d) as of January 1, 1993, each hour an Employee union representative spends on union business and is provided earnings credit under subsection (a) of the definition of Compensation; and

(e) Hours of Service for purposes of determining whether rehire is for greater than or less than 500 Hours of Service under subsections 4.6(c) and (d) shall be determined by counting each Qualifying Hour in lieu of crediting 190 Hours of Service for each month that the Employee is credited with a Qualifying Hour.

Hours of Service to be credited to an Employee under (a), (b) , or (c) above will be calculated and credited pursuant to paragraphs (b) and (c) of Section 2530.200(b)-2 of the Department of Labor Regulations which are incorporated herein by reference.

4.3 Hours of Service for Nonpaid Absences. Hours of Service may be credited during approved leaves of absence, including, but not limited to, those due to pregnancy, jury duty, military service (up to 5 consecutive years), and medical reasons, for which no payment is made to the Participant.

The determination of Hours of Service accumulated for such periods of nonpaid absence shall be made by the Employee Benefit Plan Board in accordance with applicable rules, regulations, and restrictions the Employee Benefit Plan Board has reduced to writing. The determination of accumulated Hours of Service shall be made on a uniform, nondiscriminatory manner applicable to all Plan Participants.

4.4 Hours of Service Accumulated Solely for Service Continuity. If, during any Plan Year, a Participant has accumulated less than 501 Hours of Service pursuant to Sections 4.2 and 4.3, he or she may accumulate additional Hours of Service for leaves of absence that are not otherwise qualified for benefit accrual and vesting purposes, as determined by the Employee Benefit Plan Board.

In addition, if a Participant has accumulated less than 501 Hours of Service, he or she will be credited with an Hour of Service for each noncompensated hour while absent from service (regardless of whether the Participant's employment has terminated) by reason of the pregnancy

of the Participant, the birth of a child of the Participant, or the placement of a child with the Participant in connection with the adoption of such child by the Participant or for purposes of caring for such child for a period beginning immediately following such birth or placement. No such credit will be given, however, unless the Participant submits to the Employee Benefit Plan Board evidence satisfactory to it establishing the date of any such birth or placement and adoption and such other evidence as the Employee Benefit Plan Board, consistent with applicable law, may require to establish the period of qualifying absence. Such Hours of Service shall be credited up to a maximum of 501 Hours of Service per consecutive period of absence, solely for purposes of determining whether a break in a Participant's vesting service has occurred and

(a) if the qualifying period of absence continued into the computation period for vesting purposes (the "subsequent computation period") first following the computation period in which the individual's absence began (the "initial computation period") and such Hours of Service need not be credited in the initial computation period to prevent a break in vesting service with respect to the initial computation period, in the subsequent computation period, and

(b) otherwise in the initial computation period. The determination of Hours of Service accumulated pursuant to this Section 4.4 shall be made by the Employee Benefit Plan Board in accordance with applicable rules, regulations, and restrictions the Employee Benefit Plan Board has reduced to writing. The determination of accumulated Hours of Service shall be made in a uniform, nondiscriminatory manner applicable to all Plan Participants. In no event shall Hours of Service accumulated under this Section 4.4 when added to Hours of Service accumulated under Sections 4.2 and 4.3 exceed 501 Hours of Service for any Plan Year.

4.5 Additional Service Credits.

(a) For purposes of Section 5.4 for Nonunion Employees, as well as for purposes of Section 20.2(a)(i) for a Cash Balance Employee, but for no other purposes, a Participant who worked for a company that, in relationship to the Employer, falls within a "controlled group of corporations" as set forth in section 1563(a) of the Code (a "Controlled Group"), shall be credited with Years of Service for employment with said company for periods during which the company was part of the Controlled Group with the Employer. Service credit shall be made whether said employment occurs prior to or after being employed by the Employer.

(b) Years of Service shall in addition include such partial periods as are collectively bargained on behalf of Union Employee Participants, which provisions shall likewise apply to Non-Union Employee Participants who are employed and participating in the Plan on or after the effective date of the collectively-bargained benefits. Notwithstanding anything contained herein to the contrary, Years of Service may include periods of employment on a regular full-time basis with certain companies, or categories of companies previously designated in a list maintained by National Grid. Additional service credit shall be granted in a uniform, nondiscriminatory manner by the Employee Benefit Plan Board to an Employee if on his or her date of hire such list included the company for which he or she was a regular full-time employee immediately prior to such

date. In accordance with Article VI, benefits under the Plan will be reduced by benefits accrued under another pension plan for duplicate service granted under this Section 4.5. For purposes of determining the amount described in subparagraphs 6.1(a)(vii) and 6.2(a)(iv), if the Participant has withdrawn, at any time prior to the commencement of payment of benefits hereunder, any lump sum withdrawal or settlement from any qualified retirement plan for which duplicative service time has been granted, other than a 401(k) plan, said amount shall be converted into a straight life annuity using the actuarial factors provided herein.

(c) For purposes of Section 5.4 for Nonunion Employees, but for no other purpose, Years of Service shall include the period of employment with an affiliate or subsidiary of the Employer that is 40% or more owned by the Employer or a subsidiary of the Employer provided said employment occurs immediately following employment with the Employer.

4.6 Reemployment. A Participant whose employment ceases and who is subsequently reemployed shall be treated as follows:

(a) If the Participant was not vested pursuant to Section 5.4, any Years of Service such Participant may have accumulated before his or her termination shall be reinstated at the time he or she again becomes a Participant unless he or she has forfeited such Years of Service in accordance with Section 4.1.

(b) If the Participant was vested pursuant to Section 5.4, upon reemployment as an Employee his or her participation in the Plan, Years of Service and Accrued Benefit accumulated before his or her termination shall be reinstated, provided that the Participant had not commenced receiving retirement benefits.

(c) If a vested, reemployed Participant had commenced receiving retirement benefits and was rehired on terms providing for more than 40 actual Hours of Service (not based upon the 190-hour equivalency provision) a month after reemployment, payment of such benefits (including any social security supplemental benefit) shall cease, his or her Years of Service and Accrued Benefit accumulated prior to his or her termination shall be reinstated and he or she shall continue to accrue benefits, in accordance with the provisions of this Plan. Notwithstanding any provision of the Plan to the contrary, if such a Participant has been credited with additional Years of Service or years of age under the Plan in connection with a voluntary early retirement offer (including, but not limited to, the programs set forth in Supplements B through J of the National Grid Plan), the Participant will not be credited with Years of Service or years of age for purposes of determining the Participant's Basic Retirement Amount unless and until the Participant's actual Years of Service or age exceed the Participant's Years of Service or age as enhanced pursuant to any such voluntary early retirement offer; provided further, that if a Participant received any other voluntary early retirement offer derived pension enhancement, the value of that enhancement (including the actuarial value of any social security supplemental benefit received and the value of any remaining payments following re-retirement) shall offset accruals post re-employment on an actuarially determined "wear away" basis. Benefit payments shall resume (including any remaining social security supplemental benefit

payable until age 62) on the first day of the month coincident with or next following the earlier of his or her subsequent Termination Date of his or her Concurrent Retirement Benefits Date. However, if the Participant had been distributed Accumulated Employee Contributions, or a lump sum payment in accordance with subsection 19.3(a), the Participant shall be given the option of either repaying in full the distribution with interest at the rate provided herein or of having the benefit reduced; provided, that the Participant's Basic Retirement Amount will not be otherwise reduced from what it was immediately following his or her termination. Any suspension of retirement benefits required by this subsection (c) on account of reemployment shall be carried out only to the extent permitted by, and consistent with, the requirements of Section 203 of ERISA, section 411(a)(3)(B) of the Code and the regulations promulgated thereunder.

(d) If a vested, reemployed Participant had commenced receiving retirement benefits and was rehired on terms providing for 40 or fewer actual Hours of Service (not based upon the 190 hour equivalency provision) a month after reemployment, payment of such benefits shall continue but no further benefits shall accrue in accordance with the provisions of this Plan.

4.7 Years of Service for Cash Balance Benefit Purposes. Notwithstanding the foregoing, for purposes of determining a Cash Balance Participant benefit under Article XX, service shall be credited as follows:

(a) Years of Service.

(i) An Employee shall be credited with a Year of Service as of each January that follows the Employee's "date of hire," if the Employee is actively employed or otherwise being credited with service pursuant to this Article IV on that January 1. The "date of hire" is the date that the Employee first has an Hour of Service.

(ii) If an Employee is not actively employed (or treated as employed pursuant to this Article IV on January 1) the Employee shall be credited with the first or next Year of Service (as applicable) as of any date in the Plan Year that the Employee again is actively employed, provided the return date is within 12 consecutive months of the earlier of: (A) the severance from service date; or (B) a date before the severance from service date when the Employee began an absence not treated as employment under this Article IV.

(iii) If an Employee returns to active employment after a gap in service, as determined under subsection (b), the Employee will retain any years of service credited up to the severance from service date. After the Employee returns, future years of service will be credited in accordance with the other rules in this Section 4.7.

(b) Severance from Service Date. After the date of hire, a Cash Balance Employee shall be credited with continuous service until his or her "severance from service date." For this purpose, a "severance from service date" is the earlier of: (i) the date the

Employee quits, retires, is discharged or dies; or (ii) the 12-month anniversary of the date the Employee first is absent from employment for another reason, not considering periods of absence for which an Employee is otherwise credited with service under this Article IV.

If the severance from service date is the date the Employee quits, retires or is discharged, service generally is credited for the period after the severance from service date if the Employee has an Hour of Service within 12 months of that date. However, if the Employee began an absence before quitting, retiring or being discharged, the Hour of Service must occur within 12 months of that earlier date in order for service to be credited after the severance from service date.

(c) Special Rules for Crediting Service.

(i) A Cash Balance Participant who is entitled to benefits under a disability plan maintained by the Employer shall continue to be credited with service under this Plan while receiving benefits under the disability plan beyond his or her Termination Date, if and to the extent needed for vesting purposes. However, a period of service credited on this basis shall not be counted in determining the rate of the Company Credits for a reemployed Participant under the formula in Section 20.2 below.

(ii) For rehired Employees and former Union Employees who become Cash Balance Participants, Years of Service while a Cash Balance Participant shall not count as Years of Service for further benefit accruals under Section 6.2(a) of the Plan.

ARTICLE V ELIGIBILITY FOR RETIREMENT INCOME

5.1 Commencement of Retirement Income. Subject to the provisions of Sections 6.10, and 6.11, each Participant otherwise entitled to Retirement Income shall elect the date on which payment of his or her Retirement Income shall commence, which date must be (i) an Early Retirement Date or (ii) on or after his or her Normal Retirement Date.

5.2 Normal Retirement Date. A Participant who retires on or after his or her Normal Retirement Date shall be entitled to receive Retirement Income on the first day of the month next following his or her Termination Date determined pursuant to Sections 6.4, 6.5, or 6.6, whichever is applicable.

5.3 Early Retirement Date. A Participant who has attained age 55 but not age 65 and has completed at least five Years of Service may retire on an Early Retirement Date which shall be the first day of the month next following his or her Termination Date. Such Participant's Early Retirement Income shall be determined pursuant to Section 6.8.

5.4 Vesting. A Participant's Accrued Benefit or Cash Balance Benefit (as the case may be) shall be vested after five Years of Service, determined in accordance with Article IV. Notwithstanding the foregoing, a Cash Balance Participant shall be vested after three Years of Service (determined in accordance with Article IV), provided the Participant has worked at least one Hour of Service after December 31, 2007. Vesting shall automatically occur upon a Participant's attainment of age 65 or older while employed by the Employer.

5.5 Vested Terminations. A Participant who is entitled to Retirement Income, whose Termination Date occurs before he or she is eligible to retire on a Normal or Early Retirement Date, and who has met the vesting requirement under Section 5.4, shall be entitled to a deferred vested Retirement Income determined pursuant to Sections 6.9 and 8.1.

5.6 Concurrent Retirement Benefits Date. A Participant who continues to be an Employee after his or her Concurrent Retirement Benefits Date shall be entitled to receive Retirement Income determined in accordance with Section 6.10, subject to all other applicable provisions of the Plan, unless otherwise provided, as they would apply to a Participant retiring on said Concurrent Retirement Benefits Date.

5.7 Benefits During Employment. Notwithstanding any provisions of the Plan to the contrary, other than as provided in Sections 4.6(d) and 5.6, no Participant shall receive benefits hereunder while in the employ of a "controlled group of corporations" member in relationship to the Employer (as set forth in section 1563(a) of the Code).

5.8 No Reduction of Vesting. If the vesting schedule provisions under the Plan are amended and a Participant is required pursuant to ERISA to have an opportunity to remain subject to the vesting schedule under the Plan as in effect prior to such amendment, the Participant shall be deemed to have elected to be subject to the vesting schedule provisions (either those in effect before such amendment or those in effect after such amendment) which are the most favorable to the Participant.

ARTICLE VI AMOUNT OF RETIREMENT INCOME AND PAYMENTS

6.1 Basic Retirement Amount for Nonunion Employees.

(a) For a Participant who is a Nonunion Employee, the Basic Retirement Amount under this Plan shall be equal to 1/12 of the sum of (i), (ii), (iii), (iv), (v) and (vi), less (vii):

(i) 1.5% of Final Average Compensation for each Year of Service as a Nonunion Employee up to 10 years;

(ii) 1.3% of Final Average Compensation for each Year of Service as a Nonunion Employee between 10 and 20 years;

(iii) 1.25% of Final Average Compensation for each Year of Service as a Nonunion Employee between 20 and 30 years;

(iv) 0.6% of Final Average Compensation for each Year of Service as a Nonunion Employee over 30 years;

(v) 0.53% (applicable to Participants who have a Termination Date on or after April 1, 2001) of Final Average Compensation in excess of the Covered Compensation for each Year of Service as a Nonunion Employee, up to 35 years;

(vi) any benefit payable to a Participant pursuant to Appendix IV expressed on a straight life annuity basis; and

(vii) any annual benefit payable on a straight life annuity basis which was accrued for service granted pursuant to Section 4.5.

(b) Subject to Subsection 6.6(f), if a Participant has accumulated Years of Service under this Plan both as a Nonunion Employee and as a Union Employee and is a Nonunion Employee upon his or her Termination Date, the Participant's benefit shall be determined under this Section 6.1 based on the Participant's separately determined but aggregated Years of Service and Final Average Compensation; provided that the benefit payable under this Section 6.1 shall be in lieu of any benefit payable under Section 6.2.

(c) Notwithstanding the foregoing, no Cash Balance Participant (while a Cash Balance Participant) will have Retirement Income calculated in accordance with Subsection 6.1(a) above. Such Cash Balance Participant for the period while he or she is a Cash Balance Participant shall instead have his or her Cash Balance Benefit calculated in accordance with Article XX. For rehired Employees who became Cash Balance Participants and former Union Employees who become Nonunion Employees on or after January 1, 2010, Years of Service credited while the Participant is a Cash Balance Participant do not count as Years of Service for purposes of further benefit accruals under Section 6.1 or Section 6.2.

6.2 Basic Retirement Amount for Union Employees.

(a) The Basic Retirement Amount under this Plan for a Participant who is a Union Employee shall be equal to 1/12 of the result of (i) plus (ii) less (iii) and (iv) below:

(i) 1.9% of Final Average Compensation for each Year of Service as a Union Employee up to 30 years;

(ii) 1.0% (0.8% for terminations prior to September 1, 2007) of Final Average Compensation for each Year of Service as a Union Employee in excess of 30 years;

(iii) 1.333% of the Social Security Amount for each Year of Service as a Union Employee to a maximum of 46.66%;

(iv) any annual benefit payable on a straight life annuity basis which was accrued for service granted pursuant to Section 4.5.

(b) Subject to Section 6.6(f), if a Participant has accumulated Years of Service under this Plan both as a Nonunion Employee and as a Union Employee and is a Union Employee upon his or her Termination Date, the Participant's benefit shall be determined under this Section 6.2 based on the Participant's separately determined but aggregated Years of Service and Final Average Compensation; provided that the benefit payable under this Section 6.2 shall be in lieu of any benefit payable under Section 6.1.

(c) Notwithstanding the foregoing, no Cash Balance Participant will have Retirement Income (while a Cash Balance Participant) calculated in accordance with Section 6.2. Such Cash Balance Participant for the period while he or she is a Cash Balance Participant shall instead have his or her Cash Balance Benefit calculated in accordance with Article XX. For rehired Employees and former Union Employees who become Nonunion Employees on or after January 1, 2010, Years of Service credited while the Participant is a Cash Balance Participant do not count as Years of Service for purposes of further benefit accruals under Section 6.1 or Section 6.2.

6.3 Normal Form of Payment. Retirement Income shall be payable in the normal form as follows:

(a) If a Participant has a Spouse, the normal form of payment shall be a contingent annuitant option with the Spouse entitled to receive 50% of the Participant's amount of Retirement Income as determined under the applicable Sections of this Article VI.

If the Spouse of a Participant receiving Retirement Income payments in the normal form predeceases such Participant, Retirement Income payments shall prospectively revert to the amount that would have been payable had the Participant elected a straight life annuity option at his or her Concurrent Retirement Benefits Date, Normal Retirement Date (or a later retirement date elected pursuant to Article V), Early Retirement Date, or commencement of deferred vested Retirement Income in accordance with Section 6.9.

(b) If a Participant does not have a Spouse, the normal form of payment shall be a straight life annuity with no amount of Retirement Income payable after the Participant's death except as provided in Article VIII.

6.4 Normal Retirement Income - Amount. The amount of Normal Retirement Income payable to a Participant (other than a Cash Balance Participant) commencing on or after his or her Normal Retirement Date, or on his or her Concurrent Retirement Benefits Date, shall be his or her Basic Retirement Amount as determined under Sections 6.1, 6.2 or 6.6 (whichever is applicable), adjusted for Actuarial Equivalence if payment is in any form other than a straight life annuity.

Notwithstanding the foregoing, each Participant who was receiving pension income or had a vested benefit as of April 1, 1978 or was a Gas Company Employee (other than Former Gas Company Employees) participating in the New England Electric Company Final Average Pay Plan II shall receive such benefits in the amount and in the form specified in the applicable provisions of the Prior Plans as in effect on the day before the Effective Date.

Effective January 1, 2005, any Participant who continues to work beyond his or her Normal Retirement Date shall, upon his or her Termination Date, be entitled to the value of his or her Accrued Benefit or Cash Balance Benefit, as applicable, as of his or her Benefits Commencement Date without actuarial adjustment, provided that the Participant is provided with a "suspension of benefits notice" in accordance with Section 411(b) of the Code and section 203(a)(3) of ERISA. In the event that such suspension of benefits notice is not provided, the Participant shall be entitled to a benefit that is no less than the value of his or her Accrued Benefit or Cash Balance Benefit, as applicable, determined as of his or her Normal Retirement Date, actuarially adjusted through the Participant's Benefits Commencement Date. Notwithstanding anything in this paragraph to the contrary, if, to the extent permitted under the definition of "Concurrent Retirement Benefits Date" and 6.10, a Participant's Benefits Commencement Date is later than April 1 of the calendar year following the calendar year in which he or she attains age 72 (or 70½, if applicable) due to the Participant's continued employment subsequent to such date, the Participant's Accrued Benefit or Cash Balance Benefit, as applicable, shall, to the extent required under Section 401(a)(9)(C)(iii) of the Code, be actuarially increased to take into account the period subsequent to such date for which no benefit payments were made.

6.5 Minimum Benefits.

(a) A Participant who participated in Prior Plans shall be entitled to a minimum Retirement Income, provided on a straight life annuity basis, calculated under the applicable provisions of the Prior Plans with the base rate of compensation and unit value (as defined in the Prior Plans) frozen as of the Effective Date.

(b) An Employee becoming a Participant subsequent to April 1, 1976, who was a member of the New England Electric System Companies' Career Average Pay Plan or included in 828 GAC shall be entitled to a minimum Retirement Income, provided on a straight life annuity basis, calculated in accordance with Plan provisions applicable to such Employee on the day before becoming a Participant in this Plan with Compensation frozen as of the day before becoming a Participant in this Plan.

(c) A Participant who was an active Employee on April 1, 1991, shall be entitled to a minimum Retirement Income calculated on a straight life annuity basis (the form of payment to be determined in accordance with Sections 6.3, 6.4, and 9.1), in accordance with the Plan provisions immediately prior to such date with Compensation and Years of Service frozen as of such date; provided that, in calculating the minimum benefit determined on an Early Retirement Date the adjustment shall be calculated under said Plan provisions using the Participant's age and Years of Service at the Termination Date.

(d) If a Participant has transferred between this Plan and any predecessor plan, or between Nonunion and Union Employees status, the Participant shall be entitled to a minimum Basic Retirement Amount equal to what he or she would have received had he or she not transferred, based upon the Participant's age and Years of Service immediately prior to the transfer.

(e) A Participant who retires on or after April 1, 1994, and whose Accrued Benefit is affected by the \$150,000 limit on Compensation under the definition of "Final Average Compensation" made effective April 1, 1994, shall be entitled to a minimum benefit determined by calculating the Participant's Accrued Benefit through March 31, 1994, under the then applicable terms of the Plan, plus future service benefit accruals after March 31, 1994, under the then applicable term of the Plan, determined in accordance with regulations under Section 401(a)(17) of the Code.

(f) A Participant who is an active Nonunion Employee at any time during the period between March 1, 2000 and July 14, 2002, and who subsequently retires shall receive a minimum monthly benefit (expressed as a single life annuity determined as of his or her Normal Retirement Date) of \$215.00, subject to the vesting requirements set forth in Article V.

6.6 Maximum Benefit. Notwithstanding any other provision of the Plan, the Annual Benefit to which a Participant is entitled at any time subsequent to March 31, 1983 shall not exceed the limitations on benefits set forth in Article XXI of the Plan (related to Section 415 of the Code).

6.7 Early Retirement Income - Amount. A Participant who retires on an Early Retirement Date shall be entitled to an amount of Retirement Income determined in accordance with (a) or (b), below, adjusted for Actuarial Equivalence if payment is in any form other than a straight life annuity:

(a) If the Participant elects to defer the first payment of his or her early Retirement Income until his or her Normal Retirement Date, such income shall be equal to his or her Accrued Benefit as of his or her Early Retirement Date.

(b) If the Participant elects first payment of his or her early Retirement Income prior to his or her Normal Retirement Date, said income shall be equal to his or her Accrued Benefit as of his or her Early Retirement Date multiplied by the appropriate factor as follows: For (i) Union Employees and (ii) Nonunion Employees who have a Termination Date on or after April 1, 2001, the appropriate factors (interpolated for twelfths of a year)

are set forth in Table I or II below. For Nonunion Employees who have a Termination Date prior to March 31, 2001, the appropriate factors (interpolated for twelfths of a year) are set forth in Table III, IV, V, VI or VII below.

Notwithstanding the above, Retirement Income for a Gas Company Employee who retires while in the employ of a gas company listed in Appendix V or any successor company thereto, shall be equal to his or her Accrued Benefit multiplied by the factors specified in the applicable provisions of the Prior Plans.

6.8 Deferred Vested Retirement Income - Amount. A vested Participant who has a termination of employment, other than by death, prior to having attained his or her Early Retirement Date is entitled to a deferred vested Retirement Income which shall be determined in accordance with (a) or (b), below, adjusted for Actuarial Equivalence if payment is in any form other than a straight life annuity:

(a) If the Participant does not make a written request for his or her deferred vested Retirement Income to begin before his or her Normal Retirement Date, such income shall then be equal to his or her Accrued Benefit as of his or her Termination Date.

(b) If the Participant makes a timely written request for his or her deferred vested Retirement Income to begin on the first of any month following his or her 55th birthday, his or her deferred vested Retirement Income shall equal his or her Accrued Benefit as of his or her Termination Date multiplied by the factor from the appropriate Table of subsection (b) of Section 6.8 to reflect the number of years, or portion thereof, before his or her Normal Retirement Date by which the Participant's payments are to begin.

6.9 Concurrent Retirement Benefits - Amount.

(a) A Participant who continues to be an Employee after attaining age 72 (70½, if applicable) and begins receiving retirement benefits pursuant to the definition of "Concurrent Retirement Benefits Date", shall receive a benefit determined pursuant to Sections 6.4, 6.5 or 6.6 and recalculated annually as of the first day of April.

(b) Upon termination of employment, any Participant who may have received benefits pursuant to the definition of "Concurrent Retirement Benefits Date" and subsection 6.10(a) shall receive retirement benefits determined pursuant to Section 6.4, 6.5 or 6.6 as of the Participant's Termination Date.

(c) All Plan distributions shall comply with the minimum distribution requirements specified in Section 19.17.

6.10 Commencement of Distributions. In accordance with Sections 6.4, 6.8 and 6.9 above, retirement benefits will commence as soon as practicable after the Participant's elected retirement date, but generally no later than 90 days following said date provided all required election and retirement forms are received on or prior to the Participant's elected retirement date in accordance with procedures adopted by the Employee Benefit Plan Board. Notwithstanding the foregoing, retirement benefits to a Participant shall commence not later than the 60th day after the close of the Plan Year in which occurs the latest of (i) the date on which the Participant attains his or her Normal Retirement Date, and (ii) the Participant's Termination Date. If the properly completed request for benefits has not been received on such date, benefits will be distributed in the normal form described in Section 6.3 above.

6.11 Cash Balance Participants. Notwithstanding the foregoing, a Cash Balance Participant's Cash Balance Benefit shall be determined under Article XX. Except as specifically provided herein or in Article XX, none of the provisions of this Article VI shall apply to Cash Balance Participants.

ARTICLE VII PRE-RETIREMENT SPOUSE BENEFIT

7.1 Eligibility. The Spouse of a vested Participant is entitled to the pre-retirement spouse benefit provided in Section 7.2 if such Participant dies before the starting date of his or her Retirement Income benefits. No pre-retirement spouse benefit is provided to Participants receiving Concurrent Retirement Benefits under Sections 5.6 and 6.10.

7.2 Amount of Spouse's Benefit. The benefit payable to a Spouse shall be determined using the following factors:

(a) the date for calculation shall be elected in writing by the Spouse from among the following dates:

(i) the first day of the month next following the Participant's death, provided the Participant was eligible for Early Retirement (5.3) or Normal Retirement (5.2) on the date of death,

(ii) the date as of which the Participant would have attained an age qualifying for Retirement Income under the Plan, or

(iii) such later date as the Spouse shall elect, but not later than December 31st of the calendar year in which the Participant would have attained age 72 (age 70½ for a Participant born before July 1, 1949) or, if later, December 31st of the calendar year immediately following the calendar year in which the Participant died; and

(b) The amount shall be equal to the survivor annuity payable under the 50% contingent annuitant option (100% contingent annuitant option in the case of a Participant who dies while in active employment and after attaining age 55) determined as of the date benefits commence by adjusting the Participant's Retirement Income payable as of such date for Actuarial Equivalence; provided, however, that if the Employee has Accumulated Employee Contributions, the provisions of the second paragraph of Section 8.2 shall apply.

7.3 Payment of Spouse's Benefit. Payments shall begin to the Spouse on the first day of the month next following the date chosen under subsection 7.2(a) and shall continue to be made on the first day of each month thereafter during the Spouse's lifetime. If the Spouse does not survive until the date payments are to commence, no benefit will be provided.

7.4 Cash Balance Participants. Notwithstanding the foregoing, a Cash Balance Participant's Cash Balance Benefit shall be determined and distributed under Article XX, and none of the provisions of this Article VII shall apply.

ARTICLE VIII [RESERVED]

ARTICLE IX OPTIONAL FORMS OF PAYMENT AND ELECTION PROCEDURES

9.1 Waiver of Normal Form and Election of Optional Form of Payment. A Participant may waive the normal form of payment described in Section 6.3 or 20.4(a), as applicable, provided that concurrently with such waiver the Participant shall elect another form of payment from those provided for in Section 9.4 or 20.4(b), as applicable. Such waiver and election must satisfy the requirements of Section 9.2. Such waiver and election shall be effective against all normal forms of payment provided at the Participant's Benefits Commencement Date. A waiver of normal form and election of optional form of payment by a Participant receiving Concurrent Retirement Benefits shall be applicable to all benefits hereunder including those earned after commencement of payments in accordance with Section 6.8.

9.2 Waiver and Election Procedure.

(a) Procedure. A Participant may waive the normal form of payment described in Section 6.3 and elect an optional form of payment at any time during the 180-day period ending on his or her Benefit Commencement Date or such other period permitted by the Code and regulations thereunder (the "election period"). Any such waiver and election shall specify the optional form of benefit elected and shall state the specific non-Spouse Beneficiary, if any, who will receive a benefit upon the Participant's death. The Participant's waiver and election shall be made in such form and manner as the Employee Benefit Plan Board shall prescribe, consistent with applicable Treasury Regulations.

If a Participant has a Spouse, the Participant's Spouse must consent in writing to any such waiver and the consent must acknowledge the effect of such waiver and be witnessed by a notary public or a Plan representative. Any consent by a Spouse under the preceding sentence shall be effective only with respect to such Spouse. A marriage by the Participant subsequent to the effective date of a waiver, shall not affect the waiver.

Notwithstanding any provision herein to the contrary, spousal consent is not required for a married Participant's election of a joint and survivor annuity that satisfies the requirements of a qualified joint and survivor annuity under Section 417(b) of the Code and is actuarially equivalent to the Plan's qualified joint and survivor annuity.

(b) Required Information. At least 30 days but not more than 180 days prior to a Participant's Benefit Commencement Date, the Participant (including a Participant no longer in the employ of the Employer) will be furnished with a written notification in nontechnical terms containing:

(i) The terms and conditions of the applicable normal form of benefit described in Sections 6.3, 9.1 and 20.4, as applicable, including the circumstances in which it will be provided and, in the case of a married Participant, the terms and conditions of the Plan's "qualified optional survivor annuity" (as defined in section 417(g) of the Code);

(ii) The Participant's right to make, and the effect of, an election to waive the applicable normal form of benefit and the qualified optional survivor annuity (if applicable);

- (iii) The rights of the Participant's Spouse, if any, under Section 9.1;
- (iv) The right to make, and the effect of, a revocation of an election under this Section;
- (v) A general description of the eligibility conditions and other material features of the optional forms of payment under the Plan (including the right to defer a distribution until the Participant's Normal Retirement Date) and sufficient additional information to explain the relative values of the optional forms of payment in accordance with regulations and other guidance issued under section 417(a)(3) of the Code;
- (vi) A general explanation of the relevant financial effects on the amount of a Participant's benefit of an election under Section 9.1 or 20.4, as applicable; and
- (vii) A description, in accordance with regulations and other guidance issued under section 411(a)(11) of the Code, of how much larger benefits will be if the commencement of distributions is deferred.

Notwithstanding the foregoing, subject to procedures adopted by the Employee Benefit Plan Board such distribution may commence less than 30 days (but not less than 7 days) after the required notification described above is given, provided that (a) the Administrator clearly informs the Participant that the Participant has a right to a period of at least 30 days after receiving the notice to consider whether or not to elect the distribution, and (b) the Participant is able to revoke an affirmative distribution election at least until the Benefit Commencement Date, or, if later, during the 7-day period immediately following the Participant's receipt of the required notification described above.

At any time during the election period described above, any waiver may be revoked without need of spousal consent by filing such forms at such times as may be required by the Employee Benefit Plan Board. No such revocation or change shall prevent the Participant from making a subsequent waiver and election under this Section during such election period.

9.3 Temporary Nonpayment of Retirement Income. The Employee Benefit Plan Board shall not authorize any payment until the Participant submits necessary information on a completed form with respect to marital status and Spouse's age, if applicable.

9.4 Optional Forms of Payment. The forms of benefit (other than for Cash Balance Participants), including normal and optional forms, are as follows:

- (a) Straight Life Annuity, under which Retirement Income payments are made to the Participant during his or her lifetime, with no further payments from the Plan on the Participant's behalf after his or her death except in accordance with Article VIII.
- (b) Contingent annuitant option that is Actuarially Equivalent to the Straight Life Annuity under which reduced Retirement Income payments are made to the Participant during his or her lifetime, with payments from the Plan on death equal to 50%, 75%, or 100% of the payments previously payable to the Participant to be continued to,

and for the lifetime of, the Contingent Annuitant. The 75% contingent annuitant option with the Participant's Spouse as his or her Contingent Annuitant is the Plan's "qualified optional survivor annuity" as described in section 417(g) of the Code.

(i) If a Participant shall elect the contingent annuitant option and the Participant or the Contingent Annuitant shall die before it becomes effective, the election of the contingent annuitant option shall be revoked automatically and there shall be no further payments from the Plan on the Participant's behalf after his or her death except as provided by Articles VII and VIII.

(ii) If the Contingent Annuitant of a Participant receiving Retirement Income payments under a contingent annuitant option predeceases such Participant, Retirement Income payments shall prospectively revert to the amount that would have been payable had the Participant elected a straight life annuity option at his/her Concurrent Retirement Benefits Date, Normal Retirement Date (or a later retirement date elected pursuant to Article V) or Early Retirement Date.

(c) Social Security Adjustment Option, available only with respect to early Retirement Income payments beginning before the earliest date on which a Participant first could elect to receive benefits under the Federal Social Security Act, with early Retirement Income payments increased until such date and decreased during the Participant's lifetime thereafter. The amount of increase and decrease, when considered together with the Participant's expected Social Security payments (based upon actual earnings, if reasonably practicable) at the earliest date on which the Participant could begin to receive such payments, shall result, insofar as practicable, in a constant annual income during the Participant's lifetime. The adjustment shall be based upon the Applicable Interest Rate and Applicable Mortality Table. This option may be combined with either option (a) or option (b), above, but shall not be available under any circumstances if the social security adjustment yields a zero post reduction monthly benefit.

9.5 Limitation on Distributions to Beneficiaries and Contingent Annuitants.
Notwithstanding any other provision of this Plan:

(a) the present value of Retirement Income payments payable over the life expectancy of a Participant must exceed 50% of the present value of all payments payable to the Participant, any Contingent Annuitant, and any Beneficiary; and

(b) the annuity payment payable to the Contingent Annuitant must not exceed the applicable percentage of the annuity payment of the Participant;

Excess of age of Employee over age of Beneficiary	Applicable Percentage	Excess of age of Employee over age of Beneficiary	Applicable Percentage
10 years or less	100%	28	62%

provided, however, that this Section 9.5 shall not apply if the Contingent Annuitant or Beneficiary is the Participant's Spouse.

ARTICLE X CONTRIBUTIONS

10.1 Employer Contributions. The Employer shall make his or her share of the total contributions which are made from time to time to provide benefits under the Plan. Any forfeiture of the interest of any Participant shall be applied to reduce the amount of Employer contributions. In making contributions, the Employer may rely upon actuarial estimates made or obtained by the Employee Benefit Plan Board of the amounts which would accomplish the purposes of the Plan.

10.2 Expenses. The reasonable expenses incident to the operation of the Plan, including, but not limited to, premiums for termination insurance payable to the Pension Benefit Guaranty Corporation, fees for professional services, and the costs of such other technical or clerical assistance as may be required, shall be paid out of the Funds, to the extent not paid for by the Employer.

10.3 Funding Policy. The funding policy and method under the Plan, and the procedures for carrying out such policy and method, shall be determined by the Designated Employer.

10.4 Return of Contributions to the Employer. Except as provided in Section 19.2, the Plan is created for the exclusive benefit of Participants, their Spouses, Contingent Annuitants and Beneficiaries. Except as provided in subsections (a) and (b) below, at no time prior to the satisfaction of all liabilities under the Plan with respect to Participants, their Spouses, Contingent Annuitants, and Beneficiaries shall any contributions to the Plan by the Employer or any assets of the Funds revert to or be used by any Employer.

(a) In the case of a contribution that is made by the Employer by a mistake of fact, such Employer may direct the return to it of such contribution, provided that such contribution (reduced, if the Trust suffered a net investment loss since the time of the contribution, by the portion of the net investment loss allocable to the contribution) is returned to the Employer within one year after the payment of the contribution.

(b) Contributions by the Employer are conditioned upon initial qualification of the Plan under section 401(a) of the Code and the deductibility of each such contribution under section 404 of the Code, and the Employer may direct the return to it of any contribution; provided that, the application for the determination is made by the time prescribed by law for filing the Employer's tax return for the taxable year in which the Plan was adopted and the return of the contribution occurs within one year after such adverse determination; and provided further that to the extent a contribution is disallowed or in excess of tax deductible limits for any year the contribution shall be returned to the Employer within one year after the disallowance of the tax deduction.

ARTICLE XI ADMINISTRATION

11.1 Administration by the Employee Benefit Plan Board. The Plan shall be administered by the Employee Benefit Plan Board. All rules and decisions of the Employee Benefit Plan Board shall be uniformly and consistently applied. The Employee Benefit Plan Board shall have the final right of interpretation, construction and determination under the Plan and decisions of the Employee Benefit Plan Board are final and conclusive for all purposes.

11.2 Duties and Powers of Employee Benefit Plan Board and Administrative Committee.

(a) In addition to the duties and powers described elsewhere hereunder, the Employee Benefit Plan Board shall have all such powers as may be necessary to discharge its duties hereunder including but not limited to the following specific duties and powers:

(i) to retain such consultants, accountants, agents, clerical assistants, attorneys and Actuaries as may be deemed necessary or desirable to render statements, reports and advice with respect to the Plan and to assist the Employee Benefit Plan Board in complying with all applicable rules and regulations affecting the Plan;

(ii) to make such amendments as provided for in Article XIV;

(iii) to recommend a funding policy consistent with the objectives of the Plan;

(iv) to enact uniform and nondiscriminatory rules and regulations to carry out the provisions of the Plan;

(v) to compute the amount of any retirement income payable to a Participant or other amounts payable under the Plan and authorize disbursement under the Trust Agreement or annuity contract (provided that a request for funds from the Trustee or a direction for the payment or application of funds by the Trustee shall be signed by the Chairman, the Secretary or any two members of the Employee Benefit Plan Board);

(vi) to interpret the provisions of the Plan;

(vii) to determine whether any domestic relations order received by the Plan is a qualified domestic relations order as provided in section 414(p) of the Code;

(viii) to evaluate administrative procedures;

(ix) to delegate such duties and powers as the Employee Benefit Plan Board shall determine from time to time to any person or persons or to an administrative committee. To the extent of any such delegation, the delegate shall

have the duties, powers, authority, and discretion of the Employee Benefit Plan Board; and

(x) to establish a claims procedure under which claims will be reviewed by the Manager-Employee Benefits of PPL, or such other individual as may be designated by the Vice President-Human Resources of PPL and under which each claimant shall receive notice in writing in the event any claim for benefits with respect to a Participant's participation in the Plan has been denied; such notice shall set forth the specific reasons for such denial. Such claims procedure shall also provide an opportunity for full and fair review by the administrative committee of the Employee Benefit Plan Board.

(b) In addition to any other duties and powers it may possess, the administrative committee of the Employee Benefit Plan Board shall have the following specific duties and powers:

(i) to resolve questions or disputes relating to eligibility for benefits or the amount of benefits under the Plan; and

(ii) to interpret the provisions of the Plan.

11.3 Employee Benefit Plan Board. The Employee Benefit Plan Board and the administrative committee of the Employee Benefit Plan Board shall have the discretionary authority and final right to interpret, construe and make benefit determinations (including eligibility and amount) under the Plan. The decisions of the Employee Benefit Plan Board and the administrative committee of the Employee Benefit Plan Board are final and conclusive for all purposes.

11.4 Reliance On Reports and Certificates. The members of the Employee Benefit Plan Board and the officers and directors of PPL shall be entitled to rely upon all tables, valuations, certificates and reports furnished by any duly appointed Actuary, upon all certificates and reports made by the Trustee or by any duly appointed accountant, and upon all opinions given by any duly appointed legal counsel.

11.5 Functions. The Employee Benefit Plan Board shall cause to be maintained such books of account, records, and other data as may be necessary or advisable in its judgment for the purpose of the proper administration of the Plan.

11.6 Indemnification of the Employee Benefit Plan Board. Each member of the Employee Benefit Plan Board, the administrative committee, and each of their designees shall be indemnified by the Employer against expenses reasonably incurred by him in connection with any action to which he may be a party by reason of the delegation to him of administrative functions and duties, except in relation to matters as to which he shall be adjudged in such action to be personally guilty of negligence or willful misconduct in the performance of his duties. The foregoing right to indemnification shall be in addition to such other rights as the members of the Employee Benefit Plan Board, the administrative committee and each of their designees may enjoy as a matter of law or by reason of insurance coverage of any kind. Rights granted hereunder shall be in addition to and not in lieu of any rights to indemnification to which the members of the

Employee Benefit Plan Board, the administrative committee and each of their designees may be entitled pursuant to the by-laws of a Participating Company. Service on the Employee Benefit Plan Board shall be deemed in partial fulfillment of the Employee Benefit Plan Board member's function as an employee, officer and/or director of a Participating Company, if he serves in such other capacity as well.

11.7 Corrective Action. The Employee Benefit Plan Board shall have the ability to take or approve such voluntary corrective action as it considers necessary or appropriate to remedy any inequity that results from incorrect information received or communicated in good faith, or as a consequence of administrative or operational error. Such steps may include, but shall not be limited to, taking any action (or acknowledging the Designated Employer's taking of any action) required or permitted under the employee plans compliance resolution system of the Internal Revenue Service, any asset management or fiduciary conduct error correction program available through the Department of Labor, or any similar correction program instituted by the IRS, DOL or other administrative agency, reallocation of Plan assets, adjustments in amounts of future payments to Participants, Beneficiaries, Contingent Annuitants, Spouses or Alternative Payees, and institution and prosecution of actions to recover benefit payments made in error or on the basis of incorrect or incomplete information.

11.8 Rules and Regulations. Subject to the terms of the Plan, the Employee Benefit Plan Board may from time to time adopt such bylaws, rules and regulations as it deems necessary or desirable for fulfilling its responsibilities.

ARTICLE XIII LIMITATION ON BENEFITS IF PLAN IS TERMINATED

12.1 Restrictions on Distributions to Certain Highly Compensated Employees. Notwithstanding any other provision of the Plan to the contrary, the annual payments to a highly compensated employee or highly compensated former employee who is among the 25 such individuals entitled to benefits under the Plan with the greatest compensation shall be restricted to an amount equal to the payments that would be made on behalf of the employee under a single life annuity that is the actuarial equivalent of the sum of the employee's Accrued Benefit and the employee's other benefits under the Plan, all as determined pursuant to, and to the extent required by, Treasury Regulation §1.401(a)(4)-5(b)(3). In the event of Plan termination, the benefit of any highly compensated employee (and any highly compensated former employee) is limited to a benefit that is non-discriminatory under section 401(a)(4) of the Code.

12.2 Limitation on Applicability. The restrictions described in this Article XII shall, notwithstanding any provision contained herein to the contrary, not become effective if and to the extent the Commissioner of Internal Revenue or his or her designate has determined, by regulation, ruling or otherwise, that the limitations are not necessary to prevent prohibited discrimination under the Code in the circumstances in which they would otherwise become effective.

ARTICLE XIII TOP HEAVY LIMITATIONS

13.1 Provisions to Apply. The provisions of this Article will apply for any top-heavy plan year notwithstanding anything to the contrary in the Plan. This Article is intended to comply with Code Section 416 and the regulations thereunder, which are incorporated by reference.

13.2 Special Vesting. Notwithstanding any other provision of the Plan to the contrary, each individual who is a Nonunion Employee and is a Participant at any time during a Top Heavy Plan Year shall have a fully vested and nonforfeitable interest in not less than a percentage of his or her Accrued Benefit as set forth in the following schedule:

Years of Service	Nonforfeitable Percentage
2	20
3	40
4	60
5	80
6 or more	100

In the event any Plan Year subsequent to a Top Heavy Plan Year is not itself a Top Heavy Plan Year, the foregoing special vesting schedule shall apply to benefits accrued in such Plan Year, but only to the benefits accrued by Participants who were Participants at any time during an earlier Top Heavy Plan Year.

13.3 Minimum Benefits. The Accrued Benefit of each Participant who is a Nonunion Employee and completes a Year of Service in a Top Heavy Plan Year, determined as of the end of such Plan Year (and as of the end of any subsequent Plan Year) (the “Determination Date”), when expressed as a benefit payable annually in the form of a single life annuity (with no ancillary benefits) commencing at the Participant’s Normal Retirement Date, shall not be less than the lesser of:

- (a) the product of two percent of High Five Year Compensation and the number of Years of Service for Minimum Benefit Purposes, and
- (b) twenty percent of High Five Year Compensation.

13.4 Maximum Compensation. No more than \$200,000 as adjusted pursuant to section 401(a)(17) of the Code of Compensation shall be taken account of under the Plan for any Employee with respect to any Top Heavy Plan Year.

13.5 Minimum Benefits. For purposes of satisfying the minimum benefit requirements of Code section 416(c)(i), in determining years of service with the Employer, service shall be disregarded to the extent that it occurs during a Plan Year when the Plan benefits (within the meaning of Code section 410(b)) no key Employee or former Key Employee.

ARTICLE XIV AMENDMENT OF THE PLAN

14.1 Right to Amend. The Board shall have the authority to amend the Plan or any of its provisions. In addition, the Employee Benefit Plan Board may adopt any amendment that does not significantly affect the cost of the Plan or significantly alter the benefit design or eligibility requirements of the Plan. Each amendment to the Plan will be binding on the Employer. Notwithstanding the foregoing, no amendment to the Plan shall decrease the accrued benefit of any Participant unless the amendment satisfies the requirements of section 412(d)(2) of the Code and the regulations thereunder. In addition, except as otherwise permitted under section 436 of the Code, no amendment to the Plan that has the effect of increasing liabilities of the Plan by reason of increases in benefits, establishment of new benefits, changing the rate of benefit accrual or changing the rate at which benefits become nonforfeitable may take effect during any Plan Year if the adjusted funding target attainment percentage for such Plan Year is less than 80%, or would be less than 80% taking into account such amendment, unless a Participating Company makes a contribution to the Plan in the amount required under section 436(c)(2) of the Code.

14.2 Restrictions on Amendment. Unless permitted by applicable law or regulation, no amendment of the Plan may be made which shall:

- (a) deprive any Participant, Spouse, Contingent Annuitant, Alternate Payee, or Beneficiary of any part of a benefit it accrued to the date of such amendment;
- (b) result in the reversion to the Employer of any part of the Funds contrary to the provisions of the Plan; or
- (c) increase the duties or liabilities of the Insurance Company or Trustee, respectively, without the written consent thereof.

ARTICLE XV TERMINATION OF THE PLAN

15.1 Events Constituting Termination.

(a) It is expressly declared to be the desire and intention of the Employer to continue the Plan for the benefit of its Employees for an indefinite period of time. Nevertheless, circumstances not now anticipated or foreseeable may arise in the future, as a result of which the Employer may deem it to be impracticable or unwise to continue to participate in the Plan established hereunder, and the Employer therefore reserves the right to terminate its participation in the Plan (insofar as it affects its Employees) at any time. Such termination shall be effected by a written instrument of termination executed by the Employer. A copy of such instrument shall be delivered to the Insurance Company, to the Trustee, to PPL, and to the Employee Benefit Plan Board. In addition, PPL reserves the right to terminate the Plan, in whole or in part, by or pursuant to action of the Board. A termination of participation in the Plan by the Employer will be considered a partial termination of the Plan; provided that if Plan assets and Plan liabilities are transferred or spun off to a pension plan that is qualified under section 401(a) of the Code and is sponsored by the Employer ceasing to participate in the Plan, and the amounts transferred equal or exceed the values of the Accrued Benefits of the affected Participants (and their Spouses, Beneficiaries, Contingent Annuitants, or Alternate Payees) determined on a termination basis in accordance with section 414(l) of the Code and applicable Treasury Regulations thereunder, such a transaction will not constitute a partial termination of the Plan. A termination of participation in the Plan by all Employer will be considered a complete termination of the Plan.

(b) With respect to any Employer, its adjudication of bankruptcy or insolvency by any court of competent jurisdiction; its making of a general assignment for the benefit of creditors; its dissolution, merger, consolidation, or other reorganization or discontinuance of business, unless the Plan is continued by a successor company; or its complete discontinuance of contributions, shall operate to terminate the Employer's participation in the Plan.

(c) Subject to applicable requirements of notice to the Pension Benefit Guaranty Corporation, governing termination of employee pension plans, the Employee Benefit Plan Board shall direct that the assets of the Fund, allocable to the Employer which has terminated its participation in the Plan, be segregated for payment of benefits in accordance with the provisions of this Article.

15.2 Partial Termination. Upon a partial termination of the Plan, the Employee Benefit Plan Board shall direct the Actuary to determine the proportionate interests of the Participants affected by such partial termination. After such proportionate interests have been determined, the Employee Benefit Plan Board shall direct that the assets of the Fund, allocable to such group of Participants, be segregated for payment of benefits in accordance with the provisions of this Article.

15.3 Allocation of Assets. Upon complete termination or partial termination, the benefits of Participants affected thereby shall become fully vested and nonforfeitable to the extent funded.

The assets of the Fund, or appropriate segregated portion thereof, shall be allocated (after payment or provision for expenses) to such Participants in the following manner and order:

- (a) to cover Accumulated Employee Contributions;
- (b) to provide Participants, Spouses, Contingent Annuitants, or Beneficiaries who were receiving benefits or who were eligible to receive benefits at least three years prior to the partial or complete termination of the Plan, Retirement Income based on the lowest benefit under Plan provisions in effect during the five years preceding the date of the Plan's termination;
- (c) to provide all other benefits guaranteed under ERISA;
- (d) to provide all other nonforfeitable benefits under the provisions of the Plan at its partial or complete termination, but which are not guaranteed under ERISA; and
- (e) finally, to provide all other Accrued Benefits as of the date of the partial or complete termination.

If the assets of the Funds, as of the date of the partial or complete termination, are not sufficient to provide in whole the amounts required within the classes described above, such assets will be allocated pro rata within the class in which the amounts first cannot be provided in full. Allocation in any of the above-listed categories is to be adjusted for any allocation already made to the same Participant under a prior category.

15.4 Manner of Distribution. Subject to the foregoing provisions of this Article, distribution after a complete termination of the Plan may be made, in whole or in part, to the extent that no discrimination results, in cash, securities, or other assets in kind (based on their fair market value as of the date of distribution), or in nontransferable annuity contracts, as the Employee Benefit Plan Board in its discretion shall determine. Distributions after a partial termination of the Plan will be made at such time and in such manner as provided under the provisions of the Plan, other than this Article, relating to distributions.

15.5 Residual Amounts. The Employer shall receive such amounts from the Funds upon complete termination of the Plan as remain after the satisfaction of all liabilities of the Plan.

ARTICLE XVI RETIREE MEDICAL ACCOUNT

16.1 401(h) Account. The Employee Benefit Plan Board will establish (or cause to be established), an account from which Medical Benefits may be paid with respect to Eligible Retired Medical Participants pursuant to section 401(h) of the Code. Payments for benefits provided to a Spouse or dependent of an Eligible Retired Medical Participant are included in the phrase “with respect to”. The 401(h) Account will be a separate account for recordkeeping purposes. The 401(h) Account need not be segregated from the other assets of the Plan for investment purposes; however, the Employee Benefit Plan Board may segregate all or part of the 401(h) Account in its discretion, and, to the extent the 401(h) Account is so segregated, it may be held in a separate trust, qualifying under the Code section 501(a), established under this Plan. If the 401(h) Account is not segregated, the Employee Benefit Plan Board shall adopt procedures for allocating investment earnings between accounts. Prior to the satisfaction of all obligations under the Plan to provide Medical Benefits, no part of the corpus or income of the 401(h) Account may be used for, or diverted to any purpose other than the providing of such benefits. However, upon the satisfaction of all obligations under the Plan to provide such benefits, any amount remaining in the 401(h) Account will be returned to the Employer, in such proportions as is determined by the Employee Benefit Plan Board.

16.2 Payment of Medical Benefits. Medical Benefits will be provided in such amounts, at such time or times, in such manner, and to such payees as are provided under the Employer’s retiree medical programs as in effect from time to time. All assets of the 401(h) Account will be available to provide benefits with respect to any Eligible Retired Medical Participant, and no separate fund or subaccount need be segregated for any such Participant.

16.3 Contributions to the 401(h) Account. The Employer may make direct contributions to the 401(h) Account in such amounts and at such time or times as it determines in its discretion. Such contributions must be reasonable and ascertainable and are subject to the general conditions relating to Plan contributions under Section 11.4. However, in no event shall the aggregate amount of such contributions, when added to any contributions for any life insurance protection provided under the Plan, exceed 25 percent of the total actual contributions to the Plan under this Section 16.3 and under Section 11.1 (other than contributions to fund past service credits). Any forfeitures with respect to Medical Benefits under the 401(h) Account must be applied as soon as possible to reduce Employer contributions to fund such benefits.

ARTICLE XVII ASSIGNMENTS, PAYMENTS, AND MISCELLANEOUS
PROVISIONS

17.1 Nonalienation of Benefits. Except as provided in Section 17.2 or as otherwise permitted or required by the Code or ERISA, no benefit under the Plan, nor any other interest hereunder of any Participant, Spouse, Contingent Annuitant, Alternate Payee, or Beneficiary, may be assigned or alienated.

17.2 Payment Under Qualified Domestic Relations Orders. Notwithstanding any provisions of the Plan to the contrary, if there is entered any judgment, decree or order (including approval of a property settlement agreement) which relates to the provision of child support, alimony payments, or marital property rights to a spouse, former spouse, child, or other dependent of a Participant, which is made pursuant to a state domestic relations law (including a community property law) and which creates or recognizes the existence of an alternative payee's right to, or assigns to an alternative payee the right to, receive all or a portion of the benefits payable with respect to such Participant, then such benefits will be paid in accordance with the applicable requirements of such judgment, decree, or order; provided such judgment, decree, or order constitutes a "qualified domestic relations order" ("QDRO") within the meaning of section 414(p) of the Code and section 206 of ERISA. A domestic relations order that otherwise satisfies the requirements for a QDRO (as described above) shall not fail to be a QDRO: (a) solely because the order is issued after, or revises, another domestic relations order or QDRO, or (b) solely because of the time at which the order is issued, including issuance after the Participant's Benefits Commencement Date or death. Furthermore, notwithstanding any provision of this Section 17.2 to the contrary, the benefits provided hereunder to a Participant may be offset pursuant to either (i) a judgment, (ii) an order, (iii) a decree, or (iv) a settlement agreement, any of which satisfies the conditions of section 401(a)(13)(C) of the Code; provided that the spousal consent requirements of sections 401(a)(13)(C) and (D) of the Code are met.

17.3 Payment of Benefits.

(a) Except as otherwise provided under Article XVIII (with respect to Cash Balance Benefits) any vested benefit (in respect to any terminated Employee) under the Plan shall be paid in a single lump sum payment of the greater actuarially equivalent value determined based on:

- (i) the definition of "Actuarial Equivalence"; or
- (ii) the Applicable Interest Rate and the Applicable Mortality Table, provided that this subsection (a) applies only if:
 - (A) such value does not exceed \$1,000, and
 - (B) if payment of such benefit has commenced to the Participant or the surviving Spouse, the Participant and the Spouse, or the Participant's surviving Spouse, whichever is applicable, consents to such a payment in writing.

(b) Subject to Sections 4.6 and 18.3, any non-vested Participant who has a termination of employment shall be deemed to be cashed out under the Plan as of the termination date.

(c) Subject to Section 6.6(f), if a Participant has accumulated Years of Service as both a Nonunion Employee and a Union Employee, his or her retirement benefit shall be determined under the benefit formula under which he or she retires; provided that the Compensation used when applying such formula shall correspond with the Participant's periods of service and status as either a Nonunion Employee or a Union Employee.

(d) Payment of any benefit for the lifetime of a person shall cease with the last payment due on or before the date of death.

(e) If a person entitled to receive any benefit payment is under a legal disability or is incapacitated in any way so as to be unable to manage his or her financial affairs, the Employee Benefit Plan Board shall direct the Insurance Company or the Trustee to make such payments to the legal representative or to a relative or other person for his or her benefit, or to apply the payment for the benefit of such person advisable. Any payment of a benefit in accordance with the provisions of this subsection (e) shall be a complete discharge of any liability to make such payment.

(f) The Trustee or the Insurance Company shall be deemed to have made adequate tender of payment of any benefit payable under the Plan if payment is made in cash, by check, or by money order, mailed to the last address of such person furnished to such payor by the Employee Benefit Plan Board.

(g) Notwithstanding any provision of this Plan to the contrary that would otherwise limit a Distributee's election under this part, a Distributee may elect, at the time and in the manner prescribed by the Administrator, to have any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan specified by the Distributee in a Direct Rollover. The Administrator shall furnish the Distributee of an Eligible Rollover Distribution, within the period described in Section 9.2(b) hereof, with a written explanation meeting the requirements of section 402(f)(1) of the Code and regulations and other guidance issued thereunder.

The following definitions apply solely for purposes of this Section 17.3(g):

(i) **Eligible Rollover Distribution:** An Eligible Rollover Distribution is any distribution of all or any portion of the balance to the credit of the Distributee, except that an Eligible Rollover Distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the Distributee or the joint lives (or joint life expectancies) of the Distributee and the Distributee's designated Beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income, determined without regard to the exclusion for net unrealized appreciation with respect to

employer securities (“after-tax amounts”). Notwithstanding the foregoing, a distribution shall not fail to be an Eligible Rollover Distribution merely because it includes after-tax amounts, provided that such amounts may be transferred only to: (A) an individual retirement account or annuity described in section 408(a) or (b) of the Code (or a Roth IRA described in section 408A of the Code); or (B) a qualified defined contribution plan described in section 401(a) or 403(b) of the Code, if such trust or contract provides for separate accounting for amounts so transferred (including interest thereon), including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

(ii) Eligible Retirement Plan: An Eligible Retirement Plan is any of the following that accepts a Direct Rollover of the Distributee’s Eligible Rollover Distribution: an individual retirement account described in section 408(a) of the Code; an individual retirement annuity described in section 408(b) of the Code; an annuity plan described in section 403(a) of the Code; an annuity contract described in section 403(b) of the Code; an eligible plan under section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state which agrees to separately account for amounts transferred into such plan from this Plan; or a qualified trust described in section 401(a) of the Code; or a Roth IRA as described in section 408A of the Code.

(iii) Distributee: A Distributee includes an employee or former employee. In addition, the employee's or former employee's surviving Spouse and the employee’s or former employee’s Spouse or former Spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, are Distributees with regard to the interest of the Spouse or former Spouse. A non-Spouse beneficiary who is a Participant’s “designated beneficiary” under Code section 401(a)(9)(E) and the regulations issued thereunder, shall be considered a “Distributee” with regard to the interest of such non-Spouse beneficiary. However, in the case of a non-Spouse beneficiary, a Direct Rollover may only be made to: (A) an individual retirement account or annuity described in sections 408(a) or (b) of the Code (“IRA”), or (B) a Roth IRA as described in section 408A of the Code, which IRA or Roth IRA is established on behalf of the non-Spouse beneficiary and treated as an inherited IRA or Roth IRA in accordance with section 402(c)(11) of the Code.

(iv) Direct Rollover: A Direct Rollover is a payment by the Plan to the Eligible Retirement Plan specified by the Distributee.

(h) Notwithstanding any provision of the Plan to the contrary, if a Participant is scheduled to receive a payment pursuant to subsection (a) above, the Employee Benefit Plan Board may deem the Participant as having elected, and the Employee Benefit Plan Board may make, a direct rollover of the Participant’s entire vested benefit under the Plan to an individual retirement account described in section 408(a) of the Code (an “IRA”). The IRA shall be established by the Employee Benefit Plan Board for the Participant’s

benefit in accordance with procedures adopted by the Employee Benefit Plan Board. The Participant, as a condition of participation in the Plan, shall be obligated to accept the terms of the agreement pursuant to which the IRA is established. Notwithstanding the foregoing, a direct rollover will not be made for a Participant under this subsection (h) if, in accordance with procedures adopted by the Employee Benefit Plan Board, the Participant either elects to receive his or her entire vested benefit in cash instead of a direct rollover to an IRA or requests that such amount be paid directly to another eligible retirement plan described in subsection (g) above.

17.4 Insufficiency of Funds. Neither any Employer nor any affiliate or subsidiary thereof, nor the Employee Benefit Plan Board, shall be liable in any manner to any Participant, Spouse, Contingent Annuitant, Alternate Payee, or Beneficiary if the Funds shall be insufficient to provide for the payment of all benefits. Such benefits are to be payable only from the Funds and only to the extent of the assets of the Funds.

17.5 Effectuation of Interest. In the event it should become impossible for the Designated Employer or the Employee Benefit Plan Board to perform any act required by the Plan, the Designated Employer or the Employee Benefit Plan Board may perform such other act as it in good faith determines will most nearly carry out the intent and purpose of the Plan.

17.6 No Implied Right to Employment. Neither this Plan, nor the payment of contributions by the Employer, nor the payment of any benefits pursuant to the Plan shall be construed to create any obligation upon the Employer to continue to make contributions to the Plan or to give any present or future Employee any right to continued employment.

17.7 Plan Assets: Merger or Transfer. There shall be no merger or consolidation with, or transfer of assets or liabilities of the Plan (except as permitted by regulation) to, any other plan unless each Participant in the Plan would, if the Plan terminated after such merger, consolidation, or transfer, receive a benefit immediately thereafter equal to or greater than the benefit that he or she would have been entitled to receive immediately before such merger, consolidation, or transfer if the Plan had then been terminated.

17.8 Headings. The headings of Articles and Sections of this Plan are for convenience of reference only.

17.9 Copy of Plan. An executed copy of the Plan shall be available for inspection by the Employee or other person entitled to benefits under the Plan at reasonable times at the Human Resources Office of the Designated Employer.

17.10 Gender and Number. Unless the context requires otherwise, the singular shall include the plural; the masculine gender shall include the feminine; and such words as “herein”, “hereinafter,” “hereof,” and “hereunder” shall refer to this instrument as a whole and not merely to the subdivisions in which such words appear.

17.11 Separability. If any term or provision of the Plan, as presently in effect or as amended from time to time, or the application thereof to any payments or circumstances, shall to any extent be invalid or unenforceable, the remainder of the Plan and the application of such term or provision to payments or circumstances other than those to which it is invalid or unenforceable

shall not be affected thereby, and each term or provision of the Plan shall be valid and enforced to the fullest extent provided by law.

17.12 Uniform Application. All provisions of the Plan shall be uniformly applied to all Participants.

17.13 Participant's Period of Military Service. Notwithstanding any provisions of this Plan to the contrary, contributions, benefits, and service credit with respect to qualified military service (as defined in section 414(u)(5) of the Code) will be provided in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA), and section 414(u) of the Code. Furthermore, the following rules shall apply in the case of Participants who die or become disabled while performing qualified military service on or after January 1, 2007: (a) the survivors of a Participant who dies while performing qualified military service on or after January 1, 2007 shall be entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) provided under the Plan had the Participant resumed and then terminated employment on account of death in accordance with section 401(a)(37) of the Code, and (b) a Participant who dies or becomes disabled while performing qualified military service on or after January 1, 2007 shall be provided vesting service and benefit accruals in accordance with section 414(u) of the Code as if the Participant had resumed employment in accordance with his or her reemployment rights under USERRA on the day preceding death or disability (as the case may be) and terminated employment on the actual date of death or disability. For purposes of determining benefit accruals under the preceding sentence, compensation shall be based on the lesser of: (i) the 12-month period of service with the Employer immediately prior to qualified military service; or (ii) if service with the Employer is less than such 12-month period, the actual length of continuous service with the Employer. To the extent the employee is a member of a collective bargaining unit, the compensation will be based on rates of pay in effect during the period of leave that the employee would have been expected to receive but for the leave and any multipliers shall be the actual multipliers in effect for the period of the leave. In addition to the foregoing rules, for Plan Years, (i) an individual receiving a differential wage payment (as defined by Code section 3401(h)(2)) shall be treated as an Employee of the Employer making the payment, (ii) the differential wage payment shall be treated as compensation for all purposes under the Plan, and (iii) the Plan shall not be treated as failing to meet the requirements of any provision described in Code section 414(u)(1)(C) by reason of any contribution or benefit which is based on the differential wage payment.

17.14 Governing Law. Except as otherwise required by law, the Plan and all matters arising thereunder shall be governed by the laws of The Commonwealth of Pennsylvania.

17.15 Appendices and Supplements. The Appendixes and Supplements attached hereto are expressly incorporated herein and made a part hereof.

17.16 Minimum Distribution Requirements. Notwithstanding any provision of the Plan to the contrary, all distributions will be made in accordance with Code Section 401(a)(9) and Treasury Regulation Sections 1.401(a)(9)-1 through 1.401(a)(9)-9 (the "Section 401(a)(9) Regulations"), which Code Section and Regulations are incorporated herein by this reference. Without limiting the generality of the foregoing, the following specific provisions shall apply:

(a) Required Beginning Date. For purposes of this Section 17.16, a Participant's "Required Beginning Date" means the later of (i) April 1 of the calendar year following the calendar year in which the Participant attains age 72 (age 70½ for a Participant born before July 1, 1949), or (ii) except in the case of a 5% owner (as defined in Code Section 416(i)(1)(B)), April 1 of the calendar year following the calendar year in which the Participant retires.

(b) Distributions Before Death. In general, the entire interest of each Participant shall be distributed to the Participant not later than his Required Beginning Date, or beginning not later than his Required Beginning Date, in accordance with the Section 401(a)(9) Regulations, over the life of the Participant, over the lives of the Participant and his designated Beneficiary, or over a period not extending beyond the life expectancy of the Participant or the life expectancy of the Participant and his designated Beneficiary. If the Participant's Spouse is not his designated Beneficiary, a method of payment to the Participant may not provide more than incidental benefits to the Beneficiary pursuant to the minimum distribution incidental benefit requirement described in Code Section 401(a)(9)(G) and Sections 1.401(a)(9)-2 and 1.401(a)(9)-6 of the Section 401(a)(9) Regulations.

(c) Distributions Following Death. Following the Participant's death, the entire interest of the Participant shall be distributed not later than as follows:

(i) If the Participant's death occurs after his Required Beginning Date, the remaining portion of the Participant's interest shall be distributed to the Participant's Beneficiary, in accordance with the Section 401(a)(9) Regulations, at least as rapidly as under the method of distribution applicable to the Participant as of the date of the Participant's death.

(ii) If the Participant's death occurs prior to his Required Beginning Date and a qualified preretirement survivor annuity (as defined in Code Section 417(c)) is payable to the Participant's Spouse, the Spouse shall receive, in accordance with the Section 401(a)(9) Regulations, distribution over a period not exceeding the Spouse's life expectancy commencing no later than December 31st of the calendar year in which the Participant would have attained age 72 (age 70½ for a Participant born before July 1, 1949) or, if later, December 31st of the calendar year immediately following the calendar year in which the Participant died. If the Participant's death occurs prior to his Required Beginning Date and any death benefits are payable to a Beneficiary other than the Participant's Spouse, distribution of such benefits shall be made to the Participant's Beneficiary by the end of the calendar year containing the 5th anniversary of the Participant's death; provided, however, that if the benefits are payable in an annuity form of benefit, such Beneficiary shall receive, in accordance with the Section 401(a)(9) Regulations, distribution over a period not exceeding the Beneficiary's life expectancy commencing no later than December 31st of the calendar year immediately following the calendar year in which the Participant died.

ARTICLE XVIII CASH BALANCE BENEFIT

18.1 Eligibility for Cash Balance Benefit. Notwithstanding any provision of the Plan to the contrary, a Cash Balance Participant shall have his or her Cash Balance Benefit determined and distributed in accordance with this Article.

18.2 Cash Balance Benefit.

(a) Cash Balance Account. A “Cash Balance Account” will be established for each Cash Balance Participant under the Plan. The sole purpose of the Cash Balance Account is to determine such Participant’s Cash Balance Benefit, and such Participant has no right or claim to any amounts credited to his or her Cash Balance Account. Subject to the limitations set forth in Section 6.7, each Cash Balance Participant’s Cash Balance Account will be credited with Company Credits and Interest Credits as follows:

(i) Company Credits Nonunion Employees.

(A) Company Credits Prior to January 1, 2011. As of the last day of each calendar month beginning after July 14, 2002 and before January 1, 2011, the Cash Balance Account of each Cash Balance Participant who is a Nonunion Employee on such day will be credited with a Company Credit equal to a percentage of the Participant’s Base Compensation for that month as indicated below:

<u>Years of Service</u>	<u>Percentage</u>
0 but less than 5	4.0%
5 but less than 10	5.0%
10 but less than 15	6.0%
15 but less than 20	7.0%
20 or more	8.0%

In applying this Schedule, Years of Service are increased as of January 1 for actively employed Participants, or on the first day of re-employment during the year, as determined under Section 4.8 above.

(B) Company Credits After December 31, 2010. As of the last day of each calendar month beginning on or after January 1, 2011, the Cash Balance Account of each Cash Balance Participant who is a Non- Union Employee on such day will be credited with a Company Credit equal to a percentage of the Participant’s Base Compensation for that month as indicated below:

<u>Points</u>	<u>Percentage</u>
0 to 44	4.0%
45 to 54	5.0%
55 to 64	6.0%
65 to 74	7.0%
75 or more	8.0%

In applying this Schedule, “Points” are determined each January 1 by adding the Participant’s age (whole number), Years of Service (whole number determined under Section 4.8), plus 2, which total is used to determine the applicable percentage that will apply for each applicable month of that calendar year. Fractional portions of a year are not considered. For example, a Participant who is age 50½ with 15 years of Service as of January 1, 2011 has 67 Points for the 2011 calendar year. Notwithstanding the foregoing, if a Participant’s contribution percentage under the formula in Section 18.2(a)(i)(A) as of December 31, 2010 is higher than the Participant’s contribution percentage determined under the above formula, the contribution percentage that applied to the Participant under Section 18.2(a)(i)(A) as of December 31, 2010 shall continue to apply to the Participant until such time as the Participant qualifies for a larger contribution percentage under the above formula.

(ii) Interest Credits. As of the last day of each calendar month, but before the crediting of any applicable Company Credit for the month, an Interest Credit shall be applied to the balance of a Participant’s Cash Balance Account by multiplying the then-existing balance by an interest rate equal to one-twelfth of the average annual yield on 30-year U.S. Government Treasury Securities for the month of September in the calendar year that immediately precedes the calendar year of the credit (effective March 2002, the IRS will determine the applicable yield based on the monthly average of the daily determination of yield on the 30- year Treasury bond maturing in February 2031). However, effective April 1, 2014, the interest rate used for Interest Credits under this Section 18.2(a)(ii) shall never be less than 2.75%. Except as provided in Section 18.3 below, no Interest Credits will be applied on or after the Participant’s Benefit Commencement Date.

Notwithstanding any provision of this Plan to the contrary, effective for Plan Years beginning after December 31, 2007, the following rules shall apply to determining interest credits under this Section 18.2(a)(ii): (1) the interest rate used for purposes of interest credits shall in no case be greater than a “market rate of return” as defined under Code Section 411(b)(5)(B)(i) and Treasury Regulations and other guidance issued thereunder; (2) regardless of the interest rate specified in the Plan, an interest credit (or equivalent amount) of less than zero shall in no event result in a Participant’s Cash Balance Account balance being less than the aggregate amount of contributions credited to the Cash Balance Account; and (3) upon termination of the Plan, (A) if the interest credit rate (or an equivalent amount) under the Plan is a variable rate, then the rate of interest used to determine accrued benefits under the

Plan shall be equal to the average of the rates of interest used under the Plan during the 5-year period ending on the termination date, and (B) the interest rate and mortality table used to determine the amount of any benefit under the Plan payable in the form of an annuity payable at Normal Retirement Age shall be the interest rate and mortality table specified in the Plan for such purpose as of the termination date, except that if such interest rate is a variable rate, the interest rate shall be determined under the rules of Section 18.2(a)(ii)(3)(A).

(b) Amount of Cash Balance Benefit. As of any point in time, a Participant's Cash Balance Benefit means a benefit expressed in the form of a single life annuity commencing at Normal Retirement Age, calculated by projecting the Participant's Cash Balance Account to Normal Retirement Age with interest at the rate used for Interest Credits under Section 18.2(a)(ii) in effect at the date of determination, and converting the projected Account to a benefit payable at Normal Retirement Age that is the Actuarial Equivalent of such projected Account. If the Participant has reached Normal Retirement Age, the Cash Balance Benefit means a benefit expressed in the form of a single life annuity that is the Actuarial Equivalent of the Participant's Cash Balance Account; provided, however, that in the case of a Participant who retires after Normal Retirement Age, to the extent the Participant's benefits are not suspended as described in the last paragraph of Section 6.4 of the Plan, the benefit will be no less than the Actuarial Equivalent of the Participant's accrued benefit determined as of the Participant's Normal Retirement Age. Actuarial Equivalence and present value for purposes of this paragraph shall be based on the Applicable Interest Rate and the Applicable Mortality Table defined in Article II, with September as the applicable lookback month and the calendar year as the applicable stability period. The form of payment made to a Participant and the amount of the payment or payments to the Participant under such form shall be determined in accordance with the applicable provisions of this Article XVIII. Notwithstanding any provision of the Plan to the contrary (including Plan provisions relating to Code Section 417(e)), the present value of a Participant's accrued benefit for purposes of making a distribution of a Participant's vested accrued benefit with respect to the cash balance portion of the Plan shall in all cases be equal to the Participant's Cash Balance Account.

18.3 Termination and Reemployment

(a) Reemployment of a Vested Participant. If a vested terminated or retired Cash Balance Participant is subsequently rehired by the Employer, such Participant's Cash Balance Account balance shall be increased in accordance with Section 18.2 above during the period of reemployment as a Cash Balance Participant. The Cash Balance Participant's prior period of employment shall count as service, in accordance with Plan rules, in determining the percentage of Company Credits for the Participant under the applicable formula, whichever applies during the period of reemployment.

(i) If the Cash Balance Participant received a full lump sum distribution of his or her Account upon terminating employment, the Account upon rehire shall be \$0.

(ii) If the Cash Balance Participant received a partial distribution upon terminating employment, the Account upon rehire shall be the remaining balance.

(iii) If the Cash Balance Participant is receiving an annuity, the monthly payments shall be suspended during any month following his or her rehire in which he or she has 40 or more actual Hours of Service (not using the 190 hour equivalency provision).

(iv) If the Cash Balance Participant did not receive or commence receiving any distribution upon terminating employment, the Participant's Account shall continue to be credited with Interest Credits during his or her absence.

(b) Reemployment of a Non-Vested Participant. If a non-vested Cash Balance Participant terminates employment with the Employer and is not eligible for vesting credit under Section 4.5, such Participant's Cash Balance Account shall be forfeited as of the date the Participant incurs a Break in Service. However, if the Participant is subsequently rehired by the Employer, the full Account balance shall be restored, no matter how long the Break in Service. The restored Account balance shall include the Interest Credits earned during such absence based on the Cash Balance Participant's status when last employed. The Cash Balance Participant's Account balance shall be increased in accordance with Section 18.2 above during the period of reemployment as a Cash Balance Participant, and the prior period of employment shall count as service, in accordance with Plan rules, in determining the percentage of the Company Credits for the Participant under the applicable formula, whichever applies during the period of reemployment.

18.4 Payment of Cash Balance Benefit. A Participant will be entitled to receive payment of his or her Cash Balance Benefit at such time following his or her Termination Date as the Participant may elect, subject to the requirements of Sections 6.10(c), 6.11 and 9.2 of the Plan, and the requirements of Code sections 401(a)(9) and 417 as set forth in the Plan. Payment shall be made in either the normal form of payment applicable to the Participant, at the Participant's election (with spousal consent, if required), in an optional form of payment.

(a) Normal Form of Payment. If a Participant has a Spouse, the normal form of payment shall be a 50% qualified joint and survivor annuity described in Code section 417. If the Participant does not have a Spouse, the normal form of payment shall be a single life annuity, with no benefits payable after the Participant's death.

(b) Optional Forms of Payment. A Participant may waive the normal form of payment described in subsection (a) above and elect one of the optional forms of benefit described below, provided that such waiver and election satisfy the requirements of Sections 9.1, 9.2 and 9.3, including the spousal consent requirements therein (if applicable). Optional forms of benefit are as follows:

(i) Lump sum payment equal to the balance of the Participant's Cash Balance Account;

(ii) Single life annuity;

(iii) Contingent annuitant option, under which a reduced retirement benefit is payable to the Participant during his or her lifetime, with payments from the Plan on death equal to 100%, 75%, 50%, or 25% of the payments previously payable to the Participant to be continued to and for the lifetime of the Participant's Spouse; or

(iv) Any contingent annuitant option described above; provided, however, that if the Participant's Spouse predeceases such Participant, payments shall prospectively revert (or "pop up") to the amount that would have been payable had the Participant elected a single life annuity option.

An election under this Section may be made to receive a combination of lump sum and eligible annuity in 25% increments (not to exceed a total of 100%). If a Participant elects to divide his or her benefit in accordance with the foregoing, the amount of the distribution payable with respect to each specified portion of the accrued benefit is determined in accordance with the method for calculating the amount of a distribution payable in the optional form elected for that portion as if that portion were the Participant's entire accrued benefit.

The forms of benefit other than the lump sum shall be the "actuarial equivalent" of the Participant's Cash Balance Benefit, determined using the RP 2000 (weighted 100% male) mortality table and interest at 6% per annum compounded annually.

(c) Mandatory Cash-out Rule. If a Participant's vested Cash Balance Account does not exceed \$1,000, the Participant's Account shall be distributed to the Participant in a single lump sum upon termination of employment in full payment of his or her benefit under the Plan.

18.5 Death Benefits.

(a) Unmarried Cash Balance Participants. If a Cash Balance Participant dies before his or her payments begin, such Participant's Beneficiary will receive, as soon as reasonably practicable after the Participant's death, a lump sum payment equal to the balance of the Participant's Cash Balance Account as of the payment date. If more than one Beneficiary is designated as entitled to payment hereunder, the Account shall be divided equally between or among them unless a different allocation was designed by the Participant and all such Beneficiaries are living at the time of the Participant's death. If a Beneficiary dies before receiving a distribution that he or she is entitled to hereunder, such amount shall be paid to the Beneficiary's estate in a lump sum.

(b) Married Cash Balance Participants. If a Cash Balance Participant dies before his or her payments begin and such Participant is married on the date of death, his or her Spouse will be entitled to receive a pre-retirement death benefit. The preretirement death benefit payable to the Spouse under this subsection (b) will be a monthly annuity commencing at the election of the Spouse as of the first day of any month following the date of the Participant's death (but no later than December 31st of the calendar year in which the Participant would have attained age 72 (age 70½ for a Participant born before

July 1, 1949) or, if later, December 31st of the calendar year immediately following the calendar year in which the Participant died) and ending on date of the Spouse's death. Such annuity will be equal to a single life annuity determined in accordance with Section 18.4(b)(ii). In lieu of such lifetime benefit, the Spouse may elect to receive a single lump sum payment equal to the balance of the Participant's Cash Balance Account. If the Spouse dies before receiving a distribution, the Participant's Cash Balance Account will be paid to the Spouse's estate in a lump sum.

Notwithstanding the foregoing provisions of this subsection (b), a married Cash Balance Participant may waive the pre-retirement death benefit for his or her Spouse described in this subsection (b) and name a non-spouse Beneficiary (or Beneficiaries) to receive such benefit. A Cash Balance Participant who has yet to attain age 35 may make a special election to have his or her Spouse waive the pre-retirement death benefit for the purpose of naming a different Beneficiary(ies), which waiver shall end on the first day of the Plan Year in which the Participant attains age 35, at which time the pre-retirement survivor benefit will be reinstated automatically, unless and until such time that a new Beneficiary election with appropriate Spousal consent is made. The Participant's Spouse must consent to all waivers. Furthermore, spousal consent under this subsection (b) must be in writing, must specify the non-spouse Beneficiary(ies), must acknowledge the effect of the waiver and must be witnessed by a notary public. Unless the consent form expressly provides that the Participant may make further elections without further consent of his or her Spouse, the consent will be effective only with respect to the specific Beneficiary(ies) to which the consent relates. Spousal consent will be effective only with respect to that Spouse and shall be irrevocable by the Spouse once made. The Administrator will provide such timely information to Participants in connection with pre-retirement benefits and the Participant's rights to waive those benefits as may be required from time to time under the Code or ERISA.

If a lump sum is elected and the Participant dies on or after the Benefit Commencement Date, but before the lump sum is paid, the Participant's lump sum will be paid to the Participant's Spouse or other Beneficiary(ies) who was designated consistent with preretirement spouse death benefit provision of the Code and ERISA. If there is no Spouse or surviving Beneficiary, the lump sum shall be paid to the Participant's estate.

(c) Death of Cash Balance Participant after Payments Begin. In the case of a Cash Balance Participant who dies after payments have begun, no death benefits will be payable except as otherwise provided under the form of pension in effect for such Participant on the date of his or her death.

ARTICLE XIX LIMITATIONS ON BENEFITS UNDER
CODE SECTION 415 OF THE CODE

19.1 Section 415 Limitations. Code Section 415 limits are hereby incorporated by reference. Notwithstanding any Plan provision to the contrary, the annual benefit to a Participant for any Limitation Year shall not exceed the limitations of Code Section 415(b), as adjusted in accordance with Code Section 415(d), which are hereby incorporated by reference. In applying Code Section 415 and the Regulations thereunder, the following definition shall apply:

(a) Compensation. The term “Compensation” means, for purposes of this Article, wages, salaries, and fees for professional services and other amounts received (without regard to whether or not an amount is paid in cash) for personal services actually rendered in the course of employment with the employer maintaining the plan to the extent that the amounts are includible in gross income (including, but not limited to, commissions paid to salespersons, compensation for services on the basis of a percentage of profits, commissions on insurance premiums, tips, bonuses, fringe benefits, and reimbursements, or other expense allowances under a nonaccountable plan (as described in Treasury Regulation Section 1.62-2(c)), and excluding the following:

(i) Employer contributions (other than elective contributions described in Code Sections 402(e)(3), 408(k)(6), 408(p)(2)(A)(i), or 457(b)) to a plan of deferred compensation (including a simplified employee pension described in Code Section 408(k) or a simple retirement account described in Code Section 408(p), and whether or not qualified) to the extent such contributions are not includible in the Employee’s gross income for the taxable year in which contributed, and any distributions (whether or not includible in gross income when distributed) from a plan of deferred compensation (whether or not qualified), except that any amounts received by an Employee pursuant to a nonqualified unfunded deferred compensation plan shall be considered Compensation in the Limitation Year the amounts are actually received, but only to the extent such amounts are includible in the Employee’s gross income;

(ii) Amounts realized from the exercise of a nonstatutory stock option (that is, an option other than a statutory stock option as defined in Treasury Regulation Section 1.421-1(b)), or when restricted stock (or property) held by the Employee either becomes freely transferable or is no longer subject to a substantial risk of forfeiture;

(iii) Amounts realized from the sale, exchange or other disposition of stock acquired under a statutory stock option;

(iv) Other amounts that receive special tax benefits, such as premiums for group term life insurance (but only to the extent that the premiums are not includible in the gross income of the employee and are not salary reduction amounts that are described in Code Section 125); and

(v) Other items of remuneration that are similar to any of the items listed in (i) through (iv).

In addition to the foregoing, Compensation shall include remuneration to an Employee for services of the following types: (1) in the case of an Employee who is an employee within the meaning of Code Section 401(c)(1) and regulations promulgated thereunder, the Employee's earned income (as described in Code Section 401(c)(2) and regulations promulgated thereunder), plus amounts deferred at the election of the Employee that would be includible in gross income but for the rules of Code Sections 402(e)(3), 402(h)(1)(B), 402(k), or 457(b); (2) amounts described in Code Sections 104(a)(3), 105(a), or 105(h), but only to the extent that these amounts are includible in the gross income of the Employee; (3) amounts paid or reimbursed by the Employer for moving expenses incurred by an Employee, but only to the extent that at the time of payment it is reasonable to believe that these amounts are not deductible by the Employee under Code Section 271; (4) the value of a nonstatutory stock option granted to an Employee by the Employer, but only to the extent that the value of the option is includible in the gross income of the employee for the taxable year in which granted; (5) the amount includible in the gross income of an Employee upon making the election described in Code Section 83(b); and (6) amounts that are includible in the gross income of an Employee under the rules of Code Sections 409A or 457(f)(1)(A) or because the amounts are constructively received by the Employee.

Compensation for a Limitation Year is the Compensation actually paid or made available to the Employee during such Limitation Year. However, back pay (within the meaning of Treasury Regulation Section 1.415(c)-2(g)(8)) shall be treated as Compensation for the Limitation Year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included in this definition. For Limitation Years beginning after December 31, 1997, Compensation includes amounts that would otherwise be included in Compensation but for an election under Code Sections 125(a), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b), and for Limitation Years beginning after December 31, 2000, Compensation includes any elective amounts that are not includible in the gross income of the Employee by reason of Code Section 132(f)(4).

Compensation shall include amounts described in subsections (A), (B) and (C), below, that are paid after an Employee's Severance from Employment, but only to the extent such amounts are paid by the later of 2 ½ months after the Employee's Severance from Employment or the end of the Limitation Year that includes such Severance from Employment, and only to the extent such amounts would otherwise be included in this definition of Compensation:

(A) Payments that are regular compensation for services during the Employee's regular working hours or compensation for services outside the Employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments, if such payments would have been paid to the Employee prior to a Severance from Employment if the Employee had continued in employment with the Employer;

(B) Payments for unused accrued bona fide sick, vacation or other leave that the Employee would have been able to use if employment had continued; or

(C) Payments received by the Employee pursuant to a nonqualified unfunded deferred compensation plan, but only if the payment would have been paid to the Employee at the same time if the Employee had continued in employment with the Employer and only to the extent that the payment is includible in the Employee's gross income.

Any other payments made after an Employee's Severance from Employment are not considered Compensation even if payment is made within the time period specified above. Notwithstanding the foregoing, differential wage payments (as defined by Code Section 3401(h)(2)) shall not fail to be treated as Compensation hereunder due to their payment following an Employee's Severance from Employment.

(b) Limitation Year. The term "Limitation Year" means the calendar year.

ARTICLE XX LIMITATIONS ON BENEFITS UNDER SECTION 436 OF THE CODE

20.1 Purpose and Effective Date of this Article. The purpose of this Article XXII is to set forth the limitations on benefits that apply to the Plan under Section 436 of the Code. This Article XX shall be construed and applied in accordance with the provisions of Code Section 436 and Treasury Regulation § 1.436-1 issued thereunder.

20.2 Limitations Applicable If the Plan's Adjusted Funding Target Attainment Percentage Is Less Than 80 Percent, But Not Less Than 60 Percent. Notwithstanding any other provisions of the Plan, if the Plan's adjusted funding target attainment percentage for a Plan Year is less than 80 percent (or would be less than 80 percent to the extent described in Section 20.2(b) below) but is not less than 60 percent, then the limitations set forth in this Section 20.2 apply.

(a) 50 Percent Limitation on Single Sum Payments, Other Accelerated Forms of Distribution, and Other Prohibited Payments. A Participant or Beneficiary is not permitted to elect, and the Plan shall not pay, a single sum payment or other optional form of benefit that includes a prohibited payment with an annuity starting date on or after the applicable section 436 measurement date, and the Plan shall not make any payment for the purchase of an irrevocable commitment from an insurer to pay benefits or any other payment or transfer that is a prohibited payment, unless the present value of the portion of the benefit that is being paid in a prohibited payment does not exceed the lesser of:

(i) 50 percent of the present value of the benefit payable in the optional form of benefit that includes the prohibited payment; or

(ii) 100 percent of the PBGC maximum benefit guarantee amount (as defined in § 1.436-1(d)(3)(iii)(C) of the Treasury Regulations).

The limitation set forth in this Section 20.2(a) does not apply to any payment of a benefit which under Section 411(a)(11) of the Code may be immediately distributed without the consent of the Participant. If an optional form of benefit that is otherwise available under the terms of the Plan is not available to a Participant or Beneficiary as of the annuity starting date because of the application of the requirements of this Section 20.2(a), the Participant or Beneficiary is permitted to elect to bifurcate the benefit into unrestricted and restricted portions (as described in § 1.436-1(d)(3)(iii)(D) of the Treasury Regulations). The Participant or Beneficiary may also elect any other optional form of benefit otherwise available under the Plan at that annuity starting date that would satisfy the 50 percent/PBGC maximum benefit guarantee amount limitation described in this Section 20.2(a), or may elect to defer the benefit in accordance with any general right to defer commencement of benefits under the Plan. During a period when Section 20.2(a) applies to the Plan, Participants and Beneficiaries are permitted to elect payment in any optional form of benefit otherwise available under the Plan that provides for the current payment of the unrestricted portion of the benefit (as described in § 1.436-1(d)(3)(iii)(D) of the Treasury Regulations), with a delayed commencement for the restricted portion of the benefit (subject to other applicable qualification requirements, such as Sections 411(a)(11) and 401(a)(9) of the Code).

(b) Plan Amendments Increasing Liability for Benefits. No amendment to the Plan that has the effect of increasing liabilities of the Plan by reason of increases in benefits, establishment of new benefits, changing the rate of benefit accrual, or changing the rate at which benefits become nonforfeitable shall take effect in a Plan Year if the adjusted funding target attainment percentage for the Plan Year is:

(i) Less than 80 percent; or

(ii) 80 percent or more, but would be less than 80 percent if the benefits attributable to the amendment were taken into account in determining the adjusted funding target attainment percentage.

The limitation set forth in this Section 20.2(b) does not apply to any amendment to the Plan that provides a benefit increase under a Plan formula that is not based on compensation, provided that the rate of such increase does not exceed the contemporaneous rate of increase in the average wages of Participants covered by the amendment.

20.3 Limitations Applicable If the Plan Adjusted Funding Target Attainment Percentage Is Less Than 60 Percent. Notwithstanding any other provisions of the Plan, if the Plan's adjusted funding target attainment percentage for a Plan Year is less than 60 percent (or would be less than 60 percent to the extent described in Section 20.3(b) below), then the limitations in this Section 20.3 apply.

(a) Single Sums, Other Accelerated Forms of Distribution, and Other Prohibited Payments Not Permitted. A Participant or Beneficiary is not permitted to elect, and the Plan shall not pay, a single sum payment or other optional form of benefit that includes a prohibited payment with an annuity starting date on or after the applicable section 436 measurement date, and the Plan shall not make any payment for the purchase of an irrevocable commitment from an insurer to pay benefits or any other payment or transfer that is a prohibited payment. The limitation set forth in this Section 20.3(a) does not apply to any payment of a benefit which under Section 411(a)(11) of the Code may be immediately distributed without the consent of the Participant.

(b) Shutdown Benefits and Other Unpredictable Contingent Event Benefits Not Permitted to Be Paid. An unpredictable contingent event benefit with respect to an unpredictable contingent event occurring during a Plan Year shall not be paid if the adjusted funding target attainment percentage for the Plan Year is:

(i) Less than 60 percent; or

(ii) 60 percent or more, but would be less than 60 percent if the adjusted funding target attainment percentage were redetermined applying an actuarial assumption that the likelihood of occurrence of the unpredictable contingent event during the Plan Year is 100 percent.

(c) Benefit Accruals Frozen. Benefit accruals under the Plan shall cease as of the applicable section 436 measurement date. In addition, if the Plan is required to cease benefit accruals under this Section 20.3(c), then the Plan is not permitted to be amended in

a manner that would increase the liabilities of the Plan by reason of an increase in benefits or establishment of new benefits

20.4 Limitations Applicable If the Plan Sponsor Is In Bankruptcy. Notwithstanding any other provisions of the Plan, a Participant or Beneficiary is not permitted to elect, and the Plan shall not pay, a single sum payment or other optional form of benefit that includes a prohibited payment with an annuity starting date that occurs during any period in which the Plan sponsor is a debtor in a case under title 11, United States Code, or similar Federal or State law, except for payments made within a Plan Year with an annuity starting date that occurs on or after the date on which the Plan's enrolled actuary certifies that the Plan's adjusted funding target attainment percentage for that Plan Year is not less than 100 percent. In addition, during such period in which the Plan sponsor is a debtor, the Plan shall not make any payment for the purchase of an irrevocable commitment from an insurer to pay benefits or any other payment or transfer that is a prohibited payment, except for payments that occur on a date within a Plan Year that is on or after the date on which the Plan's enrolled actuary certifies that the Plan's adjusted funding target attainment percentage for that Plan Year is not less than 100 percent. The limitation set forth in this Section 20.4 does not apply to any payment of a benefit which under Section 411(a)(11) of the Code may be immediately distributed without the consent of the Participant.

20.5 One-Time Application.

(a) In General. Only one "prohibited payment" meeting the requirements of Section 20.2(a) may be made with respect to any Participant during any period of consecutive Plan Years to which the limitations on "prohibited payments" under Section 20.2(a), 20.3(a), or 20.4 apply.

(b) Treatment of Beneficiaries. For purposes of this Section, a Participant and any Beneficiary on his behalf (including an alternate payee, as defined in Section 414(p)(8) of the Code) shall be treated as one participant. If the accrued benefit of a Participant is allocated to such an alternate payee and one or more other persons, the amount under Section 20.2(a) shall be allocated among such persons in the same manner as the accrued benefit is allocated unless the qualified domestic relations order (as defined in Section 414(p)(1)(A) of the Code) provides otherwise.

20.6 Provisions Applicable After Limitations Cease to Apply.

(a) Resumption of Prohibited Payments. If a limitation on prohibited payments under Section 20.2(a), Section 20.3(a), or Section 20.4 applied to the Plan as of a section 436 measurement date, but that limit no longer applies to the Plan as of a later section 436 measurement date, then that limitation does not apply to benefits with annuity starting dates that are on or after that later section 436 measurement date. In addition, after the section 436 measurement date on which the limitation on prohibited payments under Section 20.2(a) ceases to apply to the Plan, any Participant or Beneficiary who had an annuity starting date within the period during which that limitation applied to the Plan is permitted to make a new election (within 90 days after the section 436 measurement date on which the limit ceases to apply or, if later, 30 days after receiving notice of the right to make such election) under which the form of benefit previously elected is modified at a new annuity

starting date to be changed to a single sum payment, to the extent otherwise available under the Plan, for the remaining value of the Participant or Beneficiary's benefit under the Plan, subject to the other rules in this Article of the Plan and applicable requirements of Section 401(a) of the Code, including spousal consent.

Also, after the section 436 measurement date on which the limitation on prohibited payments under Section 20.3(a) ceases to apply to the Plan, any Participant or Beneficiary who had an annuity starting date within the period during which that limitation applied to the Plan is permitted to make a new election (within 90 days after the section 436 measurement date on which the limit ceases to apply or, if later, 30 days after receiving notice of the right to make such election) under which the form of benefit previously elected is modified at a new annuity starting date to be changed to a single sum payment, to the extent otherwise available under the Plan, for the remaining value of the Participant or Beneficiary's benefit under the Plan, subject to the other rules in this Article of the Plan (including Section 20.2(a)) and applicable requirements of Section 401(a) of the Code, including spousal consent.

(b) Resumption of Benefit Accruals. If a limitation on benefit accruals under Section 20.3(c) applied to the Plan as of a section 436 measurement date, but that limitation no longer applies to the Plan as of a later section 436 measurement date, then benefit accruals shall resume prospectively and that limitation does not apply to benefit accruals that are based on service on or after that later section 436 measurement date, except as otherwise provided under the Plan. The Plan shall comply with the rules relating to partial years of participation and the prohibition on double proration under Department of Labor regulation 29 CFR § 2530.204-2(c) and (d). In addition, benefit accruals that were not permitted to accrue because of the application of Section 20.3(c) shall be restored when that limitation ceases to apply if the continuous period of the limitation was 12 months or less and the Plan's enrolled actuary certifies that the adjusted funding target attainment percentage for the Plan Year would not be less than 60 percent taking into account any restored benefit accruals for the prior Plan Year.

(c) Shutdown and Other Unpredictable Contingent Event Benefits. If an unpredictable contingent event benefit with respect to an unpredictable contingent event that occurs during the Plan Year is not permitted to be paid after the occurrence of the event because of the limitation of Section 20.3(b), but is permitted to be paid later in the same Plan Year (as a result of additional contributions or pursuant to the enrolled actuary's certification of the adjusted funding target attainment percentage for the Plan Year that meets the requirements of § 1.436-1(g)(5)(ii)(B) of the Treasury Regulations), then that unpredictable contingent event benefit shall be paid, retroactive to the period that benefit would have been payable under the terms of the Plan (determined without regard to Section 20.3(b)). If the unpredictable contingent event benefit does not become payable during the Plan Year in accordance with the preceding sentence, then the Plan is treated as if it does not provide for that benefit.

(d) Treatment of Plan Amendments That Do Not Take Effect. If a Plan amendment does not take effect as of the effective date of the amendment because of the limitation of Section 20.2(b) or Section 20.3(c), but is permitted to take effect later in the

same Plan Year (as a result of additional contributions or pursuant to the enrolled actuary's certification of the adjusted funding target attainment percentage for the Plan Year that meets the requirements of § 1.436-1(g)(5)(ii)(C) of the Treasury Regulations), then the Plan amendment must automatically take effect as of the first day of the Plan Year (or, if later, the original effective date of the amendment). If the Plan amendment cannot take effect during the same Plan Year, then it shall be treated as if it were never adopted, unless the Plan amendment provides otherwise.

20.7 Notice Requirement. See Section 101(j) of ERISA for rules requiring the plan administrator of a single employer defined benefit pension plan to provide a written notice to participants and beneficiaries within 30 days after certain specified dates if the plan has become subject to a limitation described in Section 20.2(a), Section 20.3, or Section 20.4.

20.8 Methods to Avoid or Terminate Benefit Limitations. See Section 436(b)(2), (c)(2), (e)(2), and (f) of the Code and § 1.436-1(f) of the Treasury Regulations for rules relating to employer contributions and other methods to avoid or terminate the application of the limitations set forth in Sections 20.2 through 20.4 for a Plan Year. In general, the methods a Plan sponsor may use to avoid or terminate one or more of the benefit limitations under Sections 20.2 through 20.4 for a Plan Year include employer contributions and elections to increase the amount of Plan assets which are taken into account in determining the adjusted funding target attainment percentage, making the Employer contribution that is specifically designated as a current year contribution that is made to avoid or terminate application of certain of the benefit limitations, or providing security to the Plan.

20.9 Special Rules.

(a) Rules of Operation for Periods Prior to and After Certification of Plan's Adjusted Funding Target Attainment Percentage.

(i) In General. Section 436(h) of the Code and § 1.436-1(h) of the Treasury Regulations set forth a series of presumptions that apply (1) before the Plan's enrolled actuary issues a certification of the Plan's adjusted funding target attainment percentage for the Plan Year and (2) if the Plan's enrolled actuary does not issue a certification of the Plan's adjusted funding target attainment percentage for the Plan Year before the first day of the 10th month of the Plan Year (or if the Plan's enrolled actuary issues a range certification for the Plan Year pursuant to § 1.436-1(h)(4)(ii) of the Treasury Regulations but does not issue a certification of the specific adjusted funding target attainment percentage for the Plan by the last day of the Plan Year). For any period during which a presumption under Section 436(h) of the Code and § 1.436-1(h) of the Treasury Regulations applies to the Plan, the limitations under Sections 20.2 through 20.4 are applied to the Plan as if the adjusted funding target attainment percentage for the Plan Year were the presumed adjusted funding target attainment percentage determined under the rules of Section 436(h) of the Code and § 1.436-1(h)(1), (2), or (3) of the Treasury Regulations. These presumptions are set forth in Section 20.9(a)(ii) through (iv).

(ii) Presumption of Continued Underfunding Beginning First Day of Plan Year. If a limitation under Section 20.2, 20.3, or 20.4 applied to the Plan on the last day of the preceding Plan Year, then, commencing on the first day of the current Plan Year and continuing until the Plan's enrolled actuary issues a certification of the adjusted funding target attainment percentage for the Plan for the current Plan Year, or, if earlier, the date Section 20.9(a)(iii) or Section 20.9(a)(iv) applies to the Plan:

(A) The adjusted funding target attainment percentage of the Plan for the current Plan Year is presumed to be the adjusted funding target attainment percentage in effect on the last day of the preceding Plan Year; and

(B) The first day of the current Plan Year is a section 436 measurement date.

(iii) Presumption of Underfunding Beginning First Day of 4th Month. If the Plan's enrolled actuary has not issued a certification of the adjusted funding target attainment percentage for the Plan Year before the first day of the 4th month of the Plan Year and the Plan's adjusted funding target attainment percentage for the preceding Plan Year was either at least 60 percent but less than 70 percent or at least 80 percent but less than 90 percent, or is described in §1.436-1(h)(2)(ii) of the Treasury Regulations, then, commencing on the first day of the 4th month of the current Plan Year and continuing until the Plan's enrolled actuary issues a certification of the adjusted funding target attainment percentage for the Plan for the current Plan Year, or, if earlier, the date Section 20.9(a)(iv) applies to the Plan:

(A) The adjusted funding target attainment percentage of the Plan for the current Plan Year is presumed to be the Plan's adjusted funding target attainment percentage for the preceding Plan Year reduced by 10 percentage points; and

(B) The first day of the 4th month of the current Plan Year is a section 436 measurement date.

(iv) Presumption of Underfunding On and After First Day of 10th Month. If the Plan's enrolled actuary has not issued a certification of the adjusted funding target attainment percentage for the Plan Year before the first day of the 10th month of the Plan Year (or if the Plan's enrolled actuary has issued a range certification for the Plan Year pursuant to § 1.436-1(h)(4)(ii) of the Treasury Regulations but has not issued a certification of the specific adjusted funding target attainment percentage for the Plan by the last day of the Plan Year), then, commencing on the first day of the 10th month of the current Plan Year and continuing through the end of the Plan Year:

(A) The adjusted funding target attainment percentage of the Plan for the current Plan Year is presumed to be less than 60 percent; and

(B) The first day of the 10th month of the current Plan Year is a section 436 measurement date.

(b) New Plans, Plan Termination, Certain Frozen Plans, and Other Special Rules.

(i) First 5 Plan Years. The limitations in Section 20.2(b), Section 20.3(b), and Section 20.3(c) do not apply to a new Plan for the first 5 Plan Years of the Plan, determined under the rules of Section 436(i) of the Code and § 1.436-1(a)(3)(i) of the Treasury Regulations.

(ii) Plan Termination. The limitations on prohibited payments in Section 20.2(a), Section 20.3(a), and Section 20.4 do not apply to prohibited payments that are made to carry out the termination of the Plan in accordance with applicable law. Any other limitations under this Article of the Plan do not cease to apply as a result of termination of the Plan.

(iii) Exception to Limitations on Prohibited Payments Under Certain Frozen Plans. Effective as of August 24, 2006 (the "Merger Effective Date"), the Valley Resources Pension Plans merged with and into the Plan. As of the Merger Effective Date, all liabilities and assets of the Valley Resources Pension Plans transferred to, were assumed by, and became part of the Plan and associated trust hereunder. Further, the terms of the Valley Resources Pension Plans are hereby incorporated into the Plan by reference as if fully set forth herein as of the Merger Effective Date with such ongoing force and effect as set forth herein.
2. Valley Resources Pension Plans Terms Generally. Except as otherwise provided in this Supplement, the applicable terms of Articles I, II, III, IV, V, VI (excluding section 6.05(b)) and VII and section 11.07 shall remain effective (the "Continuing Terms") for all Valley resources Pension Plan participants (including employees who immediately prior to the Merger Effective Date had not yet met the eligibility requirements under Article III of a Valley Resources Pension Plan) who were subject to the terms of a Valley Resources Pension Plan immediately prior to the Merger Effective Date and any hired employees who qualify for participation under paragraph 3 below, to the exclusion of duplicative provisions under the Plan. The applicable terms of the Plan shall, however, supersede those set forth in Articles VIII, IX, X, XI (excluding section 11.07), XII, XIII, XIV and XV, section 6.05(b), as well as corresponding definitions under Article 1, of the Valley Resources Pension Plans, as of the Merger Effective Date. Further, certain Continuing Terms are hereby clarified as set forth in paragraph 5 below effective as of the Merger Effective Date, except as otherwise stated in paragraph 5.
3. Treatment of Valley Resources Union Plan participants. The following applies to participants who were covered by the Valley Resources Union Plan immediately prior to the Merger Effective Date (including employees who immediately prior to the Merger Effective Date had not yet met the eligibility requirements under Article III of the Valley Resources Union Plan) ("Existing Union Participant") or who become an employee of a participating employer represented by Local 472 (or its successor, Local 310B) of the Utility Workers Union of America whose participation is contemplated by the terms of the applicable collective bargaining agreement ("New Union Employee"): each Existing Union Participant shall continue to participate in, including accrue benefits under, the applicable Continuing Terms of the Valley Resources Union Plan and New Union Employees shall become eligible to participate in, and ultimately accrue benefits under, applicable Continuing Terms of the Valley Resources Union Plan, all to the exclusion of other benefits, rights and features available to other participants under the Plan; effective December 31, 2008, however, accruals under the Valley Resources Union Plan provisions of the Plan will freeze, and commencing January 1, 2009, any Existing Union

Participant or New Union Employee who is employed by an Employer on or after January 1, 2009, will be treated as follows: (i) his or her accrued benefit under the Plan will be calculated pursuant to Article VI of the Plan, as such article applies to Union Employees; (ii) if he or she had a vested Valley Resources Union Plan benefit as of December 31, 2008, the age 65 (normal retirement) vested accrued benefit shall be treated as a frozen age 65 floor Accrued Benefit (the value of said Participant's benefit at retirement will be no less than the frozen floor pension benefit as adjusted under Valley Resources Union Plan provision terms for early retirement as of benefits commencement); (iii) any pre-retirement spouse death benefit that becomes payable to a surviving spouse shall be based upon the greater of an applicable Participant's minimum accrued benefit and his or her Accrued Benefit at the time of death; and (iv) the Accrued Benefit will otherwise be paid in accordance with the terms of the Plan applicable to benefits accrued and determined under Article VI of the Plan applicable to Union Participants, except to the extent an optional form of payment is required to be maintained by law.

The following shall apply to participants who were covered by the Valley Resources Non-Union Plan immediately prior to the Merger Effective Date (including employees who immediately prior to the Merger Effective Date had not yet met the eligibility requirements under Article III of the Valley Resources Non-Union Plan) ("Existing Non-Union Participant"):

a. each Existing Non-Union Participant shall continue to participate in, including accrue benefits under, the applicable Continuing Terms of the Valley Resources Non-Union Plan to the exclusion of other benefits, rights and features available to other participants under the Plan, which will remain true regardless of whether the subject participant transfers between participating employers;

c. otherwise, no new entrants under the Valley Resources Non-Union Plan provisions are intended to be created following the Merger Effective Date; and

d. effective March 30, 2008, however, accruals under the Valley Resources Non-Union Plan provisions of the Plan will freeze, and commencing April 1, 2008, any Existing Non-Union Participant who is employed by an Employer on or after April 1, 2008, as well as any other non-union employee hired or re-hired by an Employer who has an outstanding accrued benefit under the terms of the Valley Resources Non-Union Plan provisions of the Plan as set forth in subparagraph (b) above upon hire or rehire, will be treated as follows: (i) his or her accrued benefit under the Plan will be calculated pursuant to Article VI of the Plan, as such article applies to Nonunion Employees, provided that for purposes of such calculation, Year of Service for periods prior to April 1, 2008 shall be based upon years of service calculated under Valley Resources Non-Union Plan terms up through March 31, 2008, and Compensation for the period prior to April 1,

2008 shall mean the amounts paid to such Participant and used to determine his or her accrued benefit under the Valley Resources Non-Union Plan up through March 31, 2008; (ii) if he or she had a vested Valley Resources Non-Union Plan benefit as of March 31, 2008, the age 65 (normal retirement) vested accrued benefit shall be treated as a frozen age 65 floor Accrued Benefit (the value of said Participant's benefit at retirement will be no less than the frozen floor pension benefit as adjusted under Valley Resources Non-Union Plan provision terms for early retirement as of benefits commencement); (iii) any pre-retirement spouse death benefit that becomes payable to a surviving spouse shall be based upon the greater of an applicable Participant's minimum accrued benefit and his or her Accrued Benefit at the time of death; and (iv) the Accrued Benefit will otherwise be paid in accordance with the terms of the Plan applicable to benefits accrued and determined under Article VI of the Plan applicable to Non-Union Participants, except to the extent an optional form of payment is required to be maintained by law.

5. Clarifications to Certain Continuing Terms.

a. Valley Resources Pension Plans sections 1.02 "Actuarial Equivalent" benefit calculations for purposes of determining annuity values (both normal and optional forms as well as pre-retirement spouse death benefits) and early retirement reduction factors are based upon the 1984 Unisex Pension Mortality Table and a 6.5% interest rate.

b. Valley Resources Pension Plans sections 2.01 "Eligibility Service" is initially based upon whether the subject employee is employed on his or her first anniversary of employment and has been credited with at least one Hour of Service between the date of hire and the first anniversary of employment with subsequent tests being performed based upon a Plan Year basis commencing with the first Plan Year following employee's date of hire.

c. Valley Resources Pension Plans sections 2.02 "Vesting Service" is determined by days measured on an elapsed time basis measured from the date of hire.

d. Valley Resources Pension Plans sections 5.04 "Pre-Retirement Death Benefit", last subparagraphs, and sections 6.10 subparagraphs (a), are subject to the change in the involuntary lump sum distribution cap set forth in the amendment of sections 6.05 effective March 28, 2005.

e. Valley Resources Pension Plans sections 5.06 provide, among other things, that a participant's suspended benefit will be recalculated at re-retirement (without actuarial adjustment for earlier payments) and paid in the same form of benefit previously commenced; the provisions also contemplate that in the event that the subject suspended participant were to die while in suspension, participant's spouse at the time of death ("subject spouse") would be eligible for a pre-retirement spouse death benefit on the total recalculated accrued benefit (or based upon the value of the previously elected form that included spouse as joint and survivor annuitant, if greater), but such provisions would not be applicable against the portion of benefit in payment status already elected to be received in a form of payment that did not include the spouse (such as a single life annuity or joint and survivor option that was payable to someone other than the "subject spouse"), rather it would be effective against the incremental benefit accrued during the suspension period, if any, which incremental benefit would not therefore be applied as an adjustment to participant's suspended accrued benefit.

f. Valley Resources Pension Plans sections 6.01 and 6.03. Sections 6.01 makes available to participants, annuities payable in the form of a single life annuity option (normal form of benefit for a single participant), a 50% joint and survivor annuity option (normal form of benefit for a participant married at the time of benefit commencement), a 50% joint and survivor annuity with a pop-up (should the joint and survivor annuitant pre-decease participant), a 100% joint and survivor annuity option, and a 100% joint and survivor annuity with a pop-up (should the joint and survivor annuitant pre-decease participant). Sections 6.03 permit a participant to select any joint and survivor annuitant of their choosing (subject to spouse consent).

g. Valley Resources Pension Plans Article VII vesting provisions and sections 6.09 subparagraphs (b): Article VII provides that participants are vested in their accrued benefit under the plans upon the earlier of attaining Normal Retirement Age (if employed at the time) or completing 5 years of Vesting Service. Benefit accruals are calculated based upon Normal Retirement Age and are payable no later than Normal Retirement Age or the participant's Date of Termination, if later. Section 6.09 subparagraphs (b) is therefore of no force or practical effect.

h. Effective on and after April 1, 2020, the one year of marriage requirement for the pre-retirement surviving spouse annuity under Section 4.04(d) of the Valley Resources Non-Union Plan shall no longer apply.

- 5.02 Normal Form of Payment. The normal form of payment of Retirement Income shall be as follows:

5.03 QDRO Payments. To the extent the form of benefit under the Qualified Plan was dictated by the terms of a qualified domestic relations order, the form of payment of the Retirement Income is that which would have applied (or any form that could have been elected) in the absence of said order, except to the extent of a court approved domestic relations order assigning benefits payable under this Plan specifies otherwise, and subject to the limits imposed on such an election by Section 409A.

5.05 Actuarial Factors. In calculating the benefit payable under any optional form of benefit described under this Plan, the same actuarial equivalent factors in the Qualified Plan shall be used in this Plan unless such factors are inconsistent or disallowed under Section 409A.

VI. Lump Sum Payments – Special Circumstances

6.01 Dissolution. In the event of the dissolution, liquidation, or winding up of the business of the Company, whether voluntary or involuntary, the Board may provide for acceleration of the Participant's Accrued Benefit in the circumstances described in Section 1.409A-3(j)(4)(ix) of the Treasury Regulations (pertaining to liquidations, plan terminations, etc.) to the extent permitted by said Section 1.409A-3(j)(4)(ix). Any such determination by the Board shall be in writing and shall form a part of this Plan to the extent required by Section 1.409A-3(j)(4) of the Treasury Regulations.

- 6.02 Failure of Payment. If there is a failure by the Company to make any payment to any Participant relative to Post-2004 Amounts when due under this Plan, the Company will make the payment. However, if the Company fails to make a Post-2004 Amount payment due to inadvertence or a good faith delay to permit processing and immediately upon discovery of such failure or delay makes such payment in full, the original failure to make the payment or payments shall not, for the purposes of this paragraph, be a failure to make a payment. Likewise, if the Company, in good faith, contests a claim by a Participant under this Plan, the failure to make the contested payment or payments shall not, for the purpose of this paragraph, be a failure to make a payment. The protection of benefits under this paragraph is not intended to result in a deferral or acceleration of payment(s) in violation of Section 409A of the Code.
- 6.03 Small Balance Cash Outs. At anytime following a Participant's Separation from Service the Plan Administrator may direct, in his or her discretion, the lump sum cash out of Participant's entire Accrued Benefit (determined utilizing Code Section 417(e) prescribed mortality and interest rate assumptions) provided: (1) the lump sum cash out includes the Participant's entire outstanding Accrued Benefit and the benefits under all other plans required to be aggregated with this Plan under Section 409A; and (2), the Participant's total lump sum value under the foregoing plans does not exceed the applicable dollar amount under section 402(g)(1)(B) of the Code at the time of cash out.
- 6.04 FICA. In the event that FICA taxes are due on Plan benefits on or after Separation from Service, the Plan Administrator will (to the extent permitted by law, including Section 409A), have the taxes paid through an actuarial reduction in the Participant's Plan benefit in an amount sufficient to cover a lump sum payment of the FICA taxes and applicable withholding taxes.
- 6.05 Other Special Circumstances – Accelerations and/or Delays in Scheduled Payments. The Plan Administrator may modify the time or schedule of payments under this Plan under specified circumstances described in Section 1.409A-3(j)(4) of the Treasury Regulations (e.g., certain conflicts of interest, compliance with ethics laws, etc.), but only to the extent therein provided. Further, the Plan Administrator may authorize a delay in a scheduled payment under this Plan under specific circumstances permitted under Section 409A, subject to the applicable provisions of Section 409A, such as under circumstances where the delay would result in a deduction under section 162(m) of the Internal Revenue Code not otherwise available, where necessary to comply with Federal securities law or other applicable.
- 6.06 USERRA. This Plan will be operated in a manner that is compliant with the requirements of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

VII. Administration and Claims

- 7.01 Duties. The EBPB shall have for this Plan the same duties as for the RIE Plan, except as may be specifically provided herein or as inapplicable due to the Plan's unfunded "top hat" plan status under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Without limiting the generality of the

foregoing, the EBPB shall have the full power and complete discretion to construe and interpret all terms, provisions, conditions and limitations of the Plan and to determine all questions arising out of or in connection with the provisions of the Plan or its administration.

7.02 Claims. Pursuant to Section 503 of ERISA, the following claims procedure applies with respect to claims for benefits under the Plan.

- a. If any person believes she or he is being denied any rights or benefits relating to participation, eligibility, the amount of benefits, or any other provisions of this Plan, such person may file a claim in writing with the EBPB (or if the EBPB so specifies, its designee).
- b. If a claim for benefits under the Plan is denied, in whole or in part, the EBPB (or its designee) shall, within ninety (90) days after receipt of the claim, notify the claimant of the denial of the claim. The period for making the determination may be extended for up to an additional ninety (90) days, if necessary due to special circumstances, provided the EBPB (or its designee) notifies the claimant of the extension within the initial ninety (90) day period. The extension notice in such case shall explain the reasons for the extension and the expected date of a decision. The notice of denial: (i) shall be in writing; (ii) shall be written in a manner calculated to be understood by the claimant; and (iii) shall contain (A) the specific reason or reasons for denial of the claim; (B) reference to the specific Plan provisions upon which the denial is based; (C) a description of any additional material or information necessary to perfect the claim, along with an explanation of why such material or information is necessary; and (D) an explanation of the claims review procedures in paragraphs (c) and (d), below, including any applicable time limits, and a statement of the claimant's rights to bring a civil action under Section 502(a) of ERISA following a denied claim on review.
- c. After a claimant receives a written notice of the denial of a claim for benefits, the claimant may file a written request with the EBPB (or, if the EBPB so specifies, its designee) that it conduct a full and fair review of the denial of the claim. A written request for review of a denied claim must be made within sixty (60) days after the claimant's receipt of the written notice of denial of the claim. The written request for review should state why the claimant believes the claim should not have been denied, and should describe any documents, data, or other information that may have a bearing on the claim. A claimant shall have the right to submit written comments, documents, records, and other information relating to the claim. A claimant also shall have the right to be represented, provided that the EBPB may apply reasonable procedures for determining whether an individual has been authorized to act on behalf of the claimant. The claimant (or their representative) may have, upon request and free of charge, reasonable access to, and copies of, all "relevant documents." The term "relevant document" for purposes of this Section 7.02 means any document, record, or other information that: (i) was relied upon in making a decision to deny benefits; (ii) was submitted, considered, or generated in the course of making the decision to deny benefits, whether or not it was

relied upon in making the decision to deny benefits; or (iii) demonstrates compliance with any administrative processes and safeguards designed to confirm that the benefit determination was in accord with the Plan and that the Plan provisions, where appropriate, have been applied consistently regarding similarly situated individuals.

- d. The EBPB (or its designee) shall deliver to the claimant a written decision on the claim within sixty (60) days after receipt of the aforesaid request for review. The period for delivering the decision may be extended for up to an additional sixty (60) days, if necessary due to special circumstances, provided the EBPB (or its designee) notifies the claimant of the extension within the initial sixty (60) day period. The extension notice shall explain the reasons for the extension and the expected date of a decision. The decision shall (i) be written in a manner calculated to be understood by the claimant; (ii) include the specific reason(s) for the decision; (iii) contain a reference to the specific Plan provisions upon which the decision is based; (iv) contain a statement of the claimant's right to receive, upon request and free of charge, reasonable access to and copies of Relevant Documents (as defined above); and (v) contain a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA. The decision upon review shall be final and binding on all parties and subject to the fullest deference permitted by law.

7.03 Plan Interpretation. Any interpretation of this Plan or other determination with respect to this Plan by the EBPB will be final, binding and conclusive on all persons.

VIII. Liability for Acts

- 8.01 No member of the EBPB, an officer or member of the Board, nor the Company or its employees shall be personally liable for any error of omission or commission unless such error results from such individual's own gross negligence, willful misconduct, or lack of good faith; nor shall said individuals be personally liable for any act of gross negligence, willful misconduct, or lack of good faith of any other individual.

IX. Indemnity

- 9.01 Any employee of the Company or PPL who has assisted the EBPB, PPL or the Company in administering this Plan, the members and officers of the Board shall be insured and indemnified by the Company and PPL jointly and severally, against any and all liabilities, damages, costs and expenses (including attorney's fees) occasioned by any act or omission to act in connection with this Plan, as long as such acts or omission to act are in good faith.

X. Effectuation of Interest

- 10.01 In the event it should become impossible for the Company, PPL, the Plan Administrator, or the EBPB to perform any act required by this Plan, the Plan Administrator, the Company, PPL, or the EBPB may perform such other act as it

in good faith determines will most nearly carry out the intent and purpose of this Plan.

XI. Government Regulations

11.01 It is intended that this Plan will comply with all applicable laws and governmental regulations, and neither the Company, PPL nor any party with authority under this Plan, shall be obligated to perform an obligation hereunder in any case where, in the opinion of the Company's or PPL's counsel, such performance would result in violation of any law or regulation.

XII. Nonassignment

12.01 To the fullest extent permitted by law, no benefit under this Plan, nor any other interest hereunder of any Participant, Spouse, or contingent annuitant, shall be assignable, transferable, or subject to sale, mortgage, pledge, hypothecation, commutation, anticipation, garnishment, attachment, execution, or levy of any kind, except to the extent of a court ordered domestic relations assignment.

XIII. Provisions of Benefits

13.01 This Plan will be unfunded. Benefits will be paid from the operating revenues of the Company. The Company shall not be required to set aside or segregate any assets of any kind to meet any obligations under this Plan. A Participant's rights to benefits under this Plan shall be those of an unsecured, general creditor of the Company.

XIV. Amendment or Termination

14.01 The Board may, in its sole discretion, terminate and amend this Plan from time to time; *provided, however*, no modification shall reduce the value of a vested benefit which, at the time of such amendment or discontinuance a Participant would be eligible to receive under this Plan at that time or a later date in accordance with the terms of this Plan without the affected Participant's consent. Subject to the foregoing, the EBPB may adopt any amendment that does not significantly affect the cost of the Plan or significantly alter the benefit design or eligibility requirements of the Plan. Each amendment to the Plan will be binding on the Company.

XV. General Provisions

15.01 Taxes. Payments under this Plan are subject to applicable tax withholding and reporting. Each Participant is solely and personally liable for the settlement of any and all income taxes with respect to payments under this Plan.

15.02 No Implied Rights. Neither this Plan nor the making of payments or purchases of insurance by the Company or PPL shall be construed to create any obligation upon the Company or PPL to continue this Plan or to continue purchases of insurance or to give any present or future employee any right to continued employment.

- 15.03 Headings. The headings of articles and sections of this Plan are for convenience of reference only.
- 15.04 Gender and Number. Unless the context requires otherwise, the singular shall include the plural; the masculine gender shall include the feminine; and such words as "herein", "hereinafter", "hereof", and "hereunder" shall refer to this instrument as a whole and not merely to the subdivision in which such words appear.
- 15.05 Severability. If any term or provision of this Plan, as presently in effect or as amended from time to time, or the application thereof to any payments or circumstances, shall to any extent be invalid or unenforceable, the remainder of this Plan and the application of such term or provision to payments or circumstances other than those as to which it is invalid or unenforceable shall not be affected thereby, and each term or provision of this Plan shall be valid and enforced to the fullest extent permitted by law.
- 15.06 Governing Law. Except as otherwise required by law, this Plan and all matters arising thereunder shall be governed by the laws of The Commonwealth of Pennsylvania.
- 15.07 Section 409A Compliance. The Plan and any payments provided hereunder are intended to comply with, or be exempt from, Code Section 409A. The Plan shall in all respects be interpreted, operated, and administered in accordance with this intent. Payments provided under the Plan may be made only upon an event and in a manner that complies with Code Section 409A. Any payments provided under the Plan to be made upon a termination of service that constitute deferred compensation subject to Code Section 409A shall be made only if such termination of service constitutes a "separation from service" under Code Section 409A. Each installment payment provided under the Plan shall be treated as a separate identified payment for purposes of Code Section 409A. Neither the Company nor PPL makes any representations or warranties that the payments provided under the Plan comply with, or are exempt from, Code Section 409A, and in no event shall the Company or PPL be liable for any portion of any taxes, penalties, interest, or other expenses that may be incurred by a Participant on account of non-compliance with Code Section 409A.

This Plan is hereby adopted and effective as of February 24, 2022 and executed February 24, 2022.
